

MC-0685, Initial Site Characterization, Emergency Response and Site Assessment Services

Questions and Answers

May 25, 2021

I had a question in relation to the *MC-0685, Initial Site Characterization, Emergency Response and Site Assessment Services* opportunity released by OKC. Could provide more details as to the requirements for the Emergency Response portions of the scope of work, in particular the response times required for the contract. **Please refer to the contract that has been uploaded with the advertisement on the website.**
