1 | FINAL SITE MAP

- **Staging Area:** Approximately 20 to 25 10' X 20' and 10' x 10' tents will be located over all food serving areas and the check-in. Tables, benches, and chairs will be dispersed throughout the area. A 12' x 24' stage will be set up for the band at the corner of Park Ave and Broadway Ave.
- **Vendor Placement:** “The Big Friendly” beer bus will be parked on the northwest side of Park Ave.
- **Waste Management:** Ten trash receptacles will be on site for participant use. Volunteers will manage the site cleanup. “Bin There Dump That” will provide a dumpster, which will be picked up immediately following the event.
- **Electricity:** We plan to use power provided by generators. Generators and power distribution equipment will be rented from Clifford Power. Quad Control Panels and a Spider box will be spread out near the tents for power distribution to the tents. Clifford Power will oversee and inspect the temporary power setup and we will call for inspection by Zac Kennedy, OKC electrical inspector.
- **Water:** Water to fill tent barrels will be accessed from VI Marketing and Branding.
