NOTICE

As part of the American Rescue Plan Act of 2021 (ARPA), the City of Oklahoma City received an allocation of \$2,000,000 from the Coronavirus State and Local Fiscal Recovery Funds, Revenue Replacement Category to provide funding for Fire Station Improvements.

Project MB-1706, Fire Station 15, Renovation and Addition. The scope of the work provides for renovating approximately 5,200 SF and adding 3,200 SF to the interior to include new women's locker room, revised men's locker room, lactation room, unisex restrooms with showers, general storage, bunk gear storage, gym, shop, revised kitchen layout, watch area and an additional sleeping room.

The City of Oklahoma City requires any contractor engaging in work on public property, for which a prequalification class of such work has been established, must be prequalified by the Prequalification Review Board for that class of work to perform such work. Information regarding prequalification can be found at www.okc.gov/departments/public-works/contractor-resources/prequalification.

Additionally, to bid on this Project, the Bidder must be prequalified by the City of Oklahoma City's Prequalification Review Board prior to the bid date as: "**Building Contractor B**". Notwithstanding the bidding requirement above, the contractor or subcontractor performing any work for which a prequalification class has been created, the contractor must be prequalified in that class to perform that work.

Any contractor that would like to bid on this project and **are not** currently prequalified with the City of Oklahoma City, should contact the Prequalification Manager at 405-297-2058 or email prequal@okc.gov to discuss the prequalification process. Contractors are encouraged to apply early for prequalification to enable processing and enable the potential contractor to bid on this project.
