KEY FOR ABBREVIATIONS AND SYMBOLS

Type

- A** Annual (plant that dies completely in the winter and must be replanted each year)
- D** Deciduous (loses leaves in the winter)
- E** Evergreen (retains leaves year-round)
- HP** Herbaceous Perennial (a winter-hardy perennial that comes back from root stock)
- P** Perennial (plant that dies back in the winter but comes back in the spring)
- SE** Semi-evergreen (retains some foliage well into winter)

Water Usage

- L** Low water usage (occasional watering) after 3-year establishment period.
- M** Medium water usage (regular watering) after 3-year establishment period.
- H** Continued high water usage (required regular watering) after 3-year establishment period.

Exposure

- Sun (6 or more hours of sun per day)
- ◐** Partial Shade (less than 6 hours of sun per day)
- Shade (2 or less hours of sun per day)

Growth

- R** Rapid
- M** Moderate
- S** Slow

PLANTS FOR SPECIFIC APPLICATIONS

Street Trees

Considerations for Selecting Street Trees

Street tree species should be selected with careful consideration of site conditions such as compacted soils, drought, moisture, and pollution. Conflicts with overhead and underground utilities often limit the types of trees suitable for planting. Consideration should be given to the activity that will occur beneath the tree's canopy. For example, if heavy pedestrian or bicycle activity on sidewalks is expected, trees producing fruits (like acorns) should be avoided. If garbage or other service trucks will be accessing the street edge, low branches may be sheared, so trees with high canopies should be selected.

Placement of Street Trees

Street trees should be planted according to the following minimum clearances:

- 15 feet from a fire hydrant
- 3 feet from an above-ground traffic control box
- 2½ feet back from the face of the curb
- 5 feet from underground utility lines
- 10 feet from overhead utility lines and power poles (15 feet recommended)
- 7½ feet from driveways (10 feet recommended)
- 20 feet from street lights
- 30 feet from street intersections

Application Types

Certain tree species may not perform well as street trees in all environments. Therefore, it is necessary to select the appropriate application type, as listed according to the legend below:

- W** Wide Tree Lawn / Pit (continuous planting strip 6' or wider / soil depth of 3' or more)
N Narrow Tree Lawn / Pit (continuous planting strip 4' to 6' wide / soil depth of 3' or more)
NP Narrow Tree Lawn / Pit with Pruning Required (same dimensions as above, but due to low branching habits, these trees require additional pruning to allow for adequate visibility and pedestrian clearance)
TW Tree Well with Structural Soil (minimum tree well of 4' x 4' with structural soil a depth of 3' or more)

Street Tree Species

Scientific Name / Cultivar	Common Name	Application Types	Minimum Spacing	Considerations / Notes
<i>Acer campestre</i>	Hedge Maple	W, NP, TW	20'	
<i>Acer saccharum</i> 'Caddo'	Caddo Maple	W	40'	
<i>Acer truncatum</i>	Shantung Maple	W, NP	20'	
<i>Betula nigra</i>	River Birch	W, N	20'	
<i>Cedrus atlantica</i>	Atlas Cedar	W, TW	30'	'Glauca' is blue variety
<i>Cedrus deodara</i>	Deodar Cedar	W	20'	
<i>Celtis occidentalis</i>	Common Hackberry	W, N, TW	30'	'Prairie Pride' is a good cultivar
<i>Cupressus arizonica</i>	Arizona Cypress	W	20'	
<i>Ginkgo biloba</i>	Ginkgo	W, N, TW	60'	Male select
<i>Gleditsia triacanthos</i> 'Inermis,' 'Shademaster,' or 'Skyline'	Thornless Honeylocust	W, N, TW	30'	Thornless male cultivars only
<i>Gymnocladus dioica</i>	Kentucky Coffeetree	W, N, TW	30'	Male select
<i>Ilex x 'Nellie R. Stevens'</i>	Nellie Stevens Holly	W, NP	10'	
<i>Koelreuteria paniculata</i>	Panicled Golden Raintree	W, N, TW	15'	
<i>Liquidambar styraciflua</i> 'Rotundiloba'	Fruitless Sweetgum	W, N, NP, TW	40'	
<i>Maclura pomifera</i> 'Pawhuska' or 'Chetopa'	Osage Orange	W, N, TW	20'	Male select, thornless
<i>Pistacia chinensis</i>	Chinese Pistache	W, N, TW	40'	
<i>Platanus x acerifolia</i>	London Planetree	W	100'	Debris (fruit, leaves)
<i>Prunus caroliniana</i>	Cherry Laurel	W	20'	
<i>Pyrus calleryana</i>	Callery Pear	W, N, NP, TW	30'	Improved varieties only (See Appendix)
<i>Quercus acutissima</i>	Sawtooth Oak	W	30'	Debris (acorn)
<i>Quercus fusiformis</i> 'Quartz Mountain'	Live Oak	W	25'	Susceptible to snow/ice loads, Debris (acorn)
<i>Quercus muehlenbergii</i>	Chinkapin Oak	W, TW	20'	Debris (acorn)
<i>Quercus nigra</i>	Water Oak	W	50'	Debris (acorn)
<i>Quercus shumardii</i>	Shumard Oak	W	50'	Debris (acorn)
<i>Quercus virginiana</i>	Live Oak	W	100'	Susceptible to snow/ice loads, Debris (acorn)
<i>Sapindus drummondii</i>	Western Soapberry	W, NP, TW	30'	
<i>Styphnolobium japonicum</i> 'Regent' or 'Princeton Upright'	Japanese Pagoda Tree	W, N, TW	20'	
<i>Taxodium distichum</i>	Baldcypress	W	20'	
<i>Tilia cordata</i> 'Greenspire'	Greenspire Linden	W	40'	
<i>Ulmus crassifolia</i>	Cedar Elm	W, NP, TW	30'	
<i>Viburnum rufidulum</i>	Rusty Blackhaw	W, N, NP	10'	
<i>Zelkova serrata</i>	Japanese Zelkova	W, N, TW	40'	Cultivar select

Shade Trees

Large canopy deciduous trees suitable for planting within and around parking lots

Scientific Name / Cultivar	Common Name	Considerations / Notes
<i>Acer beurgerianum</i>	Trident Maple	
<i>Acer rubrum 'Autumn Blaze'</i>	Autumn Blaze Maple	
<i>Acer saccharum 'Caddo'</i>	Caddo Maple	
<i>Acer truncatum</i>	Shantung Maple	
<i>Celtis occidentalis</i>	Common Hackberry	'Prairie Pride' is a good cultivar
<i>Ginkgo biloba</i>	Ginkgo	Male select
<i>Gleditsia triacanthos 'Inermis,' 'Shademaster,' or 'Skyline'</i>	Thornless Honeylocust	Thornless male cultivars only
<i>Gymnocladus dioica</i>	Kentucky Coffeetree	Male select
<i>Koelreuteria paniculata</i>	Paniced Golden Raintree	
<i>Maclura pomifera 'Pawhuska' or 'Chetopa'</i>	Osage Orange	Male select, thornless
<i>Pistacia chinensis</i>	Chinese Pistache	
<i>Platanus x acerifolia</i>	London Planetree	Needs large planting area
<i>Quercus nigra</i>	Water Oak	Debris (acorn)
<i>Quercus shumardii</i>	Shumard Oak	Debris (acorn)
<i>Sapindus drummondii</i>	Western Soapberry	
<i>Taxodium distichum</i>	Baldcypress	
<i>Ulmus crassifolia</i>	Cedar Elm	
<i>Ulmus parvifolia</i>	Lacebark Elm	Susceptible to snow/ice loads

Plantings within Distance of Overhead Utilities

Small trees and large shrubs suitable for planting within 10' of an overhead utility line

Scientific Name / Cultivar	Common Name	Considerations / Notes
<i>Acer tataricum ssp ginnala</i>	Amur Maple	
<i>Alnus maritima</i>	Alder or Seaside Alder	
<i>Amelanchier arborea</i>	Serviceberry	Lacks persistence
<i>Asimina triloba</i>	Pawpaw	
<i>X Chitalpa tashkentensis</i>	Chitalpa	'Pink Dawn' a good cultivar
<i>Cotinus coggygria</i>	Common Smoketree	
<i>Crataegus phaenopyrum</i>	Washington Hawthorn	
<i>Diospyros kaki</i>	Oriental Persimmon	
<i>Elaeagnus angustifolia</i>	Russian Olive	
<i>Hibiscus syriacus 'Aphrodite'</i>	Althea/Rose of Sharon	Tripliod selects
<i>Ilex decidua</i>	Deciduous Holly	Susceptible to snow/ice loads
<i>Ilex vomitoria</i>	Yaupon Holly	
<i>Ilex x attenuata</i>	Foster Holly	
<i>Ilex x 'Nellie R. Stevens'</i>	Nellie R. Stevens Holly	
<i>Juniperus chinensis 'Torulosa'</i>	Hollywood Juniper	
<i>Juniperus scopulorum</i>	Rocky Mountain Juniper	Susceptible to Juniper Blight

Plantings within Distance of Overhead Utilities, cont'd

Scientific Name / Cultivar	Common Name	Considerations / Notes
<i>Juniperus virginiana</i> 'Canaertii'	Canaertii Juniper	
<i>Lagerstroemia indica</i>	Crapemyrtle	Smaller varieties (see Large Shrubs)
<i>Magnolia stellata</i>	Star Magnolia	Sensitive to high pH
<i>Magnolia x soulangeana</i>	Saucer Magnolia	Sensitive to high pH
<i>Magnolia grandiflora</i> 'Little Gem'	Little Gem Magnolia	Requires sufficient water
<i>Prunus caroliniana</i>	Cherry Laurel	
<i>Prunus cerasifera</i> 'Krauter Vesuvius', 'Thundercloud', or 'Mt. St. Helens'	Flowering Plum	Lacks persistence
<i>Prunus x cistena</i>	Purpleleaf Sand Cherry	
<i>Viburnum rufidulum</i>	Southern Blackhaw, Rusty Blackhaw	
<i>Vitex agnus-castus</i>	Chastetree	

Plantings within Distance of Water Lines*Trees suitable for planting 5' away from 4" lines or 10' away from lines larger than 4" in diameter*

Scientific Name / Cultivar	Common Name	Considerations / Notes
<i>Acer saccharum</i> 'Caddo'	Caddo Maple	
<i>Celtis occidentalis</i>	Common Hackberry	
<i>Cercis canadensis</i>	Redbud	
<i>Chilopsis linearis</i>	Desert Willow	
<i>Gleditsia triacanthos</i> 'Inermis,' 'Shademaster,' or 'Skyline'	Thornless Honeylocust	Thornless male cultivars only
<i>Gymnocladus dioica</i>	Kentucky Coffeetree	Male select
<i>Juniperus virginiana</i> 'Caneartii'	Caneartii Juniper	
<i>Koelreuteria paniculata</i>	Panicled Golden Raintree	
<i>Lagerstroemia indica</i>	Crapemyrtle	Select varieties (See Large Shrubs)
<i>Pinus taeda</i>	Loblolly Pine	
<i>Pistacia chinensis</i>	Chinese Pistache	
<i>Pyrus calleryana</i>	Ornamental Pears	Improved varieties only (See Appendix)
<i>Sapindus drummondii</i>	Western Soapberry	Male select
<i>Ulmus crassifolia</i>	Cedar Elm	
<i>Ulmus parvifolia</i>	Lacebark or Chinese Elm	Susceptible to snow/ice loads

Plantings Used for Screening

Trees and shrubs suitable for screening outdoor storage/service areas and parking lots

Scientific Name / Cultivar	Common Name	Maximum Spacing
<i>Abelia grandiflora</i>	Glossy Abelia	5'
<i>Buxus sempervirens</i>	Boxwood	2'
<i>Cedrus deodara</i>	Deodar Cedar	20'
<i>Cupressus arizonica</i>	Arizona Cypress	12'
<i>Ilex x attenuata 'Fosteri'</i>	Foster Holly	8'
<i>Ilex x 'Nellie R. Stevens'</i>	Nellie Stevens Holly	8'
<i>Juniperus chinensis 'Keteleeri'</i>	Keteleeri Juniper	10'
<i>Juniperus chinensis 'Torulosa'</i>	Hollywood Juniper	8'
<i>Nandina domestica</i>	Heavenly Bamboo	3'
<i>Photinia x fraseri</i>	Fraser Photinia	8'
<i>Prunus caroliniana</i>	Cherry Laurel	15'
<i>Thuja occidentalis</i>	Eastern Arborvitae	¾ of the spread based on variety
<i>Thuja plicata 'Green Giant'</i>	Green Giant Arborvitae	12'

TREES

Large Trees (Over 50' Tall)

Scientific Name	Common Name	Type	Water	Exposure	Growth	Height	Width
<i>Calocedrus decurrens</i>	Incense Cedar	E	M	O to D	M	30 - 50'	8-10'
<i>Cedrus atlantica 'Glauc'a'</i>	Blue Atlas Cedar	E	L	O	S to M	40 - 60'	30 - 40'
<i>Cedrus deodara</i>	Deodar Cedar	E	M	O	R	40 - 60'	20 - 30'
<i>Cedrus libani</i>	Cedar of Lebanon	E	M	O	S to M	40 - 60'	30 - 40'
<i>Celtis occidentalis</i>	Common Hackberry	D	L	O	M	40 - 60'	40 - 50'
'Prairie Pride'							
<i>Ginkgo biloba</i>	Ginkgo	D	M	O	S	80 - 100'	variable
<i>Gleditsia triacanthos var. inermis</i>	Thornless Honeylocust	D	L	O	M	60 - 80'	30 - 50'
<i>Gymnocladus dioica</i>	Kentucky Coffeetree	D	M	O	M	60 - 80'	30 - 50'
<i>Liquidambar styraciflua</i>	Fruitless Sweetgum	E	M	O	M to R	80 - 100'	40 - 60'
<i>Maclura pomifera</i>	Osage Orange	D	M	O	R	40 - 60'	40 - 50'
'Pawhuska' or 'Chetopa'							
<i>Pinus elliottii</i>	Slash Pine	E	M	O	R	80 - 100'	30 - 40'
<i>Pinus ponderosa</i>	Ponderosa Pine	E	M	O	S to M	40 - 60'	20 - 30'
<i>Pinus taeda</i>	Loblolly Pine	E	M	O	M to R	60 - 100'	30 - 50'
<i>Pinus thunbergii</i>	Japanese Black Pine	E	M	O	M to R	40 - 60'	20 - 30'
<i>Pistacia chinensis</i>	Chinese Pistache	D	L	O	M	40 - 60'	40 - 50'
<i>Platanus x acerifolia</i>	London Planetree	D	M to H	O	R	80 - 100'	100 - 125'
<i>Populus deltoids</i>	Cottonwood	D	M to H	O	R	80 - 100'	40 - 60'
'Cottonless'							
<i>Quercus alba</i>	White Oak	D	M	O	S to M	80 - 100'	50 - 60'
<i>Quercus fusiformis</i>	Quartz Mountain Live Oak	E	M to H	O	S to M	40 - 80'	60 - 100'
'Quartz Mountain'							
<i>Quercus macrocarpa</i>	Bur Oak	D	L	O	S to M	60 - 80'	30 - 50'
<i>Quercus muehlenbergii</i>	Chinkapin Oak	D	L	O	S to M	30 - 60'	20 - 40'
<i>Quercus nigra</i>	Water Oak	D	M	O to D	R	60 - 100'	50 - 60'
<i>Quercus robur</i>	Columnar English Oak	D	L	O	M	50 - 60'	10 - 18'
'Fastigiata'							
<i>Quercus shumardii</i>	Shumard Oak	D	L	O	M to R	60 - 80'	50 - 60'
<i>Quercus virginiana</i>	Live Oak	E	M to H	O	S to M	40 - 80'	60 - 100'
<i>Taxodium distichum</i>	Baldcypress	D	M	O	M to R	60 - 100'	20 - 30'
<i>Thuja orientalis</i>	Pyramid Arborvitae	E	L	O to ●	S to M	60'	8'
'Pyramidalis'							
<i>Thuja plicata 'Green Giant'</i>	Green Giant Arborvitae	E	M	O	R	50 - 70'	15 - 25'
<i>Ulmus parvifolia</i>	Lacebark Elm	D	L	O to D	M	40 - 60'	40 - 60'
<i>Zelkova serrata</i>	Japanese Zelkova	D	M	O	M to R	40 - 60'	30 - 40'

Medium Trees (25' to 50' Tall)

Scientific Name	Common Name	Type	Water	Exposure	Growth	Height	Width
<i>Acer campestre</i>	Hedge Maple	D	M	○ to ▷	M	30 - 50'	20 - 30'
<i>Acer rubrum</i> 'Autumn Blaze'	Red Maple 'Autumn Blaze'	D	H	○	M	50 - 60'	30 - 40'
<i>Acer rubrum</i> 'Autumn Flame'	Red Maple 'Autumn Flame'	D	H	○ to ▷	M	45 - 50'	35 - 50'
<i>Acer rubrum</i> 'Red Sunset'	Red Maple 'Red Sunset'	D	H	○ to ●	M	45 - 50'	25 - 40'
<i>Acer saccharum</i> 'Caddo'	Caddo Maple	D	L	○ to ●	M	40 - 50'	40 - 50'

Perennials

Scientific Name	Common Name	Notes	Water	Exposure	Growth	Height	Width
<i>Artemesia x 'Powis Castle'</i>	Powis Castle Artemisia	Summer to fall, grayish green foliage	L	O	M	24"- 36"	24" - 36"
<i>Canna 'Futurity'</i>	Futurity Canna	Red, yellow, pink	M	O	M	24 - 84"	24 - 36"
<i>Chrysanthemum x superbum</i>	Shasta Daisy varieties	Summer & fall, white blooms	M	O	M	12 - 30"	12"
<i>Coreopsis grandiflora</i> species	Coreopsis	Early to late summer, golden yellow	L	O	R	24 - 36"	12"
<i>Dianthus 'Firewitch'</i>	Firewitch Dianthus	Late spring, early summer, magenta blooms	L	D	M	10 - 15"	8 - 24"
<i>Echinacea purpurea</i>	Purple Coneflower	Summer to fall, rose purple blooms	L	O	M	36"	24"
<i>Gaillardia aristata</i>	Indian Blanket Flower	Summer to fall, red bands on yellow	L	O	M	6" - 36"	12"
<i>Hemerocallis species</i>	Daylily	Summer to fall, white & purple	L	O to D	M	12 - 36"	12 - 18"
<i>Hosta x hybrida</i>	Hosta	Summer to fall, white & purple	M	O to ●	M	6" - 36"	12 - 24"
<i>Iris pallida 'Aurea variegata'</i>	Variegated Sweet Iris	Early spring & fall, lavender blooms, fragrant	L	O to ●	M	12" -36"	12"
<i>Kniphofia uvaria 'Flamenco'</i>	Flamenco Red Hot Poker	Summer to fall, orange-red, coral, cream	L	O	M	24" - 48"	12" - 18"
<i>Lantana camara</i>	Perennial Lantana	Summer to fall, yellow, orange, pink	L	O	M	24" - 36"	48"
<i>Paeonia x hybrida</i>	Peony	Early summer, pink, white, red	L	O to ●	M	12" - 18"	12 - 24"
<i>Rudbeckia hirta</i>	Black-eyed Susan	Summer to fall, bright orange-yellow	L	O	M	12" - 24"	24 - 30"
<i>Salvia greggii 'Desert Blaze'</i>	Desert Blaze Salvia	Summer to fall, rose-red blooms	L	O	M	24"	24"
<i>Salvia greggii 'Coral Autumn Sage'</i>	Coral Autumn Sage Salvia	Summer to fall, Coral blooms	L	O	M	24" - 36"	24" - 36"
<i>Salvia greggii 'Red Autumn Sage'</i>	Red Autumn Sage Salvia	Summer to fall, red blooms	L	O	M	24" - 36"	24" - 36"

Perennials, cont'd

Scientific Name	Common Name	Notes	Water	Exposure	Growth	Height	Width
<i>Salvia greggii</i> 'Pink Preference'	Pink Preference Salvia	Summer to fall, rose-pink blooms	L	O	M	24" - 36"	24" - 36"
<i>Salvia greggii</i> 'White Autumn Sage'	White Autumn Sage Salvia	Summer to fall, White blooms	L	O	M	24" - 36"	24" - 36"
<i>Salvia greggii</i> 'Raspberry Royale'	Raspberry Royale Salvia	Summer to fall, rose-red blooms	L	O	M	24" - 36"	24" - 36"
<i>Salvia x superba</i> 'May Night'	May Night Salvia	Summer, indigo-black	L	O	M	12 - 30"	12 - 24"
<i>Santolina virens</i>	Green Santolina, Lavender Cotton	Summer to fall, yellow blooms	L	O	M	24"	24"
<i>Santolina chamaecyparissus</i>	Lavender Cotton	Summer to fall, yellow blooms, gray-green foliage	L	O	M	24"	24"
<i>Santolina incana</i> 'Nana'	Dwarf Lavender Cotton	Summer to fall, yellow blooms, gray-green foliage	L	O	M	12"	12"
<i>Scabiosa</i>	Pin Cushion Flower	Summer to fall, lavender-blues, white	M	O	M	18" - 20"	12 - 18"
<i>Sedum spectabile</i> 'Autumn Joy'	Sedum 'Autumn Joy' or Showy Stonecrop	Summer to fall, Pink to rusty-red blooms	L	O	M	18" - 24"	24"
<i>Stachys byzantina</i>	Lamb's ears	Summer to fall, gray-green velvety foliage	L	O	M to R	12 - 15"	24"
<i>Verbena canadensis</i> species	Verbena	Summer to fall, purple, pink-reds, white	L	O	M	6 - 10"	18"
<i>Veronica spicata</i>	Veronica or Speedwell	Summer to fall, purple, pink-reds, white	L	O	M	18 - 24"	12 - 18"

Bulbs

Scientific Name	Common Name	Notes	Water	Exposure	Height	Spacing
<i>Amaryllis belladonna</i>	Naked Lady or Belladonna lily	Late summer to early fall, pink fragrant blooms	L	O	24 - 36"	9 - 12"
<i>Lycoris radiata</i>	Spider Lily	Summer, red, yellow, pink	L	O to D	12 - 36"	1-3 bulbs per hole for naturalizing or 6 - 12" O.C.
<i>Narcissus</i> spp.	Narcissus	Spring, yellow and white blooms	L	O to D	14"- 18"	1-3 bulbs per hole for naturalizing or 6 - 12" O.C.

Roses

Scientific Name	Common Name	Notes	Type	Water	Exposure	Growth	Height	Width
<i>Rosa 'Zephirine Drouhin'</i>	Zephirine Drouhin Climbing Rose	Summer to fall, pink fragrant blooms, no thorns	D	M	O	R	6'	3'
<i>Rosa x 'Noare'</i>	Flower Carpet Red Ground Cover Rose	Summer to fall, red blooms	D	M	O to D	M	2.5'	3'
<i>Rosa x 'Noatraum'</i>	Flower Carpet Pink Ground Cover Rose	Summer to fall, Pink blooms	D	M	O to D	M	2.5'	3'
<i>Rosa x 'Noaschnee'</i>	Flower Carpet White Ground Cover Rose	Summer to fall, White blooms	D	M	O to D	M	2.5'	3'
<i>Rosa x 'Noala'</i>	Flower Carpet Coral Ground Cover Rose	Summer to fall, coral blooms	D	M	O to D		2.5'	3'
<i>Rosa x 'Noamel'</i>	Flower Carpet Appleblossom Ground Cover Rose	Summer to fall, Blush pink blooms	D	M	O to D		2.5'	3'
<i>Rosa x 'Noalesa'</i>	Flower Carpet Yellow Ground Cover Rose	Summer to fall, Yellow blooms	D	M	O to D	R	2.5'	3'

Ornamental Grasses

Scientific Name	Common Name	Notes	Type	Water	Exposure	Growth	Height	Width
<i>Calamagrostis x acutiflora 'Karl Forester'</i>	Karl Forester Feather Reed Grass	Pink plumes, changes to dark maroon to bronze	D	L	O to ●	M	24" - 36"	18" 60" with flower plumes
<i>Miscanthus sinensis</i> species	Maiden Grass	Feathery flower	D	L	O to ●	R	36" - 48"	36" - 48"
<i>Panicum virgatum</i>	Switch Grass	Feathery flower	D	L	O to ●		36" - 48"	24" - 36"
<i>Pennisetum alopecuroides 'Hameln'</i>	Dwarf Fountain Grass 'Hameln'	Reddish-purple flower plumes	D	L	O to ●	R	24 - 48"	24 - 36"
<i>Pennisetum setaceum 'Rubrum'</i>	Purple Fountain Grass		D	L	O	M to R	12 - 34"	12 - 18"

APPENDIX**General Notes**

1. All plants and trees (established and new) require water when the outside temperature reaches 86 degrees during their growing season.
2. Medium to large trees should be planted no closer than 30 feet from buildings or structures and should never be planted under overhead utility lines.
3. Perennials require little to no fertilizer, and may bloom from spring to frost. To increase blooms, cut back old growth between late winter and early spring (right before new growth begins depending on weather). Many perennials will bloom for a longer period if old blooms are removed, or “dead headed.”

Crabapple and Pear Species*

Scientific Name	Common Name	Notes	Type	Water	Exposure	Growth	Height	Width
Malus transitoria ‘Golden Raindrops’	Golden Raindrops Crabapple	White blooms, 1/4" golden fruit	D	M	O	M	10 – 20'	8 – 15'
Malus x ‘Pink Princess’	Pink Princess Crabapple	Rose pink blooms, 1/4" red fruit	D	M	O	M	6 -8'	10 – 15'
Malus sargentii	Sargent’s Crabapple	White blooms, 1/4" red fruit	D	M	O	M	6 – 10'	6 – 20'
Malus toringo subsp. Sargentii ‘Tina’	Sargent Tina Crabapple	White blooms, 1/4" red fruit	D	M	O		5'	6'
Pyrus Calleryana ‘Aristocrat’	Aristocrat Callery Pear		D	L	O	M	35 – 45'	30 – 35'
Pyrus Calleryana ‘Capital’	Capital Callery Pear	Fastigiate, 5:1 height to width ratio	D	L	O	M	35'	12'
Pyrus Calleryana var ‘Fauriei’	Fauriei Callery Pear		D	L	O	M	30'	15'
Pyrus calleryana ‘Whitehouse’	Whitehouse Callery Pear	Fastigiate, 4:1 height to width ratio	D	L	O	M	35'	15'

*Note: Plant Crabapple and Mulberry trees away from building entrances and sidewalks.

Proposing Alternative Plant Selections

1. Alternative species that are not listed in this document may be requested for consideration of suitability on a site-by-site basis.
2. If an alternative species is proposed to substitute for those listed in the “Plants for Specific Applications” section, the characteristics of the proposed tree (size, growth habit, exposure, litter production, root development, etc.) should be similar to those characteristics of the trees listed for each specific application.
3. The Planning or Development Services Director or designee will evaluate the proposed alternative and make a determination based on the following criteria:
 - tolerances of the proposed species are compatible with site conditions such as soil type, exposure, moisture/drought, and pollution;
 - growth habit of proposed species poses no conflicts with overhead or underground utilities or service vehicles, such as garbage trucks;
 - pedestrian and vehicular activity that may occur near or under proposed species will not be impeded or harmed by production of fruits, nuts, or sap;
 - special care or maintenance requirements of the proposed species will be met by the property owner.

Modifications to This Document

This list contains trees and plants that were carefully selected for use in different settings within Oklahoma City. All species contained in this document have demonstrated adaptability or hardiness to the local environment, and should perform well when given proper care. However, due to the variability of plant species, changes in micro-climates, and development of new varieties of plant materials, it is necessary to update this document so that it is comprehensive and current.

Additions or deletions of plant species on this list may be requested of the Planning Director or designee, who will evaluate appropriateness of the request and make a determination based on the following criteria:

- long-term performance has demonstrated the proposed species to be suitable (for additions) or unsuitable (for deletions) for general planting in Oklahoma City;
- the proposed species’ characteristics (size, growth habit, performance, and suitability) are appropriate in the context in which it is intended to serve (for example, as a street tree, for use near utilities, etc.).

Modifications to this document will be placed on the City Council agenda for acceptance.
