Project Title: Sanitary Sewer Rehabilitation

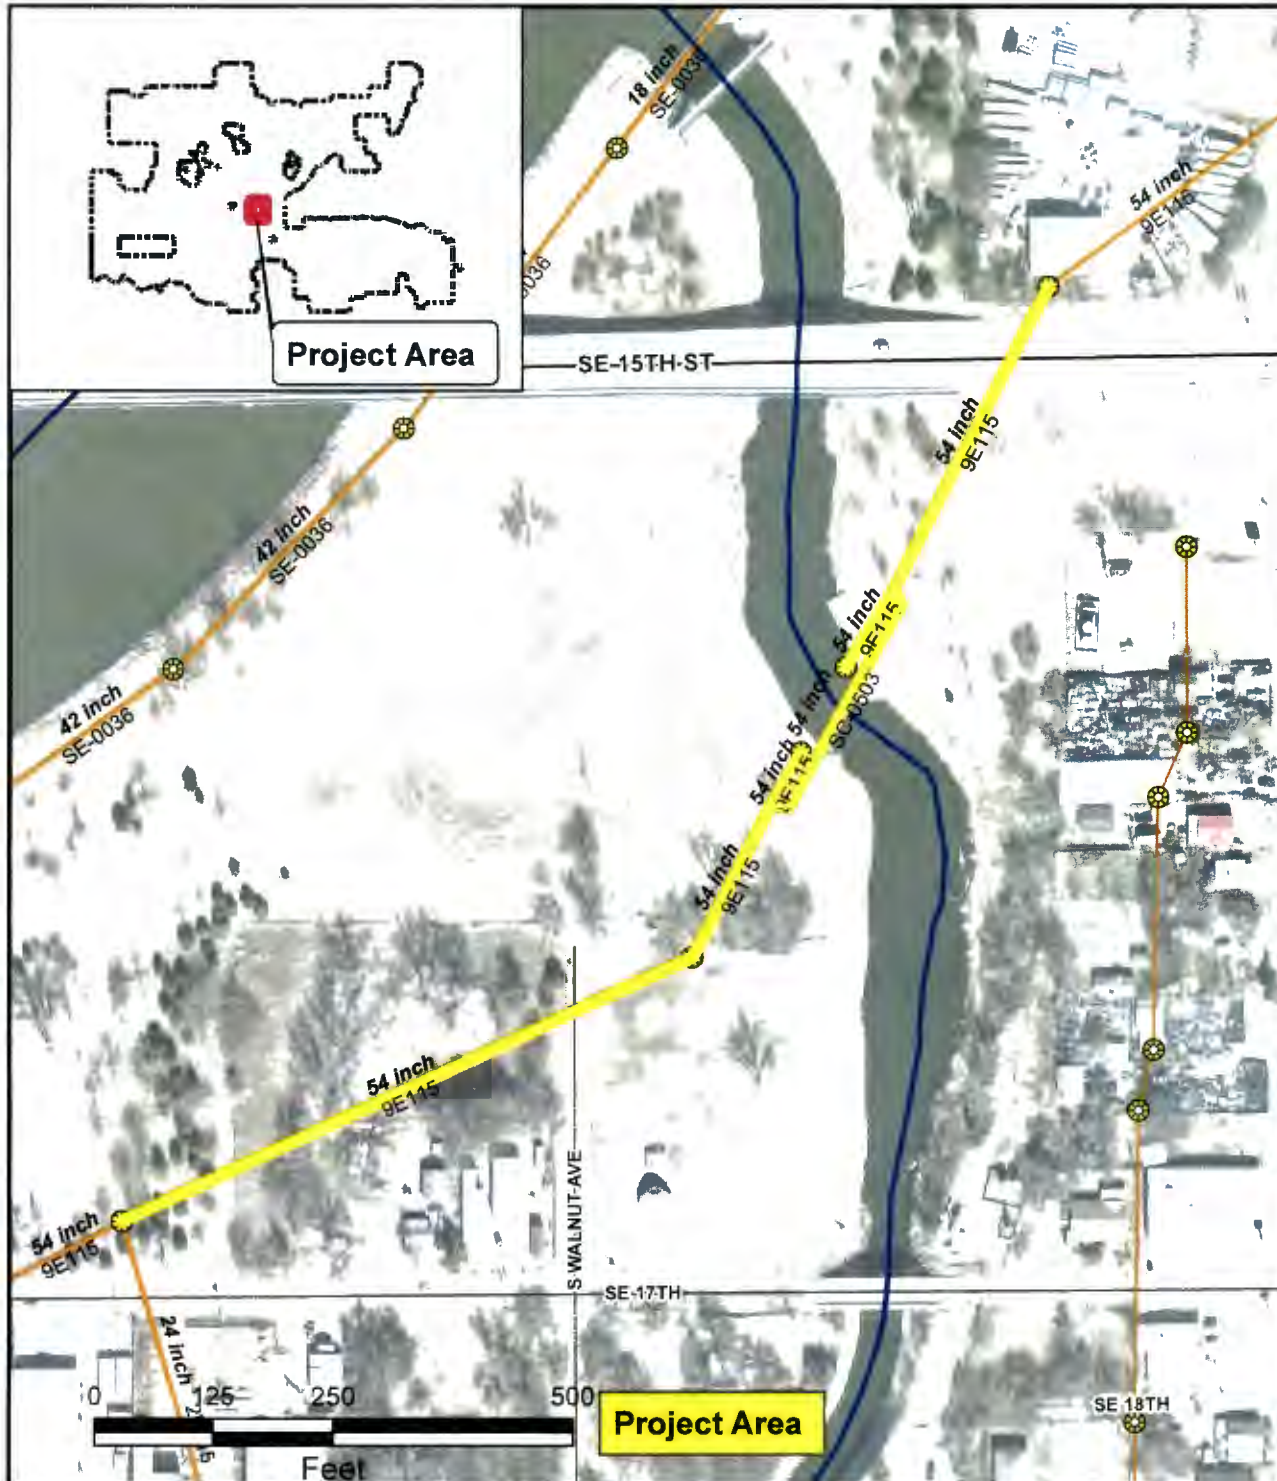

Project Location: Lightning Creek from SE 15th Street to SE 17th Street

Project Number: SC-1078

Estimated Construction Cost: \$600,000

Background: The Oklahoma City Water Utilities Trust operates and maintains its wastewater treatment and collection system. This project will remove approximately 240 linear feet of 54-inch sanitary sewer aerial crossing and abandon approximately 1,190 linear feet of 54-inch sanitary sewer mains. This area of sanitary sewer mains is required to be eliminated after the installation of a 72-inch sanitary sewer relief line. Removal and abandonment of these mains is essential to minimize impacts to Lightning Creek and meet regulatory requirements.

Project Intent: The consultant for this project will provide final design, bidding, construction administration and management, inspection, and as-built drawing services necessary to complete the project. Preliminary engineering or an engineering report will not be required for this project.

Project No.	SC-1078
Project Title	Sanitary Sewer Rehabilitation
Project Location	Lightning Creek from SE 15th Street to SE 17th Street
Ward	7
Core Business Initiative	Regulatory
Project Need	Sanitary Sewer
Project Details	Rehabilitate approx. 0.25 miles
Project Manager	Joy Kotay
Estimated Construction Cost	\$600,000
Estimated Completion Date
