# The City of **OKLAHOMA CITY**

November 23, 2021

Citizens of Oklahoma City  
Honorable Mayor and City Council  
and other interested readers:

The City of Oklahoma City (City) fiscal year 2021 Annual Comprehensive Financial Report (ACFR) provides a comprehensive overview of the City's financial position and the results of operations for the past fiscal year. It complies with the City Charter and Oklahoma Statutes requiring an annual independent audit and submission of the report within six months of the close of the fiscal year to the State Auditor and Inspector.

The ACFR was prepared using accounting principles generally accepted in the United States (U.S. GAAP). It is fairly stated in all material respects based on a comprehensive framework of internal controls discussed in more detail later in this letter. Responsibility for the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the City. City management's narrative on the financial activities of the City for the fiscal year ended June 30, 2021, is expanded in the Management's Discussion and Analysis (MD&A) section of this report, immediately following the Independent Auditor's Report on Financial Statements and Supplementary Information. This letter of transmittal is written to convey the Annual Report to its intended users and provide information about the City that is useful in assessing the City's general economic condition and to recognize contributors to the report. As such, it should be read from that perspective and in conjunction with all other sections of the Annual Report.

## ***Financial Reporting Entity***

The City's financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable, and other organizations whose relationships with the primary government are such that the City's financial statements would be misleading or incomplete if excluded. The definition of the reporting entity is based primarily on financial accountability as distinct from strictly legal relationships. See the notes to the financial statements for descriptions of legally separate organizations included with the City and other related organizations not included in the financial reporting entity.

## **Independent Audit**

The City engaged AGH, L.C. to express opinions on the financial statements based on their audit. The goal of the independent audit is to provide reasonable assurance that the financial statements are free of material misstatement. The audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The auditor's examination encompassed the basic financial statements, as well as combining and individual fund statements and schedules for the fiscal year ended June 30, 2021. The independent auditor's report is presented as the first component of the financial section of this report. AGH, L.C. also audited the City's federal financial assistance programs, complying with the provisions of the Single Audit Act. The City's Single Audit Report can be obtained from the City's Finance Department, Accounting Services Division, at 100 N. Walker Avenue, 3rd Floor, Oklahoma City, Oklahoma 73102.

## **Profile of Oklahoma City**

Oklahoma City was settled in a single day as a result of the "Land Run of 1889". Today, Oklahoma City is the state capital and Oklahoma's largest city with a population of approximately 689,743 citizens. Historically, the City has pursued a policy of annexation, and at 620.34 square miles, is one of the largest cities in land area in the United States. Oklahoma City encompasses portions of four counties and is centrally located in the state. It is a regional center for education, energy, agribusiness, transportation, financial services, health care, wholesale and retail trade, and manufacturing.

Incorporated in 1890, the City initiated a Council-Manager form of government in 1927. The Mayor has an equal vote with an eight-member City Council (Council). The Mayor is elected at large and the Council members are elected by citizens of their wards. The Mayor and Council appoint the City Manager who serves as the City's chief administrative officer. The Mayor and Council also appoint the Municipal Counselor, City Auditor, and Municipal Judges. The Mayor, Council, and City Manager provide direction for the management of the City's financial resources and operating departments. The City provides all basic municipal services including police and fire protection, parks, street maintenance, traffic control, water and wastewater, airport facilities, and solid waste collection and disposal. The City does not own or operate any landfills.

Elected and appointed City officials work with community and volunteer groups to make Oklahoma City a vibrant American city. These efforts include a commitment to well-staffed and well-equipped public safety services, quality neighborhoods, and aggressive economic development.

### ***Factors Affecting Financial Condition***

#### **Economic Outlook**

Dr. Russell Evans, Executive Director of the Steven C. Agee Economic Research & Policy Institute of Oklahoma City University, provides an annual economic outlook to City leaders in February. This year's forecast was marked by hope that Oklahoma City and the state could exit from the economic effects of the pandemic and get past the bottom of the current energy cycle. The forecast was that both of those factors would provide support for the economy in 2021 and a return to growth and pre-pandemic levels of economic activity in 2022. His baseline expectations were that economic activity holds steady through some challenging months early in the calendar year. From there the expectation was for a slow transition to pre-pandemic levels of activity. The unprecedented levels of fiscal stimulus led to a significant growth in per-capita personal income in Oklahoma City. A return to pre-pandemic per capita income of \$48,567 was projected. The forecast for nonfarm employment in Oklahoma City was for 3.2% growth in the number of people employed. Dr. Evans' forecast sales tax growth of 4.1% for fiscal year 2022.

In August 2021, Dr. Evans provided a mid-year update that took into account the continuing fiscal stimulus provided by the federal government. With gross domestic product (GDP) growing at 6.4% in the first quarter of the year and 6.5% in the second quarter, the U.S. economic expansion continues unabated and many economic forecasters are expecting continued strong growth through the remainder of 2021. At the state level Dr. Evans projects employment to return to pre-pandemic levels by 2022 and for Oklahoma City that is expected to occur by late 2021. While there is uncertainty about the underlying strength of the economy, Dr. Evans updated models project sales tax growth of up to 6.1% for fiscal year 2022.

Going forward, Oklahoma City has a number of factors in its favor for continued economic growth. The cost of living and the cost of doing business are consistently rated among the best in the country. In addition, low commuting times, convenient airline travel, and excellent entertainment and sports opportunities make Oklahoma City a great place for businesses and residents. Oklahoma City has dedicated a significant portion of the CARES Act funds the City received to supporting small businesses and even carved out a portion for live performance venues in an effort to support local businesses and continued quality of life.

Oklahoma City is being recognized more and more as a great place to work, live and visit. As evidence, Zippia.com, a career-advice website, recently set out to find the best cities to start a career and Oklahoma City came in at number 9. The website looked at factors such as median income, rent and unemployment rate in more than 200 cities. According to recent analysis by SmartAsset.com, Oklahoma City ranked in the top 25 most livable cities in the U.S., taking into account a variety of factors like unemployment rate, crime, housing costs and more among the 100 largest cities in the nation. Thrillist.com, an online media website, named Oklahoma City as among "underappreciated cities you should totally move to".

The City seeks to regularly engage citizens to determine how we are meeting their expectations. On October 27, 2020, Chris Tatham, president of ETC Institute, presented the results of the annual Citizen Satisfaction Survey that was conducted in August 2020. The report showed satisfaction with City services had improved over 2019 and that most residents believe the City is moving in the right direction. Among large U.S. cities, Oklahoma City's ratings from residents as a place to live and a place to work are "Setting the Standard" coming in 13% above the national average as a place to live and 27% above the national average as a place to work. The top priority for improvement continues to be condition of City streets and flow of traffic. The 2021 survey will be presented September 14, 2021.

Since 2007, City Council has periodically adopted a set of priorities to guide the City in subsequent years. The City Council voted to update the priorities on January 31, 2017, and maintaining strong financial management was once again one of the top priorities. This focus on strong financial management is reflected in the top ratings of the City’s general obligation bonds by both Moody’s (Aaa) and Standard and Poor’s (AAA).

***Long-term Financial Planning and Major Initiatives***

Financial planning for the City is a dynamic interactive effort of the community, small and large business and industry, social and cultural service organizations, and municipal government. These dynamics are best demonstrated by the willingness of the City citizens to tax themselves to support both City services and long-term capital investment. On December 10, 2019, the voters of Oklahoma City approved an eight-year one cent general purpose sales tax to fund a debt-free public improvement program, known as MAPS 4. The temporary sales tax went into effect on April 1, 2020 and is expected to raise \$978 million over the life of the tax. There are 16 MAPS 4 projects. More than 70 percent of MAPS 4 funding is dedicated to neighborhood and human needs. The rest is for quality of life and job-creating initiatives. The MAPS 4 Citizens Advisory Board began meeting in the summer of 2020 and on September 14, 2021 the City Council approved the MAPS 4 Implementation Plan.

Leading for Results is the City’s strategic planning and performance management program which focuses City services on the results that customers expect. The City budget is prepared, presented, and monitored in the Leading for Results format. All City departments report on performance measures included in their business plans. Performance reporting provides the information necessary to make informed decisions, ensure services are aligned with goals, and improve the services provided to citizens.

In addition, the City coordinates all City related public improvements through adoption of a Capital Improvement Plan (CIP). The goal of the City is to improve service to the community by adopting a CIP that is compatible with the City's financial condition and will fund capital improvements at a realistic and achievable level. The CIP consists of a general five-year plan of capital expenditures for all City and public trust projects. The CIP is prepared every two years and amended, as necessary, in other years. The amendment process ensures continuity in projects and funding. The CIP is available from the City's Finance Department, Office of Management and Budget.

The fiscal year 2021-2025 CIP, approved by Council on December 22, 2020, lists projects to be implemented or continued during the years of the CIP. The City's 2020, 2021 and 2022 capital budget by function are summarized in the following table (dollars are in thousands).

	2020	2021	2022
	CIP Project	CIP Project	CIP
	<u>Budget (1)</u>	<u>Budget (1)</u>	<u>Budget (1)</u>
General government	\$60,323	\$58,573	\$61,346
Public safety	61,931	82,002	102,622
Public services (includes infrastructure)	829,497	775,760	791,124
Culture and recreation	378,712	380,071	323,932
Education	<u>4,539</u>	<u>5,206</u>	<u>1,916</u>
	<b><u>\$1,335,002</u></b>	<b><u>\$1,301,612</u></b>	<b><u>\$1,280,940</u></b>

(1) The CIP budget reflects total project estimates, including significant multi-year projects, and may not be comparable to expenditures in any one year.

***Accountability and Budgetary Controls***

The City's management has established a comprehensive internal control framework designed to provide sufficient reliable information for the preparation of the City's financial statements in conformity with U.S. GAAP. Since the cost of internal controls should not outweigh their benefits, the City's internal controls are designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement.

The City's internal control structure is subject to internal audits performed by the City Auditor's Office, and is also considered in the independent audit. Receipt of material Federal and State financial assistance subjects the City to further internal control analysis under the provisions of the Single Audit Act. The City implements cost-effective management and internal control recommendations.

The Mayor and all Council members constitute the Finance Committee, which is responsible for a detailed review of the budget and other significant City financial matters. By resolution, the City Council has established an Audit Committee responsible for reviewing matters relating to internal and external audits including internal controls, compliance with laws, regulations, and ethical standards. Additionally, the Audit Committee promotes cooperation among auditors and management, preserves the independence of the auditing function, and ensures that appropriate action is taken on audit findings. The Audit Committee is independent of day-to-day management of City operations and consists of the Mayor and at least two members of the City Council appointed by the Mayor.

The City Charter and Oklahoma Statutes require an annual independent audit. Statutes additionally require annual audits of active public trusts. Public trusts of which the City is the beneficiary are encouraged to use the independent auditors selected competitively by the City Council. The City and its public trusts fully comply with audit requirements.

Duties of the City Auditor and staff include: internal audits of City financial records, reports, and procedures; property and equipment inventories; accounting internal controls; concessionaires, agreements, and contracts relating to City revenues; along with performance audits; and special projects and investigations. The City Auditor is appointed by the City Council and is directly responsible to the Council. The City Auditor's Office is independent of City management.

The City also maintains budgetary controls to ensure compliance with the legal level of control in the annual budget. The City Council approves annually appropriated budgets for the General Fund, budgeted special revenue funds, the Debt Service Fund, and certain portions of proprietary fund operations. The level of budgetary control within the fund is by department and expenditure category. For additional information on City budgetary practices, see the notes to the financial statements related to budgetary information.

***Financial Policies***

The City's financial policies are shaped by State law and established by the City Council. The most recent update to the financial policies was adopted by the City Council on March 27, 2018. Financial policies include budgeting and financial planning, capital planning, revenue, investment, debt management, procurement, accounting and auditing. Full descriptions of these policies are available in the City's annual budget publication which can be obtained from the City's Finance Department, Office of Management and Budget, and from the City's website at [www.okc.gov](http://www.okc.gov). As part of the City's annual budget process, compliance with established policies is reviewed. A compliance report is provided annually to the City Council. The City's fiscal year 2021 annual budget was awarded the Government Finance Officers Association of the United States and Canada (GFOA) Distinguished Budget Presentation Award. This is the 34th year the City has submitted and been awarded this honor.

*Other Significant Matters*

**Supplemental Disclosure – Outstanding Bonded Debt**

In response to municipal securities disclosure regulations issued by the Securities and Exchange Commission (SEC), the City publishes the Supplemental Disclosure – Outstanding Bonded Debt Report. Detailed debt service schedules and information specific to individual issues are presented for the bonded debt of the City and its related public trusts. Supplemental financial information and operating data for the City and public trust issuers are included to provide updates to official statements and ongoing disclosure of material information. The Supplemental Disclosure – Outstanding Bonded Debt Report, along with the City's Annual Report and other pertinent financial documents, are submitted to the Electronic Municipal Market Access (EMMA) data collection site. EMMA is the comprehensive, centralized online source for access to municipal disclosures established by the Municipal Securities Rulemaking Board (MSRB). The Supplemental Disclosure - Outstanding Bonded Debt Report is prepared by the City's Finance Department, Accounting Services Division and is available upon request.

**Certificate of Achievement for Excellence in Financial Reporting**

The GFOA awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its Annual Report for the fiscal year ended June 30, 2020. This was the 38th consecutive year that the City has achieved this prestigious award.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Annual Report. The Annual Report must satisfy both U.S. GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to meet the Certificate of Achievement program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

*Acknowledgements*

The dedicated work of the entire Finance Department and Accounting Services Division staff, made possible the preparation of the City's Annual Report. Other accountants and administrators at various sites throughout the City provided additional valuable help. The City also acknowledges our professional independent auditors, AGH, L.C. Finally, the City staff extends appreciation to the City Council who encourages and supports progressive public accountability.

## INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and City Council  
The City of Oklahoma City, Oklahoma

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Oklahoma City, Oklahoma (City), as of and for the year ended June 30, 2021, and the related notes to financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of The Operations of the Downtown Convention Center (Center), which is presented within the Oklahoma City Public Property Authority (OCPPA) General Purpose Fund. The financial statements of the Center comprise 9.65% and 0.07% of total assets and deferred outflows of resources, 10.17% and 0.07% of fund balance and net position and 2.64% and 0.06% of revenues of the OCPPA General Purpose Fund and governmental activities, respectively. Those statements were audited by other auditors, whose report has been furnished to us and our opinion, insofar as it relates to the amounts included for the Center which are reported within the OCPPA General Purpose Fund and governmental activities financial statements, is based solely on the report of the other auditors. In addition, we did not audit the financial statements of the Oklahoma City Industrial and Cultural Facilities Trust (OCICF) and the Oklahoma City Redevelopment Authority (OCRA), which are discretely presented component units comprising 0.19% and 1.11% of total assets and deferred outflows of resources, 0.11% and 1.86% of net position and 0.36% and 0.79% of revenues of the City's aggregate discretely presented component units, respectively. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinions, insofar as it relates to the amounts included in OCICF and OCRA, are based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements for The Combined Operations of the Prairie Surf Studios and the Paycom Center and the Center, which are reported within the governmental activities and the OCPPA general purpose fund financial statements, were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof and the general fund budgetary comparisons for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Emphasis of Matters***

As discussed in *Note IV.A.*, to the financial statements, in 2021, the City adopted Governmental Accounting Standards Board Statement No. 84, *Fiduciary Activities*. As discussed in *Note V.C.*, to the financial statements, in 2021, the Oklahoma City Environmental Assistance Trust was merged with the Oklahoma City Water Utilities Trust. Our opinions are not modified with respect to these matters.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Supplementary and Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund statements and

schedules and the introductory and statistical sections as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, such information is fairly stated, in all material respects, in relation to the financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated November 23, 2021, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

Within this section of the City of Oklahoma City (City) annual financial report, the City's management provides narrative discussion and analysis of the financial activities of the City for the fiscal year ended June 30, 2021. The City's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section. Additional information is available in the transmittal letter that precedes this discussion and analysis. The discussion focuses on the City's primary government and, unless otherwise noted, component units reported separately from the primary government are not included. Dollars are reported in thousands, except as indicated.

### *Financial Summary*

- The City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$2,422,242 (net position) for 2021. This compares to the previous year when assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$2,378,209.
- Total liabilities of the City increased by \$173,520 to \$2,377,773 during the fiscal year. General obligation bonds issued for capital improvements during the fiscal year were \$180,241. General obligation bonds repaid during the year were \$97,770.
- Total net position is comprised of the following:
  - (1) Net investment in capital assets of \$2,075,873 include property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets.
  - (2) Net position of \$523,573 is restricted by constraints imposed from outside the City such as debt covenants, grantors, laws, or regulations.
  - (3) Unrestricted net deficit is \$177,204 compared to last year's unrestricted net deficit of \$179,236.
- The City's governmental funds reported total ending fund balance of \$1,333,770 this year. This compares to the prior year ending fund balance of \$1,176,148 showing an increase of \$157,622 during the current year. Unassigned fund balance is \$178,896 for fiscal year 2021.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$180,556 or 30.7% of total General Fund expenditures including transfers and 29.5% of total General Fund revenues including transfers.
- On March 2, 2021, a resolution was approved to effectuate the consolidation of the water, wastewater, and solid waste management systems under the Oklahoma City Water Utilities Trust. This consolidation became effective July 1, 2020. The results of operations of the solid waste management system was formerly reported as part of the primary government and reported in this Management Discussion and Analysis. As of the effective date of the consolidation, these operations now report as part of the Oklahoma Water Utilities Trust as a component unit.

### *Overview of the Financial Statements*

This discussion and analysis introduces the City's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The City also includes in this report additional information to supplement the basic financial statements.

### **Government-wide Financial Statements**

The City's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the City's overall status and are presented to demonstrate the extent to which the City has met its operating objectives efficiently and effectively using all the resources available and whether the City can continue to meet its objectives in the foreseeable future. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The first of these government-wide statements is the statement of net position. This is the City-wide statement of financial position presenting information that includes all of the City's assets, deferred outflows, liabilities, and deferred inflows with the difference reported as net position. Increases or decreases in net position over time may serve as a useful indicator of whether the financial position of the City as a whole is improving or deteriorating, identify financial strengths and weaknesses, and provide an assessment of liquidity. Evaluation of the overall economic health of the City would extend to other non-financial factors such as diversification of the taxpayer base or the condition of City infrastructure in addition to the financial information provided in this report.

The second government-wide statement is the statement of activities, which reports how the City's net position changed during the current fiscal year and can be used to assess the City's operating results in its entirety and analyze how the City's programs are financed. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the City's distinct activities or functions on revenues provided by the City's taxpayers.

Both government-wide financial statements distinctively report governmental activities of the City that are principally supported by taxes and intergovernmental revenues, such as grants, and business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, public safety, public services, culture and recreation, education, and economic development. Business-type activities include airports, water and wastewater utilities, stormwater drainage, golf courses, fairgrounds, transportation and parking, and zoo operations. Fiduciary activities such as employee pension plans are not included in the government-wide statements since these assets are not available to fund City programs.

The City's financial reporting entity includes the funds and blended organizations of the City (primary government) and organizations for which the City is accountable (component units). Most of these legally separate organizations operate like City departments and are governed by a Board of Trustees wholly comprised of the City's Mayor and Council. These organizations are blended into the primary government for financial reporting purposes. Blended organizations reported as City funds include the Oklahoma City Zoological Trust (OCZT), the Oklahoma City Municipal Facilities Authority (OCMFA), and the Oklahoma City Public Property Authority (OCPPA). Other organizations operate more independently or provide services directly to the citizens, though the City remains accountable for their activities. These organizations, such as the Oklahoma City Airport Trust (OCAT), the Oklahoma City Water Utilities Trust (OCWUT), and the Central Oklahoma Transportation and Parking Authority (COTPA), are reported separately from the primary government, though included in the City's overall reporting entity. Fiduciary organizations like pension plans and other post-employment benefit (OPEB) plans are reported separately and not blended with the government-wide statements. A schedule at the close of this discussion and analysis lists the City's component units.

### **Fund Financial Statements**

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The City uses funds to ensure and demonstrate compliance with finance-related laws and regulations and to demonstrate fiscal accountability. Within the basic financial statements, fund financial statements focus on the City's most significant funds rather than the City as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

#### Governmental funds

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is different with fund statements reporting short-term fiscal accountability focusing on the use of spendable resources during the year and balances of spendable resources available at the end of the year. These financial statements are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to the government-wide statements to assist in understanding the differences between these two perspectives.

Budgetary comparison statements are included in the basic financial statements for the General Fund. Budgetary comparison schedules for other special revenue funds and the Debt Service Fund can be found in a later section of this report. These statements and schedules demonstrate compliance with the City's adopted and final revised budget.

#### Proprietary funds

Proprietary funds are reported in the fund financial statements and generally report services for which the City charges customers a fee. There are two kinds of proprietary funds: enterprise funds and internal service funds. Enterprise funds essentially encompass the same functions reported as business-type activities in the government-wide statements. Services are provided to external city customers such as the Oklahoma City Zoo and the City golf courses. Internal service funds provide services and charge fees within the City organization such as fleet services (repair and maintenance of City vehicles) and the print shop (mail and printing services for City departments). Because the City's internal service funds primarily serve governmental functions, they are generally included within the governmental activities of the government-wide financial statements.

Proprietary fund statements and statements for discretely presented component units (reporting is similar to proprietary funds) provide both long-term and short-term financial information consistent with the focus provided by the government-wide financial statements but with more detail for major enterprise funds and individual component units. Individual fund information for internal service funds and non-major enterprise funds is found in combining statements in a later section of this report.

#### Fiduciary funds

Fiduciary funds such as the employee pension plans are reported in the fiduciary fund financial statements, but are excluded from the government-wide reporting. Fiduciary fund financial statements report resources that are not available to fund City programs. Fiduciary fund financial statements are reported similarly to proprietary funds.

#### **Notes to the Financial Statements**

The accompanying notes to the financial statements provide information essential to gain a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin immediately following the basic financial statements.

#### **Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the City's pension and OPEB benefits provided to its employees. Other supplementary information includes detail for long-term debt supporting general government services and information by fund and component unit for capital assets, receivables, payables, transfers, and payments within the reporting entity.

Major funds and component units are reported in the basic financial statements as discussed. Combining and individual statements and schedules for non-major, internal service, and fiduciary funds are presented in a subsequent section of this report.

Statistical data is presented to provide trend information, revenue and debt capacity, and other information helpful in analyzing the financial health of the City.

#### ***Financial Analysis of the City as a Whole***

The City's net position at June 30, 2021 is \$2,422,242. This is a \$44,033 increase compared to the prior year. Net position increased \$113,595 for governmental activities and decreased \$69,562 for business-type activities. The City's overall financial position improved during fiscal year 2021.

Total assets increased 2.0% or \$94,033 during the year. Current assets in governmental activities increased \$126,021 primarily for increased cash and investments of \$103,555 related in large part to an increase in sales and use tax collections, remaining collections in the MAPS3 Sales Tax fund outpacing project spending, MAPS4 Sales Tax fund collections accumulating in advance of major project spending, and bond issuance proceeds outpacing General Obligation bond expenditures. Current assets in business-type activities decreased \$68,653 primarily as a result of the solid waste management operations consolidation with the water and wastewater systems under the Oklahoma City Water Utilities Trust. Total capital assets increased \$37,190. Capital assets in governmental activities increased \$66,384 for capital asset additions of \$171,634, a change in accounting principle of \$13,347 offset by depreciation and retirements. Business-type capital assets decreased by \$29,194 related to the consolidation of solid waste management operations with water and wastewater systems under the Oklahoma City Water Utilities Trust and retirements and depreciation greater than capital expenses. Other non-current assets decreased overall by \$525. Other non-current assets in governmental activities decreased \$7,577 mostly from the actuarially calculated net pension asset changing to a net pension liability in the current year. Other non-current activities in business-type activities increased \$7,052 related to increases in receivables from component units of the City. Deferred outflows of resources increased overall by \$115,282 from net increases in the actuarially calculated Pension deferred outflows and OPEB deferred outflows.

Total liabilities increased 7.9% or \$173,520 during the year. Current liabilities in governmental activities decreased \$30,803 related in large part to a decrease in unearned revenue in the grant fund of \$16,294 for spending of Cares Act funding and decreases in vendor payables related to timing of payments. Current liabilities in business-type activities decreased \$3,779 mostly related to the consolidation of solid waste operations with the water and wastewater systems under the Oklahoma City Water Utilities Trust and vendor payables related to the timing of payments. Non-current liabilities increased \$198,765 in governmental activities primarily from an increase in bonds payable net of \$77,281, an increase of \$99,175 in the actuarially determined net pension liability, and an increase of \$13,027 in the actuarially determined other post-employment benefit liability. Non-current liabilities increased \$9,337 in business-type activities related primarily to a decrease in bonds payable net for defeasance of solid waste management bonds, a decrease of \$5,565 in the actuarially determined other post employment benefit liability due to the consolidation of solid waste activities with water and wastewater, offset by an increase of \$20,645 in the actuarially determined net pension liability. Total deferred inflows of resources decreased \$8,238 mainly related to actuarially determined pension and other post employment benefits deferred inflows and the consolidation of solid waste management operations with the water and wastewater systems under the Oklahoma City Water Utilities Trust.

Overall revenues increased \$24,915 or 2.3%. Charges for services in governmental activities decreased \$5,849 related to a decrease in operational revenue received from culture and recreation complexes managed by ASM Global such as the Paycom Center and the Downtown Convention Center. COVID-19 had a continued significant impact on the performance of the facilities in fiscal year 2021 as many events were postponed, cancelled, or limited in attendance. There was also a transition of The Cox Convention Center to Prairie Surf Studios. Charges for services in business-type activities decreased by \$57,759 primarily due to the solid waste management system consolidation with the water and wastewater systems under the Oklahoma City Water Utilities Trust. This was offset by an increase in Zoological Trust and Golf Course revenues rebounding from improved economic conditions coming out of COVID-19 and attendance for outside activities remaining positive. Operating grants and contributions in governmental activities increased \$78,673 mostly related to the recognition of revenue in the spending of COVID-19 Cares funding. Operating grants and contributions in business-type activities increased \$245. Capital grants and contributions in governmental activities decreased \$15,974 related to prior year capital contributions received in the Grant fund and the Capital Improvement fund and a decrease in current year capital donations from developers. For business-type activities, capital grants and contributions decreased by \$2,839, mainly due to a decrease in capital donations from developers in water utilities. General revenues increased \$31,785 in governmental activities with overall tax collections rebounding and increasing at the end of the year. Sales tax increased, especially toward the last half of the year while Use tax continued the trend of increases. Hotel/Motel taxes experienced a continued decline while property tax remained strong.

Overall expenses decreased \$10,384 or 1% in 2021. Program expenses reported in governmental activities increased \$35,390. Public services expenses increased \$60,345, a large part of the increase was for COVID-19 Cares Act grant funding for salaries and other pandemic related reimbursable expenses, an increase in non capital equipment expenditures in the Better Streets Safer City fund, offset by a decrease in a payment of GOLT proceeds received into the bond fund and paid to OCEDT for economic development in the prior year. Public safety expenses decreased \$23,978 due largely to police and fire respectively, for a decrease in personnel expenses for a reduction in police staffing and also a reduction in police and fire costs from Cares Act reimbursements for substantially dedicated public safety services related to the COVID-19 pandemic offset by increases in pension expense related to the actuarially determined liability changes over the prior year in police and fire, respectively. Business-type expenses decreased \$45,774 mainly related to the solid waste management operations consolidation with the water and wastewater systems under the Oklahoma City Water Utilities Trust. Offsetting the decrease in solid waste management operations were increases in airports, water utilities, stormwater drainage, Golf courses and Zoo operations related expenses.

Graphic presentations of the Summary of Changes in Net Position follows to assist in the analysis of the City's activities for fiscal years 2021 and 2020.

**Governmental Activities**

**REVENUES**

Overall revenues from governmental activities increased \$88,635. Charges for services decreased 6.6%. Operating grants and contributions increased 77.5% and capital grants and contributions decreased 41.3%. Sales taxes provided 46% and 48% of the City's total governmental revenues in fiscal years 2021 and 2020, respectively. Sales tax increased \$25,295 as the economic conditions improved coming out of the COVID-19 pandemic. Use tax increased \$13,065.

FUNCTIONAL EXPENSES

The graph shows the total governmental activities expenses of \$923,612 for 2021. Public safety, with \$201,154 in cost for police and \$153,883 in cost for fire, was the largest operating service cost, at 40% of total cost of services in 2021. These costs, as well as all governmental activities expenses, were primarily funded by taxes. Public safety expenses used \$302,364 in taxes and other general revenues. Other governmental activities with significant tax-based funding include public services of \$211,082 and culture and recreation activities of \$87,148.

Business-Type Activities

REVENUES VS. COSTS

(1) Transportation and Parking only have \$38 in costs; therefore, graph does not generate.

Business-type activities are shown comparing costs to revenues generated by related services. Airports, water and wastewater utilities, and parking business-type activities are intended to be self-supporting with user charges and other revenues designed to recover costs. Other activities provide services with user charges that are not structured to recover costs. Golf courses and transportation historically have been subsidized by the City. The zoo is partially funded by dedicated sales taxes.

Charges for services for business-type activities decreased \$57,759. Operating grants and contributions increased \$245 and capital grants decreased \$2,839. Business-type activities expenses decreased \$45,774. Declines are primarily related to the consolidation of solid waste management operations with the water and wastewater systems under the Oklahoma City Water Utilities Trust.

### *Financial Analysis of the City's Funds*

#### **Governmental Funds**

Governmental funds are reported in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$1,333,770. Of this year-end total, \$178,896 is unassigned indicating availability for continuing City service requirements. The total ending restated fund balances of governmental funds show an increase of \$157,415 over the prior year.

#### Major Governmental Funds

The General Fund is the City's primary operating fund and the largest source of day-to-day service delivery. The fund balance of the General Fund increased by \$23,988 during fiscal year 2021. Sales tax revenues increased with a full first year of collections from the MAPS4 sales tax and by increases at the end of the fiscal year attributed to improving economic conditions coming out of the COVID-19 pandemic. Use tax revenues increased with the continued trend of more online shopping and Oklahoma legislation effective July 1, 2018 requiring marketplace facilitators to collect taxes from 3rd party sellers using their online platforms and improving economic conditions. Expenditures decreased related to a reduction in police staffing and also a reduction in police and fire costs from Cares Act reimbursements for substantially dedicated public safety services related to the COVID-19 pandemic. General Fund transfers increased overall with increased funding of the MAPS4 fund for various projects with a full year of MAPS4 tax collections, an increase in payments to the Capital Improvement (CIP) fund related to capital projects funding, and payments to the special purpose fund for better streets safer city projects and debt service reserves. See General Fund Budgetary Highlights for more information.

The Debt Service Fund has a fund balance of \$134,207 which was a net increase of \$11,138. The change in fund balance reflects the City's continuing commitment to time the issuance of debt with debt retirements to support the objective of maintaining level City property taxes. A key factor in achieving this objective is the counties' annual reassessment of City property values, which has been steadily rising over recent years. This favorable trend in property assessments has allowed the City to maintain an active general obligation bond program without substantially increasing property tax rates.

In fiscal year 2021 the Grants Management Fund reported a \$184 decrease in fund balance. The change in the Grants Management Fund's balance is primarily a result of a decrease in reimbursable grant amounts and timing of payments received.

In fiscal year 2021 the MAPS3 Sales Tax Fund reported a \$51,373 decrease in fund balance. The sales tax levied for construction and renovation of multiple capital projects throughout the City is reported in the MAPS3 Sales Tax Fund. The fund balance decreased as project spending has continued while the tax collections declined significantly with the expiration of the levy effective January 1, 2018.

In fiscal year 2021 the Better Streets/Safer City Sales Tax Fund reported a \$46,224 decrease in fund balance. The sales tax levied to fund additional police officers and firefighters and street resurfacing and related improvements throughout the City is reported in the Better Streets/Safer City Sales Tax Fund. The fund balance decreased as project spending has continued while the tax collections declined significantly with the expiration of the levy effective March 31, 2020.

In fiscal year 2021 the MAPS4 Sales Tax Fund reported a \$113,243 increase in fund balance. The sales tax levied for construction of multiple capital projects, with many projects dedicated to neighborhood and human needs, is reported in the MAPS4 Sales Tax Fund. The increase reflects collections for a full fiscal year compared to the prior year initial collections from the date of the levy effective April 1, 2020 to the end of the fiscal year 2020.

The General Obligation Bond Fund has a fund balance of \$325,632, a net increase of \$47,600. Fund balance increased as a result of proceeds from bond issuance in excess of expenditures for bond projects during the year.

The Oklahoma City Public Property Authority (OCPPA) General Purpose Fund accounts for the general government activities of OCPPA. In fiscal year 2021 the OCPPA General Purpose Fund reported a \$3,375 increase in fund balance.

### **Proprietary Funds**

The proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status.

#### Major Proprietary Funds

The Utilities Fund reports the capital asset activity of the City's water and wastewater utilities. Net position for the Utilities Fund decreased by \$594 for an ending net position of \$319,507. Major revenues include donated assets from developers. Expenses include depreciation. Contributions from developers decreased \$3,278 during the year.

OCZT provides the financing and daily operations for the zoo. OCZT receives sales tax funding from the City Zoo Fund to fund debt service, capital projects, and operating costs. During the year the OCZT increased its net position by \$8,590 to \$102,160. During 2021, operating revenues increased 51.2% primarily due to COVID-19 restrictions being lifted. Operating expenses increased 3.6% due to an increase in personnel services expenses. Sales tax payments from the City increased 5.5% due to improving economic conditions.

The OCPPA Fairgrounds Fund provides financing for the Oklahoma City Fairgrounds through transfer of hotel/motel tax restricted for fairgrounds debt service and capital projects. During the year the OCPPA Fairgrounds Fund net deficit decreased to a deficit of \$22,850 as expenses exceeded revenues and transfers by \$34.

The OCPPA Golf Courses Fund accounts for the finances of five municipal golf courses. The current year net deficit decreased \$1,848 resulting in a net deficit of \$1,320. Operating revenues increased \$2,213 due to an increase in golf rounds played. Operating expenses increased primarily due to increases in personnel costs, maintenance and operating costs, and materials and supplies.

### ***General Fund Budgetary Highlights***

The original adopted General Fund budget for fiscal year June 30, 2021, was \$563,417. This was an increase of \$66,306 over the previous year's amended budget. The increase is attributable to the 1% MAPS4 Sales Tax being in effect for a full year, which added \$93,418 to the budget. Excluding MAPS4, the General Fund budget decreased by \$27,112. The continuing impact of the COVID-19 pandemic resulted in lower revenue projections in most categories.

The General Fund adopted budget was amended three times during the 2021 fiscal year. The amendments increased the budget by \$28,349. The most significant change in the budget was due to better than expected sales and use tax revenue. The budget was amended by \$8,200 and \$11,800 for higher than expected use tax and sales tax, respectively. Those funds were used to improve streets (\$9,000), maintenance of City facilities (\$7,000) and creation of a reserve for City-supported debt (\$4,000). The other significant change was to add \$6,800 of budgeted fund balance for cleanup of debris caused by the October 2020 ice storm. FEMA reimbursement of 87.5% of that expense is expected in the future. The final amended General Fund budget was \$591,766. The General Fund budget complied with financial policies approved by the City Council and maintained core City services.

**Capital Assets**

The City's investment in capital assets, net of accumulated depreciation, for governmental and business-type activities as of June 30, 2021, was \$2,390,880 and \$504,861, respectively. The total increase in net capital assets was 2.9% for governmental activities and the total decrease for business-type activities was 5.5%. The overall increase was 1.3% for the City as a whole.

General obligation, revenue bonds, and general City capital improvement funds provided the major funding for the construction and acquisition of capital assets during the year. Construction projects in governmental activities during the current year included the Belle Isle Library expansion, MAPS Better Streets sidewalk projects, street improvements, and park improvements. Implementation of Governmental Accounting Standards Board pronouncement number 84 lead to the reporting of additional infrastructure assets. Capital assets for business-type activities decreased from the merger of solid waste operations into the OCWUT Trust offset by an increase from assets donated from developers. See Note II. A. 5. for additional information about capital assets.

**Debt Administration**

**Other Long-term Debt**

The City retired \$1,286 of notes payable and retired \$11 of lease obligations. Estimated claims payable increased a net amount of \$6,470. See Note III. A. 5. for additional information about notes, lease obligations, and estimated claims payable.

**Bonds Payable**

At the end of the fiscal year, the City had total bonded debt outstanding of \$1,143,360. Of this amount, \$1,056,576 is backed by the full faith and credit of the City (general obligation bonds) with debt service fully funded by voter-approved property taxes. Bonded debt of \$86,784 is supported by pledged revenues generated primarily by business-type activities of the City (revenue bonds). During the current year, the City issued \$180,241 in general obligation bonds under the voter authorization discussed earlier in this report. See Note III. A. 6. for additional information about bonds payable.

**Bond Ratings**

Current bond ratings are reported in the City's Supplemental Disclosure: Outstanding Bonded Debt report and is available from the City's Finance Department, Accounting Services Division. Bond ratings remained the same during the year.

Changes in long-term debt are related to issuances and payments of current principal requirements. Issuances in governmental activities included the Series 2021 Non-Taxable General Obligation Bonds that will be used to fund the construction of streets, bridges, traffic control systems, parks and recreational facilities, libraries, civic center complex improvements, transit, central maintenance facilities, drainage control systems, and police and fire facilities and equipment. Series 2021 Limited Tax General Obligation Bonds were issued to fund economic development. Series 2021 Refunding General Obligation Bonds were issued to defease Series 2011 General Obligation Bonds. There were no bond issuances in fiscal year 2021 in business-type activities. Series 2017A Solid Waste Management System Revenue Refunding and Improvement Bonds and Series 2017B Solid Waste Management System Revenue Revenue Bonds were defeased as part of the merger with the Oklahoma Water Utilities Trust. See Note III. A. 7. for additional information about changes in long-term debt.

***Economic Environment and Fees and Rates***

**Economic Environment**

This year's economic outlook was marked by hope that Oklahoma City and the state could exit from the economic effects of the pandemic and get past the bottom of the current energy cycle. The unprecedented levels of fiscal stimulus led to a significant growth in per-capita personal income in Oklahoma City. In August 2021, Dr. Russel Evans, Executive Director of the Steven C. Agee Economics Research & Policy Institute of Oklahoma City University, provided a mid-year update that took into account the continuing fiscal stimulus provided by the federal government. With gross domestic product (GDP) growing at 6.4% in the first quarter of the year and 6.5% in the second quarter, the U.S. economic expansion continues unabated and many economic forecasters are expecting continued strong growth through the remainder of 2021. At the state level Dr. Evans projects employment to return to pre-pandemic levels by 2022 and for Oklahoma City that is expected to occur by late 2021. While there is uncertainty about the underlying strength of the economy, Dr. Evans updated models project sales tax growth of up to 6.1% for fiscal year 2022.

## Basic Financial Statements

## **Government-wide Financial Statements**

*Provide both long-term and short-term information about the City's overall status using full accrual accounting and elimination or reclassification of internal activities.*

- \* **Governmental Activities** – *Reports general government, public safety, public services, culture and recreation, education, and economic development activities and the general revenues of the City.*
- \* **Business-Type Activities** – *Reports airports, water and wastewater utilities, stormwater drainage, golf courses, fairgrounds, transportation and parking and zoo operations activities.*
- \* **Component Units** – *Reports airports, water and wastewater utilities, riverfront redevelopment, foreign trade zone operations, transportation and parking, education, and economic development activities and the general revenues of the discrete component units of the City.*

## **Fund Financial Statements**

*Focus on the City's most significant funds. Major funds are separately reported while all others are combined into a single, aggregated presentation.*

### **Governmental Fund Financial Statements**

*Encompass essentially the same functions reported as governmental activities in the government-wide financial statements using modified accrual accounting and report the annual financing requirements of governmental programs and the commitment of spendable resources for the near-term. A budgetary comparison statement is included for the General Fund.*

### **Proprietary Fund Financial Statements**

*Generally report services for which the City charges customers a fee using full accrual accounting and provide both long-term and short-term financial information.*

### **Fiduciary Fund Financial Statements**

*Report assets held for others that cannot be used to support the City's programs combined by fund type.*

### **Component Unit Combining Financial Statements**

*Provide both long-term and short-term financial information consistent with the focus provided by the government-wide financial statements for discretely presented component units of the City.*

June 30, 2021  
(dollars are in thousands)**

**CITY OF OKLAHOMA CITY, OKLAHOMA**

Total fund balance -- total governmental funds \$1,333,770

Land and capital assets, net of accumulated depreciation, are not financial resources and, therefore, are not reported in the funds.

Land, art, and construction in progress	\$862,934	
Capital assets	3,171,832	
Less: Accumulated depreciation	<u>(1,643,886)</u>	2,390,880
Less: Internal service fund net capital assets included in capital assets above		(10,264)

The City's equity interest in the Emergency Medical Services Authority (EMSA) joint venture is primarily attributable to capital assets, and not attributable to current financial resources, and therefore is not reported in the funds. 14,857

Receivables not collected within 60 days of the end of the fiscal year are deferred in the funds. These other long-term assets are not available to pay current-period expenditures.

Unavailable revenues (governmental funds) 11,496

Internal service funds are used by management to charge the costs of internal activities to individual funds. Assets and liabilities of the internal services funds are allocated to the governmental activities in the statement of net position. Internal activity is allocated to governmental and business-type activities based on the function of the activities charged.

Internal service funds net position	\$25,111	
Business-type activities internal liabilities to governmental fund activities	<u>41,880</u>	66,991

Long-term liabilities and debt and pension related deferred inflows and outflows are not due and payable in the current period and are not reported in the funds.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**  
**For the Year Ended June 30, 2021**  
**(dollars are in thousands)**

Net change in fund balances – total governmental funds \$157,415

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	\$147,883	
Depreciation expense	(116,269)	31,614

In the statement of activities, the loss on the disposal of assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. The change in net position differs from the change in fund balance by the cost of the assets disposed, net of related accumulated depreciation.

Sale of assets - governmental funds	(\$1,925)	
Gain on disposal of assets - government-wide	\$1,515	(410)

Donations of capital assets increase net position in the statement of activities, but do not appear in the governmental funds because they are not financial resources. 20,251

Assets donated to public schools in the current year for activity formerly administered through the Oklahoma City Metropolitan Area Public Schools Trust (2,888)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Also, in the prior year, earned, but unavailable, revenue was reported as revenue in the statement of activities and in the current year, it is recognized in the governmental funds and reversed in the statement of activities.

	<u>Current Year</u>	<u>Prior Year</u>	
Unavailable revenues reported in governmental funds	\$11,496	(\$12,124)	
EMSA joint venture equity interest	14,857	(11,026)	3,203

The proceeds of debt issuances provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Debt activity reported in fund statements			
Long-term debt issued	(\$166,365)		
Premium on bonds	(13,876)		
Debt principal	69,549		
Payment to bond escrow agent	22,615		
Capital lease principal payments	11		
Debt activity recognized in the statement of activities			
Pollution remediation identified/adjusted in current year	(227)		
Torts and other identified/adjusted in current year	(4,828)		
Issuance and amortization of deferred amount on refunding	(1,318)		
Amortization of premium on bonds	9,390		
Change in bond interest payable	100		(84,949)

Some expenses reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in governmental funds.

	<u>Current Year</u>	<u>Prior Year</u>	
Compensated absences	(\$83,364)	\$81,772	
Compensated absences - internal service funds	2,368	(2,207)	
Pension asset, liability, deferred inflows and outflows	(254,614)	225,912	
Pension asset, liability, deferred inflows and outflows - internal service funds	(723)	1,745

## I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### I. A. INTRODUCTION

The accounting and reporting framework and the more significant accounting principles and practices of Oklahoma City (City) are discussed in subsequent sections of this note. The remainder of the notes are organized to provide explanations, including required disclosures, of the City's financial activities for the fiscal year ended June 30, 2021.

### I. B. BASIS OF PRESENTATION

#### I. B. 1. REPORTING ENTITY

##### *Fund Types and Major Funds*

##### **Major Governmental Funds**

###### General Fund

Reports as the primary fund of the City. This fund is used to account for all financial resources not reported in other funds.

###### Debt Service Fund

Accounts for the accumulation of financial resources for the payment of principal and interest on the City's general obligation debt. The City annually levies ad valorem taxes restricted for the retirement of general obligation bonds, interest, and judgments. This fund reports ad valorem taxes collected to service debt.

###### Grants Management Fund

Established as a special revenue fund to account for the City's grant programs not reported in proprietary funds. Grants include Community Development Block Grants.

###### MAPS3 Sales Tax Fund

Established by City ordinance to account for limited purpose sales tax designated for construction and renovation of multiple capital projects throughout the City.

###### Better Streets/Safer City Sales Tax Fund

Established by City ordinance to account for limited purpose sales tax designated for street resurfacing, enhancements, sidewalks, trails and bike lanes and hiring additional police officers and firefighters.

###### MAPS4 Sales Tax Fund

Established by City ordinance to account for limited purpose sales tax designated for construction and renovation of multiple capital projects throughout the City.

###### General Obligation Bonds Fund

Accounts for the capital expenditures of general obligation bond proceeds and reports as a capital projects fund.

###### Oklahoma City Public Property Authority (OCPPA) General Purpose Fund

Established to account for the general government activities of OCPPA. Specific revenues include box office, event ticket sales, and lease revenues which are designated to finance activities such as general government, public services, parks, and public events.

**Major Proprietary Funds**

Utilities Fund

Accounts for the operating activities of the City's water and wastewater utilities services.

Oklahoma City Zoological Trust (OCZT)

Accounts for the transactions related to the operation of the Oklahoma City Zoo.

OCPPA Fairgrounds

Accounts for transfers from City hotel/motel tax revenues dedicated for debt service and the expenditure of bond funds.

OCPPA Golf Courses

Accounts for the operations of five municipal golf courses.

Internal Service Funds

Accounts for the financing of goods or services provided by one department to other departments within the City on a cost-reimbursement basis. These include fleet services, risk management, information technology, print shop, and central financing services. These proprietary funds are reported primarily with governmental activities in the government-wide financial statements.

**Fiduciary Funds**

Pension and Other Post-Employment Benefit (OPEB) Trust Funds

Report fiduciary resources held in trust and the receipt, investment, and distribution of retirement and OPEB contributions. The City's pension trust funds are limited to non-uniformed City employees and employees of the Central Oklahoma Transportation and Parking Authority (COTPA). The City's OPEB trust funds are limited to health insurance benefits for participating Oklahoma City Employee Retirement System (OCERS) retirees.

Custodial Fund

Accounts for fiduciary assets held by the City in a custodial capacity as an agent on behalf of others. The City's Custodial Fund is used to account for various deposits, bail bonds, performance bonds, and escrow monies.

**Component Units**

The City is a charter city in which citizens elect the Mayor at large and eight Council members by wards. The accompanying financial statements present the City's primary government and component units for which the City is considered to be financially accountable. Financial accountability is based primarily on certain authoritative, operational, or financial relationships with the City (as distinct from legal relationships).

Component units of the City, except the Port Authority of the Greater Oklahoma City Area (Port Authority) and Central Oklahoma Transportation and Parking Employee Retirement Trust (COTPA Retirement), issue separately audited financial statements. Copies of component unit reports may be obtained from the City's Accounting Services Division at 100 N. Walker, Suite 300, Oklahoma City, Oklahoma 73102.

Due to restrictions of the state constitution relating to the issuance of municipal debt, public trusts are created to finance City services with revenue bonds or other non-general obligation financing and provide for multi-year contracting. Financing services provided by these public trusts are solely for the benefit of the City. Public trusts created to provide financing services are blended into the City's primary government as an integral part of City operations although retaining separate legal identity. Component units that do not meet the criteria for blending are reported discretely.

**Blended Component Units Reported with Primary Government**

Oklahoma City Municipal Facilities Authority (OCMFA)

Established to finance general government, risk management, architectural and engineering fees, and other activities. City Council members serve as Trustees, and the City Manager is General Manager. City employees manage Authority assets and provide services to citizens. OCMFA meets the requirements for blending because its governing body is identical to the City's elected governing body, City Council, and is managed as a department of the City under the direction of the City Manager using City employees. OCMFA is reported in the OCMFA General Purpose Fund and OCMFA Services Fund.

OCPPA

Established to finance five municipal golf courses, the Oklahoma City Fairgrounds, Cox Convention Center (Cox Center), Civic Center Music Hall (Civic Center), Chesapeake Energy Arena, river improvements, economic development projects, and City natural gas charges. The City Council members serve as Trustees, and the City Manager is General Manager. OCPPA meets the requirements for blending because its governing body is identical to the City's elected governing body, City Council, and is managed as a department of the City under the direction of the City Manager using City employees. OCPPA is reported in the OCPPA General Purpose Fund, OCPPA Golf Courses Fund, OCPPA Fairgrounds Fund, and OCPPA Services Fund. Other than golf course operations, City employees manage Authority assets and provide services to citizens.

OCZT

Established to finance and operate the Oklahoma City Zoo. Trustees include the Mayor, one City Council member, the City Manager, and six Mayor-selected and City Council-approved appointees. The City Council approves the OCZT sales tax budget and regularly transfers sales tax designated for the Zoo to the trust. Significant land and improvements, owned by the City, are leased to the OCZT at nominal cost. OCZT employees manage assets and provide services to citizens. OCZT meets the requirements for blending because OCZT bonded debt is expected to be repaid by the City, funded by the designated sales tax which is pledged for that purpose. The OCZT Fund is the only reporting fund.

**Discretely Presented Component Units**

Oklahoma City Airport Trust (OCAT)

Established to finance development of the City's airports. The Mayor, City Manager, a City Council member, a Trustee representing holders of junior and senior lien bonds, and a citizen of the City serve as Trustees. City employees manage assets and provide services to citizens. OCAT is a component unit of the City because the majority of OCAT's governing body consists of City officials and the City Council approves debt issuances, approves the terms of any contract or lease of OCAT's facilities and approves setting any uniform rate or fee.

Oklahoma City Riverfront Redevelopment Authority (OCRRA)

Established to develop, finance, and maintain the property adjacent to the Oklahoma River. The Mayor and three City Council members serve with five other Trustees appointed by the Mayor and approved by the Council. The City Manager is the General Manager. The City Council reviews the OCRRA budget. Land and improvements owned by the City are leased to OCRRA at nominal cost. Assets are managed by an OCRRA appointee. OCRRA is presented as a component unit of the City, because the City appoints all Trustees, has the ability to remove members, and may over-rule or modify OCRRA's decisions.

Oklahoma City Industrial and Cultural Facilities Trust (OCICF)

Established to promote the development of industrial, manufacturing, cultural, and educational activities both inside and outside the corporate City limits. The five Trustees are appointed by the Mayor and confirmed by the City Council. OCICF is a component unit of the City because the City appoints all the Trustees and the City Council approves all debt issuances.

Oklahoma City Water Utilities Trust (OCWUT)

OCWUT presents the blended operations of the Oklahoma City Water Utilities Trust and the McGee Creek Authority (MCA).

Oklahoma City Water Utilities Trust:

Established to finance projects and development for the City's water and wastewater utilities, as well as the solid waste disposal contracting. The City Manager, the Mayor, and one City Council member serve as Trustees of the Trust along with two Mayor and City Council appointees. Assets financed by the Oklahoma City Water Utilities Trust are managed by City employees who provide services to citizens. The Oklahoma City Water Utilities Trust is a component unit of the City because the Oklahoma City Water Utility Trust's governing body consists of City officials or their appointees and the City approves debt issuances and water utility rates are set by City Council through City ordinance.

MCA:

Established to finance the purchase of water storage rights at the McGee Creek Reservoir for the benefit of the Oklahoma City Water Utilities Trust. The beneficiaries of MCA are the City, City of Atoka, Oklahoma, and Atoka County, Oklahoma. The MCA Trustees are the Mayors/Chairpersons of the respective beneficiaries, the Chairperson of the Oklahoma City Water Utilities Trust, and the Chairman of the Southern Oklahoma Development Trust. MCA meets the criteria of a blended component unit of the Oklahoma City Water Utilities Trust because the Oklahoma City Water Utilities Trust is expected to fund the debt service requirements of MCA due to an agreement of support between the Oklahoma City Water Utilities Trust and MCA dated October 11, 1979.

Port Authority

Established by City ordinance to administer the foreign trade zone on behalf of metropolitan Oklahoma City. The five citizens who govern the Port Authority are appointed by the Mayor with the advice and consent of the City Council. The Port Authority is a component unit of the City because the City appoints all Trustees and has the ability to abolish the Port Authority. Port Authority operations are managed by City employees.

COTPA

Established to finance, develop, and operate public transportation and parking systems. The Mayor, City Manager, City Finance Director, and five Mayor-selected and City Council-approved appointees are Trustees. COTPA is a component unit of the City because the City appoints six of the Trustees, the other Trustees are employees of the City, and the City Council approves the budget and provides regular operating subsidies. COTPA employees provide services to citizens.

Oklahoma City Redevelopment Authority (OCRA)

Established to conserve, develop, and redevelop the central business district. The seven Trustees are nominated by the City's Mayor and approved by the City Council. OCRA is designated to receive tax apportionment revenues for certain tax increment districts of the City. OCRA is presented as a component unit of the City because the City appoints all Trustees and may over-rule or modify OCRA's decisions.

Oklahoma City Economic Development Trust (OCEDT)

Established to finance economic development within or near the City by providing loans, grants, and other incentives in furtherance of job creation and private investment in the community. The Mayor nominates and City Council confirms the appointment of five Trustees. OCEDT is designated to receive tax apportionment revenues for certain tax increment districts of the City. OCEDT is a component unit of the City because the City appoints all Trustees, the City must approve all debt issuances, and OCEDT is fiscally dependent on the City for tax apportionment revenues pledged to repay bonded debt.

**Fiduciary Component Units (reported in fiduciary financial statements)**

Oklahoma City Employee's Retirement System (OCERS)

Established to provide retirement benefits and disability allowances for substantially all full-time, civilian employees of the City and public trusts included in the City's reporting entity. Assets are held separately from the City and may be used only for the payment of benefits to the members. The OCERS Board of Trustees serves as the governing body and is comprised of thirteen members. The City Council appoints two City employees from the various City departments. The City Council also appoints three members who have demonstrated professional experience relating to pension fund investment and management practices. The City Clerk serves as an ex-officio member (non-voting) and acts as the Clerk and Secretary of the Board. The City Auditor and Finance Director are members by position. Three members are elected by ballot of active City employees. One member is elected by ballot of retired City employees. The City Treasurer serves as an ex-officio member (non-voting) and acts as the Treasurer of the OCERS.

COTPA Retirement

Established to provide retirement benefits to employees of COTPA. The COTPA Pension Plan Committee serves as the governing body and is comprised of the City's Transportation and Parking Department Director who is also the COTPA Administrator, City Finance Director, City Treasurer, President of the Amalgamated Transit Union - Local 993, one COTPA retiree, COTPA Human Resources Manager, and two retirement plan participants appointed by the President of the Amela Transit Union - Local 993, and approved by the COTPA Trustees. COTPA Retirement is a fiduciary fund of the discretely presented component unit COTPA.

Oklahoma City Post-Employment Benefits Trust (OCPEBT)

Established to provide post-employment benefits, other than pensions, for substantially all full-time, civilian employees of the City and public trusts included in the City's reporting entity. Assets are held separately from the City and may be used only for the payment of benefits for the members. The OCPEBT Board of Trustees serves as the governing body and is comprised of five members. Two members are appointed by the Council from retired membership. The City Clerk serves as an ex-officio member (non-voting) and acts as the Clerk and Secretary of the Board. The Finance Director, Assistant City Manager, and Personnel Director are members by position. The City Treasurer serves as an ex-officio member (non-voting) and acts as the Treasurer of the OCPEBT.

***Related Organizations***

Related organizations are excluded from the financial reporting entity because the City's accountability does not extend beyond making appointments. Audited financial statements are available from the respective organizations.

**Lake Atoka Reservation Association (LARA)**

Created to administer the Atoka Reservoir and its facilities. The managing board consists of the Mayors of Oklahoma City and Atoka, City Manager of Oklahoma City, Chairman of the Board of Trustees of OCWUT, one member appointed by the governing body of Oklahoma City, and three citizens of Atoka County appointed by the Atoka County governing body. The Association reports independently. The report can be obtained at 420 W. Main, Suite 500, Oklahoma City, Oklahoma 73102.

**Oklahoma City Urban Renewal Authority (OCURA)**

Created to administer community development activities approved by the U.S. Department of Housing and Urban Development including projects jointly undertaken with the City. The five citizens who serve as the governing board are appointed by the Mayor and confirmed by the City Council. The City Council has no significant influence over the management, budget, or policies of the OCURA. OCURA reports independently. The report can be obtained at 105 N. Hudson Avenue, Suite 101, Oklahoma City, Oklahoma 73102.

**Oklahoma City Housing Authority (OCHA)**

Created to administer Federal funding and other financing for improvement of housing conditions in the City. The five citizens who serve as the governing board are appointed by the Mayor and approved by the City Council. The City has no significant influence over the management, budget, or policies of OCHA. OCHA reports independently. The report can be obtained at 1700 Northeast 4th, Oklahoma City, Oklahoma 73117.

**Oklahoma County Utilities Services Authority (OCUSA)**

Created to furnish water services to residents in rural areas of Oklahoma County who are not served by other water systems. Oklahoma County and the City are joint beneficiaries of OCUSA. The City has no significant influence over the OCUSA operations, and no resident within the City's corporate limits is served by OCUSA. OCUSA reports independently. The report can be obtained at 3134 Northwest 23rd Street, Oklahoma City, Oklahoma 73107.

**Oklahoma City Myriad Gardens Foundation (OCMGF)**

Created to serve as conduit for charitable contributions intended to finance a portion of the Myriad Botanical Gardens development. The OCMGF Board of Directors is comprised of nineteen members. Eight are elected by the OCMGF Board. The remainder are selected by various community organizations including the City's Mayor. The OCMGF reports independently. The report can be obtained at 100 Myriad Gardens, Oklahoma City, Oklahoma 73102.

**Civic Center Foundation (CCF)**

Created to advance charitable and educational purposes by providing for the improvement and support of the Civic Center. The CCF Board of Directors is comprised of 29 members. Six are appointed by the Mayor with the remaining directors elected by the CCF Board. The CCF reports independently. The report can be obtained at 1912 North Drexel Boulevard, Oklahoma City, Oklahoma 73107.

**Alliance for Economic Development of Oklahoma City (AEDOC)**

The AEDOC functions as a service provider that performs consolidated economic development functions pursuant to service contracts with various agencies. OCEDT has a service contract with AEDOC to provide consolidated and coordinated economic development services to the City and OCEDT. The agreement is effective July 1, 2016, through June 30, 2021. AEDOC also manages the operations of OCICF and OCRA. The eleven member board includes the City Manager and a City Council representative. AEDOC can be contacted at 105 N. Hudson Avenue, Suite 101, Oklahoma City, OK 73102.

**Oklahoma City/County Health Department (OCCBH)**

The OCCBH was created by City ordinance in accordance with state statutes. OCCBH is comprised of five members appointed by the City Council and four members appointed by the Oklahoma County Commissioners. The OCCBH serves to recommend ordinances, rules and regulations in both the City and Oklahoma County in matters pertaining to the preservation and promotion of public health and to enforce and administer all ordinances, rules and regulations and all state laws pertaining to public health.

**Regional Transportation Authority (RTA)**

The RTA was created as a public trust pursuant to Title 60 of the Oklahoma Statutes, section 176, et seq., on February 20, 2019, by the governing city councils of Oklahoma City, Edmond, Norman, Moore, Midwest City, and Del City hereinafter referred to as the Beneficiaries. The purpose of the RTA is to plan, establish, develop, acquire, construct, purchase, own, install, repair, enlarge, improve, maintain, equip, finance and refinance, operate and regulate public transportation systems and facilities within the boundaries of the regional district of the RTA including but not limited to the purchase, lease, construction, installation, equipping, maintenance, and operation of such buildings and other facilities necessary for the servicing of such public transportation systems and facilities.

## I. B. 2. BASIC FINANCIAL STATEMENTS

### *Government-wide Financial Statements*

The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the City as a whole excluding fiduciary activities such as employee pension plans. The primary government and component units are presented separately within the financial statements with the focus on the primary government. Individual funds are not displayed; however, the statements distinguish governmental activities, generally supported by taxes and City general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees, fines, and forfeitures, and other charges to users of the City's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets and include fees to developers. These revenues are subject to externally imposed restrictions. Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

### *Fund Financial Statements*

Fund financial statements are provided for governmental, proprietary, and fiduciary funds. Major individual governmental and enterprise funds are reported in separate columns with composite columns for non-major funds.

## I. B. 3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

### *Generally Accepted Accounting Principles (U.S. GAAP)*

The financial statements of the City are prepared in accordance with U.S. GAAP. The City applies all relevant GASB pronouncements.

### *Measurement Focus, Basis of Accounting, and Financial Statement Presentation*

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting including the reclassification or elimination of internal activity (between or within funds). However, internal eliminations do not include utility services provided to City departments. Reimbursements are reported as reductions to expenses. Proprietary and fiduciary fund financial statements and financial statements of component units also report using this same focus and basis of accounting although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax revenues are recognized in the year for which they are levied while grants are recognized when grantor eligibility requirements are met.

Pension and OPEB trust funds recognize employer and participant contributions in the period in which contributions are due and the City has made a formal commitment to provide the contributions. Retirement benefits and refunds are recognized when due and payable in accordance with the terms of the plans. The Custodial Fund is custodial in nature and does not measure results of operations.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The City considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported as expenditures in the year due.

Major revenue sources reported in governmental financial statements susceptible to accrual includes sales and use taxes, hotel/motel taxes, property taxes, franchise taxes (fees), intergovernmental revenues, and investment income. In general, other revenues are recognized when cash is received.

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary, continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for sales or services. Principal operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

## **I. C. BUDGET POLICY AND PRACTICE**

### ***Budget Approval***

The City Manager submits an annual budget to the City Council in accordance with the City Charter and the Oklahoma Municipal Budget Act. The budget is presented to the City Council for review, and public hearings are held to address priorities and the allocation of resources. In June, the City Council adopts the annual fiscal year budgets for City funds. The City's financial statement presents budget and actual financial statements for the following funds approved in that budget: General, Debt Service, Emergency Management, Court Administration and Training, Police, Fire, Asset Forfeiture, Zoo, MAPS Operations, Special Purpose, Medical Services Fund and Hotel/Motel Tax Fund.

In addition, the City Council approves budgets for other funds, in part or in whole, not presented in the financial statements including Airports, Special Improvement Districts, Special Assessment Districts, Capital Improvement, Street and Alley, City and Schools Sales Tax, City and Schools Use Tax, Internal Service, Police/Fire Equipment Sales Tax, Police/Fire Equipment Use Tax, MAPS3 Sales Tax, MAPS3 Use Tax, Better Streets/Safer City Sales Tax, Better Streets/Safer City Use Tax, Impact Fee, MAPS4 Program, MAPS4 Use tax, Solid Waste Management, Stormwater Drainage, Transportation, Parking and Utilities Fund. The Grants Management Fund, a major special revenue fund, is budgeted on a project-length basis and is also subject to Council review. Each grant agreement, approved by Council, is the legal budget for the grant. Once approved, the City Council may amend the legally adopted budget when unexpected modifications are required in estimated revenues and appropriations. Public trusts submit budgets and other planning documents to their respective governing bodies.

### ***Basis of Budgeting***

Revenues are budgeted by source. With the exception of grants, expenditures are budgeted by department and class as follows: personal services, other services and charges, supplies, capital outlay, transfers, and debt service. Budget revisions at this level are managed administratively and reported to the City Council. The legal level of control is by department and class within a fund. The legal level of the Grants Management Fund is determined by individual grant award. Expenditures may not exceed appropriations at this level. Within these control levels, management may transfer appropriations without Council approval. Revisions to the budget are made throughout the year.

The budgets for operating fund and proprietary fund operations are prepared on the cash and expenditures/encumbrances basis. Revenues are budgeted in the year receipt is expected, and expenditures are budgeted in the year that the applicable purchase orders are expected to be issued. The Debt Service Fund budget is prepared to provide funding for general obligation debt service when liabilities are due for payment. The budget and actual financial statements are reported on these bases. Unencumbered appropriations for annually budgeted funds lapse at fiscal year-end.

**I. D. POLICIES RELATED TO ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES AND FUND EQUITY**

**I. D. 1. IMPLEMENTATION OF NEW ACCOUNTING STANDARDS**

In 2021, the City implemented the following accounting standards.

The City implemented Governmental Accounting Standards Board (GASB) statement number 84, Fiduciary Activities. The primary purpose of this statement is to improve guidance and financial reporting of fiduciary activities. The requirements of this statement are intended to enhance the consistency and comparability of fiduciary activity to improve the usefulness of this information primarily for assessing government accountability and stewardship as a fiduciary. This implementation required a change in accounting principle. See footnote IV. A. CHANGE IN ACCOUNTING PRINCIPLE for more information.

The City implemented GASB statement number 90, Majority Equity Interests. The primary objectives of this statement are to improve the consistency and comparability of reporting majority equity interest in a legally separate organization and to improve the relevance of financial statement information by providing essential information related to presentation for certain component units. The implementation of this standard did not have a material impact on the City's financial statements.

The City implemented all requirements of GASB statement number 93, Replacement of Interbank Offered Rates with the exception of the removal of the London Interbank Offered Rate (LIBOR) as an appropriate benchmark interest rate, which will be effective for the City in fiscal year 2022. The primary purpose of this statement is to preserve the consistency and comparability of reporting hedging derivative instruments and leases after amending or replacing agreements to replace an Interbank Offered Rate. As a result of global reference rate reform, LIBOR is expected to cease to exist at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates. The implementation of this standard did not have a material impact on the City's financial statements.

The City early adopted GASB statement number 98, The Annual Comprehensive Financial Report. The primary purpose of this statement is to establish the term annual comprehensive financial report and its acronym ACFR. This statement was developed in response to concerns raised by stakeholders that the pronunciation of the acronym for comprehensive annual financial report sounds like a profoundly objectionable racial slur. The City, like the GASB, is committed to promoting inclusiveness. The implementation of this standard did not have a material impact on the City's financial statements.

**I. D. 2. CASH AND INVESTMENTS**

The City Council updated and adopted formal deposit and investment policies in August 2017 (City Investment Policy). These policies apply to all City funds not contained in public trusts. In addition, public trusts including OCPPA, OCMFA, OCEDT, COTPA, OCZT and OCRRA, formally adopted the City Investment Policy. The City Treasurer manages the unrestricted investments of these trusts except for OCZT and COTPA where investments are managed independently.

Where applicable, public trusts are subject to the deposit and investment policy specified in their respective bond indentures for restricted deposits and investments. The OCAT, OCWUT, OCICF, and OCRA have separately adopted investment policies. MCA and Port Authority (no investments) have no adopted deposit and investment policy other than investment restrictions specified in applicable bond indentures and state law.

Pension and OPEB trust funds have investment policies separately approved by their respective oversight boards.

The City maintains and controls four major cash and investment pools. These pools are allocated to the funds of the City, OCPPA, OCMFA, and OCEDT. Fund pooled cash, investments, interest, and unrealized gain or loss are allocated based on the fund's position in the pool and are reported either as pooled cash or investments. In addition, non-pooled cash and investments, some of which are restricted assets, are separately held.

Investments are reported at fair value and determined using selected bases. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Cash deposits are reported at carrying amount which reasonably estimates fair value.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

Accounting guidance establishes a consistent framework for measuring fair value and establishes a fair value hierarchy based on the observability of inputs used to measure fair value. These different levels of valuation hierarchy are described as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Quoted prices for similar assets or liabilities in active markets or inputs other than quoted prices that are observable.

Level 3 - Significant unobservable prices or inputs.

An investment's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

### **I. D. 3. RECEIVABLES AND UNCOLLECTIBLE AMOUNTS**

#### ***Property Taxes Receivable and Property Tax Calendar***

Property taxes are collected and remitted to the City by four county governments. Taxes levied annually on November 1 are due one-half by December 31 and one-half by March 31. Major tax payments are received December through April. Lien dates for real property are in June and October, respectively. In the governmental fund financial statements, property taxes receivable are recorded in the Debt Service Fund fifteen days (taxpayer protest period) after the debt service budget is approved by the Oklahoma County Excise Board.

In the government-wide financial statements, property taxes receivable and related revenue include all amounts due the City regardless of when cash is received. Over time, substantially all property taxes are collected.

#### ***Other Significant Receivables***

Significant receivables include sales and use tax receivable, amounts due from customers primarily for utility services and use, or rental agreements for the City's airports' facilities. These receivables are due within one year. Certain enterprise funds and similar component units report accounts receivable net of an allowance for uncollectible accounts and revenues net of uncollectable. The allowance amount is estimated using accounts receivable past due more than 60 to 90 days, depending on the fund.

**I. D. 4. INVENTORIES AND PREPAIDS**

Both inventories and prepaids are similarly reported in government-wide and fund financial statements.

*Inventories*

Inventories in governmental funds consist of expendable supplies held for consumption, stated on either a first-in, first-out or weighted average basis. They are reported on the consumption basis at cost and recorded as an expense at the time individual inventory items are used. Proprietary fund and similar component unit inventories are recorded at cost on either a first-in, first-out, or weighted average basis.

	<b>Primary Government</b>	
	<u>Method</u>	<u>Description</u>

*(continued)*

**I. D. 4. INVENTORIES AND PREPAIDS *(continued)***

***Prepays***

Prepays are payments to vendors that benefit future reporting periods and are reported on the consumption basis. Non-current prepays benefit periods beyond the following 12 month period. Payments to vendors that are less than \$5,000 are considered de minimus and are reported with expenses/expenditures in the year of payment.

**I. D. 5. RESTRICTED ASSETS**

Restricted assets include assets legally restricted for capital projects funded through long-term debt, debt service reserves, facility charges, and federal, state, and private grants. Restricted assets and liabilities current in nature are reported with current assets and current liabilities in the financial statements. Assets restricted for acquisition or construction of non-current assets or assets restricted for liquidation of long-term debt are reported with non-current assets.

It is the City's policy when purchasing goods or services, or servicing debt for which resources have been restricted, to use restricted resources first and then unrestricted resources as needed. Restricted assets and liabilities payable from restricted assets current in nature are reported with current assets and current liabilities in the financial statements.

**I. D. 6. INTERFUND BALANCES**

Generally, outstanding balances between funds reported as due to/from other funds include outstanding charges by one fund to another for services or goods, subsidy commitments outstanding at year-end, or other miscellaneous receivables/payables between funds. Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year are described as advances to/from other funds.

All activity between governmental and business-type activities are eliminated and any residual balances outstanding between the activities are reported in the government-wide financial statements as internal balances.

**I. D. 7. CAPITALIZED INTEREST**

Interest costs are capitalized when incurred by enterprise funds and similar component units on debt where proceeds were used to finance the construction of assets. Interest earned on proceeds of tax-exempt borrowing arrangements restricted to the acquisition of qualifying assets is offset against interest costs in determining the amount to be capitalized.

**I. D. 8. CAPITAL ASSETS, DEPRECIATION, AND AMORTIZATION**

The City's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost and reported in the government-wide financial statements. Proprietary and component unit capital assets are also reported in their respective fund and combining component units' financial statements. Donated capital assets, donated works of art and similar items and capital assets received as part of a service concession arrangement are reported at acquisition value. All other donated assets are valued at donor's acquisition cost which approximates fair value on the date donated. The City generally capitalizes assets with a cost of \$50 thousand or more as purchase and construction outlays occur. Exceptions include, grants assets are capitalized at a cost of \$5 thousand, Utilities assets which include OCWUT and OCMCA are capitalized at a cost of \$10 thousand, and Airport assets are capitalized at a cost of \$50 thousand. Golf carts are an additional exception used for golf operations and are capitalized.

The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets, including those of component units, are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

	<u>Useful life</u>
Buildings	10 - 50
Infrastructure and improvements other than buildings	10 - 50
Mobile equipment, furniture, machinery, and equipment	5 - 20

Costs incurred during construction of long-lived assets are recorded as construction in progress and are not depreciated until placed in service. The City capitalizes interest as a component of capital assets constructed for its own use.

#### **I. D. 9. DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES**

In addition to assets and liabilities, the statement of financial position and the governmental fund balance sheet may report separate sections of deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period which will not be recognized as an outflow of resources until that time. Deferred inflows of resources represent an acquisition of net position that applies to a future period which will not be recognized as an inflow of resources until that time.

#### **I. D. 10. BOND DISCOUNTS/PREMIUMS**

In the government-wide, proprietary, and component unit financial statements, outstanding debt is reported as liabilities. Bond discounts or premiums are capitalized and amortized over the terms of the respective bonds using a method that approximates the effective interest method. The governmental fund financial statements recognize the proceeds of debt and premiums as other financing sources of the current period.

#### **I. D. 11. COMPENSATED ABSENCES**

Full-time, permanent employees are granted vacation benefits in varying amounts to specified maximums depending on tenure with the City. Sick leave accrues to full-time, permanent employees to specified maximums. Generally, after one year of service, employees are entitled to a percentage of their sick leave balance and all accrued vacation leave upon termination. Selected management employees are entitled to all accrued sick and vacation leave balances at termination. The estimated liabilities include required salary-related payments. Compensated absences are reported as accrued current and non-current liabilities in the government-wide, proprietary, fiduciary, and component unit financial statements. Governmental funds report only matured compensated absences payable to currently terminating employees.

#### **I. D. 12. TAX INCREMENTAL FINANCING (TIF)**

The City uses TIF to obtain financing using future gains in taxes to finance current improvements which will create the conditions for those future gains. When a development project is carried out, the increase in the value of surrounding real estate, and perhaps new investment, generates increased property and sales tax revenues dedicated to finance the debt issued to pay for the project. The City uses TIF to stimulate economic development. The OCEDT, OCPPA, and OCRA have TIFs in place.

### **I. D. 13. FUND EQUITY**

#### ***Fund Balance***

##### **Non-Spendable Fund Balance**

Fund balance reported as non-spendable includes amounts that cannot be spent because it is not in spendable form or is not expected to be converted to cash including inventories, prepaid expenses, and advance fundings. In addition, non-current assets which will eventually be converted to cash are reported where unassigned fund balance would otherwise be reported.

##### **Restricted Fund Balance**

Restricted fund balance includes amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors, or amounts constrained due to constitutional provisions or enabling legislation including City ordinances approved by a vote of the citizens.

##### **Committed Fund Balance**

Committed fund balance includes amounts that are constrained for specific purposes that are internally imposed by a vote of the Board of Trustees for trusts or codified through an ordinance for City funds. Commitments of fund balance do not lapse at year-end.

##### **Assigned Fund Balance**

Assigned fund balance includes amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by formal action of the City Finance Director for trusts and authorities or through City Council resolution for City funds.

##### **Unassigned Fund Balance**

Unassigned fund balance includes positive fund balance within the General Fund and negative fund balances in other governmental funds.

The City maintains self balancing books of account for each detail fund balance designation, therefore negative balances at the individual level of accounting are used to reclassify negative balances of other fund balance classifications.

##### **Fund Balance Usage**

The City uses restricted amounts first when both restricted and unrestricted fund balance is available unless there are legal documents or contracts that prohibit doing this, such as grant agreements requiring dollar for dollar spending. Additionally, the City uses committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

##### **Minimum Fund Balances**

City Council has adopted a minimum fund balance policy for the General Fund requiring unbudgeted reserves of 8-15%. In addition, the Council has set target levels of unbudgeted reserves of 5-10% for other City funds.

##### ***Net Position***

Net investment in capital assets and legally restricted amounts are separated from unrestricted net position.

**Net Investment in Capital Assets**

The amount reported is calculated as total capital assets less accumulated depreciation and outstanding debt used to purchase the assets net of unspent portions. Unspent portions of debt, along with any amounts used to fund debt reserves, are included with restricted net position.

**Restricted Net Position**

Amounts reported as restricted for debt service include those amounts held in restricted accounts as required by the debt instrument. Restricted amounts held to pay bond interest are reduced by accrued interest payable. Net position restricted for capital projects includes unspent debt proceeds legally restricted for capital outlays. Restricted net position also includes purpose restrictions from enabling legislation and other external sources.

**I. D. 14. USE OF ESTIMATES**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

**I. E. POLICIES RELATED TO REVENUES AND EXPENSES/EXPENDITURES**

**I. E. 1. MAJOR REVENUES**

*Program Revenues*

**Charges for Services**

Program revenues reported with governmental activities include charges for services like permits and fees, parks charges, and fines and forfeitures. Business-type activity charges for services includes all operating income of proprietary funds.

**Grants and Contributions**

Governmental grants and contributions primarily consists of grants from Federal and state agencies. The nature of the grant determines if it is reported as operating or capital program revenues.

Business-type activities grants and contributions include restricted investment income, donations from others, as well as grants from Federal and state agencies.

*General Revenues*

General revenues reported with governmental activities include tax revenues. Both governmental and business-type activities report unrestricted investment income as general revenues.

**I. E. 2. TRANSFERRED INVESTMENT INCOME**

Investment income, which includes changes in the fair value of investments, associated with the Custodial Fund is administratively assigned and transferred to the General Fund. Investment income related to immaterial residual balances in certain other funds is assigned and transferred to the General Fund.

**I. E. 3. ALLOCATION OF INDIRECT EXPENSES**

The City allocates indirect expenses primarily comprised of central governmental services to operating functions and programs benefiting from those services. Central services include overall City management, centralized budgetary formulation and oversight, accounting, financial reporting, payroll, procurement contracting and oversight, investing and cash management, personnel services, and other central administrative services. Allocations are charged to programs based on use of central services determined by various allocation methodologies. These charges are separately reported in the statement of activities. As a matter of policy, certain functions that use significant central services are not charged for the use of these services. Component unit charges paid directly to the General Fund and fiduciary fund charges are not allocated.

**I. F. RETAINAGES**

It is the policy of the City to retain a percentage of construction contracts until a completed project has been accepted. A contractor may request to opt out or withdraw any part, or the whole, of the amount retained for construction contracts upon deposit with, or delivery to, the City securities limited to: (1) U.S. Treasury Bonds, U.S. Treasury Notes, U.S. Treasury Bills; (2) general obligations of the State of Oklahoma; or (3) certificates of deposit from a state or national bank having its principal office in the State of Oklahoma (In Lieu Securities). No retained amount shall be withdrawn which would represent an amount in excess of the market value of the In Lieu Securities at the time of the deposit or of the par value of such securities, whichever is lower. The City holds the In Lieu Securities and retains the risk of incurring costs related to a contractor's failure to perform. However, in the event of non-performance, the City calls the In Lieu Securities and utilizes the proceeds to cover any costs incurred. The City does not record the effect of holding the In Lieu Securities.

**I. G. PENSION AND POST-EMPLOYMENT PLANS**

***Pension Plans***

The City provides two single-employer, defined benefit, public retirement systems, OCERS and COTPA Retirement, and two statewide, cost-sharing, multiple-employer defined benefit plans, Oklahoma Police Pension and Retirement System (Police Pension) and Oklahoma Firefighters Pension and Retirement System (Firefighters Pension).

In addition, the City provides two defined contribution single employer plans to City Council and management personnel, one defined contribution single-employer plan to COTPA administrative employees, and a deferred compensation, defined contribution plan for MCA employees.

***Post-Employment Plans***

The City provides other post-employment benefits (OPEB) to employees in two single-employer defined benefit OPEB plans through OPEBT.

II. ASSETS AND DEFERRED OUTFLOWS OF RESOURCES

II. A. ASSETS

II. A. 1. DEPOSITS AND INVESTMENTS

*Pooled and Non-pooled Cash*

	Primary Government		Total	Component Units
	<i>Governmental Activities</i>	<i>Business-Type Activities</i>		
Pooled cash	\$428	\$96	\$524	\$124
Non-pooled cash	<u>18,312</u>	<u>29,555</u>	<u>47,867</u>	<u>40,571</u>
	<b><u>\$18,740</u></b>	<b><u>\$29,651</u></b>	<b><u>\$48,391</u></b>	<b><u>\$40,695</u></b>

*Deposits*

Custodial credit risk for deposits is the risk that in the event of a bank failure, the City’s deposits may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. Investment Policies require deposits to be 110% secured by collateral valued at market under the City’s Investment Policy and market or par, whichever is lower under the OCAT and OCWUT Investment Policies, less the amount covered by Federal deposit insurance. Under the OCWUT Investment Policy, repurchase agreements are required to be collateralized at 102%. Deposited funds may be invested in certificates of deposit in institutions with an established record of fiscal health. Under the City’s Investment Policy, this is determined by the bank’s institutional rating on the performance evaluations conducted pursuant to the Federal Community Reinvestment Act, 12 United States Code, Section 2901. This is determined by independent rating agencies of C minus or above under the Trust and OCAT Investment Policies and B or above under the OCWUT Policy. Collateral agreements must be approved prior to deposit of funds as provided by law. The City Council approves and designates a list of authorized depository institutions by resolution based on evaluation by the City Treasurer of the institutions’ financial strength in accordance with the investment policy. Many bond indentures require deposits to be maintained by trustee banks specified in the indentures.

Custodial credit risk for deposits is not formally addressed by bond indentures or pension trust policy. Indentures require that restricted deposits be maintained by the trustee bank specified in the indenture. Pension trust investment policies restrict uninvested cash to minimal balances generally covered by the Federal deposit insurance. The OCPEBT investment policy does not formally address custodial credit risk for deposits, however, true cash deposits are minimal and are required to be collateralized at 110% for any deposits in excess of Federal deposit insurance. Deposits of the City’s reporting entity are insured or collateralized with securities held by the City, its agent, or by the pledging financial institution’s trust department or agent in the name of the City or applicable public trust. However, a balance of \$14.029 million is held by OCPPA that is not collateralized and exceeds the Federal deposit insurance.

NOTES TO FINANCIAL STATEMENTS  
June 30, 2021

CITY OF OKLAHOMA CITY, OKLAHOMA

*Investments*

The City invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the City's financial position.

*Fair Value Measurement*

The following is a description of the valuation methodologies used for assets measured at fair value in the tables above. There have been no changes in the methodologies used at June 30, 2021, from the prior year.

An investment's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Money market funds are reported at cost which approximates fair value, are traded on active markets at quoted prices, and are valued at level 1. The City's guaranteed investment contract securities are valued at cost. They are considered nonparticipating contracts with redemption terms that do not consider market rates and therefore do not report a fair value measurement.

Federal obligations consist of Federal Agricultural Mortgage Corporation, Federal Farm Credit Bank, Federal Home Loan Bank, Federal Home Loan Mortgage Corporation (Freddie Mac), and Federal National Mortgage Association (Fannie Mae) notes. Government securities include U.S. Treasury obligations consisting of U.S. Treasury strips, U.S. Treasury bonds, U.S. treasury TIPS, and federal agency notes, Government National Mortgage Associations notes, and Small Business Administration loans. These securities are valued at level 2 using pricing models that maximize the use of observable inputs for similar securities.

Commercial paper is priced at amortized cost. Although amortized cost may approximate fair market value, it does not meet the definition of a level 1 asset as it is not a listed price or a broker quote in an active market and therefore, is valued at level 2.

Domestic common stock are valued using prices quoted in active markets for those securities and are classified as level 1.

Corporate obligations consist of domestic and international corporate bonds and are valued using pricing models maximizing the use of observable inputs for similar securities which includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. Corporate bonds are valued at level 2.

Foreign government obligations and asset backed obligations are valued by the use of inputs of quoted prices of similar securities and are valued at level 2.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the City's Pension and OPEB Trust Funds include open-end mutual funds and are required to publish their daily value and to transact at that price. The mutual funds held by the City's Pension and OPEB Trust Funds are deemed to be actively traded. Investments in various mutual funds include equity funds, bond funds, and outside common trust funds. Mutual funds are valued at level 1, 2, or NAV depending on the type.

OCERS invests in commingled funds and limited partnerships which are valued at net asset value (NAV). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund and other various methods are used to value these securities. The investment objectives are described in the tables and paragraphs in greater detail below.

Commingled Funds

SSGA S&P Flagship Fund Non-Lending (U.S. Large Cap Core):

The investment objective of the fund is to approximate as closely as practicable, before expenses, the performance of the S&P 500 Index over the long term. The fund invests primarily in long term common stocks. Other investments include government issues, derivatives, and futures contracts.

K2 Mauna Kea Fund Long/Short Equity (Non-Dollar Hedged):

The investment objective of the fund is to achieve superior investment returns with less volatility than the Standard & Poor's 500 Composite Stock Index over a full market cycle by investing in a broadly diversified portfolio of hedge funds, other investment entities, and/or separate accounts, which engage in a variety of investment strategies that include long/short equity, equity market neutral, catalyst driven equity, or other similar hedge fund strategies. If redemption requests are received as of any redemption date for more than 20% of the net asset value of the fund as of such redemption date, the directors may, at their sole discretion; (i) satisfy all of such redemptions, or (ii) reduce all redemption requests pro-rata so that no more than 20% of the net asset value of the fund is redeemed as of such redemption date. The fund was formed on November 6, 2017, and commenced operations on May 1, 2018.

Western Asset Management Core Plus Fixed Income (Emerging Markets Local Debt):

The investment strategy of the fund, under normal market conditions, is to invest all or substantially all of its assets in lower-rated debt and other fixed income securities of non-U.S. issuers. Although the fund may invest in any country, it generally expects to invest a significant portion of its assets in the non-U.S. dollar denominated sovereign debt issued by emerging market countries, and in fixed income securities of other issuers (including corporate issuers) located in such countries, and supranational issuers that issue fixed income securities in the currency of such countries. The objective of the fund is to maximize total return, consistent with prudent investment management. The fund reserves the right to implement a redemption notice period. A notice period is currently not in place. The fund was incepted on May 30, 2006, and a termination date has not been determined.

**Western Asset Management Core Plus Fixed Income (Floating Rate High Income):**

The investment strategy of the fund, under normal market conditions, is to invest at least 80% of its total assets in U.S. dollar denominated loans, loan participations and fixed income securities that are rated below investment grade at the time of purchase by one or more nationally recognized statistical organizations or are of a comparable quality as determined by the investment manager. The objective of the fund is to maximize total return. The fund reserves the right to implement a redemption notice period. A notice period is currently not in place. The fund was incepted on August 12, 2003, and a termination date has not been determined.

**Western Asset Management Core Plus Fixed Income (Opportunistic US\$ High Yield Securities):**

The investment strategy of the fund, under normal market conditions, is to invest at least 90% of its total assets in U.S. dollar denominated debt or fixed income securities that are rated below investment grade at the time of purchase by one or more nationally recognized statistical organizations or are of comparable quality as determined by the investment manager. The objective of the fund is to maximize total return. The fund reserves the right to implement a 15 day redemption notice period. A notice period is currently not in place. The fund was incepted on September 15, 1999, and a termination date has not been determined.

**SSGA Bond Market Non-Lending Fund (Core Fixed Income):**

The investment objective of the fund is to approximate as closely as practicable, before expenses, the performance of the Barclays U.S. Aggregate Bond Index over the long term. The fund attempts to achieve its investment objective by investing in other collective investment funds, each an underlying fund, managed by the trustee, which have characteristics consistent with the fund's overall investment objective.

**PAAMCO (Absolute Return):**

PAAMCO consists of Pacific Hedged Strategies, LLC, which on June 1, 2004, transferred substantially all of its investment holdings to the Pacific Atlantic Master Fund, L.P. (Master Fund) in exchange for an ownership percentage in that fund. A related party, Pacific Alternative Asset Management Company, LLC serves as the investment manager of the company and the Master Fund. The objective, through its investment in the Master Fund, is to seek capital appreciation with an attractive risk-adjusted rate of return over a complete market cycle. In pursuit of the objective, the Master Fund may allocate substantially all of its assets across a variety of private investment vehicles (hedge funds), generally with fixed income and equity orientations, covering many different investment styles. Pacific Hedged Strategies, LLC was incepted April 25, 2000, and commenced operations on November 1, 2011. A termination date of the fund has not been established.

**Brandywine (Global Opportunistic Fixed Income):**

The investment objective of the fund is to achieve interest income and long-term capital appreciation by investing in U.S. fixed income instruments and non-U.S. developed and emerging markets sovereign debt securities. The fund concentrates its investments in bonds of countries having the best value in the form of high real interest rates. The Brandywine Global Investment Management Trust was organized on May 1, 2006, with an agreement permitting the investment advisor to create multiple funds. The fund is currently one of eight active funds in the investment trust. The trust will continue until May 1, 2056, unless sooner terminated upon the occurrence of any of the following: (1) resignation or removal of the trustee when no successor trustee is appointed, (2) termination of all the funds of the trust.

**Prime Property Fund (Core Real Estate):**

The fund is a core commingled real estate investment fund. The fund invests in high quality, well leased office, retail, multifamily, industrial, self storage and hotel properties strategically located in major real estate markets through the U.S. The fund seeks to achieve an aggregate long term annual return on investment equity of 8-10% with the majority of the return being realized from income, with modest appreciation, and using leverage when appropriate. Morgan Stanley Real Estate Advisor, Inc. serves as the sponsor and advisor of the fund. Redemptions are subject to available cash.

**Foreign Investments**

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. In 2021 the OCERS does not have any individual investments held in a foreign currency.

**Securities Held by Others**

For investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities in the possession of an outside party. City policy provides that investment collateral is held by a third party custodian with whom the City has a current custodial agreement in the City's name or be held in the name of both parties by the Federal Reserve Bank servicing Oklahoma.

**Investment Policies**

Investment policies for the City's reporting entity are maintained by the City Treasurer.

City Investment Policy

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Generally, the City's investing activities are managed under the custody of the City Treasurer. Investing is performed in accordance with investment policies adopted by the City Council complying with State Statutes and the City Charter. City funds may be invested in: (1) direct obligations of the U.S. government, its agencies or instrumentalities to the payment of which the full faith and credit of the U.S. government is pledged, or obligations to the payment of which the full faith and credit of the State of Oklahoma is pledged; (2) federal agency or U.S. government-sponsored enterprise obligations, participations, or other instruments, including those insured by or fully guaranteed as principal and interest by federal agencies or U.S. government-sponsored enterprises; (3) collateralized or insured certificates of deposit and other evidences of deposits at banks, savings and loan associations, and credit unions located in Oklahoma when secured by appropriate collateral or fully insured certificates of deposit and other evidences of deposits at banks, savings and loan associations, and credit unions located outside of Oklahoma; (4) repurchase agreements that have underlying collateral of direct obligations or obligations of the U.S. government, its agencies, and instrumentalities; (5) money market funds regulated by the Securities and Exchange Commission which consist of authorized domestic securities with restrictions as specified in state law; (6) savings accounts or certificates of savings and loan associations, banks, and credit unions, to the extent the accounts are fully insured by federal depository insurance; (7) State and Local Government Series (SLGS); (8) City direct debt obligations for which an ad valorem tax may be levied or bonds issued by a public trust of which the City is a beneficiary and judgments rendered against the City by a court of record, provided it is a prudent investment; (9) prime commercial paper with a maturity date less than 180 days which represents less than 10% of the outstanding paper of an issuing corporation.

Under the City Investment Policy, the City may not invest in reverse repurchase agreements, derivative instruments created from, whose value depends on, or is derived from, the value of one or more underlying assets or indices of asset values or is a variable rate instrument. Collateralization is further restricted to permitted investments shown previously as items (1) and (2).

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The City Investment Policy provides that to the extent practicable, investments are matched with anticipated cash flows. Investments are diversified to minimize the risk of loss resulting from overconcentration of assets in a specific maturity period, a single issuer, or an individual class of securities. Unless matched to a specific cash flow, investments are not made in securities maturing more than five years from the date of purchase. Certificates of deposit may not be purchased with maturities greater than 365 days from date of purchase.

Concentration of credit risk is the risk of loss attributed to the magnitude of the City's investment in a single issuer. Cumulatively, portfolios of the City may not be invested in any given financial institution in excess of 5% of such institution's total assets, excluding U.S. government securities and those issued by government sponsored enterprises, SLGS, and City judgments. Additionally, no more than 5% of the total City portfolio may be placed with any single financial institution, excluding U.S. government securities and those issued by government sponsored enterprises, savings, money market funds, SLGS, City judgments and repurchase agreements.

- (2) For investments listed, there is no minimum percentage specified under the policy.
- (3) Includes SLGS.
- (4) For maturities limited to 0-1 year, the minimum percentages allowed under the policy are 5-25%.

The City Investment Policy also allows surplus cash, certificates of deposit, and repurchase agreements to be collateralized with securities with longer maturities if such maturity does not exceed ten years.

OCAT Investment Policy

Trustees for the OCAT adopted a separate investment policy in addition to the investment provisions of bond indentures. This separate policy, not limited to restricted funds subject to indenture requirements, provides that OCAT invest in U.S. government obligations with maturities not to exceed a term of five years or the intended date of use of said funds.

OCWUT Investment Policy

Trustees for the OCWUT adopted a separate investment policy in addition to the investment provisions of bond indentures. OCWUT funds may be invested in: (1) direct obligations of the U.S. government, its agencies or instrumentalities to the payment of which the full faith and credit of the U.S. government is pledged; (2) obligations of Ginnie Mae, Fannie Mae, or Freddie Mac, or any Federal Farm Credit Bank, Federal Land Bank, or Federal Home Loan Bank notes or bonds; (3) collateralized or insured certificates of deposit and other evidences of deposits at banks, savings and loan associations, and credit unions located in the City when secured by appropriate collateral; (4) repurchase agreements that have underlying collateral of obligations of the U.S. government, its agencies, and instrumentalities; and (5) money market funds regulated by the Securities and Exchange Commission which consist of authorized domestic securities with restrictions as specified in state law.

Under the OCWUT Investment Policy, OCWUT may not invest in reverse repurchase agreements, derivative instruments created from, whose value depends on, or is derived from, the value of one or more underlying assets or indices of asset values and/or has no call options prior to OCWUT's desired maturity or is a variable rate instrument. Collateralization is further restricted to permitted investments shown previously as items (1) and (2).

The OCWUT Investment Policy provides that to the extent practicable, investments are matched with anticipated cash flows. Investments are diversified to minimize the risk of loss resulting from overconcentration of assets in a specific maturity period, a single issuer, or an individual class of securities. Unless matched to a specific cash flow, investments are not made in securities maturing more than five years from the date of purchase. Certificates of deposit may not be purchased with maturities greater than 365 days from date of purchase.

Concentration of credit risk is the risk of loss attributed to the magnitude of the OCWUT's investment in a single issuer. Cumulatively, OCWUT's portfolios may not be invested in any given financial institution in excess of 5% of such institution's total assets. Additionally, no more than 5% of the total OCWUT portfolio may be placed with any single financial institution with the exception of repurchase agreements and money market funds. U.S. government securities, SLGS, and City judgments are excluded from these restrictions.

Certificates of deposit	50	3-5 years	90
Money market funds	100		
Savings accounts	100		

- (1) Specifically matched cash flows are excluded.
- (2) For investments listed, there is no minimum percentage specified under the policy.
- (3) Includes SLGS.
- (4) For maturities limited to 0-1 year, the minimum percentages allowed under the policy are 5-25%.

The OCWUT Investment Policy also allows surplus cash, certificates of deposit, and repurchase agreements to be collateralized with securities with longer maturities if such maturity does not exceed ten years. The OCWUT Investment Policy does not address investments of MCA which are subject to bond indenture restrictions.

OCRA Investment Policy

Trustees for OCRA adopted a separate investment policy. The policy provides that funds may be invested in: (1) direct obligations of the U.S. government, its agencies or instrumentalities to the payment of which the full faith and credit of the U.S. government is pledged; (2) bonds or other legally created general obligations of the State of Oklahoma or an agency or political subdivision of the State of Oklahoma; (3) Federal agency or U.S. government sponsored enterprise obligations, participations, or other instruments including those issued by or fully guaranteed as to principal and interest by Federal agencies or U.S. government sponsored enterprises; (4) collateralized or insured certificates of deposit; (5) fully insured savings accounts. No more than 75% of the total funds available to invest may be placed in any one authorized institution. Of the funds invested, up to 100% may be invested with a maturity date of 2 years or less, up to 30% may be invested with a maturity date of 2-3 years, up to 10% may be invested with a maturity date of 3-5 years, and up to 5% may be invested with a maturity date of 5-30 years.

Public Trust Bond Indenture Restrictions

Public trust non-pooled cash and investments are restricted in purpose by the policies incorporated in applicable bond indentures. Credit risk policy generally restricts investing to cash, investments fully insured by the FDIC and U.S. government agencies (obligations not fully guaranteed must meet rating criteria Moody’s AA2 or better, or similarly rated by Standard and Poor’s). These include principal only and interest only strips if held by a third party, certificates of deposit, guaranteed investment contracts, commercial paper, Oklahoma municipal debt, and mutual funds or money market funds invested in obligations of the U.S. government, repurchase agreements comprised of these investment types or investment agreements approved by AmBac. There is some variation among the investments authorized by the respective indentures relating primarily to specified government agencies obligations. Trustee bank departments provide the management of restricted, non-pooled investments. Custodial credit risk for investments is not addressed by bond indentures.

Interest rate risk in public trust bond indentures provide that investments mature in no more than six to sixty months depending on the purpose of the funds and the requirements of the account in which funds are deposited (i.e. construction, reserve, operations and maintenance, etc.). Concentration of credit risk is not addressed.

**Pension Trust Policies**

The City’s two pension trusts, OCERS and COTPA Retirement, investment policies provide for investment manager's who have full discretion of assets allocated to them subject to the overall investment guidelines set out in the policies. In February, 2017, the COTPA Pension Committee approved updates to the COTPA Retirement investment policy. Manager performance is reviewed by a consultant who provides reports to the respective governing boards. Any changes in the investment management firm must be reported as they occur. Overall investment guidelines provide for diversification and allow investment in domestic and international common stocks, fixed income securities, cash equivalents, index funds, collective trust funds, mutual funds, and City judgments (OCERS only).

(1) For the OCERS, fixed income includes cash.

Both plans address custodial credit risk similarly with policy providing for the engagement of a custodian who accepts possession of securities for safekeeping, collects and disburses income, collects principal of sold, matured, or called items; and provides periodic accounting to the respective pension boards. The pension trust funds hold \$662.292 million in common stock or stock funds. Of this amount, \$309.397 million is held by the investment counterparty, not in the name of the pension fund or the City.

COTPA Retirement addresses credit risk and concentration of credit risk with policy that prohibits investment of more than 5% of its assets in the securities of any one issuer with the exception of the U.S. government. Policy further prohibits investment of more than 20% in any one market sector. Fixed income securities must be considered "investment grade" by at least one major rating agency at the time of purchase. Cash equivalents can include U.S. Treasury bills, money market mutual funds, repurchase agreements, certificates of deposit or FDIC insured deposits. Alternative investments shall be restricted to mutual funds and/or exchange traded funds with daily liquidity.

Interest rate risk is addressed by the policy requiring the active fixed income managers to maintain portfolio duration at a minimum of 50% and a maximum of 150% of the Barclay's Capital Aggregate Bond Index (LAGG=100).

OCERS policy provides risk parameters for various portfolio compositions. These address credit risk, concentration of credit risk, interest rate risk, and foreign currency risk applicable to the portfolio. OCERS contractually delegates portfolio management to investment managers based on these prescribed portfolio structures. Domestic equity securities (common stock or equivalent) must be traded on a major U.S. exchange and may include issues convertible to common stocks. International equity securities are non-U.S. issues whose principal markets are outside the U.S. In general, cash may not exceed more than 10% of any equity manager’s portfolio.

Portfolio Parameters

Large Cap Domestic Portfolio:

Investment in equity securities may not exceed 10% of an individual equity, 10% of the market value of the individual portfolio, or 10% of any company's outstanding equity.

Small Cap Portfolio:

Investment in equity securities may not exceed 5% of an individual equity, 10% of the market value of the individual portfolio, or 5% of any company's outstanding equity.

International Portfolio:

Designates that no single stock may exceed 5% of the market value of the individual portfolio or 5% of any company's outstanding equity. Cash assets may be invested in short-term fixed income investments denominated in U.S. dollars or foreign currencies. Fixed income should not exceed 10% of the individual portfolio.

Emerging Markets Portfolio:

Investment policy designates that no single stock may exceed 5% of the market value of the individual portfolio or 5% of any company's outstanding equity. Cash should not exceed 10% of the individual portfolio.

Long Short Equity Portfolio:

This portfolio will be implemented through a fund of funds approach. Equity oriented strategies shall include primarily fundamental long/short equity managers, but may include other primarily equity oriented strategies at the managers discretion.

Private Equity and Venture Capital Portfolio:

Within the Private Equity/Venture Capital investment portfolio, the following securities and/or strategies may be included: Seed, Early, and Late Stage Venture Capital; Small, Mid and Large Market Buyout; Mezzanine Debt; and Distressed Debt. Other strategies that improve the potential risk/reward profile may be included.

Core Fixed Income Portfolio:

Investments may include any amount of U.S. government or U.S. government agencies obligations. Corporate bonds are diversified by industry and may include no more than 5% of any issuer. Mortgages and mortgage-backed securities are permitted. Bonds must have a minimum quality rating of BBB with overall portfolio average credit quality of AA or higher. International bonds may not exceed 20% of an individual portfolio and no more than 5% may be invested in one country. Convertible securities or preferred stock may not exceed 5% of the portfolio. Average option adjusted duration of the portfolio shall approximate the option adjusted duration of the relevant benchmark designated as the Barclay's Capital Aggregate Bond Index.

Core Plus Fixed Income Portfolio:

Investment is structured to include 75-100% domestic securities and 0-25% high yield, emerging market, non-dollar securities which may include below investment grade corporate bonds. Other provisions are similar to the core fixed income portfolio with exceptions for bonds limited to 2% and neither cash nor structured notes, as individual investment types, may exceed 5% of the total portfolio. Derivatives may be used on a limited basis to eliminate undesirable risk. No more than 5% of the portfolio will be invested in original futures margin and option premiums. Swap contracts may be executed with counterparties whose credit rating is A2/A or better. Average option adjusted duration of the portfolio shall approximate the option adjusted duration of the relevant benchmark designated as the Barclay's Capital Aggregate Bond Index, within a band of plus or minus 20%. On an ongoing basis, cash should not exceed 5% of the portfolio.

Global Bonds:

Investment in global bonds will be implemented through a commingled fund. Assets should be managed in style/strategy consistent with the funds objective and constraints. The commingled account gives flexibility to invest in a broad range of fixed income securities including domestic, international, emerging market debt and governmental securities. The manager's performance will be evaluated on an absolute return, relative return, volatility profile, and consistency with stated cycle. The global bond portfolio should outperform the Citigroup World Government Bond Index over a market cycle.

Liquid Absolute Return:

Investments will be implemented through a commingled fund. The liquid absolute return fixed income portfolio has the flexibility to invest in a broad range of fixed income securities, including but not limited to high yield securities, international securities, emerging markets debt and mortgages.

Real Estate Manager:

The manager may invest in real estate and related securities permitted under Oklahoma Law including improved or unimproved real property, mortgages, or collective investment funds (Real Estate Investment Trusts or Real Estate Funds, notes secured by real property, mortgage-backed bonds and pass through securities backed by mortgages). Investments in real estate properties will be broadly diversified by geography, property type, and the number of properties.

Compliance with State Requirements:

The OCERS investment policy is more restrictive than the requirements of Oklahoma law found in Title 60 of the Oklahoma Statutes and the standards of the Oklahoma Uniform Prudent Investor Act. The Prudent Investor Rule defined by Title 60 of Oklahoma Statutes requires public trust investing to consider the purposes, terms, distributions requirements, and other circumstances of the trust, and exercise reasonable care, skill, and caution. Investment decisions must be evaluated not in isolation, but in the context of the trust portfolio as a whole and as a part of the overall investment strategy having risk and return objectives reasonably suited to the trust.

Securities Lending Transactions:

City ordinance and the Board of Trustees permit the OCERS to lend securities with a simultaneous agreement to return collateral for the same securities in the future with agent indemnification in the event of borrower default. Securities lent may consist of both equity and fixed income securities. Collateral may consist of cash or securities issued or guaranteed by the U.S. government or its agencies or letters of credit. The OCERS may use or invest cash collateral at its own risk. However, collateral other than cash may not be pledged, sold, or otherwise transferred without borrower default.

During fiscal year 2021, OCERS had no securities lending amounts invested.

Derivatives:

The OCERS derivative position currently includes interest rate swaps, foreign currency forwards, index swaps, treasury bond futures and swap options. OCERS is exposed to credit risk on hedging derivative instruments that are in asset positions. In the investment policy, derivatives may be used to reduce or eliminate undesirable portfolio risks caused by currency exposure, duration, and yield curve position. Derivatives may not be used to create exposure to an asset class that is not permitted by portfolio guidelines.

The OCERS is permitted to own derivative investments. However, OCERS investment policy restricts derivative investing with investment policy guidelines. Derivative investments comprise less than 0.5% of the OCERS portfolio.

Judgments:

Judgments may be purchased by the City Treasurer for the benefit of the OCERS. The interest rate shall be in conformance with state law, 12 Oklahoma Statute 727.1(I), which currently provides that interest shall be the prime rate, as listed in the first edition of the Wall Street Journal published for each calendar year and as certified to the Administrative Director of the Courts by the Oklahoma State Treasurer on the first regular day following publication in January of each year, plus four percent (4%).

**Other Post-Employment Trust Policies**

The OCPEBT investment policies provide for investment managers who have full discretion of assets allocated to them subject to the overall investment guidelines set out in the policy unless governed by a prospectus. Investment manager performance is reviewed by a consultant who provides reports to the governing board. Overall investment guidelines provide for diversification and allow investment in domestic common stocks, domestic and international fixed income securities, cash equivalents, and domestic and international index funds, collective trust funds, and mutual funds.

OCPEBT's financial consultant will oversee and manage all funds invested in international equities, domestic equities and fixed income. In accordance with the OCPEBT trust indenture, the City Treasurer shall serve as the Treasurer of OCPEBT and shall have such duties and responsibilities as determined by the OCPEBT Trustees and will provide the oversight necessary to carry out the investment policies of OCPEBT. As such, the City Treasurer will manage any cash, cash equivalents and money market funds deemed necessary to accommodate the operational activities of OCPEBT. These assets will be reported separately and segregated from the asset allocation managed by the investment consultant.

Custodial credit risk policy provides for the engagement of a custodian who accepts possession of securities for safekeeping, collects and disburses income, collects principal of sold, matured, or called items, and provides periodic accounting to the Board. The OCPEBT has no investments held by an investment counterparty, not in the name of the OCPEBT.

- (1) Funds held by the OCPEBT Treasurer for cash flow purposes are invested temporarily in money market funds. These funds have not been made available to the investment manager and therefore are not included in actual percentages above. At June 30, 2021, the amount of funds temporarily invested by the OCPEBT Trust Treasurer in money market funds was \$2.674 million.

The OCPEBT policy provides risk parameters for various portfolio compositions. These address credit risk, concentration of credit risk, interest rate risk, and foreign currency risk applicable to the portfolio. The OCPEBT contractually delegates portfolio management to investment managers based on these prescribed portfolio structures. Equity securities (common stock or equivalent) must be traded on a major U.S. exchange and may include issues convertible to common stocks. International fixed income securities purchases are generally limited to issues of at least \$50 million. Investment managers may not invest in more than 7.5% of any one issuer or more than 30% of any one sector of the market. U.S. government securities are excluded from these restrictions.

Portfolio Parameters

Common Stocks (Domestic and International):

Investments are limited to stocks with both the perceived ability of the company to appreciate and achieve future growth in earnings and current dividend return.

Core Fixed Income Securities:

High yield fixed income securities average credit quality of the fund's holdings must be below investment grade, with an average maturity between 75% and 125% of the maturity of the Merrill Lynch High Yield Index.

Fixed Income Securities:

High yield fixed income securities average credit quality of the fund's holdings must be below investment grade, with an average maturity between 75% and 125% of the maturity of the Merrill Lynch High Yield Index.

Cash Equivalents:

Cash equivalents are limited to A1, P1 rated commercial paper, obligations of the U.S. government or its agencies maturing in one year or less, and broker or bank repurchase agreements collateralized by U.S. government or its agency assets. Money market mutual funds and bank short-term investment funds invested as listed above are also acceptable.

Domestic Index and Mutual Funds:

Index and mutual funds are limited to investment company shares, collective trust fund of banks or trust companies, and insurance company separate accounts and must have at least a three year history, \$50 million in assets under management, and the same investment philosophy and strategy for the previous three years. The domestic index funds must strive to replicate the return of Standard and Poor's 500 Stock Index or Barclays Capital Aggregate Bond Index, or another index, as deemed to be appropriate.

International Index and Mutual Funds:

Index and mutual funds are limited to investment company shares, collective trust fund of banks or trust companies, and insurance company separate accounts, and must have at least a three year history, \$50 million in assets under management, and the same investment philosophy and strategy for the previous three years. The international index funds must strive to replicate the return of the Morgan Stanley Capital International Europe Australia and Far East Index (MSCI/EAFE).

Active Duration Fixed Income

Active duration fixed income managers will have full discretion within the guidelines to invest in fixed income and related securities. Any of the following fixed income securities or their options, individually or in commingled vehicles, subject to credit, diversification and marketability guidelines below, may be held outright and under resale agreement: Obligations issued or guaranteed by the U.S. government, federal agencies or U.S. government sponsored corporations and agencies backed by the full faith and credit of the U.S. government, including Treasury inflation-indexed securities (TIPS) and GNMA's. The manager shall have no maturity or duration constraints.

Judgments:

Judgments may be purchased by the City Treasurer for the benefit of the OCPEBT. The interest rate shall be in conformance with state law, 12 Oklahoma Statute 727.1(I), which currently provides that interest shall be the prime rate, as listed in the first edition of the Wall Street Journal published for each calendar year and as certified to the Administrative Director of the Courts by the Oklahoma State Treasurer on the first regular day following publication in January of each year, plus two percent (2%).

**Compliance with State Requirements**

Trust investment policies and bond indentures are more restrictive than the requirements of Oklahoma law found in Title 60 of the Oklahoma Statutes and the standards of the Oklahoma Uniform Prudent Investor Act. These statutes restrict public trust investing to the Prudent Investor Rule defined by Title 60 Oklahoma Statutes to consider the purposes, terms, distribution requirements, and other circumstances of the trust, and to exercise reasonable care, skill, and caution. Investment decisions must be evaluated not in isolation, but in the context of the trust portfolio as a whole and as a part of the overall investment strategy having risk and return objectives reasonably suited to the trust.

**II. A. 2. RECEIVABLES AND UNCOLLECTIBLE AMOUNTS**

**Governmental Taxes and Accounts Receivable**

**Sales and Use Taxes Receivable**

Governmental activities report sales and use taxes receivable of \$91.264 million comprised of amounts received after year-end for current year taxes on sales. Sales and use tax are considered fully collectible.

**Property Taxes Receivable and Property Tax Calendar**

At June 30, 2021, receivables of \$4.767 million represent delinquent and escrowed paid-under-protest taxes. Approximately \$143 thousand of the receivable is comprised of payments to the counties made under protest. If paid under protest and delinquent taxes are not paid within 60 days of year-end, they are recorded as unavailable revenue in governmental funds.

Governmental fund property taxes receivable related to TIF at June 30, 2021, is \$3 thousand reported in the OCPPA General Purpose Fund.

**Accounts Receivable**

Governmental funds report taxes receivable other than sales and property taxes as part of accounts receivable. In addition, governmental funds report court fees, nuisance abatement, and other receivables including naming rights, event sales, special assessments, and oil & gas royalties receivables.

OCPPA General Purpose Fund Advance Funding

OCPPA advances funds to allow the management company to operate for the City's business improvement districts (BID) until payment is received from the business owners for services and improvements. As of June 30, 2021, \$163 thousand was unexpended.

OCEDT Oklahoma County Advance Funding

On January 18, 2013, OCEDT approved the Board of County Commissioners of Oklahoma County Annex Building renovation for \$4 million to be funded from TIF district #8 funds. On December 9, 2013, OCEDT approved a \$2 million advance distribution. As of June 30, 2021, \$192 thousand is unexpended.

*Notes, Service Concession Arrangements and Economic Incentives Receivable*

**Notes Receivable**

Grants Management Fund

Notes Receivable reported in the grants management fund include loans of \$14.985 million made to businesses and individuals for economic development, housing assistance, and revitalization of downtown Oklahoma City. These notes are repaid by the recipient business or future grant monies.

OCMFA

A loan agreement was established between OCMFA and the Civic Center Foundation for the purchase of a sound system for the Civic Center Music Hall. The loan will be repaid with five annual payments at an interest rate of 2.64% with the final payment to be made on June 1, 2023. The principal due at June 30, 2021 is \$2.359 million of which \$507 thousand is reported as a current receivable including accrued interest of \$68 thousand.

OCICF

In July 2015 OCICF sold the Journal Record Building for approximately \$4.400 million through multiple transactions. As part of the sale, OCICF established a note receivable of \$4.255 million from the buyer, which bears interest at rates established in the note agreement and matures in 2045. Future principal payments from the note receivable will be used to pay the principal due on the payable to the City. Interest earned from the note receivable will remain with OCICF and is required to be used for future economic development. The balance at June 30, 2021 is \$4.255 million.

OCRA

Skirvin Hotel:

OCRA loaned \$10.654 million for renovation costs for the Skirvin Hotel. The note bears interest at 3% payable semi-annually in June 1 and December 1. Principal of \$200 thousand is due annually on December 1. At June 30, 2021, \$9.117 million is outstanding.

Oklahoma Health Center Project:

In 2016 OCRA entered into a development financing and subordinated loan agreement for \$5.650 million with Page Woodson Development, LLC. to provide for eligible project costs under the amended Oklahoma Health Center Economic Development Project Plan. The note bears interest of .25% and is payable annually. The note has a term of 35 years. Principal is due on the maturity date and there is no penalty for prepayment in whole or in part. An additional contingent standby loan was approved on February 10, 2016, to Page Woodson Development, LLC. not to exceed \$3.500 million for this project, which would be funded only in the event that certain specific conditions prevent the funding of one of the contemplated private loans. As of June 30, 2021, the total amount outstanding is \$5.650 million.

OCEDT

Steelyard Residential and Commercial Building Project:

During fiscal year 2015, OCEDT provided \$1 million to Bricktown Apartments, LLC in the form of a low-interest, non-forgivable loan to rehabilitate infrastructure that is necessary for the development of the residential and commercial project to make possible investment, development and economic growth in the area, thereby reversing economic stagnation and decline. Interest on the note will accrue at 2.5% and the length of the note will not exceed 10 years. The balance of the funding plan, including capitalized interest, is \$998 thousand at June 30, 2021.

10th Street Parking Garage and Mixed Use Project:

In 2013, a loan agreement for \$1 million was established between OCEDT and Bricktown Midtown HC, LLC to construct a multi-story parking garage on property located at 123 NW 10th Street, Oklahoma City. The project advances the goals and objectives of the Downtown/MAPS Project Plan by developing and redeveloping vacant and unproductive property in the Midtown area. Repayment of the loan began in June 2015. The balance, including capitalized interest, is \$735 thousand at June 30, 2021.

21c Museum Hotel Redevelopment Project:

In 2014, a loan agreement for \$3.300 million was established between OCEDT and 21c Museum Hotels, LLC to aide in the redevelopment and renovation of approximately 150,000 square feet within the area of the Downtown/Maps Project Plan. The result includes a hotel, a museum, and a restaurant to be known as the 21c Museum Hotel Oklahoma City. The \$3.300 million non-forgivable, low-interest loan was drawn in June 2015 with repayment to begin upon completion of the project. The project was completed in 2016. The balance at June 30, 2021, is \$2.323 million.

Century Center Mixed Use Redevelopment Project:

During fiscal year 2016 OCEDT provided \$800 thousand to 100 Main, LLC in the form of a low-interest, non-forgivable loan for renovation of commercial, restaurant, retail and office space to make possible investment, development and economic growth in the area, thereby reversing economic stagnation and decline. The balance is \$528 thousand at June 30, 2021.

First Americans Museum:

On August 17, 2017, the City entered into an agreement with the American Indian Cultural Center and Museum Land Development Company to develop, manage and operate the land adjacent to the Oklahoma River between Interstate 35 and Eastern Avenue into a museum and educational center showcasing the history of American Indian values that are expressed through language, arts, dance, music, literature, crafts and other traditions. The City agreed to sell the land for \$14 million with \$5.500 million of the balance outstanding at June 30, 2021.

**Economic Incentives Receivable**

OCEDT provides assistance in development financing to various developers, in anticipation of generating increased property tax value in TIF district #2. The developer agrees to make a minimum annual property tax payment. The minimum payments, less the base tax, continue until the total, including finance charges, is reached or TIF district #2 expires or terminates.

**Service Concession Arrangement Receivable**

OCZT

Lancer Corporation

On January 5, 2017, OCZT entered into an arrangement with Lancer Hospitality Oklahoma, LLC (Lancer), under which Lancer will operate and collect revenue from food and beverage sales and services, along with room rentals. Lancer is to pay the OCZT a commission based on adjusted gross receipts on retail sales with guaranteed minimum payments of \$700 thousand annually for the first five years and \$750 thousand for years six and seven of arrangement. The OCZT recognized a service concession arrangement receivable for the present value of the minimum guaranteed payments discounted at 4% which will be amortized over the seven years of the agreement.

On February 1, 2018, OKZT entered into a six year arrangement with Lancer, which may be renewed for one additional five-year term by mutual consent. Under the agreement, Lancer will operate and collect revenue for gift store services. Lancer is to pay the OKZT a commission based on adjusted gross receipts for retail sales with Lancer guaranteeing minimum aggregate commission payments based on targets set for retail per capital sales. During 2021, Lancer withdrew from the agreement as the operator for retail services. As such, OKZT no longer recognized guaranteed minimum payments related to the above commissions over the course of the arrangement. OKZT recognized the residual value of the gift shop improvements of \$439 thousand upon Lancer's withdrawal from the retail arrangement as a capital contribution.

The OKZT recognized a service concession arrangement receivable of \$1.562 million, \$736 thousand in capital assets, and a related deferred inflow of resources in the amount of \$2.298 million at June 30, 2021 pursuant to these service concession arrangements.

**II. A. 3. OTHER ASSETS**

*Non-Current Receivables*

**OCAT Intergovernmental Receivables**

OCAT participates in reimbursable agreements with the Federal Aviation Administration. The agreements provide certain architectural and engineering services, as well as, structural maintenance of certain capital assets. OCAT reported non-current intergovernmental receivables related to these agreements of \$12.854 million, reported with other assets as non-current.

**OCWUT Receivable from MCA Participants**

In August 1992 the MCA trust indenture was amended to define the relationship between MCA and its aliquot share participants (Participants). Payment of the aliquot share of the costs affords Participants the right to store and transport water they are permitted to use. The portion of funds paid or transferred to MCA by Participants for aliquot shares are a period cost. Unpaid aliquot share balances from the Participants are cumulative and recorded as a non-current receivable by MCA. Payments to MCA from Participants reduce the amounts receivable from Participants for outstanding aliquot share payments receivable. At June 30, 2021, OCWUT reported \$62.794 million receivable from MCA Participants.

**OCWUT Receivable from Gaillardia Golf Course, LLC**

An agreement between OCWUT and Gaillardia Golf Course, LLC (Gaillardia) to construct, operate and maintain a recycled water system to irrigate the Gaillardia Golf Course was entered into in 1996. Prior to completing the construction, the agreement was amended to a recycled water sales contract and the related asset, valued at \$618 thousand, was donated to the City and OCWUT. A new agreement was entered into in 2008 between Gaillardia and OCWUT to recover the additional costs to OCWUT for constructing ultraviolet and chlorination treatment facilities needed to comply with changes in the environmental regulations. On April 16, 2013, a new agreement between OCWUT and Gaillardia was made for the sale and purchase of recycled water and settled all prior claims for an amount of \$277 thousand. The agreement was made effective January 1, 2013, for financial purposes, and effectively terminated all prior agreements and obligations. At June 30, 2021, the remaining balance payable to OCWUT was \$287 thousand.

**Advanced Funded Costs**

**OCWUT Tinker Air Force Base Advance Funded Costs**

On May 8, 2014, OCWUT contracted with MWH America's, Inc. to provide consulting services for the municipalization of Tinker Air Force Base's water and wastewater utilities. The consulting services were ongoing at June 30, 2021 and the final contract was signed by the Federal Government on September 9, 2020. The balance at June 30, 2021, is \$5.549 million.

**Security Deposit and Debt Reserve**

**COTPA**

COTPA has a \$275 thousand security deposit which is collateral to secure the obligation regarding a \$75 thousand deductible for automobile liability coverage.

**OCRA**

OCRA has a \$300 thousand non-current other asset for debt reserve held by the Presbyterian Health Foundation related to a note payable.

**II. A. 4. EQUITY INTEREST IN JOINT VENTURE**

The Emergency Medical Services Authority (EMSA) provides emergency medical services to participating jurisdictions. The EMSA Board of Trustees is comprised of four Trustees appointed by the Eastern Division (Tulsa area) and four Trustees appointed by the Western Division (Oklahoma City area). EMSA has established capital accounts for each beneficiary jurisdiction. These capital accounts record the economic activity of the jurisdiction and represent an equity interest. The City reports this equity interest in governmental activities in the government-wide financial statements. EMSA issues separate financial statements available at 1417 North Lansing, Tulsa, Oklahoma 74106.

III. A. 2. INTERGOVERNMENTAL PAYABLES

*Payable to the Federal Emergency Management Agency (FEMA)*

The amount payable to FEMA from the Grants Management Fund for advance funded disaster relief projects where costs were less than the amount funded is \$6 thousand.

*Arbitrage Compliance*

Proceeds from tax-exempt bonds issued after September 1, 1986, are subject to the 1986 Tax Reform Act. The City invests, records, and reports these proceeds in the manner set forth by the U.S. Treasury and Internal Revenue Service to maintain the tax-exempt status of the bonds. Arbitrage liabilities of \$28 thousand are reported with component units.

*Payable to ODOT*

The City's payable to ODOT related to the Oklahoma City Boulevard project is \$112 thousand. Periodically, the City enters into agreements with ODOT for cost sharing on projects funded with Federal grants awarded to ODOT. These agreements require the City to fund the match requirement of the grant. The amount payable as of June 30, 2021 is \$1.969 million which is reported in the General Obligation Bond Fund, \$4 thousand is reported in COTPA, and \$112 thousand is reported in OCWUT.

*Advance Funded Costs*

On December 8, 2016, the Federal government enacted the Water Infrastructure Improvements for the Nation Act which required OCWUT, the State of Oklahoma, the Choctaw Nation, and the Chickasaw Nation to contribute a total of \$10 million to establish the Atoka and Sardis Conservation Projects Board and Fund (Conservation Fund). The funding will be used to construct lake improvements and recreation facilities at Atoka and Sardis Lakes. At June 30, 2021, the balance of unspent funding is \$10 million.

**III. A. 3. COMPENSATED ABSENCES**

Compensated absences balances in governmental funds changed from 2020 to 2021 by accruals of \$21.280 million and usages of \$19.849 million. Outstanding balances in governmental funds as of June 30, 2021 consisted of:

	General Fund	Grants Management Fund	Other Governmental Funds	Total
Compensated absences	<u>\$70,061</u>	<u>\$174</u>	<u>\$10,761</u>	<u>\$80,996</u>

**III. A. 4. COMMERCIAL PAPER**

*Commercial Paper*

On January 17, 2006, OCWUT established a commercial paper program of tax-exempt commercial paper notes with letter of credit security. On May 26, 2020 OCWUT approved a resolution authorizing the commercial paper program to an amount not to exceed \$350 million in principal outstanding of tax-exempt commercial paper notes at any one time and not to exceed \$700 million in total aggregate principal amount issued. The commercial paper program provides interim financing for OCWUT’s ongoing capital program. Maturity of commercial paper ranges from 1 to 270 days, depending on market conditions at the time of issue. It is the general practice of OCWUT to extinguish commercial paper through issuance of bonded debt. As of June 30, 2021, the commercial paper balance is \$7 million.

**III. A. 5. NOTES, LEASE OBLIGATIONS, AND ESTIMATED CLAIMS PAYABLE**

*Notes Payable*

**Federal Section 108 Notes Payable**

The City facilitated Section 108 loans, administered by the U.S. Department of Housing and Urban Development (HUD), for economic development projects, and a small business revolving loan fund. These loans are secured by HUD guarantees of future Federal grant allocations for repayment through the Community Development Block Grant (CDBG) program. JP Morgan Chase financed current outstanding Section 108 loans for City projects. This loan bears interest at the three month LIBOR rate plus twenty basis points and matures on August 1, 2025. The loan balance at June 30, 2021, is \$1.675 million and \$1 thousand in accrued interest. This loan activity is reported in the government-wide financial statements.

The City facilitated a Section 108 loan, administered by the U.S. Department of Housing and Urban Development (HUD), for the 21c Museum Hotel. This loan is secured by HUD guarantees of future Federal grant allocations for repayment through the Community Development Block Grant (CDBG) program. This loan bears interest at the three month LIBOR rate plus twenty basis points and matures on August 1, 2034. **OCRA Bio-Pharmaceutical Manufacturing Facility**

On August 31, 2007, OCRA issued a Bio-Pharmaceutical Manufacturing Facility note payable. The amount refinanced was \$6.528 million including \$28 thousand advanced closing costs. The note bears interest at the lesser of prime minus 1% or LIBOR plus 1%. The initial rate, determined using LIBOR plus 1% was 6.32%. The rate changes annually on July 1. The note matures July 1, 2022, and requires interest only to be paid monthly until August 1, 2010, at which time interest and principal payments commenced. As of June 30, 2021, the balance due is \$645 thousand. The interest rate at June 30, 2021, is 1.17%.

**OCRA Dean A. McGee Note Payable**

OCRA issued a \$3 million parity tax apportionment revenue note on August 3, 2007. The note matures on July 1, 2022, and interest on the note is calculated as either the LIBOR rate plus 1% or the prime rate minus 1%, whichever is less, adjusted annually on July 1st of each year. From the issue date to July 1, 2010, only interest is due on the note and commencing August 1, 2010, both interest and principal are due on the note. As of June 30, 2021, the balance of the note is \$297 thousand. The interest rate at June 30, 2021, is 1.17%.

*Termination and Default Events with Finance Related Consequences and Subjective Clauses*

**Federal Section 108 Notes Payable Small Business Revolving Loan Fund**

Upon a default any or all of the actions may take place, funds pledged under the contract may be used to continue to make payments due on the note, make a prepayment or accelerated payment, purchase government obligations, pay any interest due for late payment, pay any other obligation, or pay any reasonable expense incurred as a result of the borrower's default. Also the guarantee may be withheld of any or all obligations not yet guaranteed or the disbursement of any or all grants not yet disbursed under Sections 108. Approval may be withheld of all further advances. The note may also be accelerated and any remedies available by law applicable.

**Federal Section 108 Notes Payable 21c Museum Hotel**

Upon the occurrence of an event of default, the lender may immediately terminate any further advance of loan funds and/or declare the note immediately due and commence collection proceedings and/or foreclose the leasehold mortgage.

**OCEDT Land Purchase Promissory Note**

The note represents a limited obligation of OCEDT and is solely payable by OCEDT without remedy or recourse as to any property owned, possessed, or controlled by OCEDT. This note does not constitute an obligation of the City of Oklahoma City. The note may be repaid in whole or in any part without penalty.

**OCMFA Services P25 Radio System Note Payable**

In the event of default, the Lessor may declare all rental payments payable, may enter the premises and retake equipment or require that it be promptly returned, sell or sublease the equipment with the difference still due, termination of escrow agreement and apply proceeds in the escrow fund to rental payments due, and take whatever action of law necessary to explore its rights. One or all remedies are allowable.

**OCWUT OWRB Notes Payable Revolving Loans**

The outstanding notes payable contain a provision that in the event of default, all payments payable to the end of the agreements become immediately due if OCWUT is unable to make payment.

*Capital Leases*

The City has outstanding capital lease agreements of \$13 thousand. These capital leases were used to finance the acquisition of copiers and office and printing equipment at a cost of \$46 thousand.

*Estimated Claims Payable*

The City's risk management activities reported with governmental activities are recorded in the Risk Management Fund, the OCMFA Services Fund and OCPEBT. The purpose of these funds is to administer employee life, employee health, workers' compensation, unemployment, and disability insurance programs of the City. These funds account for the risk financing activities of the City and certain component units of the City and constitute a transfer of risk from the other City funds and certain component units of the City.

The City funds and certain component units of the City pay a premium for insurance coverage and have no further costs or liabilities. Costs and liabilities for commercial insurance, stop-loss insurance, and claims paid are recorded in the City Risk Management Fund and OCMFA Services Fund. Retiree health insurance claims costs and liabilities are reported in OCPEBT.

Significant losses are covered by commercial insurance for all major programs except one employee health care alternative, which is covered by stop-loss commercial insurance, and workers' compensation, for which the City Risk Management Fund, OCMFA Services Fund, and OCPEBT retain risk of loss. For insured programs, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

Estimated claims liabilities are based on estimates of the ultimate cost of reported claims (including future claim adjustment expenses) and an estimate for claims incurred but not reported based on historical experience. Claims liabilities include specific, incremental claim adjustment expenses, allocated loss adjustment expenses, and are reduced for estimated recoveries on unsettled claims such as salvage or subrogation. The liability at June 30, 2021, is \$47.833 million, including \$1.454 million reported with fiduciary funds.

**Health Insurance Claims Liabilities**

Health insurance claims incurred but not reported for the City's self-insured group indemnity plan (Indemnity Plan) is calculated by a third party using the one day weighted average of annual claims over the weighted average days lag in claims reporting. A copy of the third-party report can be obtained from Human Resources, 420 W. Main, Suite 110, Oklahoma City, OK 73102.

**Worker's Compensation Claims Liabilities**

Worker's compensation claims incurred but not yet paid are calculated by a third-party using the inverse power curve and lognormal probability distribution methods. The City records worker's compensation claims payable at the discounted amount. The undiscounted carrying value at June 30, 2021, is \$37.411 million. Claims are discounted at 1.5% which was \$2.450 million at June 30, 2021. A copy of the third-party report can be obtained from Risk Management, 420 W. Main, Suite 630, Oklahoma City, OK 73102.

**Risk Liabilities**

Reported risk management liabilities constitute estimated insurance damage claims of City funds; are funded through insurance recoveries; and are recorded in the OCMFA Services Fund.

**Tort Claims Liabilities**

Reported judgments (tort liability) are principally funded through property taxes over a three-year period. Taxes collected are recorded in the Debt Service Fund.

**Other Liabilities**

Planned Unit Development

Landfill owner, Waste Connections, established a trust fund with the City to ensure completion of construction of Phase One and Phase Two Planned Unit Development improvements and maintenance of improvements during the 30 year post closure period. As improvements and maintenance are completed, the landfill owner can withdraw funds from the trust and withdraw the remaining balance upon the conclusion of the 30 year maintenance period. A liability has been recorded in the amount of \$989 thousand which includes \$206 thousand of interest earnings.

**Pollution Remediation Obligations**

The City has identified pollution remediation obligations to address the current or potential detrimental effects of existing pollution through pollution remediation activities such as site assessments and cleanups. Pollution prevention and control is not included in the scope of these obligations.

Old Jail Building

In 2013, employees of the City Marshal's Office filed claims with the Oklahoma State Department of Labor for conditions in the old jail building. The building was evacuated of employees and has remained empty since that time. In 2013 the Oklahoma State Department of Labor confirmed reports of mold, water damage and the presence of vermin. At this time the building is not in use and it is not known when the City Council will determine the outcome of the building. Once an outcome is determined, remediation and abatement work will be necessary.

Gold Building

During the cleanup of land purchased for the new MAPS3 Streetcar Project, sources of pollution were discovered. At June 30, 2021, potential future obligations are estimated at \$53 thousand.

*General Obligation Bonds*

**Bond Indentures and Covenants**

General obligation bonds, issued by City for various municipal improvements, are approved by the voters and repaid with property taxes recorded in the Debt Service Fund. These bonds are required to be fully paid within 25 years from the date of issue and are backed by the full faith and credit of the City. The City has no debt outstanding subject to legal debt limitations. The City's borrowing capacity is restrained by maintaining the City's debt at a responsible level. Other debt issued to support governmental activities is repaid as follows: compensated absences are paid from the fund responsible for the employee's compensation with significant liabilities payable from the General Fund; lease obligations are primarily paid from the General Fund; and liabilities payable from internal service funds are indicated by fund in the table summarizing changes in long-term debt.

**Issuances**

General Obligation Bonds, Series 2021

On May 18, 2021, the City issued \$116.600 million in non-taxable general obligation bonds, dated March 1, 2021 with an average interest rate (coupon) of 2.84%. Net proceeds of \$126.822 million included \$116.60 million to fund construction of streets, bridges, traffic control systems, parks and recreational facilities, libraries, transit, central maintenance facilities, and drainage control systems. Total proceeds included \$10.105 million in premium and \$656 thousand in accrued interest. Issuance costs were \$539 thousand. The premium and accrued interest will be used to reduce the ad valorem tax requirements in the year of issuance. The bonds mature on March 1, 2041.

General Obligation Limited Tax Bonds, Series 2021

On May 18, 2021, the City issued \$30 million in limited tax general obligation bonds, dated March 1, 2020 with an average interest rate (coupon) of 2.120%. Net proceeds of \$30.014 million included \$30 million to fund construction of parks and recreational facilities, civic center complex, police facilities and equipment, fire facilities and equipment, \$436 thousand in premium and \$135 thousand in accrued interest. Issuance costs were \$557 thousand. The premium and accrued interest will be used to reduce the ad valorem tax requirements in the year of issuance. The bonds mature on March 1, 2041.

General Obligation Refunding Bonds, Series 2021

On May 18, 2021, the City issued \$19.765 million in limited tax general obligation refunding bonds, dated May 18, 2021 with an average interest rate (coupon) of 4%. Net proceeds of \$22.887 million were used to defease principal and interest for the general obligation bond, series 2010. Total proceeds included \$3.335 million in premium. Issuance costs were \$213 thousand. The bonds mature on March 1, 2031.

***Revenue Bonds***

**Bond Indentures and Covenants**

Revenue bonds outstanding consist of debt issued by the various public trusts. The debt of these trusts does not constitute debt of the City and is payable solely from resources of the trusts. In general, respective facilities and revenues derived from them are pledged for the payment of revenue bond debt service. Debt is issued for the purposes of the fund or component unit responsible for payment.

Bond indentures contain significant requirements for annual debt service and flow of funds through various restricted accounts. The OCPPA Golf Courses bond indenture requires the use of gross revenue, sinking, bond reserve, contingency, and future expansion accounts. The OCPPA Fairgrounds bond indenture requires the use of project, principal, interest, and reserve accounts. The OCPPA Fairgrounds bonds are collateralized by pledged hotel-motel taxes transferred from the City under a security agreement and subject to annual appropriations. The OCZT bonds are collateralized by the sales tax agreement with the City for sales tax designated for the Zoo and the indenture requires maintenance of bond reserve, principal (sinking), and construction accounts.

The bond indentures for the OCAT bonds require project, bond (sinking), and various construction accounts. The general bond indenture and its supplements for Oklahoma City Water Utilities Trust water and wastewater system bonds require the use of revenue, bond, operations and maintenance, reserve, construction, and renewal and replacement accounts. The MCA bond indenture requires the use of bond proceeds, project, revenue, and bond accounts. The COTPA Parking bond indenture requires the use of revenue, bond, operating and maintenance, major maintenance and replacement, reserve, construction, and special use accounts.

**Tax Apportionment Bonds**

**Bond Indentures and Covenants**

Tax apportionment bonds outstanding consist of debt issued by OCEDT. The OCEDT tax apportionment bond indenture requires the use of project, principal, interest, reserve, and apportionment accounts. The reporting entity is in compliance with all significant requirements of the various bond covenants. The debt of this trust does not constitute debt of the City and is payable solely from resources of OCEDT. Property taxes and special assessments are pledged for the payment of bond debt service. Debt is issued for economic development.

Bond indentures contain significant requirements for annual debt service and flow of funds through various restricted accounts. The OCEDT tax apportionment bond indenture requires the use of project, principal, interest, reserve, and apportionment accounts. The reporting entity is in compliance with all significant requirements of the various bond covenants.

***Bond Defeasance***

**General Obligation Bonds, Series 2011**

On May 18, 2021, the City issued \$19.675 million in non-taxable general obligation refunding bonds, with an average interest rate (coupon) of 4.00%. Total proceeds included \$3.335 million in premium. Issuance costs were \$213 thousand. The general obligation bond, series 2011 were called on June 17, 2021. Net proceeds of \$22.887 million were used to defease principal and interest for the general obligation bond, series 2011. As a result, series 2011 in the amount disclosed, are considered to be defeased as of the issuance date and the liability for those bonds removed from the financial statements in the period of the defeasance. By refunding these bonds the City achieved a cash flow savings of approximately \$3.876 million over the next 10 years and an economic gain of approximately \$3.747 million.

**Solid Waste Management System Revenue Refunding and Improvement Bonds, Series 2017A**

**Solid Waste Management System Revenue Bonds, Series 2017B**

On March 17, 2021, OCEAT placed \$12.893 million in an irrevocable escrow account to officially defease the outstanding maturities of its Solid Waste Management System Revenue Refunding and Improvement Bonds Series 2017A and Solid Waste Management System Revenue Bonds, Series 2017B. As a result, series 2017A&B are considered to be defeased and the liability for those bonds removed from the financial statements in the period of the defeasance.

**Water and Sewer System Revenue Refunding Bonds Series 2009A**

On July 1, 2020, OCWUT placed \$6.914 million of the proceeds from the Oklahoma Water Resources Board Series 2020 C FAP Promissory Note and \$1.925 million of bond reserve funds in an irrevocable escrow account to officially defease the outstanding maturities of the Water and Sewer System Revenue Refunding Bonds Series 2009A. As a result, series 2009A are considered to be defeased and the liability for those bonds removed from the financial statement in the period of defeasance. This achieved a cash flow savings of approximately \$2.779 million and an economic gain of approximately \$767 thousand.

**Water and Sewer System Revenue Refunding Bonds Series 2009B**

On July 1, 2020, OCWUT placed \$4.271 million of the proceeds from the Oklahoma Water Resources Board Series 2020 C FAP Promissory Note and \$2.326 million of bond reserve funds in an irrevocable escrow account to officially defease the outstanding maturities of the Water and Sewer System Revenue Refunding Bonds Series 2009B. As a result, Series 2009B are considered to be defeased and the liability for those bonds removed from the financial statement in the period of defeasance. This achieved a cash flow savings of approximately \$2.942 million and an economic gain of approximately \$509 thousand.

**Water and Sewer System Revenue Refunding Bonds Series 2011**

On November 5, 2020 OCWUT placed \$52.478 million of the proceeds from the Oklahoma Water Resources Board Series 2020 D FAP Promissory Note and \$5.976 million of debt service funds on hand in and irrevocable escrow account to officially defease the outstanding maturities of the Water and Sewer Revenue Refunding Bonds Series 2011. As a result, Series 2011 are considered to be defeased and the liability for those bonds removed from the financial statement in the period of defeasance. This achieved a cash flow savings of approximately \$22.928 million and an economic gain of approximately \$12.947 million.

**Prior Years Defeasance**

In prior years, certain outstanding bonds were defeased by placing proceeds of new bonds in an irrevocable trust or escrow account to provide for all future debt service payments on the old bonds. This results in a transfer of liability to the irrevocable trust or escrow account trustee. Accordingly, the trust or escrow accounts and the defeased bonds are not included in the financial statements.

**Segment Information and Pledged Revenues**

The City issues revenue bonds to support a variety of public services. The fund financial statements report major funds with revenue-supported debt for the OCZT, and OCPPA Fairgrounds Fund. OCAT financial information for revenue bonds is also included within the component unit combining financial statements in the basic financial statements. Trust revenues are pledged as collateral for the debt issued.

The other fund of the primary government with revenues pledged for bonded debt is the OCPPA Golf Courses Fund which provides for the operations of four municipal golf courses (excluding James E. Stewart Golf Course). The Oklahoma City Water Utilities Trust provides water and wastewater services to citizens. OCWUT reports the blended operations of the Oklahoma City Water Utilities Trust and MCA. MCA is a component unit of OCWUT. MCA provides water storage in Atoka, Oklahoma. COTPA Parking is a fund of COTPA. COTPA Parking provides public parking primarily in downtown Oklahoma City. OCEDT TIF district #8 is a segment of OCEDT. TIF district #8 is located in downtown Oklahoma City. The bonded debt issued is collateralized with the respective Trust's revenues.

**Termination and Default Events with Finance Related Consequences and Subjective Clauses**

If an "event of default" occurs as defined in the indenture, the principal of all the bonds may be declared due and payable in the manner and with the effect provided in the indenture. The indenture also contains provisions permitting the bank, as trustee, to waive certain past defaults under the indenture and their consequences. As of June 30, 2021, the City has no acceleration clauses.

III. A. 8. GUARANTEED DEBT

A guarantee of debt represents a promise to meet any debt service requirements that falls short without the expectation or requirement of benefit to the City. The City has executed agreements of support which guarantee the City will fund the debt service or reserve account for the debt of OCPPA, COTPA and OCEDT. Under Oklahoma law, the City may only be obligated to transfer up to the end of its fiscal year (June 30) and has no legal obligation or promise to transfer beyond its fiscal year. The debt instruments recognize the limitations set by state law and the City's moral obligation to renew the guarantees. Although the guarantees must be approved each year by City Council, the guarantees are required to be intact as part of the debt instruments. The City has not and does not expect to act on any of these guarantees.

	Amount Guaranteed (1)	Amount Outstanding (2)
<i>Business-Type Activities</i>		
OCCPA Golf Courses bonded debt	\$1,200	\$8,575
<i>Component Units</i>		
COTPA Parking bonded debt	782	13,395
OCEDT tax apportionment bonded debt	<u>23,634</u>	<u>231,995</u>
	<b><u>\$25,616</u></b>	<b><u>\$253,965</u></b>

- (1) The amount guaranteed is only the amount of debt service due on or before June 30, 2022, and covered under the guarantee effective July 1, 2021. It is anticipated that the guarantees will be renewed annually.
- (2) The amount outstanding does not include interest.

III. B. DEFERRED INFLOWS OF RESOURCES

III. B. 1. UNAVAILABLE REVENUE

Unavailable revenues are reported in governmental funds and represent revenue received more than 60 days following year-end (unavailable to pay liabilities of the current period). Unavailable revenue received after 60 days is fully recognized as revenue in the government-wide statements. At June 30, 2021, revenues earned but unavailable by governmental funds are \$11.496 million.

**III. B. 4. SERVICE CONCESSION ARRANGEMENT**

OCZT reported \$2.298 million in deferred inflows related to a service concession arrangement.

IV. NET POSITION AND FUND BALANCE

IV. A. CHANGE IN ACCOUNTING PRINCIPLE

*Change in Accounting Principle*

Effective July 1, 2020, the City changed its method of accounting with the implementation of GASB statement 84, Fiduciary Activities. As a result the City recognized:

	Primary Government		Total
	Governmental Activities	Fiduciary Funds	
<b><u>Restatement of beginning fund</u></b>			
Increase in investments	\$414	\$ -	\$414
Increase in capital assets net of accumulated depreciation	13,347	-	13,347

**IV. D. DEFICIT FUND NET POSITION AND FUND BALANCE**

Deficits resulting from accrual reporting do not constitute violations of Oklahoma State Statutes.

***Deficit Fund Net Position***

**OCPPA Fairgrounds**

Deficit net position of \$22.850 million is the result of depreciation of capital assets as construction projects are completed.

**OCPPA Golf Courses**

Deficit net position of \$1.320 million is the result of significant debt financing of capital assets with tight operating budgets.

**Fleet Services**

Deficit net position of \$181 thousand is the result of an increase in operating expenses.

**Print Shop**

Deficit net position of \$18 thousand is the result of a decrease in operating revenues.

**OCEDT**

Deficit net position of \$67.706 million is the result of tax anticipation and bonded debt which is used to fund economic development including the construction or purchase of capital assets.

***Deficit Fund Balance***

**Tax Incremental Financing Fund**

Deficit fund balance of \$1.026 million is the result of the accrual of sales tax match from the state as unavailable revenue.

**V. REVENUES AND EXPENSES/EXPENDITURES**

**V. A. REVENUES AND INFLOWS OF RESOURCES**

**V. A. 1. SPECIAL ASSESSMENTS**

***Business Improvement District (BID)***

The City has a special assessment for services or improvements to participating property owners of the designated BIDs. Such services include marketing, general administrative, landscaping, street sweeping, and canal and concourse maintenance services. The assessment fee allows property owners in the BID to identify and prioritize services. The City currently has six BIDs: Downtown, Stockyards, Western Avenue, Adventure, Capitol Hill, and Uptown.

***Special Improvement District (SID)***

The City has created special assessments to provide funding for major capital renovations to the property owners in a SID. The City has several SIDs created to provide funding for street improvements, other capital improvements, and enhancements throughout the City. The City does not provide any funding beyond the assessment collections.

***Water and Wastewater Utilities Special Assessments***

Special assessments are levied against a group of homes to pay for construction or extension of water and wastewater service by OCWUT. OCWUT charges each homeowner for the individual share of the construction cost, amortized over a 10-year period. Amounts receivable are reported with the accounts receivable. In fiscal year 2021, OCWUT collected \$44 thousand.

***OCRA Economic Development Special Assessment***

The University of Oklahoma, a component unit of the State of Oklahoma, has agreed to pay a minimum annual amount of ad valorem property taxes to OCRA. In 2021, OCRA recognized \$1.141 million in excess property taxes from the University of Oklahoma.

In October, 2011, a supplemental redevelopment agreement was entered into by and among the OCURA, the Presbyterian Health Foundation (PHF) and the Toby Keith Foundation (TKF) for the development of OK Kids Korral. PHF later reassigned this supplemental redevelopment agreement and the ground lease for the OK Kids Korral to the University of Oklahoma. As part of these agreements, TKF is subject to payments in lieu of ad valorem taxes to OCRA. In 2021, OCRA recognized \$50 thousand of property tax revenue from TKF.

***OCEDT Economic Development Special Assessment***

OCEDT is a third party beneficiary of an agreement between OCURA and Devon Energy Corporation (Devon) in which Devon has agreed to pay a minimum annual amount of ad valorem property taxes of \$11.300 million to cover OCEDT's debt service for the tax anticipation bonds. The payment will be made on December 31 of each year until December 31, 2034. In 2021, OCEDT recognized \$4.924 million in excess property taxes from Devon.

*Non-cancelable Leases*

**General Fund**

A water infrastructure lease agreement dated August 1, 1960, amended July 1, 1986, and a separate wastewater infrastructure lease agreement July 1, 1986, between OCWUT and the City provide that all City-owned water and wastewater system assets (as of the date of the lease, as well as property acquired thereafter) would be leased to OCWUT. The lease also provides that all revenue generated by these assets will accrue to OCWUT. Pursuant to a lease extension dated May 20, 2003, the water and wastewater infrastructure lease term continues until September 30, 2050, or until all indebtedness authorized by the general bond indenture has been paid or provision has been made for it to be paid, whichever is later. In connection with the lease extension, OCWUT is required to transfer an annual lease payment of one percent of gross revenue receipts from residential and commercial utilities sales. Lease revenue of \$2.602 million was recognized in 2021.

**OCPPA General Purpose Fund**

OCPPA leases digital antenna system sectors in the Cox Convention Center and the Chesapeake Energy Arena to various mobile data coverage providers. The providers pay an annual license fee per each sector leased inside of the building to enhance the data coverage for the facility. The leases are paid annually under an initial five year agreement with an additional renewal agreement of five years available at the commencement of the first agreement. Rental income in 2021 related to these leases was \$754 thousand.

In July 2009, OCPPA and the Professional Basketball Club, LLC entered into a fifteen year lease agreement for the use of a National Basketball Association practice facility. There are five renewal terms of three years each. Rental income for 2021 is \$124 thousand which is subject to adjustment beginning with the commencement of the sixth operating year. Adjustments are based upon increases in the consumer price index capped at 3% annually.

In October 1997, OCPPA and the OKC Athletic Club Limited Partnership entered into a ten-year sublease agreement for certain real property consisting of a baseball park and related parking facilities. The lease was extended to 2022. This sublease agreement was assigned to the OKC Athletic Club, LLC, in June 2010. On September 24, 2014, The OKC TransitionCO acquired the rights and responsibilities of the sublease from the Oklahoma City Athletic Club and changed the name of the organization to the Oklahoma City Dodgers baseball team. Annual rent is equal to the greater of 7% of paid admissions for all events or \$150 thousand. In 2021, rental income of \$25 thousand was recorded for this lease. In 2021, there was an agreement between OCPPA General Purpose Fund and the OKC Athletic Club Limited Partnership to reduce the annual rent for 2021 from \$150 thousand to \$25 thousand, due to loss of activity during COVID pandemic.

**OCZT**

OCZT has various agreements whereby land is leased by the OCZT from the City, the Oklahoma Zoological Society, Inc. (Society), and the City of Nichols Hills. The Nichols Hills lease is a 25-year renewable operating lease at an expense of \$21 thousand per year. This leased property is subleased under an operating lease to Global Gaming RP, LLC through December 31, 2023, with four renewal options for 10 years each through calendar year 2063. OCZT received an advance rental payment of \$4 million and incurred initial costs of \$557 thousand. The net amount less income earned to date is recorded as unearned lease revenue and is being amortized to income over the term of the lease period, including the renewal options. In addition, OCZT is entitled to receive one-half of 1% of Global Gaming RP, LLC's total annual handle that exceeds \$187 million and 1% of the gaming revenues in excess of \$60 million. Contingent rental revenue earned during 2021 was \$280 thousand.

On February 5, 2013, OCZT entered into a sublease agreement with 3Horse Productions, LLC (3Horse) in which 3Horse will lease and operate the Zoo Amphitheater through November 27, 2017, with a five-year optional extension. The contract stipulated that 3Horse invest \$100 thousand in improvements to the Zoo Amphitheatre before April 1, 2013. In addition, 3Horse will pay \$258 thousand in rent, adjusted by the greater of \$3 thousand or the Consumer Price Index rate annually, and \$1 per ticket sold for concerts held at the amphitheater.

**OCAT**

The OCAT Fund leases its property to commercial airlines, car rental companies, concessionaires, several fixed base operators who service the airline industry, and the Federal Aviation Administration. These leases are non-cancelable operating leases.

**OCICF**

In July 2015, OCICF entered into a lease agreement with JRB Parking, LLC. for the right to lease the Journal Record Building parking lot with an option to purchase. The term of the lease is ninety-nine (99) years with annual payments due to OCICF in the amount of \$61 thousand.

**OCWUT**

OCWUT leases wet and dry boat stalls at various locations with annual lease terms ranging from April 1st to March 31st. Rental income related to these leases in 2021 was \$257 thousand.

OCWUT leases certain land at Lake Hefner to the Oklahoma City Boat Club for its headquarters, docks, wet stalls, etc. The current lease term began September 1, 2009 and is for 25 years. In consideration, the Boat Club paid OCWUT \$750 annually for the first 5 years. The annual payment is increased by \$250 every 5 years thereafter through the end of the lease term.

OCWUT leases a section of land at Lake Stanley Draper to the Cleveland County Public Facilities Authority. The lease is in effect until 2034 with annual payments of \$250.

OCWUT allows the City to utilize an area of Southeast Park otherwise known as Kitchen Lake Park for recreational and park purposes for the benefit of its citizens for an annual lease payment of \$3 thousand. The current lease term continues until October 31, 2052.

**COTPA**

COTPA leases retail space at the Santa Fe and Arts District parking garages to various establishments. Most of these leases are at least two years with multi-year renewal options. At June 30, 2021, 13,556 square feet of garage retail space was leased. In addition, COTPA leased out approximately 4,000 square feet of retail space at the Santa Fe Depot. COTPA reported \$275 thousand in lease revenues in 2021.

**OCRA**

OCRA has a ground lease with Skirvin Partners, LLC for land beneath the Skirvin Hotel. It is a 99-year lease agreement which will end on December 29, 2104. Payments under the lease are 1% of the property value increased annually by 8.5% of the current year net operating income (rent capitalization value) and are contingent upon all fees, expenses and obligations paid first from disburseable cash flow as defined in the lease agreement. At June 30, 2021, no rental income was recognized under the lease agreement. The economic impact of COVID-19 on the Skirvin Hotel's operations resulted in lower current year receipts associated with this lease. Skirvin Partners, LLC. has the option to purchase the land at the end of the lease.

**OCEDT**

In 2002, the City loaned OCURA \$17 million to fund leasehold improvements at the Bass Pro Shop. The OCURA held the lease with the Bass Pro Shop. The City leases the building and land to OCURA. Lease revenues were used to pay the loan. The loan was paid off in 2016. Lease revenue was \$169 thousand in fiscal year 2021.

(1) Lease amounts are recalculated annually based on formulas defined in the lease agreements. The General Fund water and wastewater infrastructure lease amount is based on a percentage of revenues and changes annually. Future minimum rentals for these leases are based on rates in effect at fiscal year-end.

(2) Several of the leases include rental amounts that are redetermined annually based on formulas prescribed in the individual lease agreements. The minimum future rentals for these leases were determined using the rates in effect at fiscal year-end. OCAT has several leases that have variable rental charges due to increases in the percentage of prior year revenue. The future minimum rentals on these leases will be recalculated as of each fiscal year-end.

**V. A. 3. STATE ON BEHALF PAYMENTS**

The State of Oklahoma contributed estimated payments on behalf of City employees to the Police Pension of \$11.498 million and the Firefighters Pension of \$27.607 million. State contributions are funded by allocations of the state's insurance premium tax. The City is not legally responsible for these contributions.

**V. B. EXPENSES/EXPENDITURES**

**V. B. 1. OPERATING LEASES**

The City entered into a number of operating leases which contain cancellation provisions and are subject to annual appropriations. For fiscal year June 30, 2021, rentals approximated \$1.074 million for government and \$5.306 million for component unit activities.

V. C. SPECIAL ITEM

*Merger of the Oklahoma City Environmental Assistance Trust (OCEAT) with the Oklahoma City Water and Utilities Trust (OCWUT)*

As of July 1, 2020, the OCEAT was merged with the Oklahoma City Water and Utilities Trust. The City, OCWUT, and OCEAT have determined it would be in the best interest of the City that the water, wastewater, and solid waste management systems of the City be leased, operated, maintained, and improved by one entity, OCWUT, to better serve the residents of the City. All approved projects, except those projects recently assigned to and accepted by the OCWUT for completion, were declared substantially complete. As a result, the merger has been reported as a special item resulting in a decrease in net position for OCEAT and an increase in net position for OCWUT in accompanying financial statements. OCEAT activity as of July 1, 2020 is as follows:

(1) These balances are not expected to be repaid within one year.

**Due To/From Other Funds**

Amounts due to and from other funds represent operating transactions between funds. Significant amounts due from other funds are for funding of grant match, administrative chargebacks, operating subsidies, transfers of tax revenues, and support for capital projects.

**Advances**

Advance From the General Fund and the City and Schools Use Tax Fund to the OCPPA General Purpose Fund

On October 14, 2008, a loan for \$1.032 million from the City and Schools Use Tax Fund to OCPPA General Purpose Fund was approved. The loan was repaid by the General Fund and OCPPA General Purpose Fund over a seven year period at an interest rate of 2%. The OCPPA General Purpose Fund will now repay the General Fund over the next fourteen years with an interest rate of 0.25%. The amount due to the General Fund is \$642 thousand in principal and \$1 thousand in accrued interest.

Advance From City and Schools Use Tax Fund to OCPPA General Purpose Fund

On February 16, 2010, the OCPPA received \$3.200 million from the City and School Use Tax Fund. The funds are to be used for the Cox Center facility renovations and upgrade. The loan is to be repaid from revenues generated and collected by SMG under the Extended Use License Agreement with Prodigal Hockey, LLC and from other Cox Center events. The OCPPA will replenish the City and Schools Use Tax Fund with an interest rate of 4.19% by 2036. The balance of the advance at June 30, 2021, is \$2.027 million which includes the loan balance of \$1.942 million and accrued interest of \$85 thousand.

Advance From the OCMFA General Purpose Fund to the City General Obligation Bond Fund

The OCMFA General Purpose Fund pays for initial architectural and engineering fees for the City and related trust construction projects before the funding is finalized. This process allows for more timely initiation of capital projects due to the length of time involved in finalizing debt and contracts for construction by the City and related trusts. When the funding is finalized and construction begins, the City or related trust reimburses the OCMFA General Purpose Fund for the cost of the prefunded fees. Any amounts outstanding are reported as an advance to the City. At June 30, 2021, OCMFA reported an advance to the General Obligation Bond Fund of \$3.107 million, of which \$2.543 million is budgeted to be repaid in 2022.

On March 13, 2018, a loan for \$180 thousand from the OCMFA Service Fund workers' compensation reserves to the OCPPA Trosper Golf Course to purchase refurbished golf carts. The loan will be repaid over five years at an annual rate of 2.33% beginning May 1, 2018, with the final payment made on April 1, 2023. At June 30, 2021, the principal due is \$68 thousand, of which \$37 thousand is reported as a current receivable including accrued interest of less than \$1 thousand.

Advances to OCMFA Services Fund for Radio System Prefunding

On March 14, 2017 an agreement was entered into for the purchase of a new P25 Phase II 800MHz Trunked Simulcast Radio System and Microwave Network. The costs associated with the new system are to be allocated to radio system users as they occur. However, in order to facilitate the initial purchase, the Police, Fire, Airports, and Zoo Funds prefunded \$2.700 million. These prefunded amounts are to be charged over the 15 year period of the agreement. The remaining balance of the advance at June 30, 2021 is \$1.406 million.

Cost Reimbursement Advances

City employees perform administrative and management services for various Trusts and Authorities. Reimbursements for the costs of these services are included in the Trust/Authority expenses. The advance represents the unfunded liabilities of the City Funds.

**Current Receivables/Payables**

Outstanding balances in which a component unit is a party are captioned as receivables/payables for both the current and non-current portions between a component unit and the primary government. Current receivable/payables include the unpaid balances among entities for mowing services, fuel costs, operating costs, in lieu of franchise fees, lease agreements, grant matching funds, software licensing, streetcar operations planning, boat repair, economic development construction projects, administrative costs, and subsidies.

**Cost Reimbursement Payable**

City employees perform administrative and management services for OCAT, OCWUT, and COTPA. Reimbursements for the costs of these services are included with payments to the primary government. The payable to primary government represents the unfunded liabilities of the City Funds.

Costs Expended Fund	Costs Reimbursed Fund	Balance
Airports Fund	OCAT	\$12,900
Utilities Fund	OCWUT	71,178
Transportation Fund	COTPA Transportation	3,421
Parking Fund	COTPA Parking	565

**Long-term Payable from OCICF to Grants Management**

On March 17, 1998, the City entered into an agreement with OCICF to undertake the acquisition and improvement of the Journal Record Building. OCICF manages the operations of the building. The required funding for this project was provided by the City through a HUD Community Development Block Grant. This funding was made in the form of a nonrecourse loan to OCICF and in the form of a grant, which does not require repayment. The proceeds from the loan are designated to provide for the ongoing operation, maintenance and leasing of the Journal Record Building and ancillary facilities. A new amendment was signed July 9, 2015, the day of the sale of the Journal Record Building and the note payable was written down to the amount of principal required to be paid to the City of \$4.255 million. The loan is interest free and matures in 2045. As of June 30, 2021, the loan has a balance of \$4.255 million, of which \$170 thousand is a current liability.

**Long-term Payable to OCEDT from the Special Purpose Fund**

On September 10, 2013, OCEDT entered into an agreement to transfer proceeds up to \$8 million from the General Obligation Limited Tax (GOLT) bond funds to finance the construction of the Phase 2 capital improvements to the Amateur Softball Association Hall of Fame Complex, subject to a commitment by the City to replenish the GOLT proceeds from net revenues received from certain naming rights, sponsorship revenues, and from philanthropic donations received by the City over the next ten years. The balance payable to OCEDT as of June 30, 2021, is \$300 thousand.

**VI. B. INTERFUND TRANSFERS AND PAYMENTS**

*Transfers Within the Primary Government*

Transfers within the Primary Government primarily represent operating subsidies and transfers for capital projects. The Zoo Fund transfers sales tax collections to OCZT for debt service. The Hotel/Motel Tax Fund transfers tax collections to the OCPPA Fairgrounds for debt service. Upon issuance, bond receipts are recorded in the Debt Service Fund and transferred to the General Obligation Bond Fund for expenditure.

**VI. C. OTHER TRANSACTIONS WITHIN THE ENTITY**

***Purchased Judgments***

As of June 30, 2021, the OCERS' and OPEBTS' investments include purchased judgments against the City in the amount of \$4.242 million. For calendar year 2020, the judgments earned a 6.75% interest rate. Beginning January 1, 2021, the interest rate changed to 5.25%. State Statutes permit the OCERS and OPEBT to purchase judgments rendered against the City throughout the year. In November of each year, the City (through the property tax levy process) pays the OCERS for the principal amount and earned interest for each purchased judgment.

***Charges for Services***

**Administrative Chargebacks**

Administrative costs are paid from the General Fund. Other funds reimburse the General Fund for these expenses. All other centralized functions are reported in internal service funds. The revenues and expenses related to administrative charges are allocated with the indirect expense allocation. In 2021 other City funds reimbursed the General Fund \$6.609 million for these services.

For fiscal year ending June 30, 2021, OCEDT reported payments to the City to reimburse for the cost of providing administrative and operational services of \$594 thousand.

For 2021 OCERS reported \$101 thousand for City financial and administrative services.

**Utility Billing and Collection**

OCWUT manages billings and collections for City utilities. During 2021, the Medical Services Fund and Stormwater Drainage Fund reimbursed OCWUT \$240 thousand and \$1.115 million, respectively, for this service.

**Pension Administration**

The General Fund reimburses the OCERS for the cost of providing administrative services for the City's deferred compensation and defined contribution plans. However, responsibilities are contractually limited and the OCERS does not hold or administer these plan assets in a trustee capacity. During 2021 the OCERS reported income for these services of \$3 thousand.

**VII. PENSION AND POST-EMPLOYMENT PLANS**

**VII. A. DEFINED BENEFIT SINGLE EMPLOYER PENSION PLANS**

**VII. A. 1. OKLAHOMA CITY EMPLOYEE RETIREMENT SYSTEM (OCERS) / CENTRAL OKLAHOMA  
TRANSPORTATION AND PARKING AUTHORITY (COTPA) RETIREMENT SYSTEM**

*Plan Descriptions*

The City reporting entity participates in two single-employer, defined benefit, public employee retirement systems. Assets are held separately and may be used only for the payment of benefits to the members of the respective plans. Actuarial valuations are performed annually.

**Primary Government**

The system was established by City Council Ordinance in 1958 to hold funds in trust to provide pension, disability, and survivor benefits to its members. OCERS provides retirement benefits for substantially all full-time, non-uniformed employees of the reporting entity except for certain COTPA and MCA employees. Unless otherwise indicated, OCERS information is provided as of the latest actuarial valuation, December 31, 2019, rolled forward to June 30, 2020. Actuarial valuations are performed annually.

**Component Unit**

The system was established by City Council Ordinance in 1958 to hold funds in trust to provide pension, disability, and survivor benefits to its members. COTPA Retirement provides retirement benefits for all COTPA employees, primarily bus drivers and related operations employees. Unless otherwise indicated, COTPA Retirement information in this note is provided as of the latest actuarial valuation, July 1, 2019, rolled forward to June 30, 2020. Actuarial valuations are performed annually.

*Benefit Provisions*

OCERS

OCERS employees hired prior to March 1, 1967 are entitled to receive benefits with 30 years of credited service, regardless of age, or age 60 with 20 years or service. Employees hired after March 1, 1967, are entitled to receive benefits with 25 years of credited service, regardless of age, or age 65 with 5 years of service. Any employee age 55 with 5 years on a reduced basis are entitled to pension benefits. Benefit provisions include both duty and non-duty disability retirement and death benefits. Average Final Compensation (AFC) determines the retirement benefit and is calculated as the highest 36 months of earned employee compensation (excluding compensation for unused vacation and sick leave and amounts elected to be deferred under Section 125 of the Internal Revenue Code) during the last 60 months of service. Generally, the normal retirement benefit is 2% of AFC for each full year of service, plus 1/12 of 2% for each whole month of a partial year of service to a maximum of 100% of AFC. There are modifications to the normal retirement benefit for early and deferred retirement, duty and non-duty disability, and death benefits. Cost of living adjustments are compounded annually and increases must be approved by the board.

COTPA Retirement

Employees of COTPA are required to participate in the Plan after completion of six months of employment. COTPA employees who reach the earlier of age 65 with 5 years of credited service or upon completion of 30 years of service for those hired prior to April 1, 2002, or 25 years of service for those hired after April 1, 2002 are entitled to receive monthly pension benefits equal to the sum of \$60 dollars per month for each year of service from their date of hire. An early retirement option with reduced benefits is available at age 62 with 10 years of credited service.

	<b><u>4,273</u></b>	<b><u>288</u></b>	<b><u>4,561</u></b>

*Contributions*

OCERS

Contribution requirements are actuarially determined and established by City Council ordinance. Beginning July 1, 2019, the employer contribution rate changed from 5.23% to 5.56% of covered payroll. The employee contributes 6.00% of covered payroll. Administrative costs are funded with investment earnings.

COTPA Retirement

Contribution requirements are negotiated and established pursuant to union contract. At June 30, 2021, the employer and employee rates were \$60.05 and \$48.52, respectively. Administrative costs are funded with investment earnings.

OCERS

Mortality rates were based on the RP-2014 Blue Collar Healthy Annuitant Combined Mortality Table projected to 2025 using scale MP-2016.

The actuarial assumptions were based on the results of an experience study for this Retirement system covering the period January 1, 2014 through December 31, 2018 dated as provided in our report dated January 20, 2020.

COTPA Retirement

Mortality rates were based on RP-2014 Blue Collar Mortality with Scale MP-2016 to 2025 with adjusted rates before and after age 70.

The actuarial assumptions were based on the results of an experience study issued November 16, 2015, covering plan experience from July 1, 2010 to June 30, 2015.

*Long-term Expected Rate of Return and Target Allocations*

OCERS

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation. See Note II. A. 1. DEPOSITS AND INVESTMENTS, Investments, Pension Trust Policies, Asset Allocation Guidelines for target allocation of investments.

COTPA Retirement

The long-term expected nominal rates of return on pension plan investments were determined using best estimates of geometric nominal rates of return for each major asset class included in the plan's target allocation. Long term capital market assumptions (20+ years) are applicable to approximate future return expectations. Modified building blocks methodology was utilized because being able to identify historical return premiums of asset classes in the context of varying market environments provides a reasonable basis to estimate the performance of asset classes going forward. See Note II. A. 1. DEPOSITS AND INVESTMENTS, Investments, Pension Trust Investment Policy, Asset Allocation Guidelines for target allocation of investments.

(1) The long-term expected inflation rate is assumed to be 0.00%.

*Concentrations*

OCERS

The plan held no individual investments (other than U.S. government and U.S. government guaranteed obligations) whose market value exceeds 5% or more of net position available for benefits. There are no long-term contracts for contributions.

COTPA Retirement

The pension plan does not hold any individual securities, but invests in mutual funds at June 30, 2021. The Plan holds investments exceeding 5% of the total plan market value in the Met West Total Return Bond Fund, Vanguard Total Bond Market Index, Calamos Market Neutral Inc, First Eagle Global and iShares Russell 1000. The Plan held no individual investments (other than U.S. government and U.S. government guaranteed obligations) whose market value exceeds 5% or more of net assets available for benefits. There are no long-term contracts for contributions.

*Discount Rate*

OCERS

A single discount rate of 7.00% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.00%. The projections of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarially determined contributions rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate decreased from 7.10% to 7.00% during the fiscal year.

COTPA Retirement

The discount rate used to measure the total pension liability was 7.00%. The projections of cash flows used to determine this single discount rate assumes that the Employer and Employee contributions will be made at the current contribution rates specified in the union contract unless the actuarially determined contribution is greater. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. There was no change in the discount rate during the fiscal year.

**VII. B. DEFINED BENEFIT COST-SHARING, MULTIPLE-EMPLOYER PENSION PLANS**

**VII. B. 1. OKLAHOMA FIREFIGHTERS PENSION AND RETIREMENT PLAN / OKLAHOMA POLICE PENSION AND RETIREMENT SYSTEM**

*Plan Descriptions*

Oklahoma City participates in two statewide, cost-sharing, multiple-employer defined benefit plans on behalf of police officers and firefighters.

Under Title 36-312.1 of the State of Oklahoma Statutes, 14% and 36% of taxes collected for insurance premium taxes is allocated and distributed to the Oklahoma Police Pension and Retirement System and the Oklahoma Firefighters Pension and Retirement System, respectively. This provides ear-marked state taxes to help with the financing burden for the police and fire plans. The expected employer contributions expected to be funded by the State are not considered in the calculations of the net pension asset/liability and related deferred inflows, deferred outflows and pension expense.

The required supplementary information schedules of employer contributions and the schedule of net pension liability (asset) and related ratios immediately following the notes to the financial statements presents certain ten-year trend information for as many years for which information measured in conformity with the requirements of GASB 68 is available. Detailed information about the Oklahoma Police and Firefighter Plans' fiduciary net position is available in the separately issued Oklahoma Police Pension report and the Oklahoma Firefighters Pension report. Copies of these reports may be obtained from the respective state retirement systems; Oklahoma Police Pension and Retirement System 1001 NW 63rd Street, Suite 305, Oklahoma City, OK 73116-7335, and the Oklahoma Firefighters Pension and Retirement System at 6601 Broadway Extension, Suite 100, Oklahoma City, OK 73116.

***Benefit Provisions***

Police Pension

The police pension plan is administered by agencies of the State of Oklahoma. Benefit provisions for the authority are established by state statute. All full time officers employed by a participating municipality, working more than 25 hours per week or any person undergoing police training to become an officer with ages not less than 21 years of age or more than 45 years of age when accepting membership may be eligible for benefits. Eligibility for benefits is 20 years credited service to receive 2 1/2% of final average salary multiplied by the years of credited service with a maximum of 30 years considered. Termination benefits are provided if officers have more than 10 years of service, but are not eligible for normal retirement benefits. Benefits are payable when officers would have had 20 years of service at reduced rates. An officer with 20 years of credited service has an additional option to participate in a deferred option plan for a maximum of 5 years is available. There has been no change in benefit terms since the prior measurement date.

Fire Pension

The fire pension plan is administered by agencies of the State of Oklahoma. Benefit provisions for the authority are established by state statute. All full time or voluntary firefighters of a participating municipality are eligible to participate. Eligibility for full time benefits is 20 years of credited service for those hired prior to November 1, 2013, and 22 years of credited service for those hired after November 1, 2013 and age 50. Paid firefighters receive a monthly benefit equal to 50% of final average compensation. A firefighter with 20 years credited service has an additional option to participate in a deferred option plan for maximum of 5 years. There has been no change in benefit terms since the prior measurement date.

***Contributions***

Police Pension

Contribution requirements are established by state statute. As of June 30, 2020, the Plan member's contribution rate was 8% of covered payroll. The employer contributes 13% of covered payroll.

Fire Pension

Contribution requirements are established by state statute. As of June 30, 2020, the Plan member's contribution rate was 9% of covered payroll and the employee contributes 14% of covered payroll.

**VII. B. 2. NET PENSION ASSET (LIABILITY), PENSION EXPENSE AND DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES**

***Proportionate Share***

Police Pension

The Police Pension's net pension asset was allocated proportionately to the City of Oklahoma City based on the ratio of the City's actual contributions, relative to the total contributions for the fiscal year ended June 30, 2020. The City's portion for 2020 was 28.53% compared to 28.23% for 2019. At June 30, 2021, the City recorded a Police Pension Plan Liability of \$32,769 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation date of July 1, 2020. This is reported in governmental activities.

Firefighters Pension

The Firefighters Pension's net pension liability was allocated proportionately to the City of Oklahoma City based on the ratio of the City's actual contributions, relative to the total contributions for the fiscal year ended June 30, 2020. The City's portion for 2020 was 26.65% compared to 27.30% for 2019. At June 30, 2021, the City recorded a Firefighters Pension Plan liability of \$328,300 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation date of July 1, 2020. This is reported in governmental activities.

(1) There were no changes in actuarial assumptions in the current year.

Police Pension

Mortality rates were based on the RP-2000 With Blue Collar Healthy Combined Annuitant Mortality Table for males or females, as appropriate, with adjustments for generational mortality improvements based on Scale AA with age set back four years.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for July 1, 2012 through June 30, 2017.

Fire Pension

Mortality rates were based on the Pub-2010 Public Safety Table with generational mortality improvement using MP-2018.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an experience study for the period July 1, 2013 through June 30, 2018.

**Discount Rate**

Police Pension

The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, determined by State statutes. Projected cash flows also assume the State of Oklahoma will continue contributing 14% of the insurance premium, as established by statute. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. There were no changes in the discount rate during the year.

Firefighters Pension

The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that the Firefighters Pension contributions will continue to follow the current funding policy. Total covered employee payroll is assumed to grow at 3.75% per year. The total statewide insurance premium tax is assumed to grow at 2.75% per year. In addition, the allocation of the tax to the plan is assumed to be 36% for the entire projection period. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments of 7.50% was applied to all periods of projected benefit payments to determine the total pension liability. There were no changes in the discount rate during the year.

*Long-term Expected Rate of Return and Target Allocations*

Police Pension

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation.

Firefighters Pension

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation.

**Sensitivity of Net Pension Liability to Changes in the Discount Rate**

The following table presents the City's proportionate allocation of what the total pension liability of the Police Pension and Firefighters Pension would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate and the resulting net pension asset (liability):

	Police Pension			Firefighters Pension

**VII. C. SUMMARY OF PENSION PLANS**

As of June 30, 2021, the City's net pension asset/liability, deferred outflows of resources, deferred inflows of resources and pension expense associated with the four pension plans are summarized as follows:

	Primary Government			Component Unit	Fiduciary Funds	Total
	Governmental Activities	Business-Type Activities	Total			
Net pension liability	387,667	20,645	408,312	4,503	66	412,881
Deferred outflows of resources	169,970	30,680	200,650	1,566	99	202,315

Pension expense	97,781	10,783	108,564	299	35	108,898

**VII. D. DEFINED CONTRIBUTION SINGLE EMPLOYER PENSION PLANS**

The City and its component units participate in three defined contribution plans administered by the International City Manager's Association Retirement Corporation (ICMA Retirement). For two of the plans, plan provision and contribution requirements are established or amended by City Council resolution. Participants of the first plan are comprised of eligible employees hired before September 1, 2001. The City and participants are required to contribute 8.35% and 6% of annual covered payroll, respectively. Participants of the second plan are comprised of eligible employees hired after September 1, 2001. The City and participants are required to contribute 7% and 6% of annual covered payroll, respectively. For the fiscal year ended June 30, 2021, actual contributions by the City and plan participants were \$677 thousand and \$534 thousand, respectively.

The two plans include 87 participants comprised of City Council appointees and management personnel. Participants of the first plan vest at service inception and are entitled to 100% of vested contributions. Participants of the second plan vest after 5 years of service. The plans are money purchase plans qualified under section 401 of the Internal Revenue Code.

The third plan was established July 1, 2001, by COTPA for eligible administrative employees of COTPA (not represented by a union). Plan provisions and contribution requirements are established or amended by COTPA resolution. It is in addition to COTPA Retirement and provides that the employee may voluntarily contribute to the COTPA ICMA plan and COTPA will match employee contributions up to \$1 thousand annually. The COTPA ICMA plan includes 43 participants. For the fiscal year 2021, actual contributions by plan participants were \$57 thousand with a \$14 thousand match from COTPA.

In addition, MCA employees participate in a deferred compensation, defined contribution plan administered by Nationwide Retirement Systems established through the U.S. Conference of Mayors and approved by MCA. Participants are comprised of all eligible employees. MCA and participants contribute 8% and 6%, respectively, to the Plan. Plan provisions and contribution requirements are established and amended by the MCA Board of Trustees. All full-time employees are eligible. At June 30, 2021, 4 employees were participating in the Plan. For fiscal year ending June 30, 2021, contributions made by MCA and participants were \$21 thousand and \$16 thousand, respectively. The annual financial report that includes financial statements and required supplementary information for the plan may be obtained from Nationwide Retirement Solutions, P.O. Box 182787, Columbus, Ohio 43218-2797.

## **VII. E. DEFINED BENEFIT SINGLE EMPLOYER OPEB PLANS**

### **VII. E. 1. OKLAHOMA CITY OTHER POST-EMPLOYMENT BENEFIT PLAN (OPEB)**

#### *Plan Descriptions*

The City provides post-employment benefits to employees in two single-employer, defined benefit OPEB plans through OCPEBT. Assets are held separately and may be used only for payment of benefits to members of the Plans.

#### **Primary Government**

The City provides post-employment healthcare benefits for retired employees and their dependents through the City of Oklahoma City Post-retirement Medical Plan (City OPEB), a single-employer defined benefit healthcare plan. The City OPEB Plan issues a separate report that can be obtained from Human Resources at 420 W. Main, Suite 110, Oklahoma City, OK 73102. The City OPEB Plan covers all current retirees who elected post-retirement medical coverage through the City and future retired general employees. All firefighters retiring after December 31, 2002, are covered under a separate plan established specifically to provide medical benefits to City firefighters and are not considered for this disclosure. Unless otherwise indicated, OPEB information in this note is provided as of the latest actuarial valuation and measurement date June 30, 2020. Actuarial valuations are performed annually.

#### **Component Unit**

COTPA provides post-employment healthcare benefits for retired employees and their dependents through the COTPA Post-retirement Medical Plan (COTPA OPEB), a single-employer defined benefit healthcare plan that is available for post 64 aged participants. Unless otherwise indicated, COTPA OPEB information in this note is provided as of the latest actuarial valuation June 30, 2020. Actuarial valuations are performed annually.

The required supplementary information schedules of City contributions and the schedule of changes in net OPEB liability (asset) related ratios immediately following the notes to the financial statements presents certain ten-year trend information for as many years for which information measured in conformity with the requirements of GASB 75 is available. Detailed information about the OPEBT's fiduciary net position is available in the separately issued OPEBT annual report. A copy of the actuarial report referred to in this note may be obtained from the City Finance Department, Accounting Services Division, 100 N. Walker, Suite 300, Oklahoma City, OK 73102.

***Benefit Provisions***

The City offers post-retirement healthcare benefits to eligible retirees of the City or approved public trust and their eligible survivors and dependents either through a fully insured health plan or through the City's Self-Funded Group Plan. Post-retirement healthcare benefits include general inpatient and outpatient medical services and prescription drug coverage (collectively "Plan Benefits"). Additional benefits for dental, life, and vision are available to eligible retirees with no premium sharing contributed by the City. The City is not legally obligated to subsidize Plan Benefits for any retiree. However, subject to meeting one of the criteria by the resolution Plan Benefits are only available to certain public trust and City general or special pay-plan retirees and retired police officers provided the retiree was hired before January 1, 2017, and those retired firefighters who retired on or before December 31, 2002, provided the retiree continuously maintains or has maintained coverage from the time of retirement. Employees hired on or after January 1, 2017 are not eligible for subsidized retiree Plan Benefits. To be eligible for subsidized Plan Benefits, if the City Council in its sole discretion determines to subsidize premium costs of the Plan Benefits, the retiree must meet the qualifications of the resolution that was approved on November 8, 2016.

Post-retirement benefits for retirees are not subject to any changes in the Consumer Price Index.

**Primary Government**

The benefits, coverage levels, employee contributions and employer contributions are governed by the City and can be amended by the City through its personnel manual and union contracts.

**Component Unit**

The benefits, coverage levels, employee contributions and employer contributions are governed by COTPA and can be amended by COTPA through its personnel manual and union contracts.

***Employees Covered by Benefit Terms***

Active participants	3,487
COTPA active participants	258
Retired participants and beneficiaries currently receiving benefits	2,141
COTPA retired participants currently receiving benefits	13
	<u>5,899</u>

***Contributions***

The employer contribution rate is 50% of the premium leaving the other 50% of premium the responsibility of the retiree, other than COTPA. For COTPA retirees, COTPA contributed a subsidy towards medical coverage of retirees based on years of service. The retirees were responsible for paying the remaining balance of the premium.

**VII. E. 2. NET OPEB LIABILITY**

A Net OPEB Liability is reported when the Plan's Total OPEB Liability exceeds the Plan's Net Position.

<b>Primary Government</b>		<b>Total</b>	<b>Component Unit</b>	<b>Fiduciary Funds</b>	<b>Total</b>
<i>Governmental Activities</i>	<i>Business-Type Activities</i>				
<u>\$328,145</u>	<u>\$115,537</u>	<u>\$443,682</u>	<u>\$1,599</u>	<u>\$178</u>	<u>\$445,459</u>

**Actuarial Assumptions**

The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to periods included in the measurement:

	<b>OPEB</b>	<b>COTPA</b>
Inflation rate	3.25% (1)	3.25% (1)
Wage inflation	3.25%	3.25%
Payroll growth (Police)	3.50%	N/A
Discount rate	3.35% (2)	3.35% (2)
Investment rate of return	7.50%	7.50%
Health care trend rate	8.0% (6.0% for Medicare Age) (3)	7.5% (5.75% for Medicare Age) (4)
Ultimate rate	4.50%	4.50%

- (1) The OPEB inflation rate changed from 3.00% in 2019 to 3.25% in 2020.
- (2) The OPEB discount rate changed from 4.05% in 2019 to 3.35% in 2020.
- (3) The OPEB healthcare trend rate decreases by .50% annually to an ultimate rate of 4.5%.
- (4) The COTPA healthcare trend rate decreases by .50% annually to an ultimate rate of 4.5%.

Mortality rates were based on the RP-2000 Combined Mortality Table fully generational using Scale AA (set forward 7 years for disabled retirees).

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future and those actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future.

**Concentrations**

The Plan held no individual investments (other than U.S. government and U.S. government guaranteed obligations) whose market values exceeds 5% or more of net position available for benefits. There are no long-term contracts for contributions.

**Discount Rate**

The discount rate used to measure the total OPEB liability was 3.35%. Assets were projected using expected benefit payments and expected asset returns. Expected benefit payments by year were discounted using the expected asset return assumption for years in which the assets were sufficient to pay all benefit payments. Any remaining benefit payments after the net position is exhausted are discounted at the 20-year municipal bond rate. Therefore, the long-term expected rate of return on OPEB investments (7.50%) was applied to years 2021 through 2028 of projected benefit payments and the 20-year municipal bond rate based on a range of indices from 2.21% - 2.66% was applied to projected benefit payments after 2028 to determine the total OPEB liability. The discount rate decreased from 4.05% as of July 1, 2019 to 3.35% as of June 30, 2020.

***Long-term Expected Rate of Return***

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan's target asset allocation. See Note II. A. DEPOSITS AND INVESTMENTS, Investments, Asset Allocation Guidelines for target allocation of investments.

***OPEB Deferred Outflows and Inflows***

Deferred Outflows / (Inflows) of Resources represents the following items that have not been recognized in the OPEB Expense:

1. Differences between expected and actual experience of the OPEB plan
2. Changes in assumptions
3. Difference between projected and actual earnings in OPEB plan investments

The initial amortization period for the first two items noted above is based on the average future service to retirement while the difference between projected and actual earnings in OPEB plan investment is amortized over five years. All balances are amortized linearly on a principal only basis and new bases will be created annually for each of the items above.

***Deferred Outflows and Deferred Inflows of Resources to be Recognized in Future OPEB Expense***

Deferred outflows of resources related to the Net OPEB Liability resulting from the City's and COTPA's contributions subsequent to the measurement date but before the end of the employer's reporting period will be recognized as a reduction of the net OPEB liability in the subsequent fiscal period rather than in the current fiscal period.

**VII. F. TERMINATION BENEFITS**

At June 30, 2021, the City's reporting entity had terminated employees participating in COBRA health and/or dental care in various options available from the City. COBRA participants pay 102% of employee premium cost for continuing coverage. COBRA continuation coverage benefits are available for eligible employees for up to 18 months. Employees on military leave are eligible up to 24 months. Dependents of employees who lose coverage due to a qualifying event are eligible for up to 36 months. Of the eight terminated employees, three were enrolled in The American Rescue Plan (ARP) subsidy program that is available between the months of April 1, 2021 and September 30, 2021. Benefits provided are not material to the financial statements.

**VIII. COMMITMENTS**

*Service Contract Commitments*

Significant service contract commitments at June 30, 2021, include \$199.139 million for OCWUT solid waste management service contracts funded by charges to users; \$931 thousand for OCWUT wastewater treatment services funded by charges to users; \$1.911 million for operation of a City employee health clinic to be funded by OCMFA and OCPEBT; and \$7.275 million for service contracts related to the streetcar project funded with COTPA general revenues.

An agreement has been entered into between OCPPA, the National Collegiate Athletic Association (NCAA), and the City, whereby OCPPA has committed to fund various improvements to the Softball Hall of Fame Complex in return for the NCAA's commitment to hold, sponsor, and play the NCAA Division I Women's Collegiate Softball World Series in Oklahoma City through 2035. The funding commitment and NCAA commitment is based upon the completion of various phases of the anticipated overall project. The aggregate funding commitment from OCPPA is approximately \$33.5 million dollars. Of this amount, \$24.5 million is expected to be funded by City general obligation bond proceeds, \$6 million is expected to be funded with donations and sponsorships and \$3 million is expected to be funded by naming rights. OCPPA has assigned the obligations to be funded by City general obligation bond proceeds, donations, and sponsorships to the City.

As of June 30, 2021, the remaining commitment under the agreement is approximately \$22.803 million including \$20.092 million assigned to the City.

Construction projects included in governmental activities are substantially funded with general obligation bond proceeds. Business-type activities, OCAT, OCWUT, and COTPA include construction funded with the proceeds of revenue bonds and user charges. Zoo improvements are substantially funded with the proceeds of revenue bonds and a continuing, dedicated sales tax. COTPA construction is also funded with federal grants and subsidies. Public school improvements are funded with a temporary dedicated sales tax. Economic development is funded by general obligation limited tax, tax apportionment revenue, as well as tax incremental financing.

**IX. CONTINGENCIES**

*Litigation*

The City is a party to various legal proceedings which normally occur in governmental operations. These legal proceedings are not likely to have a material adverse impact on the affected funds of the City. The City currently has approximately \$8.187 million accrued in the Debt Service Fund for pending or threatened litigation for which an unfavorable outcome is considered probable. The amount of possible tort and other claims liability at June 30, 2021, is approximately \$965 thousand, which is not accrued.

*Federal and State Grants*

In the normal course of operations the City receives grant funds from various Federal and state agencies. The grant programs are subject to audit by agents of the granting authorities the purpose of which is to ensure compliance with conditions predicated to the granting of funds. Any liability for reimbursement that may arise as the result of these audits is not believed to be material.

*Uncertainties*

On March 11, 2020, the World Health Organization declared COVID-19 a global pandemic and recommended worldwide mitigation measures. The extent of COVID-19's effect on the City's operational and financial performance will depend on future developments, including the duration, spread and intensity of the pandemic, all of which are uncertain and difficult to predict considering the rapidly evolving landscape. As a result, it is not currently possible to ascertain the overall impact of COVID-19 on the City's operations. However, if the pandemic continues to evolve it could have a negative impact on revenue with the City's largest source of income for operations being sales tax as well other tax revenues, cultural and recreation charges and potential investment volatility.

**X. RELATED PARTY TRANSACTIONS**

*City-County Board of Health-Jointly Governed Organization*

The City and the Board of County Commissioners of Oklahoma County participate in the City-County Board of Health (City-County Board) to preserve and promote public health. Five members of the City-County Board are appointed by the City Council, and four members are appointed by the Oklahoma County Commissioners with removal only for cause. The primary source of funding for the City-County Board is an ad valorem tax levy by the County. The City has an agreement with the City-County Board to perform certain inspections, issue special event licenses and collect related fees, and receive a percentage of license fees for inspections. During the fiscal year ending June 30, 2021, the City collected approximately \$151 thousand on behalf of the City-County Board. There is no amount payable at June 30, 2021.

*Civic Center Foundation*

Civic Center Foundation (CCF) is a non-profit organization whose purpose is to enhance and support the Oklahoma City Civic Center Music Hall (CCMH). In June 2018, the CCF entered into an amended and restated Civic Center Improvement and Management Services Agreement with OCPPA, with a term of July 1, 2018 through June 30, 2023, for the CCF to manage and operate the CCMH for the benefit of the public. In fiscal year 2018, OCMFA advanced \$3.706 million to OCPPA for the purpose of upgrading the sound system at the CCMH. As part of the amended and restated management agreement, CCF has taken over the payments of the loan. At June 30, 2021, the balance of the note is \$2.359 million.

**XI. TAX ABATEMENTS**

The City has designated OCEDT to manage economic development including incentives. OCEDT provides economic development incentives in the form of development financing or performance based incentives that reduce ad valorem increment allocated to the City under an approved economic development project plan adopted pursuant to the Local Development Act, Title 62 of the Oklahoma Statutes, Sections 850, et seq, or sales tax revenues for the City. It is noted that these incentives do not meet the criteria of tax abatement as defined in the Oklahoma Local Development Act.

*Assistance in Development Financing*

Pursuant to the Local Development Act, Section 850, the City has adopted and approved the Downtown/MAPS Economic Development Project Plan (Economic Development Project Plan) and has established ad valorem tax TIF districts #2, #8, #10 and #13. The Downtown/MAPS Project Area has been declared to be an area where investment, development and economic growth is difficult. To advance the goals and objectives of the Economic Development Project Plan through the development and redevelopment of vacant and unproductive property in the Downtown area, the City and OCEDT provide assistance in development financing to multiple developers thereby creating opportunities for further development and by expanding the tax base in the area. Development financing is provided after a review committee considers any proposed development and budgetary allocation in light of the project objectives, feasibility, priorities and funding availability and submits its recommendation to the City Council prior to implementation of the project and execution of an economic development agreement.

The assistance in development financing is funded by the tax incremental funding which is anticipated to be generated from the project's increased property tax value in the TIF district. Prior to receiving payment, developers are typically required to provide verification of the amount of investment in the property, acknowledgement of the assistance in development financing provided by the City and OCEDT in the form of a plaque or monument attached to the property, and documentation that a certain percentage of any rentable area is occupied. If the agreement provides for a lump-sum payment, the developer is required to pay a minimum amount of annual ad valorem taxes or a payment in lieu of taxes, if the taxable market value of the project does not meet the amount specified in the agreement, until the ad valorem taxes received by the City less the baseline amount has reached the amount of the incentive paid plus any associated financing charges. If the agreement provides for an installment payment, payment will be made for a specific number of years and amount after proof of the prior year's property tax payment has been verified. Developers are required to pay back the total incentive received if they sell, transfer or otherwise dispose of the property usually within three to five years after the date of completion of the project.

In addition to the assistance in development financing incentives, the City or OCEDT have committed to making several non-forgivable low-interest loans and the City has agreed to provide public infrastructure improvements in the development areas.

On February 24, 2016, City Council adopted ordinance 25,325 which amended and restated the Downtown/MAPS Economic Development Project Plan and created TIF district #10. As of June 30, 2018, the City and OCEDT have entered into a memorandum of agreement for the redevelopment and rehabilitation of a national historic building in downtown Oklahoma City. Upon completion of the first phase of the redevelopment which is for a parking garage and retail and commercial space, a loan may be provided by OCEDT to the developer to pay off a private loan that was secured for the construction of the garage component of the project. The potential OCEDT loan will be paid off from the ad valorem tax increment generated by the garage and any required minimum payments required in lieu of ad valorem taxes. On March 26, 2019, the City Council and OCEDT entered into an economic development agreement for the redevelopment of the hotel component of the project. On September 29, 2020, the City and OCEDT entered into an amended economic development agreement for the redevelopment. The economic development agreement includes a loan to the developer that will be paid off by the ad valorem taxes generated by the hotel, an annual minimum tax payment on the hotel, and sales taxes generated by the hotel.

On February 1, 2017, City Council adopted ordinance 25,558 which adopted and approved the Western Gateway Project Plan and established TIF district #12. As of September 26, 2017, the City and OCEDT have entered into an economic development agreement for the development of approximately 150 acres within the larger Western Gateway Project Area. The project consists of a mixed-use urban neighborhood including over 2,000 units of housing, as well as office, retail and other commercial space along with supporting street and public space infrastructure.

***Performance-Based Incentives***

On October 14, 2008, the City Council adopted a joint resolution with OCEDT to approve the City's Retail Incentives Policy to be utilized for the development of new sales taxes in the City and to support under-served areas. Prospective retail developers and retailers complete an application, pay a non-refundable application fee, and make a formal request to OCEDT. Applications are evaluated by the Retail Advisory Panel based upon the impact on the City's tax base, the quality of life for citizens, attraction for other types of development, as well as the costs of the incentive and impact on City services and infrastructure. A recommendation is made to the City Manager regarding the eligibility of the project and the amount and type of incentive. Upon approval by the City Manager, an economic development agreement is developed and forwarded for approval by OCEDT and then to the City Council. The agreements are typically structured to require a specific level of investment by the developer and provide an annual incentive for a specified number of years based upon the amount of sales taxes generated with attainment of specific sales levels sometimes being required. The City has committed to making public infrastructure improvements for one of the retail developments.

Pursuant to the Local Development Act, Section 850, the City has adopted and approved the Northeast Renaissance Redevelopment Project Plan and has established ad valorem TIF district #9. The Northeast Renaissance Project Area has been declared to be an area where investment, development and economic growth is difficult. To advance the goals and objectives of the Northeast Renaissance Plan through the development and redevelopment of vacant and unproductive property in the project area, the City and OCEDT have approved an annual installment incentive based upon the sales taxes generated and the increase in ad valorem taxes generated from the development. Development financing is provided after a review committee reviews any proposed development and budgetary allocation in light of the project objectives, feasibility, priorities, and funding availability. The developer is required to provide verification of a specific level of investment, acknowledgement of the assistance in development financing provided by the City and OCEDT in the form of a plaque or monument attached to the property, and documentation that a certain percentage of any rentable area is occupied.

***Reduction in Reported Tax Revenues***

Economic Development Project Plan property tax collections in OCEDT are reported as a reduction in economic incentive receivables. Sales tax collections are used to fund Retail Incentive Policy payments and no revenue or expense is recognized for the collection or payment. When these projects are completed and economic incentive receivables have been repaid, the taxes will be reported with governmental general revenues in the statement of activities.

**XII. ENDOWMENTS**

***North Canadian/Oklahoma River Corridor Foundation Endowment Fund (ORFE)***

On December 13, 2004, OCRRA entered into an agreement with the Oklahoma City Community Foundation (OCCF) to establish the ORFE. The purpose of the ORFE is to support the public uses of the OCRRA leasehold. The ORFE was established with the net proceeds of the Downtown Oklahoma City, Inc. 2004 Holiday Boat Parade; however the ORFE may receive future donations and investment earnings. Distributions are recommended by an advisory committee composed of three members: the Chairman of OCRRA, or a designee; and two members separately appointed by the Foundation Trustees and the Mayor of Oklahoma City, respectively. All distributions from the Foundation are subject to the final approval of the Foundation Trustees.

As of June 30, 2021, the market value of the ORFE investment was \$1.471 million. There was \$58 thousand spendable balance available to OCRRA at June 30, 2021. \$55 thousand was distributed in FY 2021. Available amounts are not reflected in the City's financial statements.

***Oklahoma City Fire Department Project Life Activity Fund and Endowment Fund***

On July 1, 2014, the Oklahoma City Fire Department entered into an agreement with the OCCF to establish the OKC Fire Department Project Life Activity Fund (Fire Activity Fund) and the OKC Fire Department Project Life Endowment Fund (Fire Endowment Fund). The Fire Activity Fund receives annual earnings from the Fire Endowment Fund and other contributions which may be earmarked for the specific purposes such as the purchase of smoke alarms and other equipment, support of fund-raising activities for the benefit of Project Life programs and programs that are beneficial to the quality of life for the citizens of Oklahoma City. The Fire Endowment Fund was initially established with the net proceeds of Project Life fundraisers and may receive the net proceeds from the International Association of Firefighters, Local 157 and other event sponsors for events held to promote the City of Oklahoma City Fire Department Project Life.

Distributions are approved by majority vote of an advisory committee composed of three members: the Chief of the Oklahoma City Fire Department, or a designee; and two members separately appointed by the Foundation Trustees and the Mayor of Oklahoma City, respectively. Any spendable amount not distributed will remain and be designated as spendable unless designated as permanent endowment at which time it is no longer available for distribution. As of June 31, 2021, the balance of the Fire Endowment Fund was \$30 thousand and there was \$75 thousand spendable balance available. Available amounts are not reflected in the City's financial statements.

***Oklahoma City Myriad Gardens Foundation (OCMGF)***

OCMGF was established in 1981 to support the Myriad Botanical Gardens (Gardens), located in downtown Oklahoma City, by providing capital and operating funding, increasing public awareness and promoting the highest horticultural, educational and administrative standards. In July 2011, OCMGF assumed management and operations of the Gardens for the benefit of the City. At June 31, 2021, OCMGF had net position of \$9 million.

OCMGF is the grantee recipient of distributions from four endowments located at OCCF and one located at Fidelity Investments. Distributions are approved by the Executive Director with the authorization of the Myriad Board of Directors. Estimated disbursements are included in the annual operating budget that is approved by the Myriad Board of Directors each year. At June 31, 2021, distributions in the amount of \$72 thousand were received. Available amounts are not reflected in the City's financial statements.

***The Oklahoma Zoological Society Zoo Friends (Zoo Friends)***

Zoo Friends was established in 1954 to support and promote the Oklahoma City Zoo (Zoo) and its four purposes of education, conservation, zoological research and recreation. Zoo Friends works in partnership with the Zoo in raising funds for special programs, exhibits, animal welfare, conservation initiatives locally and worldwide and research projects. A volunteer board of directors serves as the governing body for Zoo Friends. Zoo Friends has three permanent endowments for which the earnings can be sent each year to the Zoo in the form of support. Distributions are approved by the Oklahoma Zoological Society (OZS) Board of Directors in accordance with approved policy. One endowment, which is held at the OCCF, had no distributed earnings to the Zoo in 2021 but the earnings were reinvested and had a permanent endowment balance of \$470 thousand at June 30, 2021. A second endowment, held at the Communities Foundation of Oklahoma, had no distributed earnings to the Zoo in 2021, and had a permanent endowment balance at June 30, 2021, of \$65 thousand. Available amounts are not reflected in the City's financial statements.

Zoo Friends is also the beneficiary of an endowment from the Pitchford Trust which is held at Wealth Trust Oklahoma. Distributions from the Pitchford Trust endowment are used exclusively for the maintenance and welfare of the animals. The Trustee determines the distributions annually until 2029 at which point the principal is to be distributed to the Oklahoma Zoological Society. This endowment had \$58 thousand distributed earnings to the Zoo in 2021 and had a permanent endowment balance at June 30, 2021, of \$2.95 million. Available amounts are not reflected in the City's financial statements.

### **XIII. SUBSEQUENT EVENTS**

#### ***OCEDT Tax Apportionment Refunding Bonds, Series 2021A and Series 2021B - Bond Issuance***

On August 24, 2021, OCEDT issued Tax Apportionment Refunding Bonds, Series 2021A in the amount of \$69,075,000 and Tax Apportionment Refunding Bonds, Series 2021B in the amount of \$18,010,000. OCEDT issued the 2021A and 2021B bonds in order to provide refinancing for the Tax Apportionment Bonds, Series 2013A and the Tax Apportionment Bonds, Series 2013B. The original bonds were issued to finance construction projects for the Myraid Botanical Gardens, Bicentennial Park, streetscape projects as well as various other infrastructure and public improvements in downtown Oklahoma City. The refunding bonds were issued to take advantage of the current economic climate, thus lowering the interest rate.

#### ***Payoff of the Revolving Loan Fund***

The Planning department paid off the Revolving Loan Fund (RLF) loan early, on July 23, 2021, in the amount of \$1.675 million (Principal) plus \$1 thousand (Interest).

#### ***OCWUT FEMA Award***

On August 30, 2021, the Federal Emergency Management Agency awarded the OCWUT trust \$11.130 million for storm debris removal due to a winter storm that occurred from October 26, 2020 through October 29, 2020.

#### ***OCWUT Other Assets***

On November 1, 2021, a bill of sale was made by the United States of America, acting through the Secretary of the Air Force, to OCWUT to transfer title and interest of The Tinker Air Force Base water and wastewater systems. The trust has assumed full responsibility for the ownership, operation and maintenance of the systems.

## **Combining & Individual Fund Statements & Schedules**

## **Non-Major Governmental Funds**

## ***Non-Major Governmental Funds***

### **Special Revenue Funds**

*Special revenue funds are used by the City to account for revenues derived from specific taxes, licenses, penalties, intergovernmental grants, and other restricted revenues which are designated to finance particular functions or activities of the City.*

- \* ***Emergency Management Fund*** – Established by City ordinance to account for revenues and expenditures related to the operation of the primary emergency response service.
- \* ***Court Administration and Training Fund*** – Established by State Statute and City ordinance to receive revenues from prescribed penalty assessments to be used for law enforcement, court, and prosecution training.
- \* ***Police Fund*** – Established by City ordinance to account for limited purpose sales tax designated for police services. This fund is designated by ordinance as the "Police Services, Facilities, or Equipment Tax Fund."
- \* ***Fire Fund*** – Established by City ordinance to account for limited purpose sales tax designated for fire protection services. This fund is designated by ordinance as the "Fire-fighting and Fire-Rescue Services, Facilities, or Equipment Tax Fund."
- \* ***Asset Forfeiture Fund*** – Established to account for the acceptance of Federal forfeited property from illegal drug activity. Subsequent to the establishment of the fund, state asset forfeiture activities were also included.
- \* ***Zoo Fund*** – Established by City ordinance to account for limited purpose sales tax designated for the Oklahoma City Zoo.
- \* ***Oklahoma City Municipal Facilities Authority (OCMFA) General Purpose Fund*** – Established for financial reporting purposes to include the general government activities of OCMFA.
- \* ***MAPS Operations Fund*** – Established by City ordinance to account for limited purpose use tax designated for operations and capital replacement of sports and cultural facilities. This fund is designated by ordinance as the Metropolitan Area Projects Operation, Maintenance, and Capital Replacement Fund.
- \* ***Special Purpose Fund*** – Accounts for contributions to the City designated for specific purposes such as certain parks facilities.

*(continued)*

## Special Revenue Funds (*continued*)

- \* **Special Districts Fund** – Established as the Oklahoma City Improvement and Special Services Assessment Districts Fund to account for improvements or combination of improvements that confer special benefit upon property within a designated district. Assessments are calculated annually to cover services as detailed in respective contracts between the City and the districts.
- \* **Special Assessment District** – Established by State Statute to account for assessments created by a majority of property owners in a neighborhood for the purpose of improving roads in that neighborhood. The City issues bonds, has the work completed, and creates an assessment roll for all property owners in the neighborhood to repay the bond over time.
- \* **Tax Incremental Financing Fund** – Established to hold sales tax collected for tax incremental financing districts of the City restricted for repayment of tax anticipation debt.
- \* **Medical Services Fund** – Established by City ordinance to account for the City's Total Care membership program for Emergency Medical Services. The program is funded through monthly assessments to eligible participating citizens.
- \* **Hotel/Motel Tax Fund** – Established by City ordinance to account for a limited purpose hotel/motel occupancy tax designated for economic development.

## Capital Projects Funds

Capital projects funds are used for all major capital improvements, except those reported in proprietary funds. These general government improvements are principally financed by the City's general obligation bond issues, Federal grants, General Fund transfers, and other designated resources.

- \* **Capital Improvement Fund** – Established by State Statute and City ordinance to be used for various capital improvement programs. The fund's major financial resource is transfers from the General Fund.
- \* **Street and Alley Fund** – Established by City ordinance to receive revenues to be used for street improvements.
- \* **Metropolitan Projects Tax Fund** - Established by City ordinance to account for a limited purpose sales tax designated for construction and renovation of sports and cultural facilities in downtown Oklahoma City.
- \* **Police/Fire Equipment Sales Tax Fund** – Established by City ordinance to account for limited purpose sales tax designated for police and fire capital equipment projects. This fund is designated by ordinance as the Police and Fire Capital Equipment Sales Tax Fund.
- \* **Impact Fees Fund** – Established by City ordinance to account for development impact fees. These impact fees are one-time charges on new development that are assessed and spent for the purpose of constructing infrastructure that serves the new expanded development.

## Capital Projects Funds

- \* ***City and Schools Sales Tax Fund*** – Established by City ordinance to account for a limited purpose, limited term sales tax designated for certain public school capital projects.
- \* ***City and Schools Use Tax Fund*** – Established by City ordinance as the City and Schools Capital Projects Use Tax Fund to account for the use tax levied as a companion tax to the public schools sales tax as permitted by State Statute. This tax is designated for City or public school purposes.
- \* ***Sports Facilities Sales Tax Fund*** – Established by City ordinance to account for the limited term sales tax levied to provide or improve City sports facilities and fund a basketball training facility.
- \* ***Sports Facilities Use Tax Fund*** – Established by City ordinance as the Oklahoma City Sports Facilities and Capital Improvements Projects Use Tax Fund to account for the use tax levied as a companion tax to the sports facilities sales tax. This tax is designated for funding the basketball training facility or City capital improvement projects.
- \* ***MAPS3 Use Tax Fund*** – Established by City ordinance to account for limited purpose use tax designated for the cost of management and oversight of the construction projects funded by the MAPS3 Sales Tax Fund and the enhancement of public safety by providing funding for Police and Fire positions.

- (1) This schedule reports using the accrual basis of accounting.
- (2) Reporting standards require that net position be reported in three components in the financial statements: net investment in capital assets; restricted; and unrestricted. Net position is considered restricted when (1) an external party, such as the state or Federal government, places a restriction on how the resources may be used, or (2) enabling legislation is enacted by the City, as is the case with several special revenue funds restricted to the purposes of the fund. Public trust net position is restricted by applicable trust and bond indentures to the purposes of the trust, appropriately reported in separate funds at the fund reporting level. However, as with certain special revenue funds, the requirement for additional restriction arises in the government-wide statements where business-type activities are consolidated. Therefore, trust net position comprise the primary differences between the restricted net position reported in the proprietary statement of fund net position and the government-wide business-type activities restricted net position.
- (3) In 2013 the City implemented Governmental Accounting Standards Board statement number 61 which resulted in adding and removing certain business activities related to reclassification of certain trusts and authorities.
- (4) Net position of public trusts were reported as restricted for public services until 2011.
- (5) See Table 2 for changes in net position from year to year.
- (6) Fiscal year 2020: Unrestricted net position increased primarily due to changes in the Capital Improvement Fund, Impact Fee Fund and the Better Streets and Safer City Use Tax Fund. Fiscal year 2019: Unrestricted net position increased primarily due to changes in the General Fund, the Better Streets and Safer City Use Tax Fund and the Zoo. Fiscal year 2018: Beginning net position was restated due to the implementation of GASB 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. Fiscal year 2015: Beginning net position was restated due to the implementation of GASB 68, Accounting and Financial Reporting for Pensions as amended by GASB 71, Pension Transition for Contributions Made Subsequent to the Measurement Date and GASB 73, Accounting and Financial Reporting for Pensions and Related Assets that are not within the Scope of GASB 67, and amendments to certain provisions of GASB Statements 67 and 68. Fiscal Year 2013: Beginning net position was restated due to the implementation of GASB 61, The Financial Reporting Entity: Omnibus, which resulted in the reclassification of several of the City's existing component units and the inclusion of the Oklahoma City Industrial and Cultural Facilities Trust which was not previously reported as a component unit of the City.
- (7) Fiscal year 2021: Unrestricted net position decreased primarily due to changes in Oklahoma City Zoo Trust Fund and the merger of solid waste management services with OCWUT.

- (1) This schedule reports using the accrual basis of accounting.
- (2) Expenses include allocated indirect expenses.
- (3) Net (expenses) revenues is the difference between expenses and program revenues. It indicates the degree to which a function or program is supported with its own fees and program-specific grants versus its reliance upon funding from taxes and other general revenues. A number in parentheses indicates that expenses were greater than program revenues and therefore general revenues were needed to finance that function or program. Numbers without parentheses indicate that program revenues were more than sufficient to cover expenses.
- (4) In 2013 the City implemented Governmental Accounting Standards Board statement number 61 which resulted in adding and removing certain business activities related to reclassification of certain trusts and authorities.
- (5) In 2020, public safety expenses increased due to an increase in pension expense related to the actuarially determined pension asset and liability over the prior year for police and fire.
- (6) In 2021, governmental activities operating grants and contributions increased due to COVID19 grant revenue. Business type activities recorded a special item due to the merger of the solid waste management services with OCWUT.

- (1) This schedule reports using the modified accrual basis of accounting.
- (2) Sales taxes are reported in the General, Police, Fire, Zoo, Police/Fire Equipment Sales Tax, City and Schools Sales Tax, Sports Facility Sales Tax, MAPS3 Sales Tax and Tax Increment Financing Funds. City of Oklahoma City (City) voters approved a special purpose sales tax for the improvement of public school systems serving students residing within the corporate limits of the City effective January 1, 2002 through December 31, 2008. Effective January 1, 2009 and continuing to March 31, 2010, City voters approved a special purpose tax to fund capital improvements to the Oklahoma City Arena and NBA Practice Facility. Effective April 1, 2010, City voters approved a one-cent sales tax for the MAPS3 projects, which consists of eight public projects and expired on December 31, 2017. Effective January 1, 2018 and continuing to March 31, 2020, City voters approved a temporary one-cent sales tax to fund street resurfacing, street enhancements, sidewalks, trails and bike lanes. Effective April 1, 2020, and continuing to March 31, 2028, City voters approved a one-cent sales tax for the MAPS4 projects which consists of sixteen public projects dedicated to neighborhood and human needs, quality of life and job-creating initiatives.
- (3) These revenues are reported in the Debt Service Fund and the OCPPA General Purpose Fund. The City does not levy property taxes for operations. Property taxes are used to service general obligation debt.
- (4) General, Police/Fire Equipment Use Tax, City and Schools Use Tax, Sports Facility Use Tax, and MAPS3 Use Tax Funds report use tax. Use tax is collected with sales taxes. See Note (2).
- (5) These revenues are reported in the General Fund.
- (6) These revenues are reported in the Hotel/Motel Tax Fund.
- (7) The emergency telephone tax is designated to fund "911" emergency services and is reported in the Emergency Management Fund.
- (8) Prior to 2018, these amounts were reported with Licenses and Permits.

- (1) Beginning in 2013, revenue bonds do not include outstanding bonds for OCAT, OCVUT and MCA which have been reclassified from business-type activities to component units.
- (2) Outstanding debt balances shown in the table include the current portion reported as current liabilities in the financial statements and exclude advances, compensated absences, net other post-employment benefit obligation, estimated claims payable, commercial paper, and estimated rebatable arbitrage. Therefore, the total primary government amount will not tie to the financial statements.

- (1) Other overlapping jurisdictions identified in Table 9 have no net debt for the period shown.
- (2) Net debt outstanding is the total outstanding debt less the reserves restricted for the repayment of principal in the Debt Service Fund. The outstanding debt balance and debt service fund restricted reserves used in this table are for the 2020-2021 tax year levy. Therefore, the net debt outstanding for the City of Oklahoma City (City) does not agree with the June 30, 2021, financial statements. Restricted reserves are created and accumulated through the property tax levy (per applicable Oklahoma Statutes) to insure that funds are on hand when debt service payments are due.
- (3) The source for bonded debt outstanding for jurisdictions other than Oklahoma City is the Oklahoma State Board of Equalization.
- (4) The percent applicable to Oklahoma City is determined by the School district's proportionate share of the total City assessed valuation as provided by the Oklahoma State Board of Equalization.

- (1) Repayment of debt is the responsibility of the Oklahoma City Public Property Authority Golf Courses. The bonds are secured principally by revenues earned by the Golf Courses and by revenues pledged by the City under an agreement of support. The agreement provides for financial support from legally available funds of the City, as required.
- (2) Gross Revenues include operating revenues, investment income, other revenue, and transfers from other funds. Jimmy Stewart revenues are excluded.
- (3) Direct expenses include operating expenses less depreciation for all golf courses excluding Jimmy Stewart. Beginning fiscal 2012 direct expenses exclude OPEB expenses as the Golf Courses do not fund this cost. Beginning in 2010 direct expenses did not include chargebacks. Chargebacks are paid to the General Fund and include administrative charges, risk management, and salaries.
- (4) Principal and interest is the maximum debt service paid in any year for bond covenant coverage calculations. The final term bond principal payment is not considered in determining the maximum debt service paid. Therefore, principal and interest will not correlate to annual bond payment amounts.
- (5) The bond covenants coverage ratio is 1.10.

- (1) The City of Oklahoma City has no obligation for repayment of revenue bond debt. The debt will be paid from revenues earned by the Oklahoma City Airport Trust and accumulated reserves required for certain senior lien debt.
- (2) Facility charge revenue is included in gross revenue, excluded to calculate senior lien coverage, then added back to calculate junior lien coverage.
- (3) Direct expenses include operating expenses and transfers to other funds less depreciation.
- (4) Interest requirements exclude interest paid from bond proceeds.
- (5) Senior lien and junior lien coverage ratios reflect the net coverage on junior lien debt after calculating debt service coverage on senior lien debt. Therefore, these coverage ratios will not calculate from the table. Gross coverage is calculated before operating expense. Combined coverage calculates by dividing net revenue available for debt service by total debt service requirements.
- (6) Senior lien debt was fully repaid in 2013.
- (7) Combined bond coverage includes principal and interest requirements for all bonded debt.

- (1) The City of Oklahoma City has no obligation for repayment of revenue bond debt. The debt will be paid from revenues earned by Oklahoma City Water Utilities Trust.
- (2) Gross revenues include operating revenues, investment income, other revenue, and transfers from other funds.
- (3) Direct expenses include operating expenses and transfers out less depreciation and amortization.
- (4) Principal and interest is the maximum debt service paid in any year for bond covenant coverage calculations. Therefore, principal and interest will not correlate to annual bond payment amounts. Final year debt service reduced by reserves held to pay debt services in that year.

- (1) The City of Oklahoma City has no obligation for repayment of revenue bond debt. The debt is secured by an agreement of support between the Oklahoma City Water Utilities Trust and the McGee Creek Authority granting a security interest in Oklahoma City Water Utilities Trust gross revenues.
- (2) Gross revenues include operating revenues, investment income, other revenue, transfers from other funds, and excludes amounts receivable from Participants.
- (3) Direct expenses include operating expenses less depreciation and amortization.
- (4) The bond covenants coverage ratio is 1.00. Cash balances accumulated from transfers in prior fiscal years are used to meet July 1 interest payments. Taking into consideration these balances held in the principal and interest accounts, sufficient funds were available to meet debt service requirements.

- (1) Repayment of debt is the responsibility of the Central Oklahoma Transportation and Parking Authority (COTPA). The parking bonds are secured principally by net revenues of the parking system and revenues pledged by the City under an agreement of support. The agreement provides for financial support of COTPA's parking system from legally available funds of the City, as required.
- (2) Gross Revenues include operating revenues, investment income, other revenue, and payments and transfers from other funds.
- (3) Direct expenses include operating expenses less depreciation and transfers to Parking Enterprise.
- (4) In 2013 the bond indenture was amended. Principal and interest is the maximum outstanding debt service paid in any year for bond covenant coverage calculations. Therefore, principal and interest will not correlate to annual bond payment amounts. Final year debt service is reduced by reserves held to pay debt services in that year.
- (5) The bond covenants coverage ratio is 1.0.

- (1) Repayment of debt is the responsibility of the Oklahoma City Economic Development Trust. The tax apportionment bonds are secured principally by revenues pledged by the City under an agreement of support. The agreement provides for financial support from legally available funds of the City, as required.
- (2) The bond indenture requires the payment of principal and interest from Incremental Revenues. Increment Revenues are revenues derived from the ad valorem taxes apportioned within Oklahoma City Increment District #2 and #8, and various sources for the 2018 appropriation bonds.
- (3) Direct expenses are excluded as they do not affect funds available for debt service.
- (4) The bond covenants do not specify a coverage requirement.
