# Oklahoma Statewide Unemployment Initial Claims

As of 7/30/2020

Source: U.S. Department of Labor

■ Initial Claims

Unemployment claims are reported on a weekly basis every Thursday by the U.S. Department of Labor.

New data published 7/30/2020:

- Reported 7,614 initial claims filed in Oklahoma during the week ending 7/25/2020
- Revised upwards by 1,300 claims filed during the week ending 7/18/2020

Each of these numbers represents the number of new unemployment claims filed in Oklahoma each week; they are **not** cumulative. When weekly data is released, prior week data is subject to revision by the U.S. Department of Labor.

The data used here is not seasonally adjusted.

Note: Oklahoma's unemployment system has seen a large but still unclear quantity of fraudulent claims. The Oklahoma Employment Security Commission (OESC) and their benefits distribution contractor were reported to have ["identified about 70,000 claims as being fraudulent."](#) On Monday, June 22<sup>nd</sup>, the OESC interim director stated since March 1<sup>st</sup>, ["about 64,000 claims,"](#) or about 10% of all claims statewide, were identified as potential fraud and stopped; prior stories reported ["100,000 have been viewed as fraudulent"](#) with ["nearly 15,000 fictitious claims"](#) linked to ["a well-organized Nigerian fraud ring."](#) The Oklahoma Employment Security Commission [has set-up a website](#) solely for the purpose of intaking reports of unemployment fraud.
