The Board of Trustees Oklahoma City Environmental Assistance Trust

The Oklahoma City Environmental Assistance Trust (Trust) annual financial report (annual report) provides a comprehensive overview of the Trust's financial position and the results of operations during the fiscal years ended June 30, 2018 and 2017. It complies with reporting requirements specified by Oklahoma State Statutes and the dictates of effective financial management practices. The Oklahoma City Finance Department, Accounting Services Division, prepared this report in compliance with accounting principles generally accepted in the United States of America. It is fairly stated in all material respects. Responsibility for the accuracy of the reported information and the completeness and fairness of the presentation, including disclosures, rests with the Trust.

The Trust's annual report includes the reports of independent auditor's, management's discussion and analysis (MD&A), financial statements, and related notes. Management's narrative on the financial activities of the Trust for the fiscal years ended June 30, 2018 and 2017, is in the MD&A section of this report, immediately following the independent auditor's report on financial statements and supplementary information. The Trust's reporting entity is comprised of financial and operating activities conducted within the legal framework of the Trust. The Trust is a blended component unit of the City of Oklahoma City (City) and, as such, is included within the funds of the City's Comprehensive Annual Financial Report (CAFR).

The Trust was established January 23, 1979, to provide services and activities on behalf of the City that include financing and operation of the City's solid waste activities relating to pollution control and waste disposal, and certain cultural, educational, economic development, and housing activities. The Trust contracts with a private entity to collect approximately sixty percent of the City's residential solid waste with the remainder collected by City crews. The Trust also contracts for the collection of recycling and bulky wastes. Neither the Trust nor the City own or operate landfills. The Trust is an enterprise fund and does not receive tax funding. The Trust is funded by solid waste fees and charges. The City's Mayor and Council serve as Trustees for the Trust, and the City Manager is General Manager.

The Trust participates in the City's comprehensive accounting and budgetary system. Interim financial statements provide Trust management and other interested readers with regular financial analyses. Additionally, the Trust's management maintains budgetary controls to ensure effective financial oversight.

The Trust Board approved new service contracts for the disposal of solid waste, effective September 1, 2016 through August 31, 2022. The contract includes annual price adjustments based on price indexes.

Oklahoma City's recovery from the regional recession caused by the significant downturn in the energy industry took hold during fiscal year 2018. Higher oil and natural gas prices have meant significant gains in employment and investment in the energy sector and have led to broad economic strength in Oklahoma. While Oklahoma City has a diverse economic base, the energy industry still has a major impact on the health of the local economy. Going forward, Oklahoma City has a number of factors in its favor. The cost of living and the cost of doing business are consistently rated among the best in the country. In addition, low commuting times, convenient airline travel, and excellent entertainment and sports opportunities make Oklahoma City a great place for businesses and residents.

Oklahoma City is being recognized more and more as a great place to work, live and visit. According to CNBC and Go Banking Rates, Oklahoma City was the number 1 city in the country where wages most outpaced expenses based on average annual income and average monthly living expenses. Oklahoma City was ranked as one of the top 10 "Best Cities for New Small Businesses" based on average annual revenue and profitability. The website OnlineDegrees.com rated the Oklahoma City metro as the number eleven "Best Big Cities for New Grads." Business Insider rated Oklahoma City as number 8 on their list of most popular cities everyone wants to live in right now based on factors such as migration ratio and growth rate. Southern Living magazine and Money magazine both ranked Oklahoma City as a top destination for travel.

In his February 6, 2018 report, Dr. Russel Evans, Executive Director of the Steven C. Agee Economic Research & Policy Institute of Oklahoma City University, provided his economic forecast to the City Council during the annual budget workshop. Dr. Evans highlighted state economic performance relative to the U.S. economy and how the two diverged significantly between 2015-early 2017 with Oklahoma impacted by the contraction in the oil and gas industry. Dr. Evans noted how important the metro areas in Oklahoma have become to the state economy and how much better Oklahoma City has performed on his macroeconomic performance index compared to Tulsa and the rest of the state. The macroeconomic index tracks employment, income and business creation. Dr. Evans forecasted U.S. Gross Domestic Product (GDP) to grow at a rate of 2.2% in 2018 and 2.1% in 2019. He is projecting higher growth in Oklahoma with projected gross state product growth of 3.6% in 2018 and 3.2% in 2019. The outlook for Oklahoma City is also very positive, with projections for steady growth in population, per capita personal income, and employment. Dr. Evans' fiscal forecast for Oklahoma City projects sales tax growth in FY19 of 3.0%-3.3%.

By City Council resolution, public trusts of which the City is the beneficiary are encouraged to use the independent auditors competitively selected by the City. In compliance with that resolution the Trust engaged AGH, L.C. to conduct its annual audit. The Trust acknowledges the professional and competent services of its independent auditors.

Respectfully submitted,

Chris Browning

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees **Oklahoma City Environmental Assistance Trust**Oklahoma City, Oklahoma

Report on the Financial Statements

We have audited the accompanying financial statements of the Oklahoma City Environmental Assistance Trust (Trust), a blended component unit of The City of Oklahoma City, Oklahoma (City), as of and for the years ended June 30, 2018 and 2017, and the related notes to the financial statements, which collectively comprise the Trust's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Trust as of June 30, 2018 and 2017, and the respective changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note IV., in 2018, the Trust changed its method of accounting and recognized an additional liability and reduced net position, as of July 1, 2017, due to the chargeback from the City of Oklahoma City, Oklahoma (City) related to the City's adoption of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Trust's basic financial statements. The accompanying transmittal letter is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The transmittal letter has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 16, 2018 on our consideration of the Trust's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Trust's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Trust's internal control over financial reporting and compliance.

Allen, Gibbs & Houlik, L.C. CERTIFIED PUBLIC ACCOUNTANTS

MANAGEMENT'S DISCUSSION AND ANALYSIS

Within this section of the Oklahoma City Environmental Assistance Trust (Trust) annual financial report, the Trust's management provides narrative discussion and analysis of the financial activities of the Trust for the fiscal years ended June 30, 2018 and 2017. The Trust's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section. Introductory information is available in the transmittal letter which precedes this discussion and analysis. The Trust reports services for which the Trust charges customers a fee. Services are provided to customers external to the Trust for solid waste management services. The Trust is a blended component unit of the City of Oklahoma City (City).

Financial Summary

- Trust assets exceeded liabilities by \$50,852,823 (net position) for 2018. This compares to the previous year when assets exceeded liabilities by \$55,161,788.
- Total net position is comprised of the following:
 - (1) Net investment in capital assets of \$13,258,870 and \$13,053,477 for June 30, 2018 and 2017, respectively, includes property and equipment, net of accumulated depreciation and related debt.
 - (2) Net position at June 30, 2018 and 2017, of \$1,010,404 and \$217,203, respectively, is restricted for capital projects and by constraints imposed by debt covenants.
 - (3) Unrestricted net position is \$36,583,549 for 2018 and \$41,891,108 for 2017.

Overview of the Financial Statements

This discussion and analysis introduces the Trust's basic financial statements. The basic financial statements include: (1) statement of net position, (2) statement of revenues, expenses, and changes in net position, (3) statement of cash flows, and (4) notes to the financial statements.

Financial Statements

The Trust's annual report includes three financial statements. These statements provide both long-term and short-term information about the overall status of the Trust and are presented to demonstrate the extent to which the Trust has met its operating objectives efficiently and effectively using all the resources available and whether the Trust can continue to meet its objectives in the foreseeable future. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting.

The first of these statements is the statement of net position. This statement presents information that includes all of the Trust's assets and liabilities, with the difference reported as net position. Increases or decreases in net position may serve as a useful indicator of whether the financial position of the Trust as a whole is improving or deteriorating and identify financial strengths and weaknesses and assess liquidity.

The second statement is the statement of revenues, expenses, and changes in net position which reports how the Trust's net position changed during the current fiscal year and can be used to assess the Trust's operating results in its entirety and analyze how the Trust's programs are financed. All current year revenues and expenses are included regardless of when cash is received or paid.

The third statement is the statement of cash flows which reports the inflows and outflows of Trust cash.

Notes to the Financial Statements

The accompanying notes to the financial statements provide information essential to gain a full understanding of the Trust's financial statements. The notes to the financial statements begin immediately following the basic financial statements.

Financial Analysis

The Trust's net position at June 30, 2018 and 2017, is \$50,852,823 and \$55,161,788, respectively. The overall financial condition deteriorated in fiscal year 2018.

Current assets for 2018 decreased by \$2.28 million. This is primarily due to a \$1.72 million decrease in cash and investments, a \$1.43 million decrease in intergovernmental receivables; offset by an increase of \$556 thousand in accounts receivable due to timing of invoices. Current assets for 2017 increased by \$18.93 million. This is primarily due to a \$21.55 million increase in cash and investments, a \$593 thousand increase in accounts receivable due to unbilled utility revenues, offset by a \$3.24 million decrease in intergovernmental receivables related to the receipt of a Federal Emergency Management Agency (FEMA) grant reimbursement.

Capital assets increased \$10.21 million in 2018 primarily due to Cascade recycling cart system purchases of \$10.05 million; offset by a normal depreciation of \$3.34 million. The \$2.03 million decrease in 2017 is due to normal depreciation of \$3.10 million; offset by a \$1.07 million increase in purchases of equipment and vehicles.

Other non-current assets increased by \$13 thousand primarily due to an increase in investments. Other non-current assets increased \$1.30 million in 2017 primarily due to the investment reserve required for the new bonds.

Current liabilities increased \$2.92 million in 2018 primarily due to increases of \$770 thousand in bonds payable for first payment of 2017B bonds, \$131 thousand in bond interest payable, and \$1.93 million in accounts payable due to timing of purchases and contract billings. The decrease in current liabilities of \$2.54 million in 2017 is primarily due to a \$2.20 million decrease in accounts payable due to timing of purchases and contract billings, and a \$458 thousand decrease in amounts payable to the City related to reimbursements to the grant fund for unfunded expenses; offset by \$81 thousand increase in bond interest payables related to new bonds being issued.

At June 30, 2018, non-current liabilities increased \$9.33 million primarily due to a \$10.36 million increase in payable to City of Oklahoma City, mostly related to a change in accounting principle for other post employment benefits; offset by \$1.03 million decrease in bonds payable due to normal debt service. In 2017 non-current liabilities increased \$13.49 million primarily due to a \$13.04 million increase in bonds payable and a \$430 thousand increase in bond premiums related to the issuance of revenue bonds, offset by the defeasement of \$1.74 million in outstanding bonds.

		Summary o	of Changes in N	et Position			
			2018-2017	2018-2017		2017-2016	2017-2016

Beginning net position							
As previously reported	55,161,788	47,886,906	7,274,882	15.2	35,280,965	12,605,941	35.7
Change in accounting							
principle	(10,116,657)	-	(10,116,657)	100.0	-	-	0.0
Prior period adjustment	<u>-</u>	<u>-</u>	<u>_=</u>	0.0	4,059,066	(4,059,066)	(100.0)
As restated	45,045,131	47,886,906	(2,841,775)	(5.9)	39,340,031	<u>8,546,875</u>	21.7
Ending net position	<u>\$50,852,823</u>	<u>\$55,161,788</u>	(\$4,308,965)	(7.8)	<u>\$47,886,906</u>	<u>\$7,274,882</u>	15.2

The 4.1% increase in charges for services for the fiscal year ended June 30, 2018 is primarily due to an annual 3.5% increase in collection service fees and an increase in number of customers of 1.81% in 2018. The 5.2% increase in 2017 in charges for services is primarily due to scheduled rate increases effective in October 2016 of 3.5% and an increase in number of customers of 1.46% in 2017.

The \$3.62 million increase in operating expenses for the fiscal year ended June 30, 2018 is primarily due to a \$3.75 million increase to maintenance, operations, and contractual services, due to the increase in recycling pick up. The \$2.45 million decrease in operating expenses in 2017 is primarily due to a \$6.06 million decrease in trash pick up costs related to prior year storm debris collection costs; offset by a \$2.66 million increase in payments to the contractor for storm debris collection services and a \$485 thousand increase in normal depreciation.

Non-operating revenues (expenses) remained stable in 2018. The \$6.38 million decrease in 2017 is primarily due to a \$6.09 million decrease in grant revenue related to FEMA reimbursements for the November 2015 storm debris removal costs and a \$123 thousand decrease in investment income related to fair value adjustments, and a \$280 thousand increase in bond issue cost related to the issuance of new bonds and a \$141 thousand increase in budgeted payments in lieu of taxes to the City.

Capital Assets and Debt Administration

Capital Assets

The Trust's capital assets, net of accumulated depreciation, as of 2018 and 2017 were \$25,211,442 and \$15,001,309, respectively.

	C	apital Assets, N	let of Accumula	ted Depreciati	on		
			2018-2017 Amount of	2018-2017 %		2017-2016 Amount of	2017-2016 %
	2018	<u>2017</u>	Change	Change	<u>2016</u>	Change	<u>Change</u>
Non-Depreciable Assets							
Construction in progress	\$567,823	\$47,137	\$520,686	1104.6%	\$ -	\$47,137	100.0%
Depreciable Assets							
Buildings	1,719,347	1,767,750	(48,403)	(2.7)	1,816,153	(48,403)	(2.7)
Infrastructure	1,168,749	1,351,947	(183,198)	(13.6)	1,535,145	(183,198)	(11.9)
Equipment	21,755,523	11,834,475	9,921,048	83.8	13,684,516	(1,850,041)	(13.5)
Total depreciable assets	24,643,619	14,954,172	9,689,447	64.8	17,035,814	(2,081,642)	(12.2)
	\$25,211,442	\$15,001,309	\$10,210,133	68.1	\$17,035,814	(\$2,034,505)	(11.9)

Capital assets increased \$10.21 million in 2018. The \$9.69 million increase in depreciable assets is primarily due to \$10.05 million spent on the purchase of the Cascade recycling cart system; offset by \$3.34 million in normal depreciation. Capital assets decreased \$2.03 million in 2017. The \$2.08 million decrease in depreciable assets is primarily due to \$3.10 million in normal depreciation; offset by \$1.06 million spent on the purchase of two CNG powered rear loader trash trucks and ten pick-up trucks. See Note II. D. for more information regarding capital assets.

Long-term debt

At the end of 2018 and 2017 the Trust had total long-term debt outstanding of \$14,775,000 and \$14,970,000, respectively.

Revenue Bonds

On April 6, 2017, the Trust issued revenue bonds for \$14.97 million. The bonds provided funds to defease \$1.74 million of outstanding Series 2005 debt and finance the cost of expanding maintenance bays and purchasing residential recycling carts. At June 30, 2018 and 2017, the Trust had outstanding bond debt of \$14.78 million and \$14.97 million, respectively. The bonds are payable solely from the Trust. See Note III. A. for more information regarding revenue bonds.

Outstanding L	ong-ter	m Deb	t	
2010	2017	2019	2017	

			2018 - 2017	2018 - 2017		2017 - 2016	2017 - 2016
			Amount of	%		Amount of	%
	<u>2018</u>	<u>2017</u>	Change	Change	<u>2016</u>	Change	Change
Revenue bonds	\$14,775,000	<u>\$14,970,000</u>	(\$195,000)	(1.3%)	\$1,895,000	\$13,075,000	690.0%

The change in outstanding debt for 2018 is a result of scheduled debt service payments. The change in outstanding debt for 2017 is the result of the issuance of new bonds; offset by scheduled debt service payments. See Note III. B. for more information regarding changes in long-term debt.

Bond Ratings

As of June 30, 2018, Standard and Poor's Rating Services reported a credit rating on the Trust's debt of AAA.

Economic Factors and Rates

Economic Factors

Oklahoma City's recovery from the regional recession caused by the significant downturn in the energy industry solidly took hold during fiscal year 2018. Higher oil and natural gas prices have meant significant gains in employment and investment in the energy sector and have led to broad economic strength in Oklahoma. While Oklahoma City has a diverse economic base, the energy industry still has a major impact on the health of the local economy. Going forward, Oklahoma City has a number of factors in its favor. The cost of living and the cost of doing business are consistently rated among the best in the country. In addition, low commuting times, convenient airline travel, and excellent entertainment and sports opportunities make Oklahoma City a great place for businesses and residents.

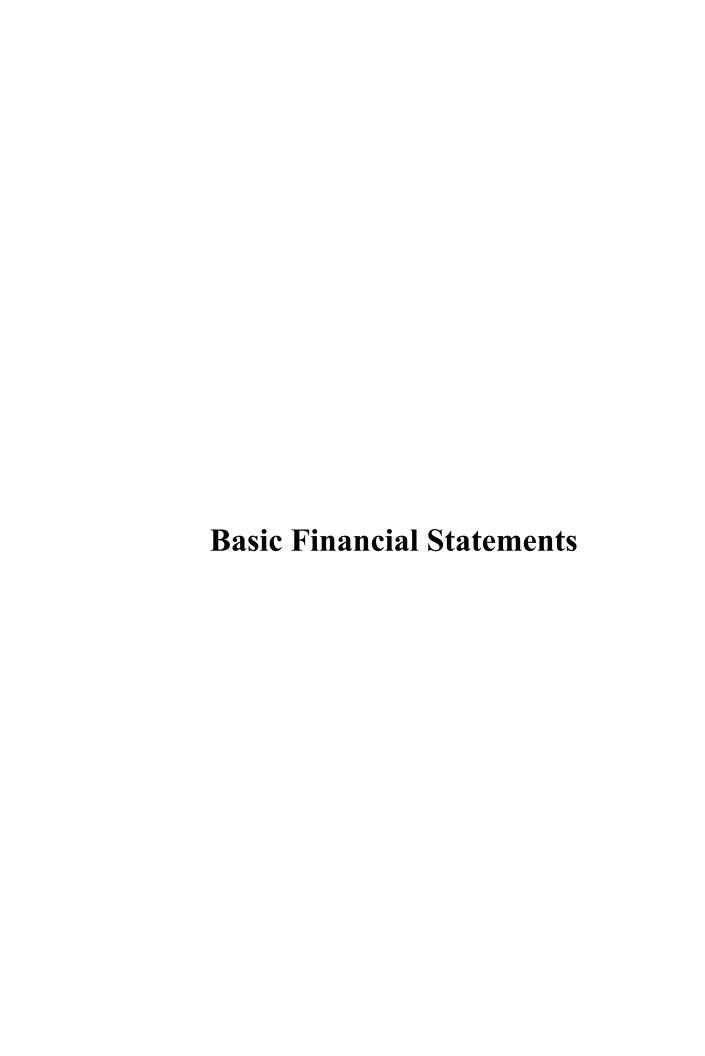

Utility Rates

In September 2016 the City Council approved an ordinance that adjusts the collection service fees by 3.5 percent annually each October 1, 2016 through October 1, 2019.

Contacting the Trust's Financial Management

This financial report is designed to provide a general overview of the Trust's finances, comply with finance-related laws and regulations and demonstrate the Trust's commitment to public accountability. If you have questions about this report or would like to request additional information, contact the City's Finance Department, Accounting Services Division, at 100 North Walker, Suite 300, Oklahoma City, Oklahoma 73102.

This Page Intentionally Left Blank

Proprietary Fund Financial Statements

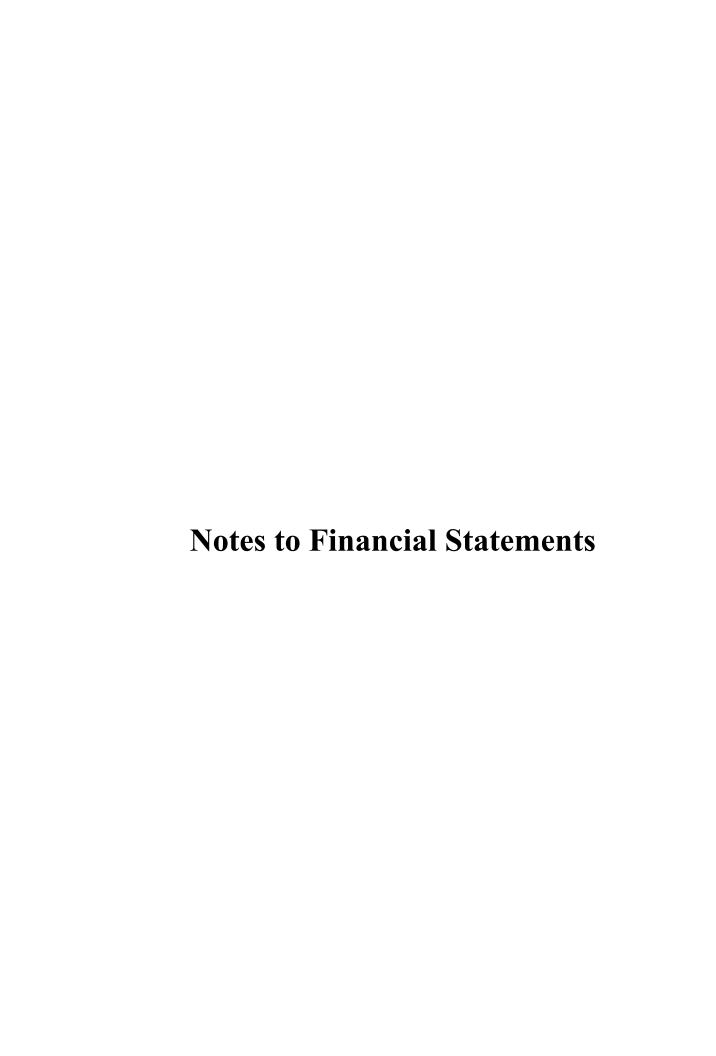

Provide both long-term and short-term information about the Trust's overall status using full accrual accounting.

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

I. A. INTRODUCTION

The accounting and reporting framework and the more significant accounting principles and practices are discussed in subsequent sections of this note. The remainder of the notes is organized to provide explanations, including required disclosures, of the Oklahoma City Environmental Assistance Trust (Trust) financial activities for the fiscal years ended 2018 and 2017.

I. B. BASIS OF PRESENTATION

I. B. 1. REPORTING ENTITY AND RELATIONSHIP TO THE CITY OF OKLAHOMA CITY, OKLAHOMA

Due to restrictions of the State constitution relating to the issuance of municipal debt, Oklahoma City (City) created public trusts to finance City services with revenue bonds or other non-general obligation financing, and to provide for multi-year contracting. Financing services provided by these public trusts are solely for the benefit of the City. Public trusts created to provide financing services are blended into the City's primary government although retaining separate legal identity.

The Trust is a public trust created pursuant to Title 60 of the Oklahoma Statutes, section 176, et seq. on January 23, 1979, with the City named as the beneficiary. The purposes of the Trust are to encourage, promote, and finance pollution control, waste disposal and pretreatment, as well as cultural, educational, and housing activities. The Trust was financially inactive until fiscal year 1988. During fiscal year 1989 the Trust entered into significant agreements with several independent contractors to provide services such as refuse collection, street sweeping, and landfill disposal for certain sectors of the City. City employees had previously provided these services. Bids were solicited in an effort by the Trustees to foster competition in the performance of these vital services and, ultimately, to lower the cost of providing these services to the ratepayers.

The Mayor and members of the City Council serve as the Trustees for the Trust. The City Manager serves as the General Manager. The Trust does not have the power to levy taxes. The City has no obligation for debt issued by the Trust.

Method of Reporting in the City's Comprehensive Annual Financial Report (CAFR)

The Trust is presented as a blended component unit of the City and is included in the City's financial reporting entity. The Trust meets the requirements for blending because the Trust's governing body is identical to the City's elected governing board (City Council). In addition, the Trust is managed as a department of the City under the direction of the City Manager using City employees.

The financial activity of the Trust is presented as a blended component unit of the City's CAFR. The CAFR financial statement may be obtained from the Finance Department, Accounting Services Division, 100 N. Walker, Suite 300, Oklahoma City, OK 73102.

Trust Administration

The Trust has no employees. Trust activities are performed by City employees. The Trust has chosen to provide for the operations, maintenance, and improvements of the Solid Waste Management system through the City's Solid Waste Management Fund. Accordingly, operations are performed by the City employees. The Trust reimburses the City for the cost of solid waste operations including amounts classified as personal services. Those expenses are removed from the City's Solid Waste Management Fund and included in expenses of the Trust.

I. B. 2. BASIC FINANCIAL STATEMENTS

The basic financial statements include the statement of net position; the statement of revenues, expenses, and changes in net position; and the statement of cash flows. These statements report financial information for the Trust as a whole.

I. B. 3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Financial Statements

The Trust reports using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Operating income includes revenues and expenses related to the continuing operations of the fund. Principal operating revenues are charges to customers for solid waste disposal. Principal operating expenses are the costs of providing services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

I. C. BUDGET LAW AND PRACTICE

Oklahoma Statutes require the submission of financial information for public trusts. However, legal budgetary control levels are not specified. Accordingly, the Trust's budget is submitted to its governing body for approval. Appropriations are recorded and available to pay expenses as revenue is received in cash. Budgetary control is exercised on a project-length basis. Therefore, appropriations are carried forward each year until projects are completed. Management's policy prohibits expenditures/expenses to exceed appropriations at the detail, line item level for capital projects. Management may transfer appropriations without governing body approval.

I. D. POLICIES RELATED TO ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND FUND EQUITY

I. D. 1. CASH AND INVESTMENTS

The Trust participates in the investment policy approved by the City Council. The Trust's governing board formally adopted the updated City's deposit and investment policies for restricted funds are specified in the respective bond indentures.

Investments are carried at fair value determined by quoted market prices. The management of the restricted investments is performed in accordance with applicable bond indentures and at the direction of the trustee bank. Cash deposits are reported at carrying amount which approximates fair value.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

Accounting guidance establishes a consistent framework for measuring fair value and establishes a fair value hierarchy based on the observability of inputs used to measure fair value. These different levels of valuation hierarchy are described as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Quoted prices for similar assets or liabilities in active markets or inputs other than quoted prices that are observable.

Level 3 - Significant unobservable prices or inputs.

An investment's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

I. D. 2. RECEIVABLES AND UNCOLLECTIBLE ACCOUNTS

Significant receivables include amounts due from customers for solid waste disposal services. Accounts receivable are reported net of an allowance for uncollectible accounts, and revenues are reported net of estimated uncollectibles. The allowance amount is estimated using accounts receivable past due more than 90 days. Receivables include unbilled receivables that are for the disposal fee for operators of commercial solid waste disposal sites.

I. D. 3. INVENTORIES AND PREPAIDS

Inventories are recorded at the lower of cost or market on a daily weighted average basis and consist primarily of waste containers provided to citizens.

Prepaids are payments to vendors that benefit future reporting periods and are reported on the consumption basis. Non-current prepaids benefit periods beyond the following 12 month period. Payments to vendors that are less than \$5,000 are considered *di minimus* and are reported with expenses/expenditures in the year of payment.

I. D. 4. RESTRICTED ASSETS

Certain assets are restricted for capital projects funded through long-term debt and debt service reserves. Restricted deposits and investments are legally restricted for the payment of currently maturing debt service.

When both restricted and unrestricted resources are available for use, it is the Trust's policy to use restricted resources first, then unrestricted resources as needed.

I. D. 5. CAPITAL ASSETS AND DEPRECIATION

Capital assets are reported at historical cost. The Trust generally capitalizes assets with cost of \$7,500 or more as purchase and construction outlays occur. Depreciation is computed on the straight line method over the estimated useful life of the assets as follows in years:

Buildings	10 - 50
Infrastructure and improvements other than buildings	10 - 50
Mobile equipment, furniture, machinery, and equipment	5 - 20

Maintenance and repairs are charged to operations, while renewals and betterments are capitalized. When the Trust disposes of assets, the cost and applicable accumulated depreciation are removed from the respective accounts and the resulting gain or loss is recorded in operations.

I. D. 6. DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES

In addition to assets and liabilities, the statement of position may report separate sections of deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represents a consumption of net position that applies to a future period which will not be recognized as an outflow of resources until that time. Deferred inflows of resources represents an acquisition of net position that applies to a future period which will not be recognized as an inflow of resources until that time.

I. D. 7. BOND PREMIUM

The bond premium related to the bond issuance was capitalized and is amortized over the term of the respective bonds using a method that approximates the effective interest method.

I. D. 8. FUND EQUITY

Net Position

Net position invested in capital assets, net of related debt, and legally restricted amounts are separated from unrestricted net position.

Net Investment in Capital Assets

The amount reported is calculated as total capital assets less accumulated depreciation and outstanding debt used to purchase the assets net of unspent portions. Unspent portions of debt, along with any amounts used to fund debt reserves, are included with restricted net position.

Restricted Net Position

Amounts reported as restricted for debt service include those amounts held in restricted accounts as required by the debt instrument. Restricted amounts held to pay bond interest are reduced by accrued interest payable. Net position restricted for capital projects include unspent debt proceeds legally restricted for capital outlays. Restricted net position also include purpose restrictions from enabling legislation and other external sources.

I. E. USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

I. F. RISK MANAGEMENT

The Trust's risk management activities are recorded in the City Risk Management Fund and the Oklahoma City Municipal Facilities Authority (OCMFA) Services Fund. The purpose of these funds is to administer property and liability insurance programs of the City, in which the Trust participates. These funds account for the risk financing activities of the Trust and constitute a transfer of risk from the Trust. The Trust pays premiums through the City Solid Waste Management Fund and has no other costs or liabilities related to risk management activities. Costs and liabilities for commercial insurance, stoploss insurance, and claims paid are recorded in the City Risk Management Fund and the OCMFA Services Fund.

Significant losses are covered by commercial insurance for the property and liability programs. The City offers several different employee health and life options which, except for the indemnity health plan are fully insured. The self-insured indemnity health plan is covered by stop-loss coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

I. G. MAJOR REVENUES

The Trust has only one primary revenue source which it charges to customers for solid waste disposal.

I. H. TAX STATUS

The Trust is exempt from Federal and state income taxes under Section 115 of the Internal Revenue Code for any trade or business related to the Trust's tax exempt purpose or function.

I. I. RETAINAGES

It is the policy of the Trust to retain a percentage of construction contracts until a completed project has been accepted by the Trustees. Contractors may request to opt out of this retainage by providing a certificate of deposit with the City. The City holds the certificate of deposit and the Trust retains the risk of incurring costs related to a contractor's failure to perform. However, in the event of non-performance, the City calls the certificate and pays the proceeds to the Trust to cover any costs incurred. The City does not record the effect of holding the certificates of deposit.

II. ASSETS AND DEFERRED OUTFLOWS

II. A. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the Trust's deposits may not be returned or the Trust will not be able to recover collateral securities in the possession of an outside party. The Trust's policy requires deposits to be 110 percent secured by collateral valued at market less the amount of the Federal depository insurance. Deposited funds may be invested in certificates of deposit in institutions with an established record of fiscal health, as determined by the bank's institutional rating provided by commercially available bank rating services or on performance evaluations conducted pursuant to the Federal Community Reinvestment Act, 12 United States Code, Section 2901. Collateral agreements must be approved prior to deposit of funds as provided by law. The City Council approves and designates a list of authorized depository institutions based on evaluation by the City Treasurer of the institutions' financial strength in accordance with the investment policy.

The general bond indenture requires the use of trust accounts. The principal, interest, and debt service accounts are used to segregate resources accumulated for debt service payments over the next twelve months.

At June 30, 2018 and 2017, the Trust's cash is collateralized with securities held by the pledging financial institution in the name of the Trust or the City, less the Federal depository insurance.

Investments

The Trust invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Trust's financial position. However, because the values of individual investments fluctuate with market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined.

- (1) The net asset value (NAV) is a practical expedient to estimate fair value.
- (2) Ratings are provided where applicable to indicate associated credit risk.
- (3) Interest rate risk is estimated using weighted average months to maturity.
- (4) Cost approximates fair value.
- (5) Consists solely of U.S. Treasury securities.

Fair Value Measurement

The following is a description of the valuation methodologies used for assets measured at fair value in the tables above. There have been no changes in the methodologies used at June 30, 2018 and 2017.

An investment's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Federal obligations, Fannie Mae notes, U.S. Treasury notes, and U.S. Treasury bills use pricing models that maximize the use of observable inputs for similar securities and are valued at level 2.

Money market funds are reported at cost which approximates fair value, are traded on active markets at quoted prices, and are valued at level 1.

Investment policy

The Trust's investment policy is maintained by the City Treasurer. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Trust funds may be invested in: (1) direct obligations of the U.S. government, its agencies or instrumentalities to the payment of which the full faith and credit of the U.S. government is pledged, or obligations to the payment of which the full faith and credit of the State of Oklahoma is pledged; (2) Federal agency or U.S. government-sponsored enterprise obligations, participations, or other instruments, including those insured by or fully guaranteed as principal and interest by Federal agencies or U.S. government-sponsored enterprises; (3) collateralized or insured certificates of deposit and other evidences of deposits at banks, savings and loan associations, and credit unions located in Oklahoma when secured by appropriate collateral or fully insured certificates of deposit and other evidences of deposits at banks, savings and loan associations, and credit unions located outside of Oklahoma; (4) repurchase agreements that have underlying collateral of direct obligations or obligations of the U.S. government, its agencies, and instrumentalities; (5) money market funds regulated by the Securities and Exchange Commission which consist of authorized domestic securities with restrictions as specified in state law; (6) savings accounts or certificates of savings and loan associations, banks, and credit unions, to the extent the accounts are fully insured by Federal depository insurance; (7) State and Local Government Series (SLGS); (8) City direct debt obligations for which an ad valorem tax may be levied or bonds issued by a public trust of which the City is a beneficiary and judgments rendered against the City by a court of record, provided it is a prudent investment; and (9) prime commercial paper with a maturity date less than 180 days which represents less than 10% of the outstanding paper of an issuing corporation.

Under the policy, the Trust may not invest in reverse repurchase agreements, derivative instruments created from, whose value depends on, or is derived from, the value of one or more underlying assets or indices of asset values and/or has no call options prior to the desired maturity or is a variable rate instrument. Collateralization is further restricted to permitted investments shown previously as items (1) and (2).

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The policy provides that to the extent practicable, investments are matched with anticipated cash flows. Investments are diversified to minimize the risk of loss resulting from over-concentration of assets in a specific maturity period, a single issuer, or an individual class of securities. Unless matched to a specific cash flow, investments are not made in securities maturing more than five years from the date of purchase. Certificates of deposit may not be purchased with maturities greater than 365 days from date of purchase.

Concentration of credit risk is the risk of loss attributed to the magnitude of the Trust's investment in a single issuer. Cumulatively, portfolios of the Trust may not be invested in any given financial institution in excess of 5% of such institution's total assets excluding U.S. government securities and those issued by government sponsored enterprises, SLGS, and City judgments. Additionally, no more than 5% of the total Trust portfolio may be placed with any single financial institution excluding U.S. government securities and those issued by government sponsored enterprises, savings, money market funds, SLGS, City judgments, and repurchase agreements.

- (1) Specifically matched cash flows are excluded.
- (2) For investments listed, there is no minimum percentage specified under the policy.
- Includes SLGS.
- (4) For maturities limited to 0-1 year, the minimum percentages allowed under the policy are 5-25%.

The policy also allows surplus cash, certificates of deposit, and repurchase agreements to be collateralized with securities with longer maturities if such maturity does not exceed ten years.

Bond Indenture Restrictions

The Trust's bond indenture restricts investments to the: (1) direct obligations of the Department of the Treasury of the U.S.; (2) obligations of any of the following Federal agencies which obligations represent full faith and credit of the U.S. including: (a) Export - Import Bank, (b) Farmers Home Administration, (c) General Services Administration, (d) U.S. Maritime Administration, (e) Small Business Administration, (f) Government National Mortgage Association (GNMA), (g) U.S. Department of Housing & Urban Development Public Housing Authorities (PHA's), and (h) Federal Housing Administration; (3) bonds, notes or other evidences or indebtedness rated AAA by Standard & Poor's Corporation and Aaa by Moody's Investors Service issued by the Federal National Mortgage Association or the Federal Home Loan Mortgage Corporation with remaining maturities not exceeding three years; (4) U.S. dollar denominated deposit accounts, Federal funds and banker's acceptances with domestic commercial banks which have a rating on their short term certificates of deposit on the date of purchase of A-1 or A-1+ by Standard & Poor's Corporation and P-1 by Moody's Investors Service and maturing no more than 360 days after the date of purchase; (5) commercial paper which is rated at the time of purchase in the single highest classification, A-1+ by Standard & Poor's and P-1 by Moody's Investors Service and which matures not more than 270 days after the date of purchase; (6) investments in a money market fund rated in the highest rating categories by Standard & Poor's Corporation and Moody's Investors Service; (7) certain pre-refunded municipal obligations; (8) investment agreements supported by appropriate opinions of counsel as to enforceability; and (9) certificates of deposit properly secured at all times by collateral security described in (1) or (2) above. Such certificates of deposit are only acceptable with commercial banks, savings and loan associations, and mutual savings banks.

Investments Held by Others

For investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Trust will not be able to recover the value of its investments or collateral securities in the possession of an outside party. Policy provides that investment collateral is held by a third party custodian with whom the City has a current custodial agreement in the City's name or held in the name of both parties by the Federal Reserve Bank servicing Oklahoma. Investments of the Trust are insured or collateralized with securities held by the City, the Trust, or its agent in the Trust's or City's name.

Compliance with State Restrictions

Trust investment policy is more restrictive than the requirements of Oklahoma law found in Title 60 of the Oklahoma Statutes and the standards of the Oklahoma Uniform Prudent Investor Act. These statutes restrict public trust investing to the Prudent Investor Rule defined by Title 60 Oklahoma Statutes to consider the purposes, terms, distribution requirements, and other circumstances of the Trust and to exercise reasonable care, skill, and caution. Investment decisions must be evaluated not in isolation, but in the context of the trust portfolio as a whole and as a part of the overall investment strategy having risk and return objectives reasonably suited to the Trust.

Affect on revenues for change in uncollectibles	(\$929.719)	(\$672,481)

Intergovernmental Receivable

A Federal Emergency Management Agency (FEMA) award has been applied for and is expected in connection to a severe ice storm that occurred in November 2015. The receivable balance as of June 30, 2018 and 2017 is \$174,576 and \$1,601,904, respectively. In connection to this award, the Trust has applied for assistance from the Oklahoma Emergency Management Agency to supplement matching fund requirements. The receivable balance as of June 30, 2018 and 2017 is \$800,952.

II. C. PREPAIDS

Prepaids are payments to vendors that benefit future reporting periods and are also reported on the consumption basis. As of June 30, 2018 there were no current prepaids. As of June 30, 2017 prepaid items totaling \$1,123.

Depreciation expense was charged to the Trust in the amount of \$3,340,862, for the year ending June 30, 2018, and \$3,099,986 for the year ending June 30, 2017.

II. E. DEFERRED OUTFLOW

Deferred Amount on Bond Refunding

Deferred charges on refunding of bonds results from a difference in the carrying value of refunded debt to its reacquisition price. The amounts are deferred and amortized over the shorter of the life of the refunded or refunding debt.

Solid Waste Revenue Bonds

Solid Waste Bond Indentures and Covenants

The bond indenture requires the use of construction, revenue, and bond accounts. The bond fund consists of interest, principal, and bond reserve accounts. Revenue is deposited into the revenue fund as received. Subject to the terms of the indenture, not later than the 25th day of each calendar month, the Trust transfers from the revenue fund to the interest, principal, and bond fund reserve accounts amounts specified in the indenture to pay principal and interest on the bonds when due, and to maintain the reserve requirement. The reserve requirement means the lesser of (1) ten percent of the proceeds of a series of the bonds, (2) maximum annual principal and interest requirements on a series of the bonds, or (3) 125% of the average annual principal and interest on a series of the bonds.

The bonds are payable solely from the Trust. Trust income is comprised of revenue and receipts derived or to be derived from the Trust's leasehold interest in the solid waste system (System) of the City. The System is leased by the City to the Trust pursuant to a lease agreement dated August 1, 2005, for a term of 50 years or until all indebtedness of the Trust has been retired or provision for payment has been made.

On September 8, 2005, the Trust sold Series 2005 Solid Waste Revenue Bonds for \$8,410,000. Series 2005 Solid Waste Revenue Bonds consist of bonds bearing interest at 3% to 4.25%. Bond proceeds financed the cost of construction and acquisition of certain solid waste management collection and disposal facilities and paid the cost of issuance. On April 6, 2017 these bonds were defeased with the issuance of Revenue Refunding and Improvement Bonds, Series 2017A.

Issuances

Series 2017A Revenue Refunding and Improvement Bonds

On April 6, 2017, the Trust sold \$2,885,000 in revenue refunding and improvement bonds with an average interest rate of 3.99%. Total proceeds include \$284,354 in premiums and \$141,560 in reserve funds transferred from the refunded debt. Issuance costs were \$91,043. Of the \$3,219,871 net proceeds, \$1,760,132 was used to refund Series 2005 Solid Waste Management Revenue Bonds, \$1,207,686 will be used to expand maintenance bays in the operation of the solid waste system, and \$252,053 was used to establish a reserve fund. The bonds mature on July 1, 2031.

Series 2017B Taxable Revenue Bonds

On April 6, 2017, the Trust sold \$12,085,000 in taxable revenue bonds with an average interest rate of 3.02%. Total proceeds included \$163,854 in premiums and issuance costs were \$189,049. Of the \$12,059,805 net proceeds, \$11,003,978 will be used to finance the costs of recycling carts and \$1,055,827 was used to establish a reserve fund. The bonds mature on July 1, 2031.

Bonded Debt Service Requirements to Maturity

					\$14,775,000	\$14,970,000

Bond Interest Payable

Interest on all bonds is payable on the first day of January and July of each year through maturity.

Bond Defeasance

Prior Years Defeasance

On April 6, 2017, the Trust issued \$2,885,000 in revenue bonds, with an average interest rate (coupon) of 3.99% to advance refund \$1,760,132 of Solid Waste Management System Revenue Bonds, Series 2005. Total proceeds include \$284,354 in premium. As a result, Series 2005, in the amount disclosed, is considered to be defeased as of the issuance date and the liability for the bonds removed from the financial statements in the period of the defeasance. The Trust advance refunded these bonds for the recent decline in interest rates. Cash flow associated with the refunding debt of \$1,916,131 and of the refunded debt of \$2,078,307 resulted in a savings of \$162,176. The savings calculated with a present value of 2.082% achieves a net savings of \$114,825. The net savings along with cash on hand of \$5,401 resulted in an economic gain of approximately \$120,226. These bonds were called on May 8, 2017.

Bond Coverage

	<u>2018</u>	<u>2017</u>
Gross revenue, including investment income and transfers in	\$56,601,654	\$54,392,215
Direct operating expenses and transfers out, excluding depreciation and amortization	47,017,712	43,586,941
Net revenue available for debt service	<u>\$9,583,942</u>	<u>\$10,805,274</u>
Principal amounts	\$195,000	\$160,000
Interest amounts	368,060	74,280
Total debt service requirements	\$563,060	\$234,280
Revenue bond coverage	<u>17.02</u>	<u>46.12</u>

The bond indentures require the payment of principal and interest before any other expenditures may be made. Gross revenues include operating revenues, investment income, other revenue, and transfers from other funds. In addition, depreciation and amortization expenses and transfers to other funds are excluded from the direct operating expenses as they do not affect funds available for debt service. The required revenue bond coverage is 1.2.

III. B. CHANGES IN LONG-TERM DEBT

III. C. SEGMENT INFORMATION AND PLEDGED REVENUES

The Trust issued revenue bonds to support its solid waste activities. The financial statements report revenue-supported debt. The Trust recognized \$55,973,662 and \$53,765,034 in solid waste charges in 2018 and 2017, respectively.

IV. NET POSITION

Change in Accounting Principle

Effective July 1, 2017, the Authority changed its method of accounting and recognized an additional liability and reduced net position due to the chargeback from the City of Oklahoma City (City) related to the City's adoption of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. The trust recognized \$10,116,657 in Chargeback for post-employment benefits other than pensions in 2018.

V. B. INTERFUND PAYMENTS

Payments in Lieu of Franchise Fees

During the fiscal years June 30, 2018 and 2017, \$1,053,315 and \$1,003,416, respectively, were paid to the City General Fund in lieu of fees paid for the exclusive right to provide solid waste services to the citizens of the City.

Payments from City Grants Management Fund

In 2018, there were no payments to or from the City Grant Management Fund. For the fiscal year ended June 30, 2017, the City Grant Management Fund paid \$260 to the Trust for excess matching requirements reported with Payments from the City.

V. C. OTHER INTERFUND TRANSACTIONS

Administrative Chargebacks

For fiscal years ending June 30, 2018 and 2017 the Trust made payments to OCWUT reported with maintenance, operations and contractual services on the statement of revenues, expenses and changes in net position to reimburse for the cost of providing administrative and operational services of \$1,030,000 and \$960,000, respectively.

Billing System Chargebacks

OCWUT manages all billings and collections for the Trust. The Trust reimburses OCWUT for the cost of these services. In 2018 and 2017 the Trust paid \$1,927,000 and \$1,861,000, respectively, for this service. The payment is reported with operating expense, maintenance, operations, and contractual services on the statement of revenues, expenses, and changes in net position.

VII. CONTRACT COMMITMENTS

The Trust enters into long-term contracts with several unrelated third party contractors to provide various services for the benefit of the residents of the City. These services include residential refuse collection, landfill disposal, recycling, street sweeping, and fleet maintenance. Funds to fulfill the Trust's obligations under these contracts are substantially comprised of user fees paid directly to the Trust.

The future annual obligations are based on the current terms of the contracts. Some of these contracts include amounts that are reevaluated annually based on the terms of the contracts.

VIII. CONTINGENCIES

Federal and State Grants

In the normal course of operations the Trust receives grant funds from various Federal and state agencies. The grant programs are subject to audit by agents of the granting authorities the purpose of which is to ensure compliance with conditions predicated to the granting of funds. Any liability for reimbursement that may arise as the result of these audits is not believed to be material.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees **Oklahoma City Environmental Assistance Trust**Oklahoma City, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Oklahoma City Environmental Assistance Trust (Trust) as of and for the years ended June 30, 2018 and 2017, and related notes to the financial statements, which collectively comprise the Trust's basic financial statements as listed in the table of contents, and have issued our report thereon dated November 16, 2018.

Internal Control over Financial Reporting

In planning and performing our audits of the financial statements, we considered the Trust's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, we do not express an opinion on the effectiveness of the Trust's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audits we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Trust's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits and, accordingly, we do not express such an opinion. The results of our tests disclosed no

instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Trust's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Trust's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
