

Senior or Associate Planners | Oklahoma City

Comprehensive Planning and Transportation Planning

Oklahoma City is currently seeking two experienced planners for the City’s Plan Development and Implementation Division (PDI). The division performs a broad array of functions including Comprehensive Planning, Transportation Planning, and Neighborhood and Commercial District Revitalization.

Interpersonal acumen and planning-related skills, knowledge and experience are essential. These positions require individuals who exemplify the Planning Department’s values of professionalism, integrity, ownership mentality, collaboration and open-mindedness, effective communication, creativity, positivity, and passion.

Oklahoma City’s PDI Division is responsible for coordinating implementation of the City’s Daniel Burnham Award-winning comprehensive plan, **planokc**, and the City’s bicycle and pedestrian master plan, **bikewalkokc**. Senior planning staff assists with and oversees many initiatives, projects, and programs related to multi-modal transportation infrastructure planning, area planning, housing planning, natural resource preservation, and development regulation impacts.

Two positions are open: One for the Comprehensive

Planning Program and one for the Transportation Planning Program. These positions are open until filled. The first review of applications will be December 2, 2019.

NOTE: Dependent on qualifications and experience of the applicants, one or both of these positions may be filled as a Senior Planner or an Associate Planner. Please find the vacancies (listed as "Senior Planners") at the City’s website linked below.

Oklahoma City is a welcoming and diverse community with many unique urban neighborhood districts, a superb food scene and a tremendous array of attractions and outdoor activities for everyone. As a place to work, the City’s government has a strong reputation for effective governance, leadership and collaboration. This is reflected in the Planning Department’s collaborative and positive work environment.
