Long-Term Issue - Maintenance of City Assets

The continued need for coordinated planning for the maintenance of City assets, if not addressed, will result in:

- Increased capital and operating cost.
- Delays in response times to maintenance requests.
- Unsafe facilities, leading to increased risk of injury or illness to citizens and city employees.
- Continued duplication of efforts by General Services and other City Departments.
- Missed opportunities to identify conservation initiatives.

Strategies to address the Long-Term Issue

- Assign staff to preventive maintenance work orders in a timely manner to promote completions by due date.
- Schedule elective repairs found during preventive maintenance inspections based on customer's priority of need.
- Increase shop priority on equipment approaching promised return date.
- Assign staff to facility work orders in a timely manner and work closely with requesting agencies regarding material acquisition to complete services within designated completion time.
- Strive to provide exceptional customer service through SharePoint notification communication with customers as work requests / work orders are completed.
- Maintain ongoing communications with Fleet Services' customer groups to discuss their issues and concerns.

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, the General Services Department's customer departments will benefit from having a coordinated building and equipment assets maintenance, repair and service plan as evidenced by:

- At least 60% of all vehicle/equipment work orders are preventative maintenance.
- At least 85% of all preventive maintenance facility work orders will be completed when due in order to decrease capital costs and avoid costly unexpected repairs.

Long-Term Issue - Skilled Labor Shortage

The growing shortage of skilled laborers, if not addressed, will result in:

- Additional outsourcing at an increase in cost to customers.
- Diminished service levels to customers.

Strategies to address the Long-Term Issue

- Provide staff training and support to improve skills needed to complete facility repair requests.
- Work with vocational technology and educational institutions to find employees.
- Work with the Human Resources Department to establish apprenticeship programs within the skilled trades.

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, Oklahoma City Departments will benefit from a skilled General Services Department workforce, as evidenced by:

- 90% of vehicle mechanics with ASE Master Level Certification.
- Maintain Fleet Services staffing levels at 210 vehicle equivalents per mechanic (industry standard is 200 vehicle equivalents per mechanic).
- Maintain a minimum Building Maintenance staff ratio of 63,250 square feet per employee (industry standard is 55,000 square feet per maintenance staff employee).

414 % of vehicle mechanics with ASE Master Level Certification 66% 64% 81% 87% 94%

Long-Term Issue - Capital Repair and Replacement

The continued inadequate capital repair and replacement of the City's facilities and equipment assets, if not addressed, will result in:

- Increased demand for building and fleet maintenance services.
- Increased maintenance, operational and capital costs for the City.
- Unscheduled service interruptions.
- Negative public image of the City.
- Poor resident and employee morale.
- *Increased risk for injury for citizens and employees.*

Strategies to address the Long-Term Issue

- Provide a detailed estimate Facility and Fleet capital needs to the Finance Department annually.
- Meet annually with department and division heads to determine their vehicle/equipment replacement needs.
- Provide project development and estimating services, building assessments and reports and provide advice on facility issues.

Strategic Result(s) to measure annual progress on Long-Term Issue

Annually, City decision makers will benefit from having expert advice and information needed to make fleet and facility decisions as evidenced by:

- 100% of department managers will say they received the information needed to make Fleet replacement decisions.
- 100% of department managers will say they received the information needed to make Facility repair/enhancement decisions.
