

Recycle Right

Take the guesswork out of
your recycling by following
these simple steps.

See back for info.

okc.gov/recycle

Contamination in our recycling stream means more reusable materials end up in our landfills. You can help by learning to recycle right.

- Only recycle items listed on your cart lid or at okc.gov/recycle.
- Put all items loose in your cart. Do not bag them.
- Empty, rinse and drain cans, bottles and containers. Lids and labels can stay on.
- Do not recycle wet paper or cardboard, or items that contain liquids, food remnants or grease. Clean and drain all food containers.
- Do not recycle plastic bags, ropes, garden hoses, clothing, cords, or pet food bags.
- Flatten clean, dry cardboard. Remove packaging from cardboard containers and put packaging in your Big Blue trash cart.

Still not sure? Remember: "When in doubt, throw it out!"
