

Light Industrial District

The I-1 District is intended to accommodate low impact industrial development and supporting commercial or public uses, in areas where little or no nuisance effects are generated. These industrial uses may require good accessibility to air, rail or street transportation routes, but the size and volume of the raw materials and finished products should not be as great as that produced by uses in the moderate and heavy industrial districts. No manufacturing, assembly, repair, work activity or storage, other than outside sales and display as permitted by this chapter, shall take place outside the confines of an enclosed building.

Permitted Uses:

These uses are allowed by right, subject to permit approval.
