

Give a little. Help a lot.

This season, give the gift of water by rounding up your utility bill to the next dollar, or giving a one-time donation to our Help to Others (H2O) program. Visit okcutilities.com to learn more and enroll. Donations are tax deductible and 100% of your contributions are used to assist other Oklahoma City utility customers. One small drop can create great waves.

Winterize your sprinkler system

Avoid sprinkler system leaks and frozen landscape plants this winter season by following these simple tips:

- Turn your sprinkler system to the off position, and only water during extended dry periods.
- Winterize your backflow device by following the manufacturer's instructions.
- Check your freeze sensor to make sure it's in working condition to automatically turn off your system and prevent icy, hazardous streets or sidewalks.
