

## MC-0675 - Engineering and Testing Services

### Questions and Answers

April 14, 2021

1. Is there an hourly rate for project management time? Project managers review paperwork and coordinate staffing. **No.**
2. Is there an hourly rate for a technician for simple testing such as concrete cylinders and doing densities? **No.**
3. Is there an hourly rate for a technician for standby time? For instance, if a technician arrives onsite on-time to do testing and the testing needed is delayed for two hours and the technician has to wait on the test to be ready, is there an hourly rate to reimburse us for his time?  
**No, the trip charge and mobilization charge were created for this purpose.**
4. Can technicians be paid a hourly rate while driving to a site on top of a trip charge? The trip charge pays for our equipment and truck. **No, the trip charge and mobilization charge were created for this purpose.**
5. Are any of the testing rates changing from the prior contract (MC-0612)?  
**No.**
1. Under the second paragraph, the RFQ states, "Letter of Interest, must be submitted on a flash drive, and postmarked prior to 5:00 p.m. April 22, 2021 ..." Are firms allowed to hand-deliver the Letter of Interest? If not, can you please confirm that the Letter of Interest does not have to be delivered prior to 5:00 p.m. April 22, 2021, but just "postmarked".  
**At this time, we prefer they be mailed. Yes, the Letter of Interest must be postmarked prior to 5pm, April 22, 2021.**
