ARTICLE VIII. USE UNIT CLASSIFICATIONS

* * *

§ 59-8200. - Residential use unit classifications

SECTION 4: That Chapter 59, Article IX, Section 9350, STANDARDS FOR SPECIFIC USES, of the Oklahoma City Municipal Code, 2010, is hereby amended to read as follows:

ARTICLE IX. USE STANDARDS

* * *

§ 59-9350. - Standards for specific uses

Certain uses of land or buildings exhibit unique characteristics that necessitate the application of special standards in order to coexist with adjacent and nearby uses, and the neighborhood or land use areas in which they are to be placed. The use matrices and provisions included in Article VI, Zoning Base Districts, and Article VII, Special Purpose and Overlay Districts, indicate whether the use is a prohibited, permitted, conditional, special exception or special permit use. The specific standards for that use are included below.

9350.1. Aboveground Flammable Liquid Storage: General (59-8350.1).

- A. The site shall be at least five acres in size.
- B. No aboveground storage tank use shall be permitted within 1,000 feet of a residential zoning district or use, except that a caretaker's or watchman's house shall be exempt from this restriction.
- C. The setback line for any aboveground storage tank shall be not less than 100 feet from any lot line or greater if determined necessary by the City Council.
- D. A chain-link fence or noncombustible wall eight feet in height from finished grade shall be provided around the use. Signs warning of the potential hazard, no less than four square feet in area, shall be posted along the fence at no less than 200-foot intervals.
- E. Diking around any storage area, to a minimum height for containment of complete spillage from the largest tank(s), must be constructed.
- F. These aboveground tank(s) must be used only for wholesale sales distributors and/or for use in vehicles owned by the owner of the tank(s).
