STANLEY DRAPER

May 2, 9, & 16 @ 10AM

Join us for a workshop series focused on the water smart improvements made to the Lake Stanley Draper Marina Headquarters and how you can add these to your landscapes. Topics will include soil health and erosion control, low impact design, and planning for native plants.

Space is limited. Registration required at www.squeezeeverydrop.com or by calling (405) 297-1284.

A Backyard Built for Pollinators

Tuesday, May 19 | 9AM-Noon

Will Rogers Gardens | 3400 NW 36th St

#30404-1-0255

Join us for a how-to workshop on building your backyard for pollinators. Following the workshop, interested participants can help work out in the Will Rogers Gardens pollinator plot, prepping it for its second year of growth and buzz-worthy activity.

Dress for the elements; hats and sunscreen encouraged.

Space is limited, and registration required at squeezeeverydrop.com or (405) 297-1284.
