I. GENERAL INFORMATION

A. CITY OF OKLAHOMA CITY (CITY)

Oklahoma City was incorporated in 1890. The City is governed by a Council-Manager form of government. Oklahoma City is the county seat of Oklahoma County and the state capital. The City limits encompass a land area of approximately 620 square miles. The 2019 population estimate for Oklahoma City is approximately 670 thousand. The Oklahoma City Metropolitan Statistical Area population is approximately 1.4 million with a number of cities including Bethany, Del City, Edmond, Midwest City, Moore, Mustang, Nichols Hills, Norman, the Village, Yukon, and Warr Acres providing additional residential and commercial stability to the Oklahoma City metropolitan area.

The City provides all basic municipal services including, but not limited to, police and fire protection, parks, street maintenance, traffic control, water and sewer, airport facilities, and refuse collection. The City historically funds capital improvements for basic infrastructure through the issuance of general obligation bonds secured by ad valorem taxes. The City also uses Federal grants and sales tax revenues to finance capital improvements. In addition, public trusts were established to provide services and to issue revenue bonds for financing capital improvements.

McGee Creek Authority (MCA)

Established to finance the purchase of water storage rights at the McGee Creek Reservoir for the benefit of the OCWUT. The MCA Trustees are the Mayors/Chairpersons of the respective beneficiaries including the Chairperson of the OCWUT, the Mayor of Atoka, the Mayor of Oklahoma City, the Chairperson of the Atoka County Commission, and the Chairperson of the Southern Oklahoma Development Trust. The City's water utility revenues fund Authority operations and debt service. The MCA Fund is the only reporting fund.

General Obligation Bonds

I. GENERAL OBLIGATION BONDS

The voters, at specially called elections, approve general obligation bond propositions which authorize the City to issue general obligation bonds for various municipal improvements. State law limits general obligation bonds to 25-year terms and the City has a long-standing practice of issuing them for 20-year terms. General obligation bonds are repaid by ad valorem property taxes and backed by the full faith and credit of the City. The majority of the City's general obligation bonds are issued pursuant to Article 10, Section 27 of the Oklahoma Constitution and have no legal debt limitations. General obligation bonds issued, for economic development purposes, pursuant to Article 10, Section 35 are limited to a maximum annual levy of five (5) mils. The City's borrowing capacity is managed by maintaining the City's debt at a responsible level.

III. PROPERTY TAX LEVY

Effective November 1, 2006 per Oklahoma State Statute 62, section 431, the total property tax levy calculates the interest reserve accrual through April 1st of the second ensuing fiscal year.

These principal and interest reserve accruals, combined with one-third of the judgment installments due in the coming fiscal year, as well as the interest accrued on the judgments, will be the total requirements for the coming fiscal year. The total levy will be the requirements netted with the cash surplus at the end of the prior fiscal year, combined with the reserve for delinquent taxes (between 5% and 20%).

Revenue Bonds of Public Trusts

June 30, 2019

I. REVENUE BONDS

Due to restrictions of the State constitution relating to the issuance of municipal debt, many of the City of Oklahoma City’s public trusts and authorities were created to finance City services with revenue bonds or other non-general obligation financing. The Oklahoma City Airport Trust (OCAT), Oklahoma City Public Property Authority (OCPPA), The Central Oklahoma Transportation and Parking Authority (COTPA), Oklahoma City Water Utilities Trust (OCWUT), McGee Creek Authority (MCA), Oklahoma City Zoological Trust (OCZT), Oklahoma City Environmental Assistance Trust (OCEAT), and Oklahoma City Economic Development Trust (OCEDT) have revenue bonds outstanding. COTPA and OCWUT have defeased bonds outstanding.

Revenue bonds outstanding consist of debt issued by the various public trusts and authorities. The debt of these public trusts and authorities does not constitute debt of the City and is payable solely from resources of the trusts and authorities. Revenue bonds are collateralized primarily by the respective facilities and the revenues derived from them. Debt is issued for the purposes of the public trust or authority responsible for payment.

I. CENTRAL OKLAHOMA TRANSPORTATION AND PARKING AUTHORITY (COTPA)

On June 20, 2013, COTPA issued \$22,000,000 in Parking Revenue Bonds, Series 2013 with an average interest rate (coupon) of 4.5%. The proceeds of \$22,000,000 from the bonds, less \$250,453 in issuance costs, were used to finance construction of a new parking garage in downtown Oklahoma City, known as the Arts District Garage. The bonds are collateralized principally by the net revenues of the parking system and revenues pledged by the City under an agreement of support (City Agreement).

The Series 2013 Parking Revenue Bonds mature on July 1, 2014 through July 1, 2038. Interest payments are payable on January 1 and July 1 beginning January 1, 2014. The Series 2013 Bonds are subject to optional redemption on or after July 1, 2023. Series 2013 Bonds outstanding at June 30, 2019, are \$18,935,000.

Concurrent with the issuance of the Series 2013 Bonds, the Authority and the City entered into an agreement. The City Agreement provides for financial support of COTPA's parking system from legally available funds of the City. The City is required to replenish COTPA's bond reserve account if the balance in such account remains below the minimum required amount for a period of five months. The City is further required to replenish the bond reserve account at least two business days prior to an interest payment date for the Series 2013 Bonds from legally available sources. The City Agreement is on a year-to-year basis to be renewed annually until the principal and interest has been paid on the Series 2013 bonds.

On October 1, 2009, the sale of the City Center West Parking Garage to Devon Energy Corporation resulted in the vacation and demolition of the Scissor Parking Facility. The sale of the garages allowed the partial defeasance of the Series 2006 Parking Revenue Bonds in the amount of \$6,895,000 at a cost of \$7,637,097. COTPA defeased the Series 2006 Parking Revenue Bonds with \$1,057,210 of the net proceeds from the sale, bond fund reserves of \$219,887, a payment from the Oklahoma City Economic Development Trust of \$4,360,000 and a contribution from the Oklahoma City Urban Renewal Authority of \$2,000,000.

On January 11, 2012, the Broadway Kerr Parking Garage was sold to Sandridge Realty, L.L.C. for a total of \$8,677,334 net of closing costs and rental income adjustments. A total of \$12,111,260 was placed into a special escrow account, thereby defeasing the remaining Series 2006 Bonds outstanding balance of \$9,060,000. The \$12,111,260 consisted of proceeds from the sale of the garage of \$8,677,334, along with excess bond fund reserves and all accumulated reserves in the debt service accounts of \$3,433,926. The proceeds from the sale and accumulated bond fund reserves were used to retire \$9,144,150 of bond principal and interest payments.

In addition, \$58,250 of the net proceeds were used to pay fees and costs relating to the bond defeasance. Excess proceeds of \$2,908,860 were returned to COTPA after the last payment for the Series 2006 bonds were fully paid on July 1, 2012.

II. PARKING RATES

Monthly parking rates are established by facility and based on the location of the facility and the rates charged by surrounding facilities. Additionally, the COTPA Parking has established a rate structure for each facility, which offers volume discounts for groups of customers from the same organization.

COTPA's Parking System compliments various other public and private facilities in the central business district, including surface parking lots. These include (1) a 1,100 parking space ramp on West Main Street across from the Century Center; (2) a 1,064 space ramp at the corner of Robert S. Kerr and North Hudson Avenues, across from the Oklahoma County offices; and (3) a 1,516 space ramp at the corner of Robert S. Kerr and E.K. Gaylord. In addition, there are certain privately owned surface lots and other smaller privately owned parking structures. Based on a survey of parking spaces, COTPA estimates that it presently controls 25-30% of the off-street parking spaces available in the central business district.

I. OKLAHOMA CITY AIRPORT TRUST (OCAT)

The OCAT has at various times issued bonds for the purpose of financing the construction of certain facilities and improvements for the airports and air navigation facilities of the City of Oklahoma City (City). The bonds that have been issued by the Trustees are of three types: senior lien bonds and junior lien bonds issued pursuant to the bond indenture and separate lease revenue bonds issued pursuant to separate indentures.

Senior Lien Bonds

The senior lien bonds are secured by a mortgage lien on all facilities constructed with the bond proceeds and OCAT's leasehold interest in and to the City's airports, together with all buildings and improvements, including all lease rentals and other Trust revenues derived there from, and all property pledged as security under supplemental bond indentures to the bond indenture. There are no senior lien bonds outstanding. There are no current plans to issue new senior lien bonds.

Junior Lien Bonds

Thirty one series of junior lien bonds were issued pursuant to supplemental bond indentures to the bond indenture, and are secured by a pledge of the gross revenues of the Airports, subject to the debt service requirements of the senior lien bonds. The bond proceeds were used to construct various facilities at the City's airports.

Thirty two series A and B of junior lien bonds were issued pursuant to supplemental bond indentures to the bond indenture, and are secured by a pledge of the gross revenues of the Airports, subject to the debt service requirements of the senior lien bonds. The bond proceeds were used to refund the twenty nine series A and B of bonds.

Thirty three series of junior lien bonds were issued pursuant to supplemental bond indentures to the bond indenture, and are secured by a pledge of the gross revenues of the Airports, subject to the debt service requirements of the senior lien bonds. The bond proceeds were used to finance a terminal expansion and rehabilitation.

The bond indenture and its supplements require the use of a project account, bond (sinking) account, and various construction accounts. These accounts are held by a trustee bank and managed pursuant to terms of the bond indenture. The bond indenture provides that gross revenues from operations will be deposited into the project account and transfers will be made to the other accounts for current requirements on a monthly basis.

Lease Revenue Bonds

The Trustees issued separate lease revenue bonds on October 1, 1991 and November 1, 1992, pursuant to a separate bond indenture (1991 Indenture) for the purpose of constructing the Registry Building. The lease payments deposited to the accounts created under the 1991 Indenture secure the debt payments for the Registry Building bonds only and OCAT has no obligation for the debt beyond the payments received under this lease.

On November 1, 1992 and June 1, 1995, the Trustees issued separate lease revenue bonds pursuant to a separate bond indenture (1992 Indenture) for the purpose of constructing the Federal Transfer Center for the Federal Bureau of Prisons (FBOP). Lease payments deposited to the accounts created under this 1992 Indenture secure the debt payments for this facility only and the Trust has no obligation for the debt beyond the payments received under this lease.

The bonds are generally subject to prior redemption in part or in whole at the option of the Trustees. However, certain minimum redemptions are to be made as set forth in the various bond indentures in the event there are any available funds. Certain bonds are subject to a redemption premium of up to 5% of par value, as described in the various bond indentures, if redeemed prior to scheduled dates. OCAT has complied with all bond covenants at June 30, 2019.

Proceeds from tax-exempt bonds issued after September 1, 1986 are subject to the 1986 Tax Reform Act. The Trust complies with Internal Revenue Service regulations in order to maintain tax-exempt status on the bonds. The Trust has no arbitrage rebate liability at June 30, 2019.

I. OKLAHOMA CITY PUBLIC PROPERTY AUTHORITY (OCPPA)

Since its creation in 1961, the OCPPA has financed various improvements through the issuance of bonds, bank loans, and loans from other governmental agencies or public trusts. These bonds, notes, and loans are secured by instruments separate and apart from the respective bond indentures.

Golf Courses

In September, 2010, the OCPPA issued \$8,465,000 Revenue Refunding Bonds, Series 2010 to provide funds, along with other available monies, to (1) defease the Revenue Bonds, Series 1998; (2) provide funding for construction, improvements, and renovation to certain of the City's municipally owned golf courses, which are leased to the OCPPA; and (3) provide for payment of the costs of issuance of the Revenue Refunding Bonds, Series 2010.

In July, 2012, the OCPPA issued \$7,565,000 in Series 2012 golf bonds for improvements to Lincoln Park Golf Course. The Series 2012 golf bonds less issue costs of \$75,115 will be used to supplement the City 2010 general obligation bond amount of 2,250,000 to be used for construction and renovation of the course facilities.

Golf course bonds outstanding at June 30, 2019, are \$10,325,000.

Fairgrounds

The fairgrounds facility is owned by the City and leased to the OCPPA pursuant to a lease agreement dated November 1, 1961, as amended. The term of the lease has been extended for so long as the bonds remain outstanding.

On December 15, 1972, City voters approved a 2% hotel tax for the purpose of encouraging, promoting, and fostering the convention and tourism for the City. A similar election held on December 14, 2004, repealed the 2% levy and enacted a new 5.5% hotel tax rate beginning January 1, 2005. Pursuant to the security agreement, the City agrees on a year-to-year basis to transfer the hotel tax revenues to the OCPPA.

The bonds are limited obligations of the OCPPA payable solely from the trust estate pledged under the indenture consisting of the convention and tourism development portion and the fairgrounds development portion of the hotel tax revenues received by the OCPPA from the City pursuant to the security agreement. Interest on the bonds is payable each April 1 and October 1, commencing April 1, 2006.

On August 1, 2007, the OCPPA issued \$20,000,000 in Oklahoma City Public Property Hotel Tax Revenue Bonds, Series 2007A for the purpose of funding various fairgrounds renovations, primarily the Norick Coliseum, the prime location for all equine events. Other significant uses of funds include a new gateway, security fencing, transportation trams, and parking lots and associated drainage. Total proceeds included \$322 thousand in premium. Issuance costs were \$397 thousand. These bonds were paid in full with the proceeds from the issuance of the Revenue Refunding Bonds, Series 2018.

On October 1, 2011, OCPPA issued \$9,285,000 Hotel Tax Revenue Bonds, Series 2011. The proceeds of \$9,183,007 from the bonds, less \$183,007 in issuance costs, will be used to finance the construction and renovation of the City of Oklahoma City Fairground facilities.

On November 29, 2012, OCPPA issued \$3,000,000 Hotel Tax Revenue Bonds, Series 2012. The proceeds of \$3,000,000 from the bonds, less \$30,000 in issuance costs, will be used to finance improvements to the outdoor practice arena on the west side of the fairgrounds. On July 30, 2015 these bonds were paid in full with the proceeds from the issuance of Revenue Refunding Bonds, Series 2015.

In July, 2015, the OCPPA issued \$58,305,000 Revenue Refunding Bonds, Series 2015 to provide funds, along with other available monies, to (1) defease the Revenue Bonds, Series 2005; (2) provide funding for construction and renovation of the City's Fairgrounds; (3) establish the Reserve Requirement of \$201,203 and (4) provide for payment of the costs of issuance of the Revenue Refunding Bonds, Series 2015.

In October, 2018, the OCPPA issued \$14,400,000 Revenue Refunding Bonds, Series 2018 for the purpose of refunding the Revenue Bonds, Series 2007A.

The indenture requires the use of project, principal, interest, and reserve accounts.

Fairground bonds outstanding at June 30, 2019, are \$70,520,000.

I. MCGEE CREEK AUTHORITY (MCA)

The McGee Creek Project is a water supply reservoir constructed by the Federal government and accepted by the MCA in fiscal year 1991. The MCA is required to repay the municipal and industrial portion of the construction costs plus interest over a period of 50 years beginning July 1991.

In fiscal year 1993, the MCA issued McGee Creek Authority Water Revenue Bonds, Series 1992, (MCA bonds) in the amount of \$91.86 million. The MCA bonds are secured by an agreement of support between the MCA and OCWUT. Pursuant to the agreement of support, dated December 1, 1992, OCWUT granted a security interest in its revenues, which are not required for debt service, reserves, other outstanding requirements, and operations and maintenance expenses. OCWUT is required to transfer the funds necessary for the MCA to pay the principal and interest of the bonds annually, net of available funds of the MCA. The MCA has recorded an advance from OCWUT to recognize the amount transferred under the OCWUT agreement.

The general bond indenture provides that the Trustees of the MCA will generate an amount annually equal to 100% of the annual principal and interest requirements on the MCA bonds for the year, plus generate an amount necessary to comply in all respects to the terms and provisions of the MCA bond indenture. The trust indenture details how the revenues will be generated from aliquot share payments from the Participants of the Authority (Participants) for this purpose. Amounts received from Participants and OCWUT are considered in determining the amount needed to comply with the indenture requirements.

The general bond indenture and its supplement require the use of bond proceeds, project revenue, and bond accounts. These accounts are held in trust by banks and managed pursuant to terms of the indenture agreement. The indenture provides that gross revenues from operations will be deposited into the revenue account and transfers will be made to the other accounts for current requirements on a monthly basis. However, if the payments and deposits required by the general bond indenture are made on or before the 25th day of the month, then during the subsequent month, the gross revenues may be deposited as received directly into the MCA's operating fund, which is not subject to the lien of the indenture. For the year ended June 30, 2019, all the accounts were maintained in accordance with the bond indenture.

Interest on the MCA bonds is payable semi-annually on January 1 and July 1 of each year beginning July 1, 1993, continuing until the principal amount of the MCA bonds is paid. MCA bonds outstanding at June 30, 2019, are \$23,045,000.

I. OKLAHOMA CITY WATER UTILITIES TRUST (OCWUT)

The OCWUT issued various bonds for the purposes of financing the acquisition, construction, and equipping of the City of Oklahoma City's (City) water and wastewater systems. The bonds are collateralized by a mortgage lien on all facilities constructed with the bond proceeds and by the OCWUT's leasehold interest in all of the presently existing water and wastewater systems of the City, including lease rentals, water revenues, wastewater revenues, and other revenues derived from these facilities.

The general bond indenture and its supplements require the use of revenue, bond, operations and maintenance, reserve, construction, and renewal and replacement accounts. These accounts are held in trust by banks and managed pursuant to terms of the indenture agreements. The indentures provide that gross revenues from operations are deposited into the revenue account and transfers are made to the other accounts for current requirements on a monthly basis. However, if the payments and deposits required by the general bond indenture are made on or before the 25th day of the month, then during the subsequent month, the gross revenues may be deposited as received directly into the OCWUT's operating fund, which is not subject to the lien of the indenture. For the year ended June 30, 2019, the accounts were maintained in accordance with the bond indentures.

The bonds are generally subject to prior redemption in part or in whole at the option of the Trustees. Certain bonds are subject to a redemption premium of up to 2% of par value, as described in the various bond indentures, if redeemed prior to scheduled dates.

The general bond indenture provides that the Trustees of the OCWUT fix, maintain, charge, and collect a schedule of rates for use of the facilities of the trust estate that provide in every year net revenues which amount to at least 120% of the maximum amount required for debt service. For the year ended June 30, 2019, the schedule of rates in effect provided revenues in excess of the minimum requirements.

Interest on the Series 2009A, 2009B, 2011, 2013, 2015, and 2016 bonds is payable on the first day of January and July of each year through maturity.

III. WATER/WASTEWATER OPERATING STATISTICS

Rates

Since 2004, the OCWUT and City Council voted to adjust rates six times. The first adjustment series provided for adjustments in 2004 and 2005 with adjustments of 3% per year. The second adjustment series provided for adjustments in 2006 and 2007 with adjustments of 3.75% per year.

The third adjustment series provided for annual fee adjustments of 5% in 2008 and 2009 plus an additional base charge adjustment of \$1.65 and \$1.54 for water and wastewater, respectively. The fourth adjustment series provided for base charge adjustments in 2010 of \$2.38 and \$1.16 for water and wastewater, respectively, with annual fee adjustments of 4% for the years 2010, 2011, 2012, and 2013. The fifth adjustment series was approved for 2014, 2015, and 2016 with an average annual revenue adjustment of 8.3% and included moving to two inclining block conservation-oriented rates. For residential customers, the first block is defined as water usage for the first 10,000 gallons and the second block is defined as water usage over 10,000 gallons. For non-residential customers, the first block is for water usage up to the customer's average winter consumption (AWC) and the second block is for water usage over the customer's AWC. The sixth adjustment series was approved for 2018, 2019, 2020, and 2021 with an average annual revenue adjustment of 5.4% and 3.8% for water and wastewater, respectively. The adjustment included two additional inclining block conservation-oriented rates. For residential customers, the first block is defined as water usage for the first 2,000 gallons. The second block is defined as the next 8,000 gallons. The third block is defined as the next 20,000 gallons, and the fourth block is defined as water usage over 30,000 gallons. For non-residential customers, the first block is for water usage up to the customer's average winter consumption (AWC), the second block is for water usage 100% through 250% of the customer's AWC, and the third block is for water usage over 250% of the customer's AWC.

Multi-year revenue adjustments are made based on the results of a cost of service study and a financial plan prepared by the Trust's financial advisors. The resulting rate changes are proposed to meet anticipated expenses for operations, debt service, and capital improvements. Adjustments were effective on January 1st of the year adjusted.

Water from private sources is metered as set forth in City ordinances and the wastewater service charges are billed accordingly.

Industrial waste contributors are assessed a surcharge for waste exceeding concentrations greater than domestic wastewater as defined by City ordinances. The surcharges per million gallons (MG) recover costs of treatment and encourage businesses to reduce their discharge concentration through pre-treatment or other alternatives. Surcharges include biodegradable oxygen demand (BOD) and suspended solids (SS).

The OCZT has leased the Zoo from the City since 1975. The facilities are presently leased for a term ending December 21, 2064, pursuant to an amended and related lease and operating agreement dated June 19, 1990.

On June 30, 2005, Sales Tax and Revenue Refunding Bonds, Series 2005 (Series 2005 Bonds) were issued by the Oklahoma City Zoological Trust (Trust) for the purpose of providing funds, along with other available monies, to (i) advance refund the OCZT Sales Tax and Revenue Bonds, Series 1999 (Refunded Bonds), maturing after June 1, 2009, (ii) as necessary, provide for a reserve for the Series 2005 Bonds, and (iii) pay legal and financing costs and expenses related to the issuance of the Series 2005 Bonds. The Series 2005 Bonds were issued pursuant to the terms of a General Bond Indenture dated June 1, 1999 as supplemented by a Series 1999 Supplemental Bond Indenture dated June 1, 1999, and a Series 2005 Supplemental Bond Indenture dated June 1, 2005 (collectively with all other supplements and amendments and the General Bond Indenture, the "Indenture"), by and between the Trust and BancFirst, Oklahoma City, Oklahoma, as trustee. The term "Bonds" used herein refers to the Series 2005 Bonds, the Series 1999 Bonds, and all other bonds to be issued and outstanding under the Indenture. The Series 1999 Bonds were retired in 2009.

The OCZT issued Series 2005 bonds to provide funding for: 1) the cost of facilities, improvements, and equipment for the Oklahoma City Zoo and reimbursement of prior expenditures for same, 2) capitalizing reserve funds for the bonds, and, 3) paying legal and financing costs and expenses related to the issuance of the Series 1999 bonds. The Series 2005 bonds were retired in 2019

On March 28, 2019, Sales Tax Revenue Private Placement Bonds, Series 2019 was issued by OCZT for the purpose of providing funds to finance the cost of facilities improvements and equipment for the Oklahoma City Zoo and Botanical Garden.

As security for its obligation to make the debt service payments on the Series 2005 and 2019 bonds note, the OCZT pursuant to the bond indenture granted to Banc First, as Trustee, a security interest in the sales tax agreement with the City and the sales tax revenue designated for the Zoo and the system revenues available for debt service.

The sales tax revenue is the revenue paid by the City to the OCZT pursuant to the sales tax agreement which has been derived from one-eighth (1/8) of one percent limited purpose excise (sales) tax levied by ordinance and approved by the voters of the City on July 17, 1990. The sales tax revenue is subject to annual appropriation by the City and is subject to the limitations stated in the sales tax agreement.

The Series 1999 and 2005 bonds are also secured by the bond reserve fund established under the bond indenture. I. OKLAHOMA CITY ENVIRONMENTAL ASSISTANCE TRUST (OCEAT)

On September 8, 2005, OCEAT sold Series 2005 Revenue Bonds for \$8,410,000. Series 2005 bonds consist of bonds bearing interest at 3% to 4.25%. Bond proceeds are financing the cost of construction and acquisition of certain solid waste management collection and disposal facilities and paying the cost of issuance. On April 6, 2017 these bonds were defeased with the issuance of Revenue Refunding and Improvements Bonds, Series 2017A.

On April 6, 2017, OCEAT issued Revenue Refunding and Improvement Bonds of \$14.97 million. Tax-Exempt Series 2017A has bond proceeds of \$2.89 million, which include \$284 thousand in premium. The bonds provided funds to defease \$1.75 million of outstanding Series 2005 revenue bonds, thus lowering the overall senior lien debt service payments. Series 2017A funds will also finance the cost of expanding maintenance bays, establish a reserve fund, and pay for the cost of issuance. Taxable Series 2017B has bond proceeds of \$12.09 million, which include \$164 thousand in premium. The bonds will provide funds to finance the cost of recycling carts, establish a reserve fund, and pay for the cost of issuance.

The bonds are payable solely from OCEAT. OCEAT income is comprised of revenue and receipts derived or to be derived from OCEAT's leasehold interest in the solid waste management collection and disposal system (System) of the City. The System is leased by the City to OCEAT pursuant to a lease agreement dated August 1, 2005 for a term of 50 years or until all indebtedness of OCEAT has been retired or provision for payment has been made.

Interest on the Series 2017A and 2017B is payable on the first day of January and July of each year through maturity. OCEAT bonds outstanding at June 30, 2019, are \$13,810,000.
