CONTAINING THE FOLLOWING SUBSECTIONS:

LETTER OF TRANSMITTAL
ORGANIZATION CHART
PRINCIPAL OFFICERS
CERTIFICATE OF ACHIEVEMENT

December 6, 2012

Honorable Mayor and City Council Trustees of the Oklahoma City Airport Trust

We are pleased to present the Oklahoma City Department of Airports' (Department) Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2012. This report was prepared by the Department's Finance Division, using accounting principles generally accepted in the United States of America (US GAAP). The accuracy, completeness and fairness of the presented information are the responsibility of the Department. We believe that the information presented is accurate in all material respects and that all necessary disclosures are included to enable the reader to gain an understanding of the Department's financial activity.

Management's Discussion and Analysis (MD&A) in the Financial Section of this report contains a narrative introduction, overview, and analysis to accompany the basic financial statements. This letter of transmittal is designed to complement MD&A and should be read in conjunction with it.

The Reporting Entity

The Department combines and reports on the financial transactions of the Oklahoma City Airports Trust (Trust), a component unit major enterprise fund of The City of Oklahoma City (City) and the Airports Fund, a non-major enterprise fund of the City. References to the Department include the Trust and the Airports Fund unless specifically designated otherwise.

The Trust is a public trust established in 1956 pursuant to Title 60 of the Oklahoma Statutes, Section 176 et seq. to provide a means of financing and administering the construction of airports and air navigation facilities of the City. The Trust is a legal entity separate and distinct from the City; however, the City is the sole beneficiary of the Trust. Despite the legal distinction and due to the integral relationship, the Trust's financial position is reported as a component unit of the City through the Department of Airports.

The documents establishing and describing the legal and operational relationship between the City and the Trust provide that all City owned airport-related assets (as of the date of inception, as well as property acquired thereafter) would be leased to the Trust and that the Trust will lease or otherwise manage the related property and improvements financed by the Trust. All user fees and revenues generated from the Trust estate are deposited to the Trust and are used to repay the revenue bonds or other debt instruments issued by the Trust. The Trust does not have the power to levy taxes and the City has no obligation for debt issued by the Trust.

Transmittal Letter *June 30, 2012*

Cash transfers are made monthly from the Trust to the Airports Fund for certain maintenance and operating expenses and salaries of all Department employees paid by the City to support the operations of the airport system. Assets contributed to the Department from the City are recorded along with their applicable annual depreciation in the Airports Fund for internal accounting purposes.

Fund structure has been designed to comply with legal requirements of the Oklahoma Statues and the legal requirements of various bond indentures. All revenues generated by these assets will accrue to the Trust to such date all indebtedness authorized by the Bond Indenture and Supplemental Bond Indentures have been paid or provision for payment thereof have been made, whichever event shall happen later. Currently, this date is July 1, 2026. The Trustees must secure prior approval from the Mayor and City Council on the terms of any contract or lease agreement of any of the facilities of the airports, and the amount of any uniform rate, fee or charge to be imposed. The Trustees may authorize the issuance of revenue bonds only with the consent of the Mayor and City Council.

The persons occupying the office of the Mayor and City Manager, as well as a City Council member and two independent trustees who are citizens and residents of the City appointed by the Mayor and confirmed by the Council, serve as trustees of the Trust. The Director of Airports is designated by the City Manager and serves as General Manager of the Trust.

The City's airport system is comprised of Will Rogers World Airport (a small hub commercial airport) and Wiley Post Airport and Clarence E. Page Airport (general aviation airports).

Economic Conditions and Outlook

The airport system primarily serves central and western Oklahoma and serves as an exciting aviation gateway to Oklahoma City which enhances and compliments the City's redevelopment projects. Local population and the economy of the service area have a direct impact on passenger and cargo activity and aircraft operations because of the origin-destination needs of the users.

Oklahoma's economy showed signs of recovery in 2012 with one of the lowest unemployment rates in the nation and the fourth-fastest growth for jobs. Unemployment in Oklahoma was at 4.7%, well below the national rate of 8.2% at the end of fiscal 2012. The 2012 Greater Oklahoma City Economic Forecast reported over the past three years, Oklahoma City has become accustomed to consistently having the lowest monthly unemployment rate of any large metro in the nation. The total number of jobs resulting from business expansions grew by over 80% for the second consecutive year. Increases in capital investment are expected to continue as firms choose to invest more in equipment and efficiencies. The metro population is expected to grow by 1.4%, and personal incomes are expected to grow by 3.4% in 2012. According to the Business Journals, the American economy is strongest in the heartland ranking Oklahoma number one in economic strength, an overall score based on the growth of Oklahoma's private sector, unemployment, earnings per worker, earnings growth, and house appreciation. While optimism exists for Oklahoma, discussion of Federal budget cuts continues to be a potential risk.

Transmittal Letter June 30, 2012

Capital Planning

The Department participates in the capital planning process along with other City departments. The City adopts policies and procedures for the coordination of public improvements of all City-related entities through a Capital Improvement Plan (CIP). The goal of the CIP is to improve service to the community by adopting a CIP, which will not jeopardize financial condition and will fund capital improvements at a realistic and achievable level. The CIP consists of a general five-year plan, which is updated fully every two years and amended, as necessary, in other years.

Each year, the Department hosts a joint planning conference for tenants of the City's three airports and interested Federal Aviation Administration (FAA) officials. Input during the conference helps the Department identify projects, assess possible funding sources, and determine timeframes for planning the implementation of the projects based on critical needs and funding sources.

Capital projects at the City's three airports are all funded through the Trust. As part of the annual budget cycle, construction projects are listed along with their estimated project life begin and end years, estimated costs for the budget year, and an estimated total project cost. The Trust's 2013 capital budget is \$40,403,000.

The capital plan for Will Rogers World Airport includes the following projects: (1) the design and development for construction of a consolidated rental car facility at \$3,300,000, (2) replacement of the outbound baggage system with a checked baggage inspection system at \$1,583,000, (3) the realignment and reconstruction of Taxiway H at \$4,250,000, (4) phase II installation of a closed circuit television camera system at \$1,200,000, (5) renovation of the existing 2 and 5 story parking garages at \$1,500,000, (6) re-alignment of Portland Avenue at \$1,425,000, (7) the purchase of various equipment for \$2,387,500, (8) various airfield improvement projects for \$4,077,500, and, (9) various other improvements for \$2,807,900.

The capital plan for the general aviation airports includes the following projects at Wiley Post Airport: (1) roof replacement at hangar 3C for \$350,000, (2) roof replacement at hangar 6 for \$200,000, (3) the replacement of H2O tanks for high fire pressure for \$200,000, and (4) a maintenance facility study for \$100,000. C. E. Page Airport has one project for airfield improvements at \$1,639,600.

The capital plan for the Mike Monroney Aeronautical Center located at Will Rogers World Airport includes various heat and air systems improvements for \$11,600,000, building improvement projects for \$1,300,000, roof replacements for \$860,000, and various other infrastructure improvements for \$1,622,500.

Sources of funds to purchase, construct, and improve these capital assets will come from federal grants, revenue bond proceeds, oil and gas revenues, and operating revenues.

Internal Control Structure and Budgetary Controls

The internal control structure of the Department is designed to provide reasonable assurance that the assets of the Department are protected from loss, theft or misuse and to ensure that adequate

Transmittal Letter

June 30, 2012

accounting data is compiled to allow for the preparation of financial statements in conformity with US GAAP. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and, (2) the valuation of costs and benefits requires estimates and judgments by management.

The Department prepares annual budgets for the Trust and the Airports Fund. Certain maintenance and operating expenses and salaries for all Department employees are budgeted in the Airports Fund. This appropriated budget is prepared on the cash and expenditures/encumbrances basis and is subject to budget requirements under the City Charter and Oklahoma Municipal Budget Act. Remaining airport-related expenses are budgeted in the Trust. The Oklahoma Statutes require public trusts to prepare annual budgets and submit them to the beneficiary of the Trust.

Financial Policies

The Trust's financial policies are shaped by state law and bond indentures and are established by the Trustees. The Airports Fund financial policies are shaped by state law and established by City Council. Financial policies include budgeting and financial planning, capital planning, revenue, investment, debt management, procurement, and accounting and auditing. Annual operating and capital budgets for the Airports Fund and the Trust are reflective of the established policies. The Department has been evaluating revenue policies and undertaken a project to establish a leasing policy that will require market based lease rates to include a cost recovery component for airport funded infrastructure improvements.

Independent Audit

The financial records of the Department are audited each year by an independent certified public accountant. The accounting firm of BKD LLP was selected to perform the fiscal year 2012 audit. The report of independent certified public accountants is included in the financial section of this report.

Certificate of Achievement for Excellence in Financial Reporting

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Oklahoma City Department of Airports for its CAFR for the fiscal year ended June 30, 2011. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such reports must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The Department has received a Certificate of Achievement for the last twenty fiscal years ended 1992 – 2011. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

Transmittal Letter *June 30, 2012*

Acknowledgments

The quality of the financial information in this CAFR is a result of the dedicated service that the Department's Finance Division staff provides to the Department throughout the year. We extend our appreciation to the Division for the commitment they have made toward financial integrity of the Oklahoma City airports. We also extend our thanks to all members of the airport staff for their dedication in supporting our City's aviation system.

Respectfully submitted,

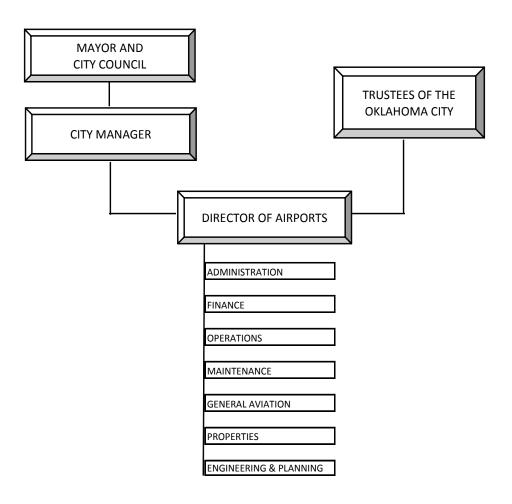

Mark D. Kranenburg, AAE

Director of Airports

Kim Sotomayor, MSA Business Manager

MANAGEMENT'S DISCUSSION AND ANALYSIS

BASIC FINANCIAL STATEMENTS

REQUIRED SUPPLEMENTARY INFORMATION

Independent Accountants' Report on Financial Statements and Supplementary Information

Board of Trustees Oklahoma City Department of Airports Oklahoma City, Oklahoma

We have audited the accompanying financial statements of the business-type activities and the major funds of the Oklahoma City Department of Airports (the Department), a component unit of the City of Oklahoma City, Oklahoma (the City), as of and for the year ended June 30, 2012, which collectively comprise the Department's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Department's management. Our responsibility is to express opinions on these financial statements based on our audit. The prior year summarized comparative information has been derived from the Department's 2011 financial statements and in our report dated December 2, 2011, prior to the restatement discussed in *Note 11*, we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provide a reasonable basis for our opinions.

As discussed in *Note 2*, the financial statements of the Department are intended to present the financial position, the changes in financial position and the cash flows of only that portion of the business-type activities and major funds of the City that is attributable to the transactions of the Department. They do not purport to, and do not, present fairly the financial position of the City as of June 30, 2012, the changes in its financial position or its cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the 2012 financial statements referred to above present fairly, in all material respects, the financial position of business-type activities and the major funds of the Department as of June 30, 2012 and the respective changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in *Note 11*, the previously issued 2011 financial statements have been restated. Our previously issued report on those financial statements dated December 2, 2011, is no longer to be relied upon because the previously issued 2011 financial statements were materially restated.

experience **BKD**

Board of Trustees Oklahoma City Department of Airports Page 2

In accordance with Government Auditing Standards, we have also issued our report dated December 6, 2012, on our consideration of the Department's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and pension and other postemployment benefit information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming an opinion on the Department's basic financial statements. The accompanying budget versus actual schedule, listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The accompanying information in the statistical section as listed on the table of contents has not been subjected to the procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

December 6, 2012

Management's Discussion and Analysis *June 30, 2012*

MANAGEMENT'S DISCUSSION AND ANALYSIS

Within this section of the Oklahoma City Department of Airports (Department) annual financial report, the Department's management provides narrative discussion and analysis of the financial activities of the Department for the fiscal years ended June 30, 2012 and 2011. The Department's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section.

Management's Discussion and Analysis (MD&A) introduces the Department's basic financial statements. The basic financial statements of the Department comprise two components: (1) department-wide financial statements of the Oklahoma City Department of Airports; and (2) notes to the financial statements. The Oklahoma City Airport Trust (Trust) and Airports Fund are both reported as major funds in the Department's Comprehensive Annual Financial Report (CAFR). However, the Trust is a component unit of the City of Oklahoma City (City), and reported as a major fund within the City's CAFR. The Airports Fund is reported as a non-major fund within the City's CAFR.

The City's airport system is comprised of Will Rogers World Airport (WRWA), Wiley Post Airport (WPA), and Clarence E. Page Airport (CEPA).

Department-wide Financial Statements

The Statement of Net Assets presents information that includes all the Department's assets and liabilities, with the difference reported as "net assets". Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Department as a whole is improving or deteriorating.

The Statement of Revenues, Expenses, and Change in Net Assets reports how the Department's net assets changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

The Statement of Cash Flows reports the inflows and outflows of the Department's cash.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities and objectives. The Department uses funds to ensure and demonstrate compliance with laws, regulations, and legal restrictions.

Fund statements provide both long-term and short-term financial information consistent with the focus provided by the department-wide financial statements, but with more detail.

Management's Discussion and Analysis

June 30, 2012

Financial Position Summary and Highlights

The following table provides a summary of the Department's net assets for the following years:

| | | | | \$ Cha | inge | % Ch | ange |
|-----------------------------|---------------|---------------|---------------|--------------|--------------|--------|--------|
| | 2012 | 2011 | 2010 | 2012 | 2011 | 2012 | 2011 |
| Assets: | | | | | | | |
| Current and other assets | \$142,566,160 | \$135,256,795 | \$124,530,459 | \$7,309,365 | \$10,726,336 | 5.4 % | 8.6 |
| Capital assets | 410,056,215 | 413,934,425 | 421,964,020 | (3,878,210) | (8,029,595) | (0.9) | (1.9) |
| Total assets | 552,622,375 | 549,191,220 | 546,494,479 | 3,431,155 | 2,696,741 | 0.6 | 0.5 |
| Liabilities: | | | | | | | |
| Current liabilities | 28,304,727 | 25,867,251 | 26,584,100 | 2,437,476 | (716,849) | 9.4 | (2.7) |
| Noncurrent liabilities | 99,426,595 | 119,010,072 | 136,937,380 | (19,583,477) | (17,927,308) | (16.5) | (13.1) |
| Total liabilities | 127,731,322 | 144,877,323 | 163,521,480 | (17,146,001) | (18,644,157) | (11.8) | (11.4) |
| Net assets: | | | | | | | |
| Invested in capital assets, | | | | | | | |
| net of related debt | 296,325,773 | 282,438,969 | 271,640,181 | 13,886,804 | 10,798,788 | 4.9 | 4.0 |
| Restricted | 46,806,392 | 44,466,570 | 44,239,895 | 2,339,822 | 226,675 | 5.3 | 0.5 |
| Unrestricted | 81,758,888 | 77,408,358 | 67,092,923 | 4,350,530 | 10,315,435 | 5.6 | 15.4 |
| Total net assets | \$424,891,053 | \$404,313,897 | \$382,972,999 | \$20,577,156 | \$21,340,898 | 5.1 | 5.6 |

An analysis of changes in assets and liabilities for the year ended June 30, 2012 is as follows in approximate amounts:

- The net increase in current and other assets less current liabilities of approximately \$4,872,000 is primarily the result of the following: (1) increase of \$1,475,000 related to current bonds payable, (2) increase of \$2,419,000 related to escrow amounts for improvements to tenant facilities as required by tenant leases, (3) decrease of \$1,090,000 related to assets restricted for debt service payments, (4) increase of \$1,648,000 in PFC assets set aside for future debt service payments, (5) decrease of \$638,000 related to assets restricted for capital projects, and (6) an increase of \$4,008,000 related to operations.
- The decrease in capital assets of approximately \$3.878,000 is primarily the result of the following: (1) capital asset acquisitions during the year of \$20,241,000, (2) depreciation of \$21,238,000, and (3) disposition of assets with a net book value of \$2,881,000.
- The decrease in noncurrent liabilities of approximately \$19,583,000 is the result of the following: (1) decrease of \$19,381,000 due to redemption of revenue bonds, (2) decrease of \$24,000 related to compensated absences, and (3) increase of \$251,000 related to OPEB obligations. Other items contributing to the change in long-term liabilities relate to amortization of bond discounts, premiums and deferred amounts from refunding bonds.

OKLAHOMA CITY, OKLAHOMA, DEPARTMENT OF AIRPORTS Management's Discussion and Analysis *June 30, 2012*

An analysis of changes in assets and liabilities for the year ended June 30, 2011 is as follows:

- The net increase in current and other assets less current liabilities of approximately \$11,443,000 is primarily the result of the following: (1) decrease of \$1,779,000 related to continuing construction of revenue bond funded projects, (2) decrease of \$85,000 related to the addition of current bonds payable (3) decrease of \$60,000 related to escrowed amounts for improvements to tenant facilities as required by tenant leases, (4) decrease of \$313,000 related to assets restricted for debt service payments, (5) increase of \$1,176,000 in PFC assets set aside for future debt service payments, (6) decrease of \$3,438,000 related to assets restricted for capital projects, and (7) an increase of \$15,942,000 related to operations.
- The decrease in capital assets of approximately \$8,030,000 is primarily the result of the following: (1) capital asset acquisitions during the year of \$13,576,000, (2) depreciation of \$21,572,000, and (3) disposition of assets with a net book value of \$34,000.
- The decrease in noncurrent liabilities of approximately \$17,927,000 is the result of the following: (1) decrease of \$20,642,000 due to refunding/redemption of revenue bonds, (2) decrease of \$78,000 related to compensated absences, (3) increase of \$360,000 related to OPEB obligations, and (4) increase of \$2,433,000 in deferred revenue. Other items contributing to the change in long-term liabilities relate to amortization of bond discounts, premiums and deferred amounts from refunding bonds.

An analysis of components of net assets for the years ended June 30, 2012 and 2011 is as follows:

- Approximately seventy percent of the Department's net assets represent its investment in capital assets, net of related debt. The Department uses its capital assets to provide facilities for the servicing of aircraft, or for the comfort and accommodations of air travelers, or for use by aviation authorities or agencies of other government entities. Although the Department's investment in its capital assets is reported net of related debt, the resources required to pay the debt are provided primarily from operations. The increase is primarily attributable to completing airfield, building, and infrastructure improvement projects at both Will Rogers World Airport and Wiley Post, and on-going construction improvement projects funded by capital grants at all three airports.
- Restricted net assets represent resources that are subject to external restrictions as to how they
 can be used as required by bond indentures, contractual agreements with tenants, or by federal
 and state regulations. For the year ended 2012 restricted net assets for debt service increased
 approximately \$631,000 from the prior year and restricted net assets for maintenance and capital
 assets increased approximately \$1,709,000 from the prior year.
- Unrestricted net assets may be used to meet any of the Department's ongoing operations. Although these funds are not externally restricted, it is the intent of the Trustees and the Department's management to utilize available funds for capital projects at the City's three airports and continuing operations.

OKLAHOMA CITY, OKLAHOMA, DEPARTMENT OF AIRPORTS Management's Discussion and Analysis June 30, 2012

Financial Operations Summary and Highlights

The following table provides a summary of the Department's changes in revenues, expenses, contributions, and transfers for the following years:

| | | | | \$ Cha | ange | % Change | | |
|-------------------------------|---------------|---------------|---------------|--------------|--------------|----------|----------|--|
| | 2012 | 2011 | 2010 | 2012 | 2011 | 2012 | 2011 | |
| Operating revenues: | | | | | | | | |

Management's Discussion and Analysis

June 30, 2012

An analysis of changes in revenues and expenses for the year ended June 30, 2012 is as follows:

- Parking revenues increased due to increased passenger activity.
- Landing fees decreased due to the annual adjustment as provided for in the airline agreements.
- Rental income decreased due to bonds backed by lease rental payments reaching final maturity.
- Other income increased due to increased maintenance fees on the facilities at the Mike Monroney Aeronautical Center (MMAC).
- Investment income decreased during the fiscal year primarily due to the declining interest rates.
- Oil and gas royalties decreased due to the fluctuation in activity for oil and natural gas produced on airport properties.
- Passenger facility charges increased due to the increased passenger activity.
- Depreciation expense decreased due to a combination of completed construction on various capital projects which were placed in service during the fiscal year, and the donation of an Instrument Landing System located at Wiley Post Airport to the Federal Aviation Administration.
- Interest expense decreased due to the continued decrease in interest expense on remaining bonds outstanding.
- Capital contributions increased as the Department received grant reimbursements from the Federal Aviation Administration for eligible construction project expenditures.

An analysis of changes in revenues and expenses for the year ended June 30, 2011 is as follows:

- Parking revenues increased due to increased passenger activity and full year of increased parking rates.
- Landing fees increased due to the annual adjustment as provided for in the airline agreements, as well as additional service to destination cities.
- Rental income increased primarily due to rentals increase on several leased facilities.
- Other income increased primarily due to increased maintenance fees on the facilities at the Mike Monroney Aeronautical Center (MMAC), and the early lease termination agreement with Haggar.
- Investment income decreased during the fiscal year primarily due to the declining interest rates.
- Oil and gas royalties increased due to increased sales prices for oil and natural gas produced on airport properties.
- Liquidated Damages increased due to a final settlement relating to the construction of the 5 story parking garage.
- Passenger facility charges increased due to the increased passenger activity and a full year of collections at \$4.50 per passenger.
- Depreciation expense increased due to the completion of construction on various capital projects which were placed in service during the fiscal year.
- Interest expense decreased due to the refunding of Junior Lien 22B and Junior Lien 27B Series Revenue Bonds, the redemption of Junior Lien 24 Series Revenue Bonds, and continued decrease in interest expense on remaining bonds outstanding.
- Capital contributions decreased due to the timing of reimbursements related to the start of construction projects funded by capital grants, and the delay of payments due to the temporary shutdown of the Federal Aviation Administration.

Management's Discussion and Analysis

June 30, 2012

Capital Acquisitions and Construction Activities

During 2012, the Department incurred approximately \$20,241,000 for capital activities, compared to \$13,576,000 during the prior year. This included \$4,607 for buildings, \$523,000 for equipment, \$77,000 for buses, and the balance for construction projects. During the year approximately \$4,923,000 in multi-year construction projects were completed and transferred to depreciable assets. Completed projects in approximate amounts were:

| Location WRWA: WPA: | Project Description Wireless Connections 3rd Floor Offices Network Distribution Layer Overflow Parking Lot Improvements Employee Parking Lot Gate Equipment New Parking Lots - Amelia and AAR Replace Waterline to Café Instrument Landing System on Runway 35R | \$ | Amount 17,516 32,412 40,057 12,404 348,746 34,400 2,872,287 |
|---------------------------|---|-----|--|
| MMAC: | Line Maintenance Building Rer-Roof Medimum Voltage Electrical Feeders Skylight Replacement Thomas P. Stafford Building #30 Roof and Envelope Repairs Emergency Cable Replacment | \$_ | 96,083 751,516 366,120 199,779 151,959 4,923,279 |

Acquisitions are generally funded from revenue bond proceeds, oil and gas revenues, federal and state grants, and from operations. Additional information on the Department's capital assets can be found in Note 4, Capital Assets, and Note 10, Commitments and Contingencies, of the notes to the financial statements.

Long-Term Debt

Junior Lien 30 and Junior Lien 29B Revenue Bonds are backed by a combination of passenger facility charge revenues and lease revenues. All other revenue bonds of the Trust will be paid from tenant lease payments to the Trust. The last principal payment is scheduled for July 1, 2026.

Changes in gross revenue bonds payable for the fiscal years ended June 30, 2012 and 2011 are as follows:

| | 2012 | 2011 | \$ Change | % Change |
|----------------------------|----------------------|----------------|--------------|----------|
| Balance, beginning of year | \$ 131,310,000 \$ | 152,935,000 \$ | (21,625,000) | (14.1) |
| Issued | - | 28,675,000 | (28,675,000) | (100.0) |
| Retired | (17,740,000) | (50,300,000) | 32,560,000 | (64.7) |
| Balance, end of year | \$ 113,570,000 \$ | 131,310,000 \$ | (17,740,000) | (13.5) |

OKLAHOMA CITY, OKLAHOMA, DEPARTMENT OF AIRPORTS Management's Discussion and Analysis *June 30, 2012*

Ratings on the Trust's revenue bonds are as follows:

| | Moodys | S&P | Fitch | Insured |
|---|--------------|--------------|--------------|--------------|
| | (Underlying) | (Unenhanced) | (Unenhanced) | (Moodys\S&P) |
| Senior Lien 19th Series | Aa1 | AA | | |
| Senior Lien 20th Series | Aa1 | AA | | Aaa∖AAA |
| All Junior Lien Series | A2 | A+ | | Aaa\AAA |
| (23rd, 26th, 29th, and 30th) | | | | |
| Registry Building (1991, 1992 issues) | Aa1 | AA | AA | |
| Federal Bureau of Prisons (1992, 1995 issues) | | A- | | |

Additional information regarding the revenue bonds can be found in Note 5, Liabilities, of the notes to the financial statements. Information regarding debt service coverage is presented in the Statistical Section of this report.

Economic Factors

Oklahoma showed signs of recovery with encouraging growth in oil and natural gas production, the aerospace industry, and manufacturing. Boeing relocated nearly 900 positions to Oklahoma City, Devon Energy is near completion of its 50-story headquarters, and Continental Resources has moved its headquarters to Oklahoma City. This success is often attributed to a business-friendly, low-cost environment. Economists indicate Oklahoma City's active and prosperous business climate is driving more people to the Oklahoma City market, which will increase the total labor force. It is anticipated that Oklahoma City will continue to remain in the top five large metros with the lowest unemployment.

Oklahoma City's commercial airport, Will Rogers World Airport, has seen positive growth in 2012 with an increase in passenger traffic of 4% over 2011 and 3% over 2010. The increases are attributable to positive economic growth in the greater metro area, along with the addition of new non-stop air service. Increased passenger activity is a direct correlation to increased rental car revenues, as well as food and retail revenues. The increase in activity to the airport supports indicators the economists have about the continued recovery for Oklahoma City and the State of Oklahoma.

Contacting the Department's Financial Management

This financial report is designed to provide a general overview of the Department's finances, comply with finance-related laws and regulations, and demonstrate the Department's commitment to public accountability. If you have questions about this report or would like to request additional information, contact the Airport's Finance Division at 7100 Terminal Drive, Unit 937, Oklahoma City, Oklahoma 73159-0937.

Notes to Financial Statements *June 30, 2012*

1. ORGANIZATION

The financial transactions of the Oklahoma City Airport Trust (Trust), a blended component unit major enterprise fund of The City of Oklahoma City (City), and the Airports Fund, a non-major enterprise fund of the City, have been functionally combined and reported as the Oklahoma City Department of Airports (Department).

The Trust is a public trust established in 1956 pursuant to Title 60 of the Oklahoma Statutes section 176 et seq. to provide a means of financing and administering the construction of airports and air navigation facilities of the City. In the same year, the City, beneficiary of the Trust, signed a lease agreement with the Trust, which provides that all airport-related assets owned by the City or acquired thereafter would be leased to the Trust and that the Trust will lease or otherwise manage the related property and improvements financed by the Trust.

The term of the lease is currently July 1, 2026, or until all indebtedness authorized by the Bond Indenture and Supplemental Bond Indentures have been paid or provisions of the payment thereof have been made, whichever event shall happen later. Under the provisions of the lease, surplus revenues of the Trust derived from the operation of the Trust Estate are to be paid to the City as rent and are to be used by the City for any lawful purpose. In 1988, a joint resolution of the City Council and the Trustees of the Trust established the Airports Fund in order for the Department to meet maintenance and operation and salary expenses. Grant Assurance 25 along with Section 47107 of Title 49, United States Code established proper use of airport revenue is vital to an airport's ability to be self-sustaining. In accordance with federal law, revenues generated by a federally obligated airport must be expended for capital and operating costs of the airport. The establishment of the Airports Fund in 1988 ensures the prevention of revenue diversion, and cash transfers are made monthly from the Trust to the Airports Fund for certain maintenance and operating expenses and all salary expenses of the Department. Any excess funds remaining in the Trust are available for preservation and maintenance of the Trust Estate.

One hundred and eight full-time City employees serve the Department. Employee's salaries and benefits, as well as certain maintenance, contractual items, and supplies are paid through the Airports Fund. Assets contributed to the Department from the City are recorded along with their applicable annual depreciation in the Airports Fund for internal accounting.

The City's airport system consists of Will Rogers World Airport, Wiley Post Airport, and Clarence E. Page Airport. The Director of Airports administers the day-to-day operations of the airport system with the support of the Department employees. The Director reports to the Trustees and the City Manager.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Trust is a blended component unit major enterprise fund of the City. This conclusion is based on the following:

Notes to Financial Statements

June 30, 2012

<u>Appointment of Voting Majority</u>: The Trust is administered by five Trustees: the Mayor, City Manager, a City Council member, and two citizens and residents of the City of Oklahoma City. The citizen Trustees and the City Council member are appointed by the Mayor and confirmed by Council.

Imposition of Will: By lease agreement with the City, the Trustees of the Trust (a) secure approval from Council for the terms of any contract or lease agreement of any of the Airports' facilities, (b) secure approval from Council for setting any uniform rate, fee or charge to be imposed by the Trustees, (c) submit an annual budget to the City, and (d) acquire consent of Council for the issuance of additional debt.

Based on the City's appointment of the voting majority of the Trust's governing body and its imposition of will on the Trust, the Trust is a blended component unit of the City and the City is financially accountable for the Department.

Measurement Focus, Basis for Accounting, and Financial Statement Presentation

The Department complies with accounting principles generally accepted in the United States of America (US GAAP). Because the Department accounts for its activities in proprietary funds, the Department has elected to apply all Governmental Accounting Standards Board (GASB) pronouncements and Financial Accounting Standards Board (FASB) pronouncements issued on or before November 30, 1989, unless those FASB pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

The Trust and the Airports Fund are both major funds of the reporting entity and are combined and reported as the Department.

The measurement focus is on the flow of economic resources and the accrual basis of accounting whereby, revenues are recognized when earned and expenses are recorded when incurred, regardless of the timing of related cash flows.

Operating income includes revenues and expenses related to the primary continuing operations of the Department. Principal operating revenues include charges to customers for services and rentals of Department-owned facilities. Principal operating expenses are the costs of providing services, or facilities, and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as nonoperating in the financial statements.

When both restricted and unrestricted resources are available for use, it is the Department's policy to use restricted resources first, and then unrestricted resources as needed. Restricted assets and liabilities payable from restricted assets current in nature are reported with current assets and liabilities in the financial statements. See information describing restricted assets later in this section.

Implementation of New Accounting Standard

Effective July 1, 2011, the Trust implemented Governmental Accounting Standards Board (GASB) statement number 62, Codification of Accounting and Financial Reporting Guidance Contained in FASB

Notes to Financial Statements

June 30, 2012

and Accounting standards Board (APB) opinions issued on or before November 30, 1989. This statement places all Financial Accounting Standards Board (FASB) and American Institute of Certified Public Accountants (AICPA) pronouncements issued on or before November 30, 1989, within the authoritative GASB literature. Prior to implementation, the Trust applied all relevant reporting guidance contained in FASB pronouncements and APB opinions issued on or before November 30, 1989, unless they conflicted with GASB pronouncements, therefore implementation had no financial or reporting impact to the Trust's financial statements.

Budgetary Controls

An annual budget is prepared for the Airports Fund and submitted to and adopted by the City Council in June of each year for the succeeding fiscal year according to the City Charter and the Oklahoma Municipal Budget Act. The Airports Fund appropriated budget is prepared on the cash and expenditures/encumbrances basis. Revenues are budgeted by source in the year receipt is expected. Expenditures and encumbrances are budgeted in the year applicable purchase orders are expected to be issued. The legal level of control for expenditures is at the character level (personal services, maintenance and operations, commodities, capital outlay, and debt service). Management can transfer within individual levels without City Council approval. Transfers between characters are subject to City Council approval. Revisions to the budget were made throughout the year. City Council may amend the appropriated budget. Unencumbered appropriations lapse at fiscal year-end.

The Trust budget is submitted to and adopted by the Trustees of the Trust and filed with the City in June of each year for the succeeding fiscal year according to budget provisions for public trusts of the Oklahoma Statutes. The Trust is not required to demonstrate statutory compliance with its annual operating budget.

Deposits and Investments

The City Council updated and adopted a formal deposit and investment policies in March 2011. These policies apply to all City funds not contained in public trusts; therefore, these deposit and investment policies apply to the Airports Fund. The Trust has a separately adopted investment policy.

The deposits of the Airports Fund are pooled with other City deposits and are under the custody of the City Treasurer. The Department's portion of the pool is displayed on the balance sheet as "Pooled cash".

The deposits of the Trust are made directly to the trustee bank. The deposits and investments of the Trust are held separately from those under the custody of the City Treasurer. These are reflected as "Non-pooled cash" and "Investments", some of which are restricted assets.

Investments in debt securities are reported at fair value based on quoted market prices. Investments in guaranteed investment contracts are reported at cost. Cash deposits are reported at carrying amount that reasonably estimates fair value.

Additional deposit and investment information is presented in Note 3.

Notes to Financial Statements

June 30, 2012

Receivables

Receivables include amounts due from tenants for the use of airport facilities under rental and concession agreements, royalties, and passenger facility charges. All receivables are current and therefore due within one year. Receivables are reported net of an allowance for uncollectible accounts and revenues net of uncollectibles. Allowances are reported when accounts are determined to be uncollectible based on the facts and circumstances of each receivable. Allowances for uncollectible accounts are netted against accounts receivable and revenues.

Inventory

Inventory is recorded at the lower of cost or market on a first-in, first-out basis.

Intergovernmental Advance

The Trust entered into a reimbursable agreement with the Federal Aviation Administration (FAA) to fund a capital project with Senior Lien Maintenance funds for improvements to a Trust owned building. The agreement is for the portions of the project that the Trust is responsible for according to the lease with the FAA. Any funds that are not used will be refunded to the Trust.

Restricted Assets

Assets acquired from revenue bond proceeds are restricted for capital projects. Passenger Facility Charges (PFC) collections are either restricted for capital projects on a pay-as-you-go basis or restricted for debt service on PFC backed revenue bonds. Other assets are restricted contractually for operations. Assets restricted for acquisition or construction of noncurrent assets and assets restricted for liquidation of noncurrent debt are reported as noncurrent assets in the financial statements.

Capital Assets and Depreciation

Property and equipment are stated at actual or estimated historical cost, net of accumulated depreciation. Contributions of assets from airport lessees are recorded at fair market value at the date donated. The Department generally capitalizes assets with a cost of \$7,500 or more as purchases and construction outlays occur. Depreciation is computed on a straight-line method over the estimated useful lives as follows:

Buildings 10-50 years Improvements 10-50 years Furniture, fixtures and equipment 5-20 years

Maintenance and repairs are charged to operations, while renewals and betterments are capitalized. When property and equipment is disposed of, the cost and applicable accumulated depreciation are removed from the respective accounts and the resulting gain or loss is recorded as a nonoperating item in the Statement of Revenues, Expenses and Change in Net Assets.

Cost incurred during construction of long-lived assets is recorded as construction in progress and are not depreciated until placed in service. The Department capitalizes interest as a component of capital assets constructed for its own use.

Notes to Financial Statements

June 30, 2012

Additional capital asset and depreciation information is presented in Note 4.

Interest Capitalization

Interest costs are capitalized as part of the historical cost of acquiring certain assets. To qualify for interest capitalization, assets must require a period of time to get them ready for their intended purpose. Interest earned on proceeds of tax-exempt borrowing arrangements restricted to the acquisition of qualifying assets is offset against interest costs in determining the amount to be capitalized. Interest revenue used to offset interest cost was \$0 and \$0 for the years ended June 30, 2012 and 2011, respectively. Total interest expense net amortization of discount and premium incurred was \$6,796,296 and \$8,657,642, for the years ended June 30, 2012 and 2011, respectively. Of these amounts, \$271,382 and \$268,136 was included as part of the cost of capital assets under construction for the years ended June 30, 2012 and 2011, respectively.

Deferred Debt Expense and Bond Discount

The costs of issuing revenue bonds, the related bond discounts or premiums, and the difference between the reacquisition price and the net carrying value of refunded debt have been capitalized and are being amortized over the term of the respective bonds using a method which approximates the effective interest method.

Risk Management

The City's Finance Department Risk Management Division and Personnel Department administer employee life, health, property and liability, workers' compensation, unemployment, and disability insurance programs of the City on a cost-reimbursement basis. Any significant losses incurred by the Department are covered by commercial insurance for all programs except one employee health care alternative and workers' compensation, for which the City retains all risk of loss. For insured programs, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years. The Department reimburses the City for airport related premiums paid to commercial carriers, claims liabilities plus an estimate for claims incurred but not reported based on historical experience, and a portion of the Risk Management Division's administrative costs. See Note 6.

Passenger Facility Charges (PFC) Revenue

Passenger Facility Charges have been levied at the rate of \$3 per enplaned passenger since July 1, 1997, under FAA approved applications to impose and use \$138,184,661 for construction and debt payments of FAA approved improvements. Effective April 1, 2010 the FAA approved an increase in the collection rate to \$4.50 per enplaned passenger. Under the approved applications, collections extend until March 1, 2021. Total cumulative PFC revenues remitted to the Department for the years ended June 30, 2012 and 2011 were \$74,991,330 and \$67,856,343, respectively. PFC revenues are recognized as earned and are included in non-operating revenues.

Rental Income

Property is leased to commercial airlines, car rental companies, concessionaires, several fixed base operators who service the airline industry, the FAA, and other Federal and state agencies. All leases are

Notes to Financial Statements

June 30, 2012

non-cancelable operating leases. Property leased, or held for lease, to others was approximately \$505,018,000 and \$502,979,000 as of June 30, 2012 and 2011, respectively. Accumulated depreciation on this leased property was approximately \$264,581,000 and \$252,543,000 as of June 30, 2012 and 2011, respectively.

Minimum rentals on non-cancelable operating leases are as follows:

| Year | Amount |
|-------------|------------------|
| 2013 | \$ 20,782,226 |
| 2014 | 14,281,600 |
| 2015 | 7,395,961 |
| 2016 | 4,754,644 |
| 2017 | 4,484,423 |
| 2018 - 2022 | 18,631,678 |
| 2023 - 2027 | 7,041,199 |
| 2028 - 2032 | 1,535,347 |
| 2033 - 2037 | 414,899 |
| Total | \$ 79,321,977 |

Several of the leases include rental amounts that are determined annually based on formulas prescribed in the individual lease agreements. The minimum future rentals for these leases were determined using the rates in effect at June 30, 2012.

Several leases require the lessee to remit a percentage of its revenue as the rental charge. Under leases of this type, minimum annual guaranteed income is included in the future minimum rental amounts above. Rental income for 2012 and 2011 received through these leases was approximately \$7,220,000 and \$6,888,000, respectively. Although the actual income to be received in future periods cannot be known due to the nature of these leases, management does not anticipate a significant decrease in these rental amounts.

Compensated Absences

Full-time, permanent employees are granted vacation benefits in varying amounts to specified maximums depending on tenure with the City. Sick leave accrues to full-time, permanent employees to specified maximums. Generally, after one year of service, employees are entitled to a percentage of their sick leave balance and all accrued vacation leave upon termination. The estimated liability for vested vacation and sick leave benefits are charged to expense and the corresponding liability.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

Prior Year Information

The financial statements include certain prior year summarized comparative totals. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with

Notes to Financial Statements

June 30, 2012

the Department's financial statements for the year ended June 30, 2011, from which the summarized totals were derived.

3. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. The City policy requires deposits to be 110% secured by collateral valued at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation insurance. Pooled deposits funds may be invested in certificates of deposit in institutions with an established record of fiscal health and service, as determined by a rating of C minus or above by independent rating agencies. Collateral agreements must be approved prior to deposit of funds as provided by law. The City Council approves and designates a list of authorized depository institutions by resolution. Investing is performed in accordance with the formally adopted investment policies of the City that comply with State statutes and the City Charter. These policies apply to the Airport's Cash Fund.

The Trust deposits as required by the Bond Indenture and Supplemental Bond Indentures are to be maintained by the trustee banks specified in the indentures. Trust deposits are continuously secured for the benefit of the Trust in the manner prescribed by Federal Law for the securing of trust funds.

Deposits of the Trust and the City are insured or collateralized with securities held by the City, its agent, or by the pledging financial institution's trust department or agent in the name of the City or Trust as applicable.

Investments

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Trust adopted a policy for investing Trust monies related to the Bond Indenture, with the exception of the Construction Account of the Trust, in general obligations of the United States with maturities not to exceed a term of five years or the intended date of use of said monies. Construction Account monies are required by the Bond Indenture to be invested in general obligations of the Federal government with terms not exceeding six months.

Trust requirements for investing monies related to the Separate Lease Indentures provide that investments shall mature not later than the intended date of the use of such monies. Investments under the Separate Lease Indentures are permitted in (1) obligations of the United States including Federal agencies, (2) certain Federal mortgage associations, banks, and cooperatives, (3) certain housing authority bonds and notes secured by contracts with the United States, (4) obligations of states or municipalities backed by the full faith and credit of the state or municipality provided that the rating of the obligations equal or exceed the rating of the Separate Lease Indenture Bonds, (5) repurchase agreements with banks which are members of the Federal Deposit Insurance Corporation and provided certain other criteria are satisfied, (6) certificates of deposit provided certain criteria are satisfied, (7) obligations or investment contracts with national or state banking institutions meeting certain criteria, and (8) money market funds which are 100% backed or collateralized by the foregoing securities.

Notes to Financial Statements

June 30, 2012

As of June 30, 2012, the Trust had the following investments:

| | Fair Value/ | | | Weighted Average |

Notes to Financial Statements

June 30, 2012

Interest rate risk is the risk that changes in interest will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. Trust investments are diversified to minimize the risk of loss resulting from over-concentration of assets in a specific maturity period. Investments are made in anticipation of cash flow requirements. Interest rate risk and concentration of credit risk are not addressed by bond indentures or investment policies.

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Trust will not be able to recover the value of its investments or collateral securities in the possession of an outside party. Investments are insured or registered, with securities held by the entity or its agent in the entity's name.

4. CAPITAL ASSETS

As of June 30, 2012 capital assets consist of the following:

| | | Balance | | | | | | Balance |

5. LIABILITIES

Compensated Absences

Changes in compensated absences for the fiscal year are as follows:

| | | | | | Due |
|----------------------|-----------------|---------------|---------------|-----------------|---------------|
| | Balance | | | Balance | Within |
| | July 1, 2011 | Increases | Decreases | June 30, 2012 | One Year |
| Compensated absences | \$ 1,129,170 | \$ 585.436 | \$ 614.360 | \$ 1.100.246 | \$ 418.654 |

Pollution Remediation

Upon construction of a new aviation fuel facility at Will Rogers World Airport, the existing underground fuel storage tanks were vacated. The vacated facility includes thirteen 30,000 gallon underground storage tanks and four other tanks of various sizes. In May, 2009, the Oklahoma Corporation Commission (OCC) was notified of the closure of the facility. On April 16, 2010, the OCC notified the Trust that based upon the preponderance of non-impacted native soils the OCC declined the need to activate any kind of release case. The OCC did not require the replacement of backfill when the tanks were removed from the location. However, the Trust removed the tanks, piping, and backfill and filled with fresh soil. On December 2, 2011, the OCC notified the Trust that based on soil sampling results; there is no contamination of concern at the site at this time. The subject tanks and piping are hereby considered permanently closed in accordance with OCC regulations. Currently the Trust has no specific development planned for this site.

The Gulfstream Maintenance Facility located at Wiley Post Airport has environmental deficiencies that may have been caused by certain aviation manufacturing activities. During Gulfstream's occupation of the premises, the Trust acquired legal title to the property in a sale-leaseback arrangement and therefore has never operated the site. The Trust has negotiated an allocation agreement with Gulfstream in which the Trust will assume an allocable share of the clean-up effort. The Trust has recorded a liability of approximately \$85,000 as of June 30, 2012, for the allocable share of the site assessment and characterization based upon an environmental engineer's cost estimate. The Trust cannot reasonably estimate a cost for remediation at the site until the site assessment and characterization has been completed. The Trust will bear only the costs of remediation for its allocable share.

Revenue Bonds Payable

The Trust has at various times issued bonds for the purpose of financing the construction of certain facilities and improvements for the airports and air navigation facilities of the City. The bonds that have been issued by the Trustees are of three types, Senior Lien Bonds and Junior Lien Bonds issued pursuant to the Bond Indenture and Separate Lease Revenue Bonds issued pursuant to separate indentures.

Twenty series of Senior Lien Bonds have been issued pursuant to the Bond Indenture and supplemental indentures thereto. Two of these series are still outstanding. The Senior Lien Bonds are secured by a mortgage lien on all facilities constructed with the bond proceeds and the Trust's leasehold interest in and to the City's airports, together with all buildings and improvements, including all lease rentals and other Trust revenues derived there from, and all property pledged as security under supplemental bond indentures to the Bond Indenture.

Notes to Financial Statements

June 30, 2012

Thirty series of Junior Lien Bonds have been issued pursuant to supplemental bond indentures to the Bond Indenture, and are secured by a pledge of the gross revenues of the Airports, subject to the debt service requirements of the Senior Lien Bonds. The bond proceeds were used to construct various facilities at the Airports. Five Junior Lien series are still outstanding.

The Bond Indenture and its supplements require the use of a project account, bond (sinking) account, and various construction accounts. These accounts are held by a Trustee bank and managed pursuant to terms of the Bond Indenture. The Bond Indenture provides that gross revenues from operations will be deposited into the project account and transfers will be made to the other accounts for current requirements on a monthly basis.

The Trustees issued separate lease revenue bonds on October 1, 1991, and November 1, 1992, pursuant to a separate bond indenture (1991 Indenture) for the purpose of constructing the Registry Building. The lease payments deposited to the accounts created under the 1991 Indenture secure the debt payments on the Registry Building bonds only and the Trust has no obligation for the debt beyond the payments received under this lease.

On November 1, 1992, and June 1, 1995, the Trustees issued separate lease revenue bonds pursuant to a separate bond indenture (1992 Indenture) for the purpose of constructing the Federal Transfer Center for the Federal Bureau of Prisons (FBOP). Lease payments deposited to the accounts created under this 1992 Indenture secure the debt payments on this facility only and the Trust has no obligation for the debt beyond the payments received under this lease.

The bonds are generally subject to prior redemption in part or in whole at the option of the Trustees. However, certain minimum redemptions are to be made as set forth in the various bond indentures in the event there are any available funds. Certain bonds are subject to a redemption premium of up to 5% of par value, as described in the various bond indentures, if redeemed prior to scheduled dates. Management believes the Trust has complied with all bond covenants at June 30, 2012.

Proceeds from tax-exempt bonds issued after September 1, 1986 are subject to the 1986 Tax Reform Act. The Trust complies with Internal Revenue Service regulations in order to maintain tax-exempt status on the bonds. The Trust has no arbitrage rebate liability at June 30, 2012.

OKLAHOMA CITY, OKLAHOMA, DEPARTMENT OF AIRPORTS Notes to Financial Statements *June 30, 2012*

A summary of changes in bonds payable as of June 30, 2012 is as follows:

Notes to Financial Statements

June 30, 2012

6. RELATED PARTY TRANSACTIONS

The Department reimburses the City for the cost of providing the Department with security, insurance, water and other services. Amounts charged by other City departments are expensed during the period incurred. Amounts charged by other City departments for fiscal years ended June 30, 2012 and 2011, were \$4,456,118 and \$4,237,650, respectively.

7. RETIREMENT PLAN

All full-time employees of the Department participate in the City's Employees Retirement System (OCERS), a single-employer defined benefit public employee retirement system. The Department's covered payroll was \$5,182,195 and \$4,915,413 for the years ended June 30, 2012 and 2011, respectively. The total payroll for all Department employees was \$5,839,416 and \$5,516,057 for the years ended June 30, 2012 and 2011, respectively.

Actuarial Methods and Assumptions

Actuarial methods and assumptions used to determine the annual required contribution (ARC) are as follows:

| Valuation date | 12/31/11 |
|--|---|
| Actuarial cost method | Individual entry age |
| Amortization method | Level percentage of payroll |
| Amortization period (1) | 30 years, closed |
| Actuarial asset valuation method | 4-year smoothed market |
| Actuarial assumptions: | |
| Investment rate of return | 8.0% |
| Projected salary increases | 4.5% - 8.3% |
| Cost of living benefit increases (maximum) | 4% |
| Inflation | 4.5% |
| Other | 1994 group annuity table set forward 1 year for women and 3 years for men |

(1) For December 31, 2011 OCERS actuarial valuation, the amortization period changed from 25 years to 30 years, closed.

The OCERS issues a separate stand-alone report which can be obtained from the City's Accounting Services Division at 100 N. Walker, Oklahoma City, Oklahoma 73102.

Annual Pension Cost, Net Pension Obligation (NPO), and Trend Information

| Fiscal Year | City's Annual Pension Cost | Percentage Contributed | | NPO | ports Fund Annual nsion Cost | Percentage Contributed | | |

| 2011 | 7,133,000 | 100 | | _ | 334,478 | 100 | 4.69 | |
| 2010 | 5,586,000 | 100 | | - | 250,664 | 100 | 4.49 | |
| - | | | | | , - | | | |

Funding Status

The required schedule of funding progress as of the last actuarial date was as follows:

| Actuarial Accrued Liability (AAL) | \$ 593,922,000 |
|---|-------------------|
| Actuarial Value of Plan Assets (AVA) | 514,499,000 |
| Unfunded Actuarial Accrued Liability (UAAL) | 79,423,000 |
| Funded Ratio (AVA/AAL) | 87% |
| Covered Payroll (Active Plan Members) | 109,293,000 |
| UAAL as a Percentage of Covered Payroll | 72.7% |

Notes to Financial Statements

June 30, 2012

The required supplementary information schedules of funding progress immediately following the notes to the financial statements presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Plan Assets

There are no assets legally reserved for purposes other than the payment of plan member benefits. The plan held no individual investments (other than U.S. government and U.S. government guaranteed obligations) whose market value exceeds five percent or more of net assets available for benefits. There are no long-term contracts for contributions.

Related-Party Transactions

As of June 30, 2012, the OCERS' investments include purchased judgments against the City in the amount of \$2,299,000. The judgments earn interest at rates of 5.25%. State statue permits OCERS to purchase judgments rendered against the City throughout the year. In November of each year, the City (through the property tax levy process) pays the OCERS for the principal amount and earned interest for each purchased judgment.

8. DEFINED CONTRIBUTION SINGLE EMPLOYER PENSION PLANS

The Department participates in two of the City's defined contribution plans administered by the International City Manager's Association Retirement Corporation (ICMA Retirement). Plan provisions and contribution requirements are established or amended by City Council resolution. Participants of the first plan are comprised of eligible employees hired before September 1, 2001. The Department and participants are required to contribute 8.35% and 6% of annual covered payroll, respectively. Participants of the second plan are comprised of eligible employees hired after September 1, 2001. The Department and participants are required to contribute 7% and 6% of annual covered payroll, respectively. For the fiscal year ended June 30, 2012 actual contributions by the Department and plan participants were \$14,463 and \$11,110, respectively.

These two plans include 109 participants comprised of City Council Appointees and management personnel. Participants of the first plan vest at service inception and are entitled to 100% of vested contributions. Participants of the second plan vest after 5 years of service. The plans are money purchase plans qualified under section 401 of the Internal Revenue Code.

9. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Plan Description

The City provides post-employment healthcare benefits for retired employees and their dependents through the City of Oklahoma City Post-retirement Medical Plan (the City OPEB Plan), a single-employer defined benefit healthcare plan. The benefits, coverage levels, employee contributions and employer contributions are governed by the City and can be amended by the City through its personnel manual and union contracts. The City OPEB Plan covers all current retirees who elected post-retirement medical coverage through the City of Oklahoma City and future retired general employees.

Notes to Financial Statements

June 30, 2012

The City OPEB Plan issues a separate report that can be obtained from the City's Human Resource Department at 420 W. Main, Suite 110, Oklahoma City, OK 73102.

Funding Policies, Contribution Methods and Benefit Provisions

Year established and governing authority 2008; City Council Ordinance

Contributions Rates:

Employer 64% of premium
Plan members 36% of premium
Funding of administrative costs Investment earnings

Period required to vest 5 years

Eligibility for distribution General employees are eligible for

membership in the Plan if they retire from the City on or after age 55 with 5 years of service or at any age with

25 years of service.

Funding Policies

Effective January 1, 2012, the employer contribution changed from 66% to 64% of the premium. The retirees and their dependents premium percentage increased from 34% to 36%.

Benefits Provided

The City provides medical benefits either through a fully insured health plan or through a self-insured Group Indemnity Plan. Benefits include general inpatient and outpatient medical services and prescription drug coverage. Coverage for dependents can continue upon the death of the retiree. Spouses of employees who die in active service while eligible for benefits can receive coverage.

<u>Membership</u>

As of the last actuarial date, membership consisted of:

| Retirees and beneficiaries currently receiving benefits | 2,162 |
|---|-------|
| Active members | 3,291 |
| Total | 5,453 |
| | |

Notes to Financial Statements

June 30, 2012

Actuarial Methods and Assumptions

Provisions for:

Disability benefits Yes
Death benefits Yes
Valuation date 7/1/2011

Actuarial cost method Projected unit credit with linear proration to decrement

Amortization method/period Level percentage of payroll 30 years, open

Actuarial asset valuation method 4 year smoothed market

Actuarial assumptions:

Investment rate of return 4.9%

Blended Discount Rate Method The discount rate is based on expected long-term return

on investments that are used to finance benefit programs

Projected salary increase 3.0%

Health care trend rate 4.5% (5.0% for Medicare age)

Mortality table RP 2000 combined mortality table projected to 2010

using scale AA

Projections of benefits for financial reporting purposes are based on the substantive Plan (the Plan as understood by the City and Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the City and Plan members to that point. Actuarial calculations reflect a long-term perspective. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future and future actuarial determined amounts are subject to continual revisions as results are compared to past expectations and new estimates are made about the future.

Annual OPEB Costs and Net OPEB Obligation

The net OPEB obligation (NOO) as June 30, 2012, was calculated as follows:

| | OPEB Trust | Airports Fund Share |
|---|--|-------------------------------------|
| Annual Required Contribution Interest on Net OPEB Obligation Adjustment to Annual Required Contribution | \$36,182,000 3,803,000 (3,491,000) | \$718,000 75,000 (75,000) |
| Annual OPEB Cost Contributions Made | 36,494,000 (20,065,000) | 718,000 (467,000) |
| Increase in Net OPEB Obligation Net OPEB Obligation, Beginning of year Net OPEB Obligation, End of year | 16,429,000 77,446,000 \$93,875,000 | 251,000 1,388,000 \$1,639,000 |
| , | | |

Notes to Financial Statements

June 30, 2012

Trend Information

The City had an actuarial valuation performed to determine the projected liabilities as the employer's annual required contribution (ARC).

| Fiscal | Annual | | Percentage of | Net |
|--------|--------------|-----------------|-------------------------|--------------|
| Year | OPEB | Employer | Annual OPEB | OPEB |
| Ended | Cost | Contributions | Cost Contributed | Obligation |
| 2012 | \$36,494,000 | \$20,065,000 | 55.0% | \$93,875,000 |
| 2011 | \$39,789,000 | \$18,747,000 | 47.1% | \$77,447,000 |
| 2010 | \$35,775,000 | \$19,425,000 | 54.3% | \$56,405,000 |

Reserves

There are no assets legally reserved for purposes other than the payment of Plan member benefits. The Plan held no individual investments (other than U.S. government and U.S. government guaranteed obligations) whose market value exceeds 5% or more of net assets available for benefits. There are no long-term contracts for contributions.

Funded Status and Funding Progress

The funded status of the plan as of July 1, 2011, was as follows:

| Actuarial Accrued Liability (AAL) | \$483,932,000 |
|---|---------------|
| Actuarial Value of Plan Assets (AVA) | 15,018,000 |
| Unfunded Actuarial Accrued Liability (UAAL) | \$468,914,000 |
| Funded Ratio (AVA/AAL) | 3% |
| Covered Payroll (Active Plan Members) | \$180,552,000 |
| UAAL as a Percentage of Covered Payroll | 259.7% |

The required supplementary information schedules of funding progress, immediately following the notes to the financial statements presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. OCPEBT issues a separate stand-alone report which may be obtained from Finance Department, Accounting Services Division, 100 N. Walker, Suite 300, Oklahoma City, OK 73102.

10. COMMITMENTS AND CONTINGENCIES

Engineering and construction contracts relating to construction or major repairs in progress aggregated approximately \$21,829,000 and \$9,786,000 as of June 30, 2012 and 2011, respectively. These contracts will be paid in future periods as work is performed. Payment will be made with proceeds remaining from past bond issues, oil and gas royalties, operating revenues, and Federal grants to be received.

Federal grant expenses are subject to audit by the FAA, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement that may arise, as the result of these audits, is not believed to be material by management. Outstanding Federal and State grant awards for improvements on approved projects were \$26,279,436 and \$25,829,601, as of June 30, 2012 and 2011.

Notes to Financial Statements *June 30, 2012*

respectively. The Federal grant funds are not available to the Department until expenses are incurred and therefore, are not recorded as receivables.

The Trust is subject to various legal proceedings that arise in the ordinary course of business. It is the opinion of management that the disposition or ultimate resolution of such legal proceedings are not likely to have a material adverse impact on the financial position, results of operations, and cash flow of the Trust.

11. PRIOR PERIOD ADJUSTMENT

Beginning net assets for the Trust and the Airports Fund have been restated for the effect of a prior period adjustment which reclassified \$278,969 from the Trust to the Airports Fund. The Airports Fund pays for the personnel services and certain operating and maintenance costs related to the Trust operations. The Trust reimburses the Airports Fund for those costs. In prior years, a liability had not been recognized for the costs paid by the Airports Fund that have not yet been reimbursed by the Trust. In addition, the Airports Fund failed to recognize an advance on behalf of the Trust. The effect of the prior period adjustment reduced the previously reported Trust changes in net assets by \$762,494 and increased previously reported Airport Fund changes in net assets by \$762,494. The adjustment had no effect on the Department's total net assets or changes in net assets.

Reserve for inventories

Revenue accruals

Capital assets, net of depreciation

Compensated absences

Other post employment benefits

Change in Advance to/from other funds

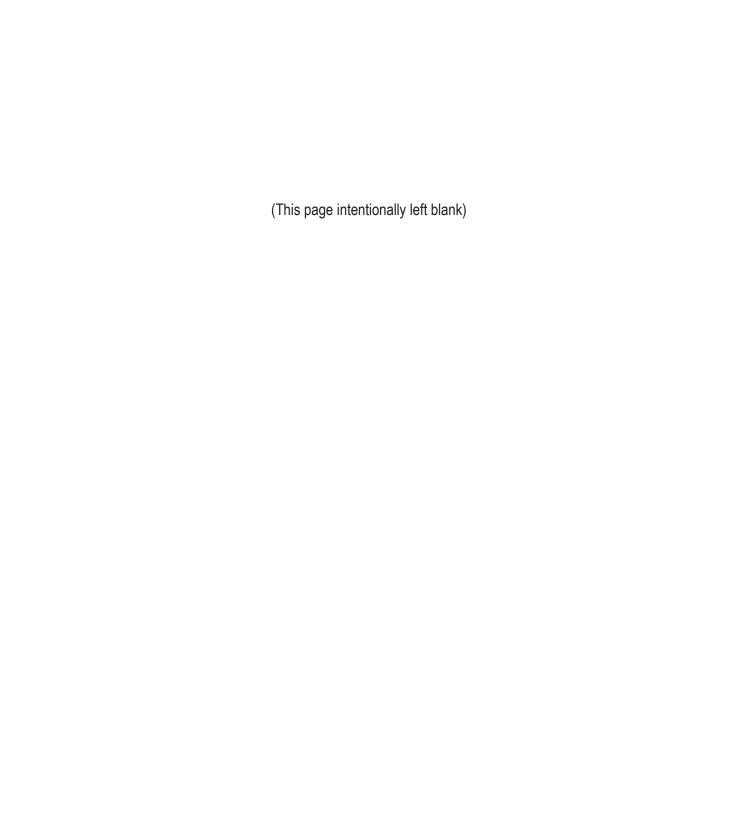

Airports Cash Fund balance, ending (GAAP basis) (3)

Airports Capital Assets Fund balance, ending (GAAP basis) (3)

Airports Fund balance, ending (GAAP basis)

- (1) Budgeted carryover reflects a portion of fund balance carried over from prior years. It is not a revenue of the current period, but is presented as revenue only for budgetary purposes. Beginning budgetary fund balance is then reduced by the budgeted carryover to reflect budgetary ending fund balance.
- (2) Expenditures paid against prior year encumbrances were less than the original encumbrances, which increased available ending fund balance.
- (3) The Airports Cash Fund and the Airports Capital Assets Fund are combined and reported as the Airports Fund in this report.

| | | | | | | | Variance |

STATISTICAL SECTION (UNAUDITED)

This part of the Department's CAFR presents detailed information as a context for understanding what the information in the financial statement, note disclosures and required supplementary information says about the airports overall financial health. The contents of the section relate to:

FINANCIAL TRENDS-

These schedules contain trend information to help the reader understand how the Department's financial performance and well-being have changed over time.

REVENUE CAPACITY-

These schedules contain information to help the reader assess the factors affecting the Department's ability to generate its rental rates and charges.

DEBT CAPACITY-

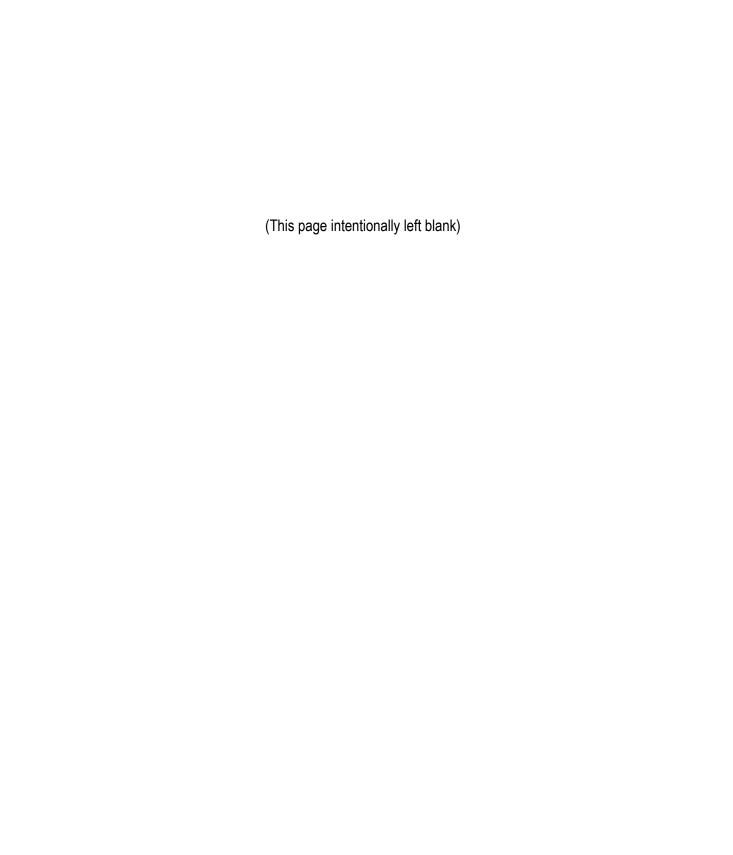

These schedules present information to help the reader assess the affordability of the Department's current level of outstanding debt and the Department's ability to issue additional debt in the future.

DEMOGRAPHIC AND ECONOMIC INFORMATION—

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Department's financial activities take place and to help make comparisons over time and with other governments.

OPERATING INFORMATION—

These schedules contain information about the Department's operations and resources to help the reader understand how the Department's financial information relates to the services the Department provides and the activities it performs.

(1) The lease on the Separate Lease Registry Building facility requires the Federal government to provide rentals in equal monthly installments sufficient to fully amortize debt service on the Separate Lease Registry bonds.

The lease on the Separate Lease Federal Bureau of Prisons (FBOP) facility requires the Federal government to provide rentals in equal semi-annual installments at the rate of 1% above the average interest cost of the bonds sufficient to fully amortize debt service on the Separate Lease FBOP bonds.

| (2) Enplaned passengers | 1,824,313 | 1,748,379 | 1,694,060 | 1,730,874 |
|---|-----------|-----------|-----------|-----------|
| Airline revenue per enplaned passenger | \$5.84 | \$6.17 | \$6.12 | \$5.48 |
| Percentage of airline revenues - airfield charges | 58.6% | 57.3% | 59.6% | 56.2% |
| Percentage of airline revenues - terminal charges | 41.4% | 40.4% | 40.4% | 43.8% |

(3) The lease on the Senior Lien facilities requires the Federal government to provide rentals in equal monthly installments sufficient to fully amortize debt service of the Senior Lien bonds.

| (4) Public parking revenues | 9,271,862 | 8,726,192 | 7,250,785 | \$6,155,956 |
|--|-----------|-----------|-----------|-------------|
| Number of revenue transactions | 760,305 | 741,082 | 707,362 | 751,666 |
| Public parking revenue per transaction | \$12.19 | \$11.77 | \$10.25 | \$8.19 |

Public parking revenue = parking revenues net of rental car ready space revenue and employee parking lot revenue.

Certain public parking rates were changed effective December 1, 2009. Short- term parking garage rates did not change and are set at no charges for the first hour and \$1.00 per hour thereafter with no maximum charges. Daily rates were increased as follows for the long-term parking lots: Remote Shuttle Lot - \$4.00; North Parking Lot - \$5.00; Covered Parking Lot - \$6.00; and Long-Term Parking Garage - \$7.00. Previously the rates for all long-term lots provided for a maximum of \$5.00 per day up to \$25.00 per seven-day week.

(5) Leases with tenants provide for maintenance fees based upon a specified rate per square foot or percentage of the appraised value of the facility.

| (6) PFC revenue per enplaned passenger | \$3.95 | \$4.04 | \$3.05 | \$2.59 |
|---|----------------------|-----------------------|-------------------|--------|
| PFCs per enplaned passenger were levied at \$3 per passenger | er since July 1, 199 | 7 and increased to \$ | 4.50 effective | |
| April 1, 2010. These revenues are restricted to pay a portion | n of the Junior Lien | 27B and Junior Lien | 29B debt service. | |

| (7) Average cash and investments | \$125,007,241 | \$119,111,651 | \$113,870,816 | \$120,085,363 |
|---|---------------|---------------|---------------|---------------|
| Average interest rate on cash and investments | 0.5% | 0.7% | 0.9% | 1.6% |

⁽¹⁾ Revenues of the Trust pledged to the payment of debt under the Original Bond Indenture and supplemental bond indentures exclude certain interest earnings and certain Trust revenues pledged to the trust estates created pursuant to the Separate Lease Revenue Bond Indentures.

⁽²⁾ Expenses exclude trustee bank fees and expenses related to the trust estates created pursuant to the Separate Lease Revenue Bond Indentures.

⁽³⁾ Certain bond indentures require part of the proceeds from the issuance of bonds to be set aside to pay interest on the bonds during the period of construction. The amount of capitalized interest available for debt service will not agree to the amount of interest capitalized as part of the historical cost of the asset as reported in Note 2 to the financial statements.

⁽⁴⁾ The Original Bond Indenture provides that gross revenues of the trust estate less the Senior Lien debt service requirements must be at least 1.5 times the Junior Lien debt service requirements to issue additional Junior Lien bonds.

Generally, rates and charges to users/lessees are established to provide rentals sufficient to pay the indebtedness on the bonds specific to the user/lessee of the facility. However, the Original Bond Indenture provides that gross revenues of the Trust Estate are pledged first to the debt service requirements of the Senior Lien bonds and second to the Junior Lien bonds.

- (1) Passengers indirectly fund debt related to the passenger use facilities such as public parking areas and the terminal through parking fees, airline ticket purchases, passenger facility charges, retail and food purchases, and car rentals.
- (2) One outstanding Junior Lien bond issue has leases effective whereby rentals are insufficient to pay the specific bonded indebtedness on the facility, the 5300 Portland Building.
- (3) The lease with the Federal government, Federal Aviation Administration, provides for lease rentals sufficient to fully pay the principal and interest on the bonds when due.
- (4) The leases with the Federal government under the Separate Lease Bond Indentures provide for lease rentals sufficient to fully pay the principal and interest on the bonds when due.
