#### **CR-05 - Goals and Outcomes**

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

As a HUD grantee, the City of Oklahoma City is required to publish a report detailing the utilization of the City's formula grant funds (CDBG, HOME, ESG, HOPWA) and associated accomplishments annually. The report, known as the Consolidated Annual Performance Evaluation Report (CAPER), corresponds to the priorities identified in the 2020-2024 Five-Year Consolidated Plan and specifically the activities planned in the FY2023-24 Fourth Year Action Plan. Information in this CAPER demonstrates the City's efforts to manage, fund, and deliver inclusive community development projects and services to residents in the fourth program year (July 1, 2023, through June 30, 2024) of the Consolidated Plan period.

The City continues to prioritize affordable housing development and rehabilitation, with an emphasis on targeted neighborhood revitalization, prioritizing activities within the Neighborhood Revitalization Strategy Area (NRSA). A summary of major highlights is below. The full list of accomplishments and expenditures by activity is included in Appendix 2.

**Provide Decent Housing.** To promote decent, affordable housing, the City administered rehabilitation programs, provided shelter for people experiencing homelessness, and funded the new construction of homes for sale or rent.

- 63 low- to moderate-income (LMI) households received home repair or rehabilitation through the City's Housing Exterior Maintenance Program, Whole House Rehab Program, and the Community Action Agency's Emergency Home Repair program.
- Six (6) affordable units were rehabilitated by the Oklahoma City Housing Authority.
- Six (6) LMI households received down payment assistance to purchase a home.
- Five (5) affordable homes were constructed and sold to LMI buyers.
- 4,378 people at risk of homelessness or experiencing homelessness received shelter, meals, and other services.
- 58 households living with HIV/AIDS received permanent housing assistance, and 67 households living with HIV/AIDS received tenant-based rental assistance.

**Suitable Living Environment.** To promote a safe and suitable living environment with adequate public facilities and services to ensure a high quality of life, the City regularly funds public facilities improvements and public services in low- to moderate-income neighborhoods.

- 850 youth attended after-school STEAM programs in SNI neighborhoods.
- SISU Youth completed renovations of a new drop-in resource center and shelter for homeless youth, serving 453 youth in its first year.

**Expanding Economic Opportunities.** To promote local economic opportunities, the City of Oklahoma City continues to implement policies on Section 3 and MBE/WBE. In addition, the City funded small business training for 66 businesses through the Community Action Agency's Small Business Services.

Federal regulations require the CAPER to be submitted to HUD no later than ninety (90) days after the end of the fiscal year, which ended on June 30, 2024. The City of Oklahoma City requested and received a 60-day extension to November 30, 2024. The Citizens' Committee for Community Development held a public meeting on November 12, 2024, to review accomplishments and accept citizens' comments on the programs and activities funded during the 2023-2024 Action Year. Notice of the meeting was posted on the City's Community Development webpage on October 22, 2024, and published on October 23, 2024, in *The Oklahoman*. The CAPER and associated public notice can be viewed on the Housing and Neighborhood Programs section of the City of Oklahoma City's website.

Note: For legibility, this report contains all narratives in sequence. The version submitted to HUD via IDIS separates the narratives between the document body and Appendix 1 due to character limitations in IDIS. The following text is in Appendix 1 in the HUD IDIS version.

#### Summary of Goals and Activities in the Five-Year Consolidated Plan and Fourth Year Action Plan

This report allows citizens, elected officials, and HUD to evaluate the City's performance and assess its status in meeting the goals established in the Fourth Year Action Plan and the 2020-2024 Five-Year Consolidated Plan. The Five-Year Consolidated Plan includes overall strategies and goals to achieve the following for low- and moderate-income households:

- provide safe, decent, and affordable housing,
- end homelessness by moving individuals and families from homelessness to permanent housing,
- provide a safe and suitable living environment with adequate public facilities and services to ensure a high quality of life, and
- expand economic opportunities by providing resources and technical assistance to businesses, particularly in the Neighborhood Revitalization Strategy Area (NRSA).

The Citizens' Committee for Community Development (CCCD) provided a favorable recommendation to the City Council on the proposed goals and objectives for using federal grant funds in the Fourth Year Action Plan based upon public input and staff recommendations. Accepting the CCCD recommendations, the City Council of Oklahoma City approved thirty-eight (38) CDBG and HOME projects and activities (including planning and administration functions, an open public facilities solicitation, and an open HOME affordable housing solicitation). The 2023-24 formula grant allocations for CDBG, HOME, ESG, and HOPWA totaled \$9,340,569.

In May 2020, HUD approved supplemental awards of CDBG-CV funds (\$2,948,568), ESG-CV funds (\$1,475,283), and HOPWA-CV funds (\$130,112) to address immediate needs related to the COVID-19 pandemic. The CV program expenditures began in FY 2020-21 and are linked with the FY 2019 CARES Act Amendment. Accomplishments and expenditures for this fiscal year are reported in this plan where applicable. \$4,151,551 of CDBG-CV3 funds of and \$8,443,107 of HOME ARP funds were received in FY 2021-22. Related accomplishments have been reported in the appropriate sections.

Much of this report is supported by lists and numbers; however, community benefit is difficult to quantify as each investment catalyzes both individual and collective growth. Each of the reported program activities has a positive impact on a low-income family or individual, and/or on a low-income neighborhood as an area benefit. For example, the following report notes that 64,702 taxi and bus fare coupons assisted someone who is elderly, disabled, or homeless. That free or reduced-priced transportation helped someone go to the doctor, visit a relative, attend church, or shop for groceries, all activities that provide secondary community and economic benefits.

Despite challenges such as delays and interruptions due to materials/supply disruptions, rising interest rates, and increasing construction costs, The City of Oklahoma City (The City) continued to achieve progress in meeting the priorities and goals outlined in our Five-Year Consolidated Plan and Fourth Year Action Plan.

#### **Expenditures**

Grant	Total Expenditures	Total Served
CDBG	\$5,755,206.69	67,425
CDBG-CV	\$14,307.93	0
HOME	\$2,659,683.20	12
ESG	\$488,820.80	4,376
ESG-CV	\$998,002.18	7,176
HOPWA	\$1,400,270.44	443
TOTALS	\$11,316,291.24	79,434

The City expended over \$10 million in CDBG, HOME, HOPWA, and ESG funds during the program year. Additionally, \$14,307.93 in CDBG-CV and \$998,002.18 in ESG-CV funds were expended on pandemic-related community needs. Complete expenditure and accomplishment data for the 2023-24 Fourth Year Action Plan can be found in Appendix 2. During this fourth year of the Five-Year Consolidated Plan, the City expended a total of \$11,316,291.24 (including supplemental CV allocations) and served a total of 79,432 persons and households.

#### **Achievements**

The tables in Appendix 2 detail expenditures and achievements per funded 23-24 Fourth Year Action Plan activity based on the City's financial records. The HUD IDIS reports attached in Appendix 3 provide further details related to the accomplishment information provided. The City was able to complete many funded activities and has significant achievements to report.

The Strong Neighborhoods Initiative targets funds to specific neighborhoods, for a more comprehensive and coordinated approach to neighborhood revitalization. The four SNI neighborhoods active in the 2023-2024 program year are Capitol Hill, Capitol View, MLK, and Metro Park. The most recently designated SNI neighborhoods are moving beyond initial planning phases to implementation of projects, and expenditures in the neighborhoods are expected to increase substantially in the Fifth Year Action Plan as large public facilities projects move from construction to completion. In Metro Park, 7,000 linear feet of sidewalks and ADA ramps were installed to provide safe access for all, benefiting 699 households. 21 households in all SNI neighborhoods received hazardous tree removal services. Other SNI activities supported with CDBG funds during the reporting period include tree plantings, summer and after-school programming for local schools, and neighborhood grants to support activities such as the installation of sign toppers, murals, landscaping, benches, and public art projects.

Multiple public facilities projects were completed during the 2023-2024 program year. Public art projects at the MAPS3 Northeast Health and Wellness Center and Pitts Park received funding in the First Year Action Plan and, after unanticipated delays, were completed during the 2023-2024 program year. SISU Youth completed renovations of its new drop-in resource center and shelter for homeless youth, serving 453 youth in its first year. \$478,535 was allocated during the FY 2021-22 program year for the construction of a public sewer connection to support affordable housing development on Urban Renewal lots. The project was delayed due to Right of Way acquisition challenges, and ultimately canceled and recaptured during the 2023-2024 program year.

The City also supported various public service activities with CDBG funds in the Fourth Year Action Plan. Healing Hands, a healthcare organization serving people experiencing homelessness, was allocated \$65,000 and provided care to 958 people. An allocation of \$31,000 was provided to CASA for advocacy services for children in the state's foster care system. CASA provided advocacy for 73 children. \$105,000 was allocated to the Central Oklahoma Transportation and Parking Authority to provide discounted bus and taxi fares, resulting in 64,702 fare passes used.

The City continues to support the development and retention of affordable housing using both CDBG and HOME funds. These funds are often filling gaps in projects funded with LIHTC, GOLT-AH, and private funding, maximizing the impact of the City's HOME and CDBG dollars. In the 2023-24 program year, five new single-family homes were constructed and sold by non-profit housing developers, Progress OKC, Jefferson Park, and Positively Paseo. 63 low- to moderate-income homeowners received housing rehabilitation thereby improving their living conditions and helping to preserve housing stock.

ESG-funded homeless services programs maximize every dollar of funding and effectively serve the people and families experiencing homelessness in Oklahoma City. The City's network of homeless services providers transitioned to a new Continuum of Care model, the Key to Home Partnership, which continues the work of finding permanent, stable housing for unhoused people. ESG grantees served 4,372 people with \$114,271.79 in expenditures. These programs include providing food, shelter, clothing, health care, and other necessities for individuals experiencing homelessness.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The City of Oklahoma City identified two (2) priority areas in the 2020-24 Consolidated Plan. These included the Strong Neighborhoods Initiative (SNI) neighborhoods and the Neighborhood Revitalization Strategy Area (NRSA). The City of Oklahoma City expended \$5,755,206.69 in CDBG funds, including general administration and planning, on activities and projects identified in the Plan. An additional \$14,307.93 in CDBG-CV funds was expended to assist with COVID-related needs, including housing assistance. HOME funds of \$2,659,683.20, including administration, were expended on eligible activities. Aggregate spending within the NRSA, excluding CV funding, represented 75% of all expenditures. Activities within the priority target areas included homebuyer down payment assistance, housing construction, housing rehabilitation, construction of public infrastructure, and the elimination of slum and blight. In addition to the expenditure of entitlement funding and program income, The City of Oklahoma City also supported additional activities using Continuum of Care funding and municipal social services grants.

The City identified the creation and retention of affordable housing and the prevention and elimination of homelessness as the two high priority needs in the 2020-20224 Consolidated Plan. The City continues to prioritize funding in these areas. \$2,121,019.07 of 2023-24 CDBG expenditures went to projects that contributed to the creation or retention of affordable housing. \$102,500 of CDBG expenditures went to public services benefiting people experiencing homelessness. Of all federal funding sources reported here (CDBG, HOME, ESG, HOPWA, ESG-CV) \$4,366,657.71 of expenditures went to affordable housing retention and creation, and \$1,683,022.59 went to the prevention and elimination of homelessness.

#### CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted). 91.520(a)

Race:	CDBG	HOME	HOPWA
White	49,576	10	163
Black or African American	45,177	5	127
Asian	423	0	1
American Indian or Alaskan Native	4,052	0	10
Hawaiian or Pacific islander	8	0	20
Total*	99,236	15	321
Ethnicity:			
Hispanic	6,030	5	55
Not Hispanic	93,206	10	266
Total	99,236	15	321

Table 2 – Table of assistance to racial and ethnic populations by source of funds

#### Describe the clients assisted (including the racial and/or ethnicity of clients assisted with ESG)

Race:	Number of Clients:
American Indian, Alaska Native, or Indigenous	243
Asian or Asian American	29
Black, African American, or African	1,505
Hispanic/Latina/e/o	142
Middle Eastern or North African	5
Native Hawaiian or Pacific Islander	9
White	1,869
Multiracial	546
Client doesn't know	5
Client prefers not to answer/Data not collected	23
Total	4,376

#### **Narrative**

The Table 2 template does not include all the racial designations reported for CDBG, HOME, and HOPWA activities. As a result, individuals who were assisted with these funds are not included in the totals above. 20 HOPWA beneficiaries, 5,494 CDBG beneficiaries, and 1 HOME beneficiary are missing from the totals above.

The CDBG and HOME numbers in the above table concerning racial status were manually entered based on information from the PR-23 Reports attached in Appendix 3. Please note that these numbers include a combination of households (for housing beneficiaries) and people (for non-housing services), as this is how the reports are structured. The CDBG numbers in the table include both formula grants and CV beneficiaries. HOPWA and ESG information has been manually entered based on available data as

presented in the SAGE ESG and HOPWA CAPER Reports. In addition, the data in the PR-23 reports may include racial and ethnic details for activities completed near the end of the 2023-24 program year that were not entered as accomplishments until after the start of the FY 2024-25 Fifth Action Plan Year. This may result in a difference in IDIS accomplishments and the City's accomplishment numbers.

#### CR-15 - Resources and Investments 91.520(a)

#### Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	\$8,840,280.83	\$5,755,206.69
HOME	public - federal	\$10,391,896.84	\$2,659,683.20
HOPWA	public - federal	\$1,837,299.23	\$1,400,270.44
ESG	public - federal	\$603,092.59	\$488,820.80
CDBG-CV	public - federal	\$150,309.92	\$14,307.93
ESG-CV	public - federal	\$1,116,601.74	\$998,002.18
TOTAL		\$22,939,481.15	\$11,316,291.24

Table 3 - Resources Made Available

#### **Narrative**

All grant funds are intended to be disbursed timely. The unexpended end balance of the City's CDBG program at fiscal year-end was \$3,721,987.41 as reflected on the PR-26 Report (Appendix 3). When compared against the City's FY23 funding allocation of \$4,907,677 the CDBG expenditure ratio is within the 1.5 times annual allocation ratio required by HUD (1.32). The CDBG letter of credit balance was \$3,721,987.41 at the end of the FY 2023-24 reporting period. A financial summary reconciliation report is provided in Appendix 3. The City's actual expenditures, after completion of the June 2024 final draws, are consistent with the letter of credit. All financial expenditure records are maintained in the City's accounting system and are reflected in the HUD letter of credit disbursements balance. Total expenditures exceeding resources made available for FY 2023-24 are attributable to funds carried forward from prior years and/or reallocation of program income.

The "Resources Made Available" column in the above table represents the available funding for each program. These funds are inclusive of formula grant funding, unallocated and anticipated program income, and funds carried forward for activities from prior years. The amount expended during the program year may vary from actual allocations due to the timing of project completions from prior years, and the unanticipated receipt of additional program income. All funds made available, and the amount expended for each activity have been detailed in the Final Expenditures and Accomplishments table (Appendix 2).

#### Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
NEIGHBORHOOD STRATEGY			Excludes Public Service
AREA	80%	75%	Activities

Table 4 – Identify the geographic distribution and location of investments

#### **Narrative**

The City of Oklahoma City identified two (2) strategic target areas in the 2020-2024 Five Year Consolidated Plan. The Consolidated Plan provides for the continuation of the Neighborhood Revitalization Strategy Area (NRSA). The NRSA is a targeted area for investment of formula grant funds. NRSAs are disadvantaged areas with a high concentration of low- to moderate-income residents. Communities are offered enhanced flexibility in approved NRSA areas in undertaking economic development, housing, and public service activities with their CDBG or HOME funds. This flexibility is designed to promote innovative programs in economically disadvantaged areas. The policies contained in the Consolidated Plan recommend, to the greatest extent possible, investment of 80% of HOME and CDBG funding to program activities in the NRSA.

The NRSA boundaries were established through an intensive citizen participation exercise undertaken to apply for designation by HUD as an Empowerment Zone/Enterprise Community. Four sub-strategy areas *located within the NRSA* have been further designated as focus areas for concentrated revitalization and reinvestment efforts under the Strong Neighborhoods Initiative (SNI). The current SNI Neighborhoods include Capitol Hill, Capitol View, MLK, and Metro Park. The City often continues to expend funds in the SNI neighborhoods 1-2 years after they "graduate" to complete remaining projects. Exclusive of administration expenses, 75% of federal CDBG and HOME funds were expended on projects and activities within the NRSA and SNI neighborhoods during the program year.

#### Leveraging

Explain how federal funds leveraged additional resources (private, state, and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The City maximizes the investment of federal funds using both leverage and match. Federal funds provided by HUD are utilized in several ways to leverage public and private resources. The City has a Community Housing Development Organization (CHDO) set-aside that includes the 15% CHDO statutory minimum for FY 2023-24, and a pool of HOME funds loaned to CHDOs for new home construction and rehabilitation/sale activities. CHDOs are encouraged to utilize private bank financing along with the CHDO loan pool of HOME funds in providing affordable housing. Proposals for new projects are accepted when the CHDO has completed all previously funded projects.

The City facilitates the transfer at no cost, of Oklahoma County-owned vacant lots to nonprofit organizations for the construction of affordable housing. The lots are provided to the City through an agreement with Oklahoma County. CHDOs are the primary recipients of these lots.

The City's down payment and closing cost assistance program assists in the achievement of home ownership and has proven to be an attractive program that stimulates interest among private lenders. During the reporting period, the City leveraged its Down Payment Assistance program funds with *private* financial institution mortgage investments totaling \$3,702,882. For every dollar of downpayment assistance provided through the HOME program, the City leveraged \$7.00.

Note: For legibility, this report contains all narratives in sequence. The version submitted to HUD via IDIS separates the narratives between the document body and Appendix 1 due to character limitations in IDIS. The following text is in Appendix 1 in the HUD IDIS version.

With respect to complementary projects that were not funded through grants, the City's MAPS and bond projects are notable. An affirmative vote by the taxpayers in September 2017 extended the MAPS 3 capital improvements initiative through March 2022. This temporary sales tax generated an additional \$240 million for streetscapes, \$24 million for sidewalks, \$12 million for the trails system, and \$12 million for bicycle infrastructure. Many of these activities were completed during the reporting period or are now substantially underway. A bond vote also passed in September 2017 which for the first time allocates a portion of funding for the development of affordable housing; about \$10 million in revenue was made available and is being used to support affordable units in new projects. A MAPS 4 sales tax initiative to support additional capital improvement projects and social service activities was approved by a public vote in December 2019 to raise a projected \$978M. For the first time, the focus is on investing in social service and human need projects such as a new civil rights center, senior wellness centers, youth center, housing for the homeless, mental health crisis centers, and the Family Justice Center, which provides services to people who have experienced domestic violence. Implementation and construction of the approved projects will begin upon collection of the applicable sales tax. MAPS 4 Phase I bus stop improvements and Phase I sidewalks are now underway.

The City also provided \$121,000 in local funding (general funds) last year to agencies that provide services to the homeless. The table below highlights the agencies funded, the grant amounts, expenditures, and balances.

City Social Services Grants	Funding	Expenditures	Balance
Heartline, Inc.	\$21,000.00	\$21,000.00	\$0.00
Legal Aid Services of Oklahoma, Inc.	\$20,000.00	\$20,000.00	\$0.00
Pivot	\$30,000.00	\$30,000.00	\$0.00
SISU Youth	\$30,000.00	\$23,004.42	\$6,995.58
Urban League of Greater OKC, Inc.	\$20,000.00	\$15,000.00	\$5,000.00
Total	\$121,000.00	\$109,004.42	\$11,995.58

#### **ESG Match**

The ESG requirement for match contributions equal to the grant program funds was fulfilled with new funding and other resources as required by 42 USC 11375(a)(1), including cash resources, grants, and staff salaries, as well as in-kind contributions such as the value of a building or lease, donated materials, or volunteer time.

The sources of matching resources well exceeded the amount of the grant funds and included:

Local Government	\$48,449.21
State Government	\$0.00
Private Funds	\$388,093.00

Other	\$0.00
Total	\$436,542.21

#### **HOME Match**

Presidential Disaster Declarations and HUD match reduction for severe fiscal distress has eliminated the need to provide 25% match funding for the HOME program in recent program years. During the 2022-23 program year, a Presidential Disaster Declaration eliminated the match requirement due to severe fiscal distress precipitated by the COVID-19 pandemic. No HOME match waivers were received for the FY 2023-24 program year.

For more information, please reference the attached HOME match report (Form HUD-40107-A) which is reflective of the correct match credit as reported (Appendix 6).

Fiscal Year Summary – HOME Match	
Excess match from prior Federal fiscal year	\$10,861,158.36
2. Match contributed during current Federal fiscal year	\$0.00
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	\$10,861,158.36
4. Match liability for current Federal fiscal year	\$276,038.98
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	\$10,585,119.38

# Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

Significant progress has been made towards meeting the goals and objectives contained in the 2020-2024 Consolidated Plan and Fourth Year Action Plan. The City of Oklahoma City has made progress in providing affordable housing for rental and owner households funded with HOME and CDBG. However, all programs continue to be negatively impacted by supply chain shortages and price increases in services and materials. Some projects have been delayed due to such factors. The shortage of available housing units has also affected efforts to place people in housing. The Down Payment Assistance Program has been slowed by rising interest rates and home sale prices which makes it difficult to qualify buyers.

The City assisted twenty-five households with CDBG through the Oklahoma City Housing Assistance Program's Home Exterior Maintenance program (25 units), and the Emergency Home Repair program managed by Community Action Agency which completed repairs for thirty-seven (37) homes. Six (6) public housing unit rehabilitations were completed.

Under the HOME program, three (3) CHDO housing units were constructed and sold to low-income households and an additional seventeen (17) units are underway. In addition, the City provided HOME

funding for down payment and closing cost assistance for six (6) households and supported the interior and exterior rehabilitation of one (1) house under the Whole House Rehabilitation Program.

When funding is available, the City periodically accepts requests for project-specific CDBG and HOME awards to fill financing gaps. During the Fourth Year Action Plan of the 2020-2024 Consolidated Plan, the City approved \$660,000 in HOME funds to assist with a funding gap for an affordable senior housing tax credit project (Hillcrest Green Apartments II) that will provide forty-three (43) affordable housing units. Those units are expected to be completed in the summer of 2025.

Based on outcome numbers provided in the IDIS Summary Accomplishment Report PR23 regarding the CDBG Program:

- Fifty-two (52), or 62% of households that were provided with Housing Rehabilitation Assistance (HEMP, EHR, Whole House Rehab) possessed extremely low incomes (at or below 30% of median)
- Twenty-three (23) or 27% possessed low incomes (31% to 50% of median), and
- Nine (9) or 10.7 % possessed moderate incomes (51% to 80% of median).
- No households with incomes over 80% of the median income were assisted.

No rental units for low- to moderate-income families were completed during the reporting period.

Based on outcomes provided in the IDIS Summary Accomplishment Report PR23 regarding the HOME Program Beneficiaries, sixteen (16) households were assisted during the program year. For HOME Program First-time Homebuyers (15 households), all were in the low- to moderate-income range (61-80% AMI). For Existing Homeowner Beneficiaries (1 household), the household was very low income (31-50% AMI).

#### Discuss how these outcomes will impact future annual action plans.

The City of Oklahoma City annually assesses its progress in meeting goals outlined in the 2020-2024 Consolidated Plan through the development of the Consolidated Annual Performance Evaluation Report (CAPER). The CAPER provides an opportunity for the City to evaluate the performance of its programs and services, and to determine whether adjustments to the current 5-year goals are needed. The City looks to ongoing performance and trends over time, to inform and calibrate future goals and outcomes. The City will continue to prioritize housing opportunities for low- to moderate-income families with 80% of available funding targeted within the NRSA.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	52	0
Low-income	23	1
Moderate-income	9	15
Total	84	16

Table 13 – Number of Households Served

#### **Narrative Information**

The data in Table 13 above may not be inclusive of all households served due to the timing of reporting in the HUD IDIS reporting system. Data has been assimilated from the CDBG and HOME PR-23 reports. Please note that the CDBG and HOME programs report income levels differently. The data in the CDBG fields reflects those between 0-30% AMI as Extremely Low, 30-50% as Low, and 50-80% as Moderate income. By contrast, data in the HOME fields reflect those between 0-30% as Extremely Low, 31-60% as Low, and 61-80% as Moderate income. The City did not assist any households with incomes above 80% AMI for either program.

#### CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

# Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Oklahoma City Continuum of Care and partnering agencies actively work to recruit landlords willing to house program recipients. The City recognizes that the prevention of homelessness is a more efficient and less costly mechanism of support than back-end services. As a result, the City has taken action to foster and maintain affordable housing by establishing programs and by providing funding to assist nonprofit and for-profit housing developers to rehabilitate and construct new affordable housing; supporting the City's Continuum of Care program by providing funding for the construction and rehabilitation of permanent supportive housing for the homeless when opportunity and resources allow; assisting the Oklahoma City Housing Authority by providing CDBG funds to modernize public housing units; providing funding to assist with the rehabilitation and construction of rental housing; and, providing funding for activities that support housing and services for persons with HIV/AIDS and homeless.

#### Addressing the emergency shelter and transitional housing needs of homeless persons

The City of Oklahoma City received a total allocation of \$433,433 in ESG funding for Fiscal Year 2023-24. Nine (9) activities, excluding administration, were funded in the amount of \$603,092.59 (inclusive of funds carried forward from the prior program year). The agencies provided emergency shelter and transitional housing to mentally ill persons, victims of elder abuse, youth, and victims of domestic violence. A total of 4,376 homeless individuals and families have been provided with services.

In addition to the ESG grant funding, \$998,002.18 in supplemental ESG-CV funds were expended in the Fourth Action Plan year. Seven (7) non-profit service agencies received operational assistance. 7,176 people received support for pandemic-related housing and shelter activities.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The City of Oklahoma City, through the Continuum of Care with our partnering agencies, provides rental assistance, counseling, and legal assistance to assist families in retaining housing. Homelessness prevention activities are supported with CoC, ESG, and HOPWA funding, as well as social services grants.

The Continuum of Care Board (CCB) or Key To Home (K2H) Board represents a broad spectrum of the community including formerly homeless individuals, the business community, service providers, community volunteers, and the faith-based community. All K2H Partnership members commit to ending homelessness (including chronic homelessness) and are advocates in the community. Members of K2H also participate in the gathering of data for the gap analysis and provide input into the prioritization of needs. CoC agencies and organizations have historically worked collaboratively with other groups to successfully complete the Point-In-Time survey. The work of the K2H Board is not isolated to reviewing

and writing each year's Continuum of Care application. The Oklahoma City CCB members actively participate year-round in several important committees/planning bodies whose work is important to the implementation and development of the Continuum of Care. The K2H Board also determines the annual rating measures for Continuum of Care, Social Services, HOPWA, and ESG grantees.

The WestTown Resource Center and Homeless Day Shelter are owned and operated by The Homeless Alliance and have had a significant impact on the community's efforts to reduce homelessness. Both facilities were identified as a critical need in the 10-Year Plan and are serving several hundred people daily, including several neighborhood (non-homeless) residents seeking access to benefits and meals. 2-1-1 has served as the centralized intake contact for ESG, Continuum of Care, and other homeless housing programs. It is currently the community resource for the initial evaluation of social service needs including emergency situations. The 2-1-1 system, however, has been severely threatened by the State of Oklahoma budget cuts in recent years.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City of Oklahoma City serves as the lead agency for the Key to Home Partnership, which is the City's Continuum of Care Board (CCB). The Key to Home Partnership's goal is to educate our community on the issue of homelessness and lead the development and coordination of community strategies to ensure that homelessness is rare, brief, and non-recurring in Oklahoma City. By driving strategy through collaboration, data-driven decisions, and the voice of those with lived experience, Key to Home can ensure that the response is both appropriate and effective. The City of OKC works directly with the Department of Housing and Urban Development to allocate federal funds across the partnership to support programs that provide shelter, housing, and supportive services to people experiencing homelessness in OKC. The Planning Department serves as a permanent member of the Continuum of Care Board (CCB), provides technical support to Continuum of Care funded agencies, writes the consolidated application, and serves on the Interagency Council on Homelessness.

Key to Home's goal is to create and sustain a community where homelessness is rare, brief, and non-recurring through strong public/private partnerships, supporting collaboration among stakeholders, using data to guide our strategy, and educating the public on homelessness and its solutions.

The Oklahoma City Continuum of Care (CoC, Key to Home) utilizes a coordinated entry and assessment system for all clients served by the homeless services system. When a person who is homeless contacts a homeless services provider or accesses the 2-1-1 system, an assessment is conducted which includes identifying health concerns, length of time on the street, and other relevant information to determine where they will be placed on the CoC's priority list for housing. A Coordinated Case Management team meets weekly to review cases on the list and determine who will provide adequate housing and services based on a client's needs. Once determined, a case manager is assigned, the client is located and moved into the first available unit and supportive services are provided. The Oklahoma City Continuum of Care has placed over 1,000 chronically homeless individuals and veterans into housing in the last 5 years and maintains a retention rate between 80-90%.

The Key to Home Partnership also aims to decrease unsheltered homelessness in Oklahoma City through its Encampment Rehousing Initiative. The City of Oklahoma City has recently seen a growing number of individuals experiencing unsheltered homelessness. This means more people have been homeless for a year or longer or have been homeless multiple times in the last several years. Unsheltered homeless individuals are typically the hardest to serve, most visible, and most costly to the community due to reactive measures such as litter abatement, emergency response, and court costs. The Key to Home Partnership adopted a plan to rehouse 500 unsheltered homeless individuals in Oklahoma City in two years (by 2025) through the Encampment Rehousing Initiative. Through this initiative, program partners collaborate to house encampment residents in an expedited 4-6 weeks and provide ongoing case management support for 12 months.

#### CR-30 - Public Housing 91.220(h); 91.320(j)

#### Actions taken to address the needs of public housing

The City allocates CDBG funds for the rehabilitation of low-income public housing units. During the program year, the Oklahoma City Housing Authority (OCHA) rehabilitated six (6) public housing units with \$235,000 in CDBG funds.

The City of Oklahoma City Planning Department staff, as part of its outreach activities in the SNI neighborhoods, participates in the presentation of Fair Housing and legal education workshops which include discussion of homeownership opportunities and landlord/tenant issues. OCHA staff conducts periodic seminars which include Homebuyer Education Classes to increase awareness about housing programs among participants in the Oklahoma City Housing Authority's Family Self Sufficiency Program, Section 8 Homeownership Program, and Individual Development Accounts Program as well as with other nonprofit Organizations. Information packets are provided to attendees that contain brochures and flyers of various home ownership services.

The Housing Authority has established resident involvement programs that include resident councils and family self-sufficiency programs. OCHA also has programs in both the public housing and Section 8 programs to assist residents in becoming homeowners.

# Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

OCHA encourages upward mobility for all Section 8 and Public Housing families. Tenants are encouraged to participate in the Family Self-Sufficiency Program (FSS), a voluntary program for Section 8 residents that assist families in improving their economic situation and reducing their dependency on public assistance. The FSS is designed for those who are unemployed or underemployed. Each participant creates a five (5) year plan that includes employment goals and identifies training and/or educational needs. FSS staff assist participating households in identifying, locating, and arranging for the services they need to accomplish their goals. Services may include childcare, education, transportation, personal development, resumes, job training and/or placement. As FSS participants succeed in raising their family income, the portion of their monthly income contributed toward their Section 8 rent payment also increases. HUD regulations allow a percentage of this rent increase to be deposited into an interest-bearing account for the participating family. When a family achieves its goals and "graduates" from welfare assistance for a minimum period of twelve (12) months, they are awarded the accumulated funds in their FSS account. These funds may be used to make a down payment on a home purchase, or to start a new business.

OCHA also operates a Section 8 Homeownership Program to assist eligible tenants in the purchase of a home by offering monthly homeownership assistance towards monthly payments. Participating families should demonstrate satisfactory rental history, minimum income requirements, and steady employment. All applicants must pass a preliminary credit screening process and complete a homebuyers education course.

OCHA continually seeks opportunities to address capital needs and improvements using HUD's Rental Assistance Demonstration program. OCHA is committed to preserving and improving public housing properties and pursues grant and financing opportunities to improve properties and strengthen the quality of life and services for tenants.

#### Actions taken to provide assistance to troubled PHAs

The Oklahoma City Housing Authority is designated as a high performer and is not identified as a troubled PHA; therefore, no assistance was required.

#### CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Some of the barriers affecting the cost of providing affordable housing relate to policies or codes of the jurisdiction. In recent years, the City has taken steps to establish policies that are favorable to the production of affordable housing. The actions included:

- Adoption of the International Existing Building Code Code applies to multi-family housing and reduces financial barriers to renovating existing building by allowing greater flexibility in materials used in the renovation.
- The City does not require engineering or architectural seals for developers to construct single-family housing.
- The cost for remediation of lead paint through the City's Housing Assistance Program and other HOME assisted projects is provided to income-qualified households and developers in the form of a grant.
- The City contracted with Root Policy Research to update its Analysis to Impediments to Fair Housing Choice. The update was completed January 31, 2020, and is included in the City's 2020-2024 Consolidated Plan. This study included suggestions for code revisions in support of affordable housing. The City is currently engaged in a comprehensive code review and rewrite and the suggestions will inform potential revisions.
- The City provided CDBG funds for Economic & Planning Systems, Inc. to perform a Comprehensive Housing Affordability Study (HAS) for Oklahoma City, to identify recommendations to increase the quality and quantity of affordable housing in our community. That study and the accompanying recommendations were completed in Fall 2021.
- As a result of the HAS, the City is now engaged with a consultant working to develop a Housing Affordability Implementation Plan (HAIP), to focus on the need for affordable housing development and preservation. The HAIP is expected to be completed in calendar year 2024.

Grants management staff continues to monitor and comment on changes in policy or codes that could have an adverse impact on the production of affordable housing.

#### Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Worst-case housing needs are addressed through programs that include funding for nonprofit housing providers, and Affordable Housing Development Programs and Rental Housing programs as outlined in the Consolidated Plan. In addition, the City, in all affordable housing development solicitations, gives priority to projects that serve special populations and people with disabilities. The Oklahoma City Continuum of Care, the Oklahoma City Housing Authority, and the City's Supportive Services for Veteran's Families (SSVF) provider are working together to actively recruit landlords to house homeless veterans. In the FY 2022-23 Third Action Year Plan, the City provided a \$1M grant in CDBG funds to support SISU Youth in renovating a building to serve as a new and expanded youth shelter and resource center. This facility was completed during the Fourth Action Plan Year.

#### Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The Oklahoma City Council has an adopted Lead-based Paint Policy that provides for compliance with the requirements of 24 CFR Part 35 regarding assessment and treatment of lead-based paint hazards.

All City housing rehabilitation inspectors are certified by the Oklahoma State Department of Environmental Quality as lead-based paint Inspectors/Risk Assessor and/or Supervisor and certified by the U.S. Environmental Protection Agency as Renovator/Remodeler. All properties, where Federal funds are granted or loaned by the City for housing rehabilitation, are inspected for lead based paint. The inspection includes a specific section for determining what remediation steps need to occur to clear the property. Work specifications are prepared, and the remediation work is included in the rehabilitation bids from State Certified contractors.

The City completed twenty-five (25) exterior maintenance projects, one (1) whole house rehabilitation projects, and thirty-seven (37) emergency home repair projects in the 2023-24 Action Plan Year. Emergency home repair is a program activity conducted for the City by a sub-grantee capable of performing lead-based paint responsibilities. Additionally, sub-grantees, nonprofit borrowers, CHDOs, and other funding recipients carry out lead-based paint responsibilities directly or through the City's certified inspectors.

#### Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The City's antipoverty strategy includes increasing employment opportunities, providing housing opportunities for low and moderate-income people, and providing supportive services and housing assistance to homeless people and families through public investment of local and federal resources.

The City is utilizing CDBG and Section 108 Loan Guarantee funds to stimulate the local economy and create jobs. In the past years, the City invested Section 108 and Economic Development Initiative grant funds in the redevelopment of the historic Skirvin Hotel, the American Indian Cultural Center, Dell, Inc. Business Service Center, the Embassy Suites Hotel, the 21C Museum Hotel, the First National Bank restoration, and to establish a small business assistance revolving loan fund. All projects were in the Neighborhood Revitalization Strategy Area. The job creation programs have been responsible for the creation of approximately 2,200 jobs available to lower-income persons. All jobs qualify for the presumption of lowand moderate-income.

Concerning public education and other locally funded programs that address poverty in Oklahoma City, the City utilized CDBG SNI funds to fund after-school and summer programming at five schools. They are Capitol Hill Middle School and Lee Elementary which serve the Capitol Hill Neighborhood, and Martin Luther King, Jr. Elementary, FD Moon Middle School, and Thelma Parks Elementary which serve students in the Capitol View and Metro Park Neighborhoods. The summer school programs adapted the nationwide Science Technology Engineering and Math (STEM) program into STEAM by incorporating a focus on Art education.

Public education and job creation activities coupled with the construction of affordable and market-rate housing provide opportunities for individuals and families to move from poverty to higher levels of security and prosperity. In addition, new housing development is providing employment opportunities at good wages to low/mod income persons and minorities in various construction trades.

Finally, the City is addressing homelessness through continued support of the WestTown Housing Resource Center and Homeless Day Shelter Campus. This combined public facility provides a one-stop location for people experiencing homelessness and those at risk of becoming homeless to obtain needed

assistance. The City supports the center through an annual Agreement to fund operational expenses from the City's General Fund.

#### Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The City has an ongoing institutional structure for the provision of housing assistance to lower-income people and special populations. The Oklahoma City Housing Authority, Community Housing Development Organizations, and nonprofit and for-profit housing organizations. A brief list of activities that were funded in the 2023-24 Action Year Plan includes:

- Oklahoma City Housing Authority rehabilitated six (6) public housing units with \$235,000 in CDBG funds.
- \$649,465.03 for rental assistance, security, and utility deposits.
- Community Action Agency received \$800,000 in CDBG funds to conduct emergency home repairs to assist lower-income people. 37 emergency home repairs were completed.
- The City of Oklahoma City Housing Assistance Program received \$1,000,000 in HOME funding and \$1,675,000 in CDBG funds to provide program delivery and housing rehabilitation services to lower-income people. Twenty-five (25) homes received Housing Exterior Maintenance and one (1) whole-house rehabilitation was completed.
- Community Action Agency and Neighborhood Housing Services provided down payment and closing cost assistance to prospective lower-income homeowners utilizing HOME grant funding. A total of six (6) down payment and closing cost assistance transactions were completed.
- Neighborhood Housing Services CHDO did not complete a unit during the program year. Two (2) units are underway.
- Jefferson Park CHDO provided housing opportunities for lower-income people through purchase/rehabilitation and new construction (Two (2) units completed; Eight (8) units underway).
- Oklahoma City Housing Services Redevelopment Corporation CHDO (d/b/a Positively Paseo) provided housing opportunities for lower-income people through new construction (One (1) unit completed; Seven units (7) underway).
- Forty (40) senior apartment units (Harmony Apartments) supported with \$550,000 in HOME funds are nearing completion and expected to be fully leased in late Fall 2024.

The City will continue to enhance institutional structures by making local and federal resources available to agencies to address homelessness, the provision of social services, affordable housing, and economic development.

# Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The City allocates CDBG funds for the rehabilitation of low-income public housing units. During the program year, the Oklahoma City Housing Authority (OCHA) rehabilitated six (6) public housing units with \$235,000 in CDBG funds. Additionally, OCHA and City staff meet periodically to discuss local affordable housing needs and issues, as well as opportunity areas for future housing development. During the FY 2019-20 program year, the City and the Housing Authority entered into agreement for the City to provide housing inspection services to OCHA in its RAD conversion projects. This year 426 inspections were carried out (including initials, annual, and complaints). An additional 125 re-inspections were performed on units that failed the first inspection.

The Oklahoma City Housing Authority has established resident involvement programs that include resident councils and family self-sufficiency programs. The Housing Authority also has programs in both the public housing and Section 8 programs to assist residents in becoming homeowners.

# Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The City is committed to affirmatively furthering fair housing, and contracts annually with the Metropolitan Fair Housing Council to monitor and investigate housing discrimination complaints. During the 2023-24 reporting period, the Metropolitan Fair Housing Council received 526 landlord/tenant intakes that resulted in the filing of twenty-one (21) formal housing discrimination complaints. In addition, MHFC collected \$11,723 in the Fourth Action Plan Year for complainants through in-house mediation.

Metropolitan Fair Housing also processed forty-two (42) requests for reasonable accommodation or modification. In addition, the Metro Fair Housing Council conducted twenty-four (24) training events for first-time homebuyers, public and private housing providers, and faith-based housing providers. These activities speak directly to improving the understanding of and compliance with the Fair Housing law.

In addition to the Metropolitan Fair Housing activities, a resources directory is made available on the SNI Facebook page, and staff continues working with neighborhood groups to provide Fair Housing Education and outreach.

A new Analysis of Impediments to Fair Housing Choice was completed for The City of Oklahoma City by Root Policy Research in January 2020 and used to inform the 2020-24 Five Year Consolidated Plan period beginning on July 1, 2020. A new study on affordable housing needs in our community was completed in the Fall of 2021.

Several activities supported during the reporting period speak directly to improving, understanding and enhancing compliance with fair housing law. These important activities will continue in the upcoming year.

The City is fully committed to affirmatively furthering fair housing. Efforts to promote equitable housing opportunity during the Fourth Action Plan Year included the following activities:

- Provided landlord-tenant education to SNI neighborhoods
- Shared information about Fair Housing and Discrimination on the SNI Facebook page.
- Evaluating the *Housing Affordability Study* completed by EPS, Inc. to identify demands, trends and habitability issues in our community to be considered in future funding decisions.

Other identified impediments are being addressed by other parts of the City, outside this Action Plan. Zoning is beginning to be addressed. The City engaged a consulting firm to diagnose problems with the existing zoning code and review it for conformance with the City's comprehensive plan. The process of overhauling the code began in late 2018 and early parts of the code update are being considered by the City Council. This process will also examine recommendations for code changes that were identified in the City's Housing Affordability Study intended to support the development of affordable housing. Additionally, the City has contracted with a firm to create a Housing Affordability Implementation Plan (HAIP), which is expected to be completed in late 2024.

The City passed a municipal bond issue in September 2017 which added more sidewalks and transit stops, increased ADA compliance at existing stops, and performed bus system upgrades to advance the public

transit system. These improvements were focused on high-need areas as determined using data on area incomes and employment centers. Many of these improvements have been completed.

The General Obligation Limited Tax Bonds (GOLT Bonds) approved in 2017 also included \$10M for affordable housing. This represents the first time the City made such an investment. A policy establishing eligibility criteria, programmatic guidelines, and performance requirements for these funds was approved by the City Council in June 2018. City staff, along with staff of the Alliance for Economic Development, the Oklahoma City Economic Development Trust (OCEDT), and the City Council, are engaged in funding decisions. The adopted policy prioritizes mixed-income developments in areas accessible to employment, transit, quality schools, and grocery stores. All \$10 million has been allocated, with 454 new affordable units currently in service because of the funds. Several of the projects were also supported with HOME funding. 384 more units will be supported with GOLT funds by the end of 2026.

#### **CR-40 - Monitoring 91.220 and 91.230**

Describe the standards and procedures that will be used to monitor activities carried out in furtherance of the plan and will be used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and comprehensive planning requirements.

Oklahoma City monitors all activities funded with federal grants and a compliance review is conducted for all sub-recipients on an annual basis. The City is monitored by HUD and undertakes an annual A-133 independent audit. The internal audit found no material weaknesses or significant deficiencies in financial statements or federal awards. The 2022-23 A-133 Single Audit Report for the City reported no findings for internal controls over major federal programs. The A-133 single audit for the City's fiscal year 2023-24 began in the fall of 2024 and is not complete at the time of this report. All identified findings from the previous year audits have been addressed and completed.

Monitoring of subgrantees is performed for each activity to ensure compliance with the requirements of the program.

- 1. <u>Desk monitoring</u> is performed throughout the program year. Each reimbursement request is reviewed for eligibility, documentation support, and eligibility of expenditures. Beneficiary reports are required per the terms of each agreement throughout the period of reimbursement.
- 2. <u>Spending levels</u> are monitored throughout the grant year to ensure that funds are expended timely, and the year-end goals are met.
- 3. On-site monitoring is regularly performed on subgrantee contracts as prioritized by risk. Areas reviewed include (as needed, but not limited to): conformance to the subgrantee agreement; record retention system; financial management systems, evidence of insurance, adequate procurement, and compliance with all federal cross-cutting requirements.

The Housing and Community Development Division of the Oklahoma City Planning Department is responsible for the development and implementation of the Consolidated Plan. The Planning Department ensures compliance with program and Consolidated Plan requirements through oversight activities of the Citizen's Committee for Community Development which holds public meetings to discuss the Consolidated Plan, Annual Action Plans, and the program accomplishments. Programs are additionally subject to internal accounting and auditing procedures, as well as annual external auditing and HUD monitoring.

#### Citizen Participation Plan 91.105(d); 91.115(d)

# Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The Citizens Committee for Community Development (CCCD) was formally created by the City Council to provide a forum for citizen involvement concerning community development issues. Specifically, the Citizen's Committee reviews CDBG proposals and changes in CDBG program activities regarding the Consolidated Plan and makes funding recommendations to the City Council. These meetings are open to the public. In compliance with the City's Citizen Participation Plan, the final year-end expenditures, financial statements, and CAPER accomplishments with beneficiary data were provided to the CCCD for the Committee's review and public comment on November 12, 2024. The November 12th public meeting notice was posted on the City's Community Development website on October 22, 2024, and published in

The Oklahoman on October 23, 2024. Citizens were afforded a fifteen (15) day comment period in which to submit comments to staff. Accommodations were made for disabled citizens.

No comments were received at the CCCD meeting to review the CAPER. Documentation of the CCCD meeting and the notice published in *The Oklahoman* are attached in the Appendix.

#### CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

In the FY23 Action Plan, the City prioritized activities that meet the primary national objective: a benefit to low- and moderate-income populations (LMI). 82% of the City's CDBG expenditures, excluding admin and planning, met an LMI national objective. The City also labeled the creation and preservation of affordable housing as a high need. 44% of CDBG expenditures, excluding admin and planning, went to housing.

The Tables in Appendix 2 detail expenditures and achievements based on the City's financial records for the 2023-24 program year. FY23-24 CDBG funds helped accomplish the following, resulting in direct impacts on identified needs:

- 699 households benefited from the construction of sidewalks in SNI neighborhoods with CDBG Funds.
- Twenty-one (21) hazardous trees in SNI areas were removed with CDBG funds.
- STEAM, an afterschool and summer program, was offered at three (3) elementary schools and two (2) middle schools in SNI neighborhoods. 850 students participated.
- 113 abandoned properties that were an immediate threat to health and safety were secured.
- COTPA's Share-a-Fare program provided 64,702 free or discounted transportation vouchers.
   Benefits were provided to 7,283 elderly people; 11,502 people with disabilities; 85 homeless individuals received bus passes, and 235 homeless people received taxi fares. (Note: some beneficiaries met criteria for more than one of these categories).
- The Oklahoma City Housing Assistance Program completed twenty-five (25) Housing Exterior Maintenance projects.
- The Community Action Agency Emergency Home Repair program assisted thirty-seven (37) households with Emergency Home Repairs.
- The Oklahoma City Housing Authority modernized six (6) public housing units for extremely low-income families during the program year.
- Economic development technical assistance was provided to sixty-six (66) businesses and prospective businesses through small business counseling and the completion of an 8-week small business development/ownership training class.
- Six (6) affordable housing units were developed on lots previously assisted under the OCURA Urban Renewal program. An additional 560 units are in various stages of planning and development.
- The Metropolitan Fair Housing Council (MFHC) received 526 landlord/tenant intakes that resulted
  in the filing of twenty-one (21) formal housing discrimination complaints. MFHC processed fortytwo (42) requests for reasonable accommodation and conducted twenty-three (23) educational
  seminars and trainings for first-time homebuyers, public and private housing providers, and faithbased housing providers.

The City monitors the expenditure of CDBG funds throughout the year to ensure that activities are completed on time. In instances where funds are not fully expended, the carryover balance is reallocated to the subrecipients for expenditure in the following Action Plan or recaptured as needed. This program year \$460,542.12 of CDBG funds were deobligated from projects that could not be completed. No expenses were incurred on these canceled projects.

The City continues to make progress toward achieving the national and local goals of the CDBG program. Like many communities, rising construction costs, declining public funds, and increased regulatory requirements limit the ability of the City to fully realize project goals, particularly those related to affordable housing development. The City will continue to look for ways to maximize investments in developing and preserving affordable housing, through leverage, cost maximization, and innovative partnerships.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No.

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

Not Applicable

# CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations.

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

A summary of on-site inspections and required remediation is provided in Appendix 8. All HOME rental projects subject to an affordability period were desk-monitored during the program year. There are currently twenty-nine (29) projects under an affordability period, consisting of 279 total units. A 20% sampling of units is scheduled for inspection at each of the multi-family and SRO properties subject to an on-site compliance review. 100% of the single-family units subject to compliance are scheduled for inspection during the program year, except in those instances where multiple units are grouped under one activity number. In those instances, a 20% random selection of the units is inspected. Following the completion of all inspections, property managers are notified of unit deficiencies, and follow-up inspections are made where necessary. Repairs to address noted deficiencies are required and monitored by staff until completed. All projects, as of June 30, 2024, complied with minimum property standards. Deficiencies and findings are noted in the inspection summary in Appendix 8.

All 279 HOME-assisted units were desk monitoring. This included the review of standard lease agreements, qualifying income reports, current rent limits, verification of occupancy status, and management reports. Of the projects surveyed, most responded appropriately with no significant findings. Staff continue to follow up on delinquent documentation. Additional findings, if applicable, will be reported in the FY 2024-25 Fifth Action Plan Year.

# Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

As a recipient of federal funds, the City of Oklahoma City must adopt affirmative marketing procedures and requirements for rental and homebuyer projects containing five (5) or more HOME-assisted units. Affirmative marketing includes actions that provide information and/or otherwise attract eligible people to an assisted project without regard to race, color, national origin, gender, religious affiliation, familial status, or disability. In marketing its programs, The City aims to ensure that eligible households have acceptable access and the opportunity to participate in all programs and services supported by federal grant funds. In Fiscal Year 2023-24, homebuyer down payment assistance programs, first-time homebuyer education, and related services were marketed to residents in low- to moderate-income neighborhoods and those with limited English proficiency.

Affirmative marketing provisions were contained in all rehabilitation housing assistance information packets and were included in all agreements that provided financial assistance to rental housing programs. DPA program brochures were provided to all Community Action Agency (CAA) Head Start Program participants. Program information was given to prospective homebuyers during CAA's weekly Homebuyer Education classes and Neighborhood Housing Service's Homebuyer Education classes held twice a month throughout the year. Affordable Housing Programs were also highlighted in numerous monthly Neighborhood Association newsletters, and on The City's Community Development website.

Increased emphasis was placed on Section 3 requirements, which were included in all operating and development agreements.

# Data on the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

In the 2023-24 program year, The City of Oklahoma City received CDBG program income in the amount of \$210,616.42. This revenue was recognized and has been allocated to eligible activities in the FY 2023-24 Fourth Year Action Plan. These funds were primarily received through repayments on Section 108 loans. The HOME program recognized program income in the amount of \$320,047.41. These funds have been reprogrammed to eligible activities in the FY 2024-25 Fifth Year Action Plan.

Other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

The City of Oklahoma City is an Entitlement Community. This question applies to STATES ONLY. The City's efforts in fostering and maintaining affordable housing are discussed in Section CR-20 of this report.

# CR-55 - HOPWA 91.520(e)

Identify the number of individuals assisted and the types of assistance provided

Table for report on the one-year goals for the number of households provided housing through the use of HOPWA activities for: short-term rent, mortgage, and utility assistance payments to prevent homelessness of the individual or family; tenant-based rental assistance; and units provided in housing facilities developed, leased, or operated with HOPWA funds.

Number of Households Comised Through	One-Year	Actual
Number of Households Served Through:	Goal	Actual
Short-term rent, mortgage, and utility assistance payments	90	65
Tenant-based rental assistance	45	67
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	0	0
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds	27	36
Total:	162	168

Table 14 - HOPWA Number of Households Served

## Narrative

The City of Oklahoma City is the recipient of Housing Opportunities for Persons with AIDS (HOPWA) funds. The City of Oklahoma City administers the grant and signed a contract with The Homeless Alliance, Inc. as the project sponsor to provide services with the funds. The OKC HOPWA service area includes 7 (seven) counties: Oklahoma, Cleveland, Canadian, Grady, Lincoln, Logan, and McClain. The Homeless Alliance and its subrecipients are members of the Oklahoma City Homeless Continuum of Care (CoC). The collaboration of HIV and non-HIV service providers has created a holistic module of care. The OKC HOPWA Program does not have a waiting list.

The HOPWA program allocates funds to meet the housing needs of people with HIV/AIDS, including lease/rental assistance, shared housing arrangements, apartments, and community residences. Supportive services including case management are also included in the program. HOPWA funds can also be used for emergency housing, temporary rent, mortgage, and utility payments to transition eligible people into more permanent housing arrangements. A total of 443 clients were assisted with HOPWA funds. Other assistance provided with HOPWA funds in FY 2023-24 includes:

- 36 individuals provided Emergency Housing Assistance
- 58 individuals provided Permanent Housing Placements
- 65 individuals provided Short Term Rent Mortgage and Utility Assistance payments
- 67 individuals provided Tenant-Base Rental Assistance payments

Please note that some households noted above received more than one service.

Coordination and leverage of services is the key to success for many of our HOPWA clients. Some examples of leveraged services in our system of care include:

- Street homeless outreach services have improved with a team of HIV and Homeless services
  providers working collaboratively to identify newly infected persons and guiding those living on
  the street to housing and care services.
- The Homeless Alliance provides funding for the AIDS Legal Resources Project. This program works
  closely with the HOPWA program to assist with legal issues that directly affect the client's ability
  to obtain and maintain housing.
- For clients who are identified as "out of care," the HOPWA case manager makes an appointment for necessary treatment and an appointment with the Ryan White Outreach case manager.
- The Homeless Alliance contracts with a local provider, Urban Housing Locator, to connect public and private housing providers, develop a resources list, perform inspections, and build relationships with landlords. This has proven beneficial in placing clients in more affordable units and encouraging landlords to accept harder-to-place clients who have felonies or past evictions.
- The Homeless Alliance uses volunteers to provide support services to HIV clients. This program includes volunteers helping HOPWA clients move into housing, taking clients to appointments, and other day-to-day activities.
- The Homeless Alliance provides some support to the Winds House, a transitional housing program for fifteen (15) clients.

Using the services of Urban Housing Locator, a pool of FMV housing (all-bills-paid) apartments has been located which provides individuals a broader choice of affordable locations. Locating units that will accept felons has allowed HOPWA Case Managers the ability to house hard-to-place clients. The HOPWA project made great progress in moving individuals from TBRA into affordable independent housing. Housing inspections ensure all units meet HUD's habitability standards.

The Homeless Alliance continued to make improvements to the program in the 2023-2024 program year to better accommodate the need for services and increase the capacity to serve the HIV community. These improvements include serving more unique households, partnering with new and existing agencies, building a positive relationship with the OU School of Social Work, and training interns. The HOPWA Program, Healthy Housing, remains in a larger space in Shepherd Mall to accommodate the growing team, thus increasing capacity for services. The HOPWA program continued to provide ongoing case management services and funding from STRMU, TBRA, PHP, and Emergency Housing as needed to meet clients facing homelessness or housing instability. This year the Homeless Alliance integrated the HOPWA program into the CoC's Coordinated Entry System to allow clients better access to other funding and housing opportunities. This also allows for more equitability of services and better prioritization of clients' needs.

With the shift from COVID funding to Key to Home funding, our community experienced a transition in agency roles, leading to a period of growth and change as teams adapted to new opportunities. The Project Sponsor took that as an opportunity to further incorporate HOPWA into the coordinated entry system. Additional challenges include stigma and a lack of affordable housing units in the area of service. The entire HOPWA CAPER is included as an appendix to this report.

# Appendix 3 - PR Reports, Single Audit, Financial Reports

## Office of Community Planning and Development U.S. Department of Housing and Urban Development Integrated Disbursement and Information System PR26 - CDBG Financial Summary Report Program Year 2023 OKLAHOMA CITY , OK

DATE: 10-28-24 TIME: 11:15 PAGE: 1

PART I: SUMMARY OF CDBG RESOURCES	
01 UNEXPENDED CDBG FUNDS AT END OF PREVIOUS PROGRAM YEAR	3,721,987.41
02 ENTITLEMENT GRANT	4,907,677.00
03 SURPLUS URBAN RENEWAL	0.00
04 SECTION 108 GUARANTEED LOAN FUNDS	0.00
05 CURRENT YEAR PROGRAM INCOME	210,616.42
05a CURRENT YEAR SECTION 108 PROGRAM INCOME (FOR SI TYPE)	0.00
06 FUNDS RETURNED TO THE LINE-OF-CREDIT	0.00
06a FUNDS RETURNED TO THE LOCAL CDBG ACCOUNT	0.00
07 ADJUSTMENT TO COMPUTE TOTAL AVAILABLE	0.00
08 TOTAL AVAILABLE (SUM, LINES 01-07)	8,840,280.83
PART II: SUMMARY OF CDBG EXPENDITURES	
09 DISBURSEMENTS OTHER THAN SECTION 108 REPAYMENTS AND PLANNING/ADMINISTRATION	4,835,899.04
10 ADJUSTMENT TO COMPUTE TOTAL AMOUNT SUBJECT TO LOW/MOD BENEFIT	1,807.42
11 AMOUNT SUBJECT TO LOW/MOD BENEFIT (LINE 09 + LINE 10)	4,837,706.46
12 DISBURSED IN IDIS FOR PLANNING/ADMINISTRATION	917,500.23
13 DISBURSED IN IDIS FOR SECTION 108 REPAYMENTS	0.00
14 ADJUSTMENT TO COMPUTE TOTAL EXPENDITURES	0.00
15 TOTAL EXPENDITURES (SUM, LINES 11-14)	5,755,206.69
16 UNEXPENDED BALANCE (LINE 08 - LINE 15)	3,085,074.14
PART III: LOWMOD BENEFIT THIS REPORTING PERIOD	
17 EXPENDED FOR LOW/MOD HOUSING IN SPECIAL AREAS	196,574.00
18 EXPENDED FOR LOW/MOD MULTI-UNIT HOUSING	0.00
19 DISBURSED FOR OTHER LOW/MOD ACTIVITIES	4,020,927.59
20 ADJUSTMENT TO COMPUTE TOTAL LOW/MOD CREDIT	0.00
21 TOTAL LOW/MOD CREDIT (SUM, LINES 17-20)	4,217,501.59
22 PERCENT LOW/MOD CREDIT (LINE 21/LINE 11)	87.18%
LOW/MOD BENEFIT FOR MULTI-YEAR CERTIFICATIONS	
23 PROGRAM YEARS(PY) COVERED IN CERTIFICATION	PY: 2021 PY: 2022 PY: 2023
24 CUMULATIVE NET EXPENDITURES SUBJECT TO LOW/MOD BENEFIT CALCULATION	15,252,605.87
25 CUMULATIVE EXPENDITURES BENEFITING LOW/MOD PERSONS	12,606,339.35
26 PERCENT BENEFIT TO LOW/MOD PERSONS (LINE 25/LINE 24)	82.65%
PART IV: PUBLIC SERVICE (PS) CAP CALCULATIONS	
27 DISBURSED IN IDIS FOR PUBLIC SERVICES	705,129.13
28 PS UNLIQUIDATED OBLIGATIONS AT END OF CURRENT PROGRAM YEAR	0.00
29 PS UNLIQUIDATED OBLIGATIONS AT END OF PREVIOUS PROGRAM YEAR	0.00
30 ADJUSTMENT TO COMPUTE TOTAL PS OBLIGATIONS	0.00
31 TOTAL PS OBLIGATIONS (LINE 27 + LINE 28 - LINE 29 + LINE 30)	705,129.13
32 ENTITLEMENT GRANT	4,907,677.00
33 PRIOR YEAR PROGRAM INCOME	1,115,831.29
34 ADJUSTMENT TO COMPUTE TOTAL SUBJECT TO PS CAP	0.00
35 TOTAL SUBJECT TO PS CAP (SUM, LINES 32-34)	6,023,508.29
36 PERCENT FUNDS OBLIGATED FOR PS ACTIVITIES (LINE 31/LINE 35)	11.71%
PART V: PLANNING AND ADMINISTRATION (PA) CAP	
37 DISBURSED IN IDIS FOR PLANNING/ADMINISTRATION	917,500.23
38 PA UNLIQUIDATED OBLIGATIONS AT END OF CURRENT PROGRAM YEAR	0.00
39 PA UNLIQUIDATED OBLIGATIONS AT END OF PREVIOUS PROGRAM YEAR	0.00
40 ADJUSTMENT TO COMPUTE TOTAL PA OBLIGATIONS	0.00
41 TOTAL PA OBLIGATIONS (LINE 37 + LINE 38 - LINE 39 +LINE 40)	917,500.23
42 ENTITLEMENT GRANT	4,907,677.00
43 CURRENT YEAR PROGRAM INCOME	210,616.42

### **Annual Performance Report** HOME Program

Submit this form on or before December 31.

Send one copy to the appropriate HUD Field Office and one copy to: HOME Program, Rm 7176, 451 7th Street, S.W., Washington D.C. 20410

### U.S. Department of Housing and Urban Development Office of Community Planning and Development

OMB Approval No. 2506-0171 (exp. 8/31/2009)

Date Submitted (mm/dd/yyyy)

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

This form is intended to collect numeric data to be aggregated nationally as a complement to data collected through the Cash and Management Information (C/MI) System. Participants should enter the reporting period in the first block. The reporting period is October 1 to September 30. Instructions are included for each section if further explanation is needed.

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

### Honorable Mayor and City Council The City of Oklahoma City, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Oklahoma City, Oklahoma (City), as of and for the year ended June 30, 2023, and the related notes to financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 5, 2023. Our report includes a reference to other auditors who audited the financial statements of the Oklahoma City Industrial and Cultural Facilities Trusts (OCICF), as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements for The Operations of the Downtown Convention Center (Center) and Combined Operations of the Prairie Surf Studios and the Paycom Center (Arena), which are reported within the governmental activities and the Oklahoma City Public Authority (OCPPA) General Purpose Fund were not audited in accordance with Government Auditing Standards, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Center and Arena.

### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Allen, Gibbs & Houlik, L.C. CERTIFIED PUBLIC ACCOUNTANTS

Wichita, KS December 5, 2023

### INDEPENDENT AUDITOR'S REPORT

ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Honorable Mayor and City Council
The City of Oklahoma City, Oklahoma

### Report on Compliance for Each Major Federal Program

### Opinion on Each Major Federal Program

We have audited The City of Oklahoma City, Oklahoma's (City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2023. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

### Other Matter – Federal Expenditures Not Included in the Compliance Audit

The City's basic financial statements include the operations of the Oklahoma City Industrial and Cultural Facilities Trust (OCICF) a discretely presented component unit, whose federal awards are not included in the Schedule of Expenditures of Federal Awards for the year ended June 30, 2023. Our audit, described below, did not include the operations of the OCICF which engaged other auditors to perform an audit in accordance with the Uniform Guidance.

### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City's federal programs.

### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design
  and perform audit procedures responsive to those risks. Such procedures include examining, on
  a test basis, evidence regarding the City's compliance with the compliance requirements referred
  to above and performing such other procedures as we considered necessary in the
  circumstances.
- obtain an understanding of the City's internal control over compliance relevant to the audit in order
  to design audit procedures that are appropriate in the circumstances and to test and report on
  internal control over compliance in accordance with the Uniform Guidance, but not for the purpose
  of expressing an opinion on the effectiveness of the City's internal control over compliance.
  Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not

identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of and for the year ended June 30, 2023. and the related notes to financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated December 5, 2023, which contained unmodified opinions on those financial statements. We have not performed any procedures with respect to the audited financial statements subsequent to December 5, 2023. We did not audit the financial statements of the Oklahoma City Industrial and Cultural Facilities Trust (OCICF), which is a discretely presented component unit. The financial statements of OCICF represent 0.10%, 0.11% and 0.06% of the assets, net position and revenues of the City's aggregate discretely presented component units, respectively as of June 30, 2023, and the respective changes in financial position for the year then ended. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as it relates to the amounts included in OCICF, are based solely on the report of the other auditors.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Allen, Gibbs & Houlik, L.C. CERTIFIED PUBLIC ACCOUNTANTS

### SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

Year Ended June 30, 2023

### Finding #: 2022-001 Retainage Year-End Accrual (Significant Deficiency)

**Condition:** The City's management is responsible for the accuracy, completeness, and fairness of data presented in the year-end financial statements, including all disclosures. One significant audit adjustment was identified during the fiscal year 2022 audit of the financial statements to decrease the retainage year-end accrual and related expense in the amount of \$2,206,379.

**Criteria or Specific Requirement:** Internal controls should be designed to provide adequate control over the preparation of the year-end accruals.

**Cause:** This adjustment resulted from a reporting error in a system generated report that was used to calculate the year-end accrual. There are procedures noted to check that system reports are generating correctly; however, those procedures were not fully performed in the current year.

**Effect:** Lack of controls and procedures over year-end accruals could result in a material misstatement of the financial statements.

**Corrective Plan:** When the City prepares estimates it is critical to performs tests to ensure calculations are not duplicated for the same contract as a result of multiple projects. The City has highlighted these additional filtering procedures within its closing plan procedures and on the estimate tabs within the workpapers.

The current manual process may change going forward with the implementation from PeopleSoft to Oracle. We are continuing to discuss with the implementation consultants' new controls that can be established to ensure that each contract retainage estimate is accurate.

Status: Completed.

### SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS (CONTINUED)

Year Ended June 30, 2023

### Finding #: 2022-002: Investment Reporting (Significant Deficiency)

**Condition:** The City's management system is responsible for the accuracy, completeness, and fairness of the data presented in the year-end financial statements, including all disclosures. One material audit adjustment was identified during the fiscal year 2022 audit of the financial statements to decrease investments and decrease unrealized gain/loss on investments in the amount of \$14,827,301.

**Criteria or Specific Requirement:** Internal controls should be designed to provide adequate control over the preparation of the year-end investment valuations.

**Cause:** This adjustment resulted from an investment being improperly recorded by the custodian and was not identified as an error prior to year-end reporting.

**Effect:** Lack of controls and procedures over year-end investment valuations could result in a significant misstatement to the financial statements.

**Corrective Plan:** The City implemented a quarterly review process of the custodian investment statements to our investment consultant quarterly reports for valuation reasonableness. The City contacted the custodian and they implemented a system update in the first quarter of 2023 to restrict analysts from putting through market values to certain assets. In addition, the custodian modified the positions, so each holding rolls up into a single line asset per series.

Status: Completed

### SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS (CONTINUED)

Year Ended June 30, 2023

### Finding #: 2022-003 (Significant Deficiency)

AL# 97.036 Disaster Grants – Public Assistance (Presidentially Declared Disasters), Passed Through the Oklahoma Department of Emergency Management, U.S. Department of Homeland Security, Award # PA-06-OK-PW-00187, 2022

**Condition:** There were three instances in which an employee's pay rate used in calculating payroll expenses was the current pay rate and not the pay rate in effect at the time the work was performed.

Criteria or Specific Requirement: 2 CFR 200.403(g) states that costs must be adequately documented.

**Questioned Costs:** Unknown

**Context:** The total amount of expenditures for this federal assistance listing number is \$19,546,051 which consists of seven different grants crossing over three different city departments. This error occurred in only one department and one grant which had payroll costs totaling \$677,863. A portion of these costs used updated pay rates, instead of pay rates active at the time of service which caused some individual pay dates to be overcharged to the grant.

The sample size was determined based upon guidelines provided by the AICPA which is not a statistically valid sample.

**Cause:** Employees received pay increases between the time the service was performed and when costs were identified as being covered by the disaster grant. The pay rate used was the pay rate for those employees at the time the expenditures were identified.

**Effect:** Not properly identifying the appropriate pay rates used in determining payroll expenses may cause the federal program to be overcharged.

**Corrective Plan:** The Parks and Recreation Department has implemented a process where the Parks & Grounds Superintendent (or designee) reviews employee pay information that administrative staff prepares for entry into the federal grant website to ensure it is formatted and accurately reflects the pay at the time the work was performed. Also, a second review of pay rates used to determine payroll expenses was discussed with the program managers in the annual grant training held March 2023. A procedure was added to the FEMA section of the City's 2024 Grants Manual to include a second review to verify the pay rates being used to determine payroll expenses are the rates that were in effect at the time the services were provided.

Status: Completed

### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Year Ended June 30, 2023

### Note 1. Organization

The accompanying schedule of expenditures of federal awards (Schedule) includes the federal award activity of The City of Oklahoma City, Oklahoma (City) under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

### Note 2. Summary of Significant Accounting Policies

Expenditures in the Schedule are recognized, as applicable, either as the cost principles contained in OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The accompanying Schedule is presenting using the following methods:

- 1. For the City's governmental funds, the Oklahoma City Zoological Trust (OCZT) and the Central Oklahoma Transportation and Parking Authority (COTPA), expenditures of federal funds in the Schedule are reported on the modified accrual basis of accounting.
- 2. For the Oklahoma City Airport Trust (OCAT) and the Oklahoma City Water Utilities Trust (OCWUT), expenditures of federal funds in the Schedule are reported using the cash basis of accounting.
- 3. For the year ended June 30, 2023, expenditures awarded from the Federal Emergency Management Agency (FEMA), under Assistance Listing Number 97.036, must be presented on the schedule of expenditures of federal awards (SEFA) when; 1) FEMA has approved the City's Project Worksheet (PW) and 2) the City has incurred the eligible expenditures. Federal awards expended in years subsequent to the fiscal year in which the PW is approved are to be recorded on the City's SEFA in those subsequent years.

### Note 3. Federal Assistance Listing Numbers

Federal assistance listing numbers or other identifying numbers listed on the Schedule were obtained from the respective grant/contract agreement.

### **Note 4. Indirect Cost Rate**

The City has elected not to use the ten-percent de minimis cost rate allowed under Section 200.414(f) of the Uniform Guidance.

### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (CONTINUED)

Year Ended June 30, 2023

### Note 5. Outstanding Loan Balances

The City participates in the Community Development Block Grant Section 108 Loan Guarantee Program (CFDA No. 14.248). The activity of the City's Section 108 loans guaranteed by the U.S. Department of Housing and Urban Development is as follows:

Project	Balance Beginning of Year	Increases During Ye		ecreases ring Year	Balance End of Year	
Micro-Enterprise and Small Business Loan Program	\$ 15,865,000	\$	 \$	349,000	\$ 15,516,000	

The City also participates in the Environmental Protection Agency's (EPA) Brownsfield Assessment and Cleanup Cooperative Agreements (CFDA No. 66.818). The activity of the loans issued as part of the program is as follows:

<u>Project</u>	B 	Balance eginning of Year	_	eases ng Year	ecreases ıring Year	E	Balance and of Year
Bricktown	\$	492,423	\$		\$ 492,423	\$	
First National Building		1,800,000			436,723		1,363,277
Total	\$	2,292,423	\$		\$ 929,146	\$	1,363,277

### **Step 4: Grant Information**

### **Emergency Shelter Rehab/Conversion**

Did you create additional shelter beds/units through an ESG-funded rehab project

No

Did you create additional shelter beds/units through an ESG-funded conversion project

No

### **Data Participation Information**

Are there any funded projects, except HMIS or Admin, which are not listed on the Project, Links and Uploads form? This includes projects in the HMIS and from VSP

No

### Step 5: Project Outcomes

Project outcomes are required for all CAPERS where the program year start date is 1-1-2021 or later. This form replaces the narrative in CR-70 of the eCon Planning Suite

From the Action Plan that covered ESG for this reporting period copy and paste or retype the information in Question 5 on screen AP-90: "Describe performance standards for evaluating ESG."

Eligible Applicants: Applicants must be private nonprofit (registered 501c3) organizations and must demonstrate sufficient capacity.

Eligible Activities: Applications can include one or more of the eligible ESG activities: Street outreach, emergency shelter, Homeless prevention TBRA and Housing Relocation and Stabilization Services, Rapid re-housing, and/or centralized intake.

Based on the information from the Action Plan response previously provided to HUD:

1. Briefly describe how you met the performance standards identified in A-90 this program year. If they are not measurable as written type in N/A as the answer.

The City of Oklahoma City offers a "no wrong door" approach, with providers being well linked to available resources through networking connections gained via the Coalition To End Poverty. In addition, 211 is the information and referral agency which provides information about eligibility and referrals to service agencies. 211 conducts public awareness campaigns throughout the year with public service advertisements located on television, radio, on city buses and signage. People are linked to public benefits through provider agencies. All agencies have been trained to assist people in applying for benefits through Social Security and Medicaid. Training was conducted through the SSI/SSDI Outreach, Access, and Recovery grant (SOAR). In 2013, the City of Oklahoma City joined the 100,000 Homes Campaign in an effort to move the medically frail and chronically homeless individuals into permanent housing dirst approach. As part of this process, members of the chronically homeless population are administered a vulnerability index survey to determine their health issues. Those determined to be the most medically frail are prioritized for immediate placement into housing. A case management committee comprised of various service providers assigns a case manager as needed. The case manager and service provider are selected and assigned based upon the needs of the individual being housed. Since joining the 100,000 Homes Campaign at the beginning of 2013, local non-profit service providers have collaborated to house over 1000 chronically homeless individuals, exceeding their goal by more than 40%.

2. Briefly describe what you did not meet and why. If they are not measurable as written type in N/A as the answer.

N/A

OR

3. If your standards were not written as measurable, provide a sample of what you will change them to in the future? If they were measurable and you answered above type in N/A as the answer.

N/A

### Step 6: Financial Information

### **ESG Information from IDIS**

### Step 8: Program Income

Program income is the income received by the recipient or subrecipient directly generated by a grant supported activity. Program income is defined in 2 CFR §200.307. More information is also available in the ESG CAPER Guidebook in the resources tab above.

Did the recipient earn program income from any ESG project during the program year?

#### Appendix 5 - HOPWA CAPER

#### Housing Opportunities for Persons With AIDS (HOPWA) Program

Revised: 11/30/2022

#### Consolidated APR/CAPER - Grantee Workbook

OMB Number 2506-0133 (Expiration Date: 12/31/2024)

#### Overview

The public reporting burden for this collection of information is estimated to average 40.0 hours, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Performance Reports for HOPWA formula grantees and competitive grantees provide HUD with annual information to support program evaluation and measure program beneficiary outcomes related to maintaining housing stability; preventing homelessness; and improving access to care and support. This collection of information consolidates the information in the APR and CAPER reports and clarifies reporting requirements, which will allow HUD's Office of HIV/AIDS Housing to better respond to data calls from Congress and make better program decisions based on more relevant grantee annual data. Reporting is required for all HOPWA grantees pursuant to 42 U.S.C. § 12911; 24 CFR §§ 574.520(a) and (b); 24 CFR § 91.520(f). The information collected regarding grantees, their respective project sponsors, and the identities of HOPWA program participants will remain confidential pursuant to 42 U.S.C. § 12905(e) and 24 § CFR 574.440.

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions to reduce this burden, to Colette Pollard, Reports Management Officer, Department of Housing and Urban Development, 451 7th Street SW, Room 4176, Washington, DC 20410-5000. When providing comments,

**HOPWA formula grantees** are required to submit a Performance Report demonstrating coordination with other Consolidated Plan resources. HUD uses the Performance Report data to obtain essential information on grant activities, project sponsors, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

In addition, grantees must comply with the Federal Funding Accountability and Transparency Act 2006 (Public Law 109-282) which requires grant recipients to provide general information for all entities (including HOPWA competitive grantees are required to submit a Performance Report for each operating year in which HOPWA grant funds were expended. Information on each competitive grant is to be reported in a separate Performance Report. Grantees approved for "Other Activities", as detailed in their grant agreement, are requested to report on their unique program accomplishments.

In addition, grantees must comply with the Federal Funding Accountability and Transparency Act 2006 (Public Law 109-282), which requires grant recipients to provide general information for all entities (including Continued-use Periods. Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation of a building or structure are required to operate the building or structure for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing the "CAP DEV" tab in the Performance Report Worksheet, the grantee must complete an Annual Report of Continued Project Operation throughout the required use periods. This report is found on the "STEWARD" tab of this workbook. The required use period is three (3) years if the rehabilitation is non-

Record Keeping. Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. In the case that HUD must review client-level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal HMIS. In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, Housing Status or Destination at the end of the operating year, Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Medical Assistance, and T-cell Count. Other HOPWA projects sponsors may also benefit from collecting these data elements. HMIS local data systems must maintain client confidentiality by using a closed system in which medical information and HIV status are only shared with providers that have a direct involvement in the client's case management Formula Operating Year. HOPWA formula grants are annually awarded for a three-year period of performance with three operating years. The information contained in this Performance Report must represent a one-year period of HOPWA program operation that coincides with the grantee's program year; this is the operating year. More than one HOPWA formula grant awarded to the same grantee may be used during an operating year and the Performance Report must capture all formula grant funding used during the operating year. Project sponsor accomplishment information must also coincide with the operating year this Performance Report covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for an Competitive Operating Year. HOPWA competitive grants are awarded for a three-year period of performance with Performance Reports submitted for each of the three operating years. The information contained in this Performance Report should reflect the grantee's operating year with the beginning date determined at the time the grant agreement is signed. Project sponsor accomplishment information must coincide with the operating year this Performance Report covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for one additional operating year. A PSH renewal/replacement grant start date would be coordinated with the close out of the existing grant.

Grantees with an approved extension period of less than 6-months must submit the Performance Report for the third year of the grant term at the end of the approved extension period and incorporate data from the additional months. Grantees with an approved extension period of 6-months or more must turn in a Filing Requirements. Within 90 days of the completion of each operating year, grantees must submit their completed Performance Report to the CPD Director in the grantee's State or Local HUD Field Office, and to the HOPWA Program Office: at HOPWAReports@hud.gov. Electronic submission to HOPWA Program office is preferred. If electronic submission is not possible, please send an email to the HOPWA@hud.gov email inbox.

#### **Definitions**

**Achieved Viral Suppression**: When the load or volume of HIV virus present in a person's blood is measured at less than 200 copies per milliliter of blood.

**Adjustment for Duplication**: Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services.

**Administrative Costs:** Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of the total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive. **Anti-Retroviral Therapy:** The combination of drugs used to treat HIV.

Area Median Income: The Department of Housing and Urban Development (HUD) sets income limits that determine eligibility for assisted housing programs including the HOPWA program. HUD develops income limits based on Median Family Income estimates and Fair Market Rent area definitions for each metropolitan area, parts of some metropolitan areas, and each non-metropolitan county. AMI values vary by location and are Beneficiary(ies): All members of a household (with or without HIV) who benefitted from HOPWA assistance during the operating year, NOT including the HOPWA eligible individual (see definition).

Chronically Homeless Person: An individual or family who is homeless and lives or resides as an individual or family who a) lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; b) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least one year or on at least four separate occasions in the last three years; and c) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002), post-traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of two or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has are for fawar than 00 days if such parson mot the other criteria for homology prior to entering that **Disabling Condition:** Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

**Facility-Based Housing Assistance:** All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

**Faith-Based Organization:** Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

**Grassroots Organization:** An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."

**HOPWA Eligible Individual:** The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the Performance Report asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

HOPWA Housing Information Services: Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or HOPWA Housing Subsidy Assistance Total: The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the Household: A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g., a shared housing arrangement with a roommate) who resided in the unit are not reported in the Performance Report. Housing Stability: The degree to which the HOPWA project assisted beneficiaries to remain in stable housing

during the operating year.

Improved HIV Viral Load: A reduction in the load or volume of HIV present in the HOPWA eligible individual's blood at the end of the reporting period compared to the beginning of the reporting period. Most PLWHA who are engaged in medical care have routine laboratory tests. The HOPWA eligible individual's latest laboratory In-kind Leveraged Resources: These are additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated. Leveraged Funds: The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery. Live-In Aide: A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See Code of Federal Regulations Title 24 Part 5.403 and the HOPWA Grantee Oversight Resource Guide for additional reference. Master Leasing: Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to Medically Assisted Living Facilities: HOPWA facility-based housing that assists residents with most or all activities of daily living, such as meals, bathing, dressing, and toileting. Regular medical care, supervision, and Nonbinary: A gender other than singularly female or male. Operating Costs: Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs Outcome: The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness and improve access to HIV treatment and other health care and support. Output: The number of units of housing or households that receive HOPWA assistance during the operating year. **Permanent Housing Placement:** A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs. Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration requirements on program income at 2 CFR 200.307. Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable. Project Sponsor Organizations: Per HOPWA regulations at 24 CFR 574.3, any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended. SAM: All organizations applying for a Federal award must have a valid registration active at sam.gov. SAM (System for Award Management) registration includes maintaining current information and providing a valid Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52-week period. The amount of assistance varies per client depending on funds available, tenant Stewardship Units: Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for

the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use

**Tenant-Based Rental Assistance (TBRA):** TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs **Transgender:** Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender assigned at birth

**VAWA Internal Emergency Transfers:** Per 24 CFR 5.2005e, an emergency transfer under the VAWA protections refers to an emergency relocation of a tenant to another unit where the tenant would not be categorized as a <u>new applicant;</u> that is, the tenant may reside in the new unit without having to undergo an application process. **VAWA External Emergency Transfers:** Per 24 CFR 5.2005e, an emergency transfer under the VAWA protections refers to an emergency relocation of a tenant to another unit where the tenant would be categorized as a new applicant; that is, the tenant must undergo an application process in order to reside in the new unit.

**Veteran:** A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

#### **Instructions for Completing the HOPWA Grantee Performance Report Workbook**

#### What is the HOPWA Grantee Performance Report Workbook?

This workbook provides information at the Grantee Administration level, including grantee contact

information, annual performance report narratives, and stewardship unit information.

This data will be compiled by the HOPWA Formula or Competitive Grantee, as part of providing annual performance reporting to HUD.

#### Who completes this form?

This workbook will be completed by the HOPWA Formula or Competitive Grantee ONLY.

Reminder:

ANY entity that provides DIRECT HOPWA services - including the HOPWA Grantee - must also complete a separate HOPWA Sponsor Performance Report Workbook.

#### What tabs should be completed for this report?

**EVERY GRANTEE USER** should complete these tabs:

- GRANTEE
- CONTACT
- Narrative

STEWARD: The Stewardship tab should only be completed if the Grantee is reporting on HOPWA

Stewardship Units.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation of a building or structure are required to operate the building or structure for HOPWA-eligible beneficiaries for a ten (10) years period.

If no further HOPWA funds are used to support the facility, in place of completing the "CAP DEV" tab in the Sponsor Performance Report workbook, the grantee must complete an Annual Report of Continued Project Operation throughout the required use periods found on the "STEWARD" tab of this workbook. The required use period is three (3) years if the rehabilitation is non-substantial.

#### **Important Information:**

To ensure the integrity of this workbook, please to not DELETE or ALTER any rows, columns, tabs, or the NAME of the report.

This workbook requires the entry of data only where applicable, with no other actions required.

- **1** Enter text in empty cells next to questions.
- 2 Enter numbers where the entry reads "0" and the answer is an amount.

The workbook MUST be submitted in this Excel format. The Grantee will be unable to submit it to HUD if it has been converted to any other format, such as a Word or PDF file.

#### **HOPWA Grantee Performance Report Submission Instructions:**

HOPWA Annual Performance reporting is collected and submitted at both the Grantee and Project Sponsor levels.

HUD or a HUD contractor will provide HOPWA Grantees annually with an advance set of named Grantee and Project Sponsor files, based on Project Sponsor activity logged in HUD's IDIS system relative to the Grantee's Accomplishment Year on which it will be reporting.

**Grantees** complete this high-level *Grantee* workbook covering: Grantee organizational information, Grantee contact information, a narrative of all activities provided by the Grantee and its Project Sponsors, and Stewardship Unit information, as applicable.

**Project Sponsors (and any Grantee that provides direct HOPWA activities)** will complete a separate detailed annual report, called the "Sponsor Performance Report Workbook," with every Project Sponsor completing a workbook and submitting it to the Grantee.

The Grantee will then:

- Review all Sponsor Performance Report workbooks for accuracy and will request that the Project Sponsor correct any missing or incorrect information.
- Collect all of the Grantee and Project Sponsor workbooks together.
- Submit the collection of all separate workbook files in a **single transmission** to **HOPWAReports@HUD.gov**.
- The entire collection of HOPWA workbook files is considered the Grantee's submission of annual performance reporting under its HOPWA grant agreement.
- Grantees shall submit their annual Performance Report Workbook within 90 days of the completion of their operating (or Accomplishment) year.

Once submitted, the Grantee will receive confirmation regarding the submitted files and may be contacted by HUD or a HUD contractor to confirm or correct reported information, as necessary.

For assistance with this process, please submit a query to <a href="https://hopen.com/

GranteeGrant IDSponsor(s)File IDOKLAHOMA CIT FOK74122S41387\_The Homeless Alliance Inc24134\_2527023

#### **GRANTEE SUMMARY**

Complete the chart below to provide more detailed information about the agencies and organizations responsible for the administration and implementation of the HOPWA program.

Question	Responses
For Competitive Grantees Only	2.1.7.2.
For Competitive Grantees only, what is the grant number?	
For Competitive Grantees only, which year (1, 2, or 3) of the grant does	
this report cover?	
Is the Competitive Grantee a nonprofit organization? Yes or No.	
Is the Competitive Grantee a grassroots organization? Yes or No.	
For Competitive Grantees only, how much was expended on an "Other	
Housing Activity" (as approved in the grant agreement)?	
For All HOPWA Grantees	
What is the name of the Grantee organization?	City of Oklahoma City
What is the Grantee's Unique Entity Identifier (UEI)?	D3MUME8J5T25
What is the Employer ID Number (EIN) or Tax ID Number (TIN) of the Grantee?	73-6005359
For formula grantees only, are there any changes to your program year?  Yes or No.	No
Note: HUD must be notified of consolidated program year changes at	
least two months before the date the program year would have ended	
if it had not been lengthened, or at least two months before the end	
of a proposed shortened program year.	
If yes above, what is the <b>revised</b> program start date?	
If yes above, what is the <b>revised</b> program end date?	
What is the street address of the Grantee's office?	420 W. Main Street
In what city is the Grantee's business address?	420 W. Main Street
In what county is the Grantee's business address?	Oklahoma
In what state is the Grantee's office located?	Oklahoma
What is the zip code for the Grantee's business address?	73102
What is the parent company of the Grantee (if applicable)?	
What department at the Grantee organization administers the grant?	Planning
What is the Grantee organization's website address?	www.okc.gov
What is the Facebook name or page of the Grantee?	City of Oklahoma City
What is the Twitter handle of the Grantee?	City of OKC
What are the cities of the primary service area of the Grantee?	Oklahoma City, El Reno, Norman, Chickasha,
	Guthrie, Chandler,
	Purcell
What are the counties of the primary service area of the Grantee?	Oklahoma, Canadian,
	Cleveland, Grady,
	Logan, Lincoln, McClain

### Housing Opportunities for Persons With AIDS (HOPWA) Program Revised: 11/14/2022 Consolidated APR/CAPER – HOPWA Provider

OMB Number 2506-0133 (Expiration Date: 12/31/2024)

Overview

The public reporting burden for this collection of information is estimated to average 40.0 hours, including the time for reviewing

instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Performance Reports for HOPWA formula grantees and competitive grantees provide HLID with annual information to support program.

Performance Reports for HOPWA formula grantees and competitive grantees provide HUD with annual information to support program evaluation and measure program beneficiary outcomes related to maintaining housing stability; preventing homelessness; and improving access to care and support. This collection of information consolidates the information in the APR and CAPER reports and clarifies reporting requirements, which will allow HUD's Office of HIV/AIDS Housing to better respond to data calls from Congress and make better program decisions based on more relevant grantee annual data. Reporting is required for all HOPWA grantees pursuant to 42 U.S.C. § 12911; 24 CFR §§ 574.520(a) and (b); 24 CFR § 91.520(f). The information collected regarding grantees, their respective project sponsors, and the identities of HOPWA program participants will remain confidential pursuant to 42 U.S.C. § 12905(e) and 24 § CFR 574.440.

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions to reduce this burden, to Colette Pollard, Reports Management Officer, Department of Housing and Urban Development, 451 7th Street SW, Room 4176, Washington, DC 20410-5000. When providing comments, please refer to OMB Control No. 2506-0133. HUD may not conduct and sponsor, and a person is not required to respond to, a collection of information unless the collection displays a valid OMB Control Number.

HOPWA formula grantees are required to submit a Performance Report demonstrating coordination with other Consolidated Plan resources. HUD uses the Performance Report data to obtain essential information on grant activities, project sponsors, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

In addition, grantees must comply with the Federal Funding Accountability and Transparency Act 2006 (Public Law 109-282), which requires grant recipients to provide general information for all entities (including contractors and sub-contractors) receiving \$25,000+ in federal funding.

**HOPWA competitive grantees** are required to submit a Performance Report for each operating year in which HOPWA grant funds were expended. Information on each competitive grant is to be reported in a separate Performance Report. Grantees approved for "Other Activities," as detailed in their grant agreement, are requested to report on their unique program accomplishments.

In addition, grantees must comply with the Federal Funding Accountability and Transparency Act 2006 (Public Law 109-282), which requires grant recipients to provide general information for all entities (including contractors and sub-contractors) receiving \$25,000+ in federal funding.

Continued-use Periods. Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation of a building or structure are required to operate the building or structure for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing the "CAP DEV" tab in the Performance Report Worksheet, the grantee must complete an Annual Report of Continued Project Operation throughout the required use periods. This report is found on the "STEWARD" tab of this workbook. The required use period is three (3) years if the rehabilitation is non-substantial.

**Record Keeping.** Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. In the case that HUD must review client-level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.

HMIS. In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, Housing Status or Destination at the end of the operating year, Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Medical Assistance, and T-cell Count. Other HOPWA projects sponsors may also benefit from collecting these data elements. HMIS local data systems must maintain client confidentiality by using a closed system in which medical information and HIV status are only shared with providers that have a direct involvement in the client's case management, treatment and care, in line with the signed release of information from the client.

Formula Operating Year. HOPWA formula grants are annually awarded for a three-year period of performance with three operating years. The information contained in this Performance Report must represent a one-year period of HOPWA program operation that coincides with the grantee's program year; this is the operating year. More than one HOPWA formula grant awarded to the same grantee may be used during an operating year and the Performance Report must capture all formula grant funding used during the operating year. Project sponsor accomplishment information must also coincide with the operating year this Performance Report covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for an additional operating year.

Competitive Operating Year. HOPWA competitive grants are awarded for a three-year period of performance with Performance Reports submitted for each of the three operating years. The information contained in this Performance Report should reflect the grantee's operating year with the beginning date determined at the time the grant agreement is signed. Project sponsor accomplishment information must coincide with the operating year this Performance Report covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for one additional operating year. A PSH renewal/replacement grant start date would be coordinated with the close out of the existing grant.

Grantees with an approved extension period of less than 6-months must submit the Performance Report for the third year of the grant term at the end of the approved extension period and incorporate data from the additional months. Grantees with an approved extension period of 6-months or more must turn in a Performance Report at the end of the operating year and submit a separate extension Performance Report at the end of the extension period.

Filing Requirements. Within 90 days of the completion of each operating year, grantees must submit their completed Performance Report to the CPD Director in the grantee's State or Local HUD Field Office, and to the HOPWA Program Office: at HOPWAReports@hud.gov. Electronic submission to HOPWA Program office is preferred. If electronic submission is not possible, please send an email to the HOPWA@hud.gov email inbox.

Achieved Viral Suppression: When the load or volume of HIV virus present in a person's blood is measured at less than 200 copies per milliliter of blood.

Adjustment for Duplication: Enables the calculation of unduplicated output totals by accounting for the total number of households or units

Definitions

approved by HUD.

that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services.

Administrative Costs: Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of the total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

Anti-Retroviral Therapy: The combination of drugs used to treat HIV.

Area Median Income: The Department of Housing and Urban Development (HUD) sets income limits that determine eligibility for assisted housing programs including the HOPWA program. HUD develops income limits based on Median Family Income estimates and Fair Market Rent area definitions for each metropolitan area, parts of some metropolitan areas, and each non-metropolitan county. AMI values vary by location and are published at: https://www.huduser.gov/portal/datasets/il.html

Beneficiary(ies): All members of a household (with or without HIV) who benefitted from HOPWA assistance during the operating year, NOT including the HOPWA eligible individual (see definition).

Chronically Homeless Person: An individual or family who is homeless and lives or resides as an individual or family who a) lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; b) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least one year or on at least four separate occasions in the last three years; and c) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002), post-traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of two or more of those conditions.

Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations.

**Disabling Condition:** Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

Facility-Based Housing Assistance: All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities

Faith-Based Organization: Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

**Grassroots Organization:** An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots"

"grassroots."

HOPWA Eligible Individual: The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the Performance Report asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

HOPWA Housing Information Services: Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and

acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

HOPWA Housing Subsidy Assistance Total: The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent

Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

Household: A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility

and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g., a shared housing arrangement with a roommate) who resided in the unit are not reported in the Performance Report.

Housing Stability: The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year.

Improved HIV Viral Load: A reduction in the load or volume of HIV present in the HOPWA eligible individual's blood at the end of the reporting period compared to the beginning of the reporting period. Most PLWHA who are engaged in medical care have routine laboratory tests. The HOPWA eligible individual's latest laboratory report can be used to determine viral load.

**In-kind Leveraged Resources:** These are additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

Leveraged Funds: The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

Live-In Aide: A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See Code of Federal Regulations Title 24 Part 5.403 and the HOPWA Grantee Oversight Resource Guide for additional reference.

Master Leasing: Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord and

subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

Medically Assisted Living Facilities: HOPWA facility-based housing that assists residents with most or all activities of daily living, such as

**Nonbinary:** A gender other than singularly female or male. **Operating Costs:** Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

meals, bathing, dressing, and toileting. Regular medical care, supervision, and rehabilitation are also often available.

Outcome: The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness and improve

access to HIV treatment and other health care and support.

Output: The number of units of housing or households that receive HOPWA assistance during the operating year.

Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration

Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.

Project Sponsor Organizations: Per HOPWA regulations at 24 CFR 574.3, any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended.

SAM: All organizations applying for a Federal award must have a valid registration active at sam.gov. SAM (System for Award Management) registration includes maintaining current information and providing a valid DUNS number.

Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52-week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

**Stewardship Units:** Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

**Tenant-Based Rental Assistance (TBRA):** TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

Transgender: Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender assigned at birth

VAWA Internal Emergency Transfers: Per 24 CFR 5.2005e, an emergency transfer under the VAWA protections refers to an emergency relocation of a tenant to another unit where the tenant would not be categorized as a new applicant; that is, the tenant may reside in the new unit without having to undergo an application process.

VAWA External Emergency Transfers: Per 24 CFR 5.2005e, an emergency transfer under the VAWA protections refers to an emergency relocation of a tenant to another unit where the tenant would be categorized as a new applicant; that is, the tenant must undergo an application process in order to reside in the new unit.

**Veteran:** A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive

military reserves or the National Guard unless the person was called up to active duty.

#### Instructions for Completing the HOPWA Performance Report Workbook

#### What is the HOPWA Performance Report Workbook?

This workbook provides annual performance data for HOPWA activities. This includes outputs (e.g., households served and demographic information), outcomes (e.g., access to care and support outcomes) and expenditures (for HOPWA-eligible costs).

This data will be compiled by the HOPWA Formula or Competitive Grantee, as part of providing annual performance reporting to HUD.

#### Who completes this form?

This workbook will be completed by **any organization** that conducts any HOPWA activities other than administrative activities. This includes HOPWA Formula or Competitive Grantees that conduct other HOPWA activities besides administrative activities, and the **Project Sponsor** organizations that Grantees contract to provide HOPWA services (as defined in 24 CFR 574.3).

There should be one organization's HOPWA activities reported in each workbook. Each organization should complete a separate performance report workbook that only includes the HOPWA activities conducted by that organization.

#### What tabs should be completed for this report?

The Performance Report Workbook requires the completion of the following tabs:

- DEM (Demographics) & Prior Living (see Note)
- Leveraging
- ATC (Access to Care) & Totals

**ONLY PROJECT SPONSORS\*** should complete these tabs:

- HOPWA Provider
- CONTACT

\* For **Grantees** that are approved to conduct Resource Identification or Technical Assistance activities, please report your expenditure amounts for those budget line items in the **HOPWA Provider tab**. These are the only cells that you will need to complete in the **HOPWA Provider** tab.

Note: Complete Prior Living information only for individuals served by TBRA, P-FBH, ST-TFBH or PHP.

The remaining tabs should **ONLY** be completed **based on HOPWA services provided by the organization completing this workbook.** *Leave tabs untouched* if the activity is not provided by the organization.

- TBRA (Tenant-Based Rental Assistance)
- P-FBH (Permanent Facility-Based Housing)
- ST-TFBH (Short-Term or Transitional Facility-Based Housing)
- STRMU (Short-Term Rent, Mortgage and Utilities Assistance)
- PHP (Permanent Housing Placement Assistance)
- Housing Info (Housing Information Services)
- Supp Svcs (HOPWA Supportive Services)
- Other Competitive Activity
- CAP DEV (Capital Development)
- VAWA (Housing Transfers for Households Covered by the Violence Against Women Act)

#### **Important Information**

To ensure the integrity of this reporting form, please do not DELETE or ALTER any rows, columns, tabs, or the NAME of the report.

This form requires the entry of data only where applicable, with no other actions required.

- 1 Enter text in empty cells next to questions.
- 2 Enter numbers where the entry reads "0" and the answer is an amount greater than zero.

#### **SUBMISSION INSTRUCTIONS**

- Once complete, the Project Sponsor should return the entire workbook to the Grantee in the manner and timeline prescribed by the Grantee.
- The report MUST be submitted in this Excel format.
- DO NOT alter the name of this file; return it to the Grantee with the file name as provided.
- The Grantee is responsible for reviewing this report and submitting it to HUD. Project Sponsors *should not* submit this report to HUD; only to the Grantee.
- The Grantee may be contacted by HUD or a HUD contractor regarding the accuracy of this report.
- Please contact the Grantee if you require support submitting this form.

### U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

WASHINGTON, DC 20410-7000

**BRIEFING** 

MEMORANDUM FOR: Housing Opportunities for Persons With HIV/AIDS (HOPWA) Grantees

Digitally signed by:
RITA HARCROW
Date: 2023.11.30 16
46:53 -06'00'

FROM: Rita Harcrow, Director, Office of HIV/AIDS Housing (OHH)

SUBJECT: New Consolidated APR/CAPER - January 1, 2024, OHH resumes

scoring and tiering

### **BACKGROUND:**

On July 11, 2022, OHH announced a new Excel-based Consolidated APR/CAPER form and reporting process to fulfill the HOPWA annual reporting requirement, as outlined in 24 CFR Part 574, for all HOPWA grantees. The new Consolidated APR/CAPER included new data elements, and collects data at the provider level, among other changes.

OHH recognized the need for a transition period, allowing time for grantees and project sponsors to adapt to the new format and modify their data collection systems and processes. For grantees' first year using the new Consolidated APR/CAPER, OHH did not formally tier or score reports. Tiering information was not published, not made publicly available, nor used to inform monitoring decisions. The information was only provided to grantees to assist with planning for subsequent reporting years.

### PURPOSE:

During this transition period, grantees were still expected to submit their annual reports on time, and all data elements that were unchanged from the prior paper-based APR or CAPER should have been reported completely including financial, output and outcome data. OHH expected grantees and project sponsors to evaluate and address gaps or limitations in reporting data during this first year.

### ACTION REQUESTED:

The leniency period will be ending soon. The structured tiered system will resume on January 1, 2024, and the tier status will again be reported on the performance profiles and used in annual risk analysis. From this point, OHH anticipates only minor updates to the reporting format that will provide further clarity but will not impact data collection set up or reporting. OHH expects grantees to collect and report all required data for the consolidated APR/CAPER. The Consolidated APR/CAPER training can be found on the HUD Exchange landing page.

Public reporting burden for this collection of information is estimated to average 45 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number. The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

## nstructions for the HOME Match Report

### Applicability:

The HOME Match Report is part of the HOME APR and must be filled out by every participating jurisdiction that 1993 funds (or subsequent year funds) are drawn down from the U.S. Treasury for HOME projects. A Participating Jurisdiction (PJ) may start counting match contributions as of the beginning of Federal Fiscal Year 1993 (October 1, 1992). A jurisdiction not required to submit this report, either because it did not incur any match or Match Report if it wishes. The match would count as excess match that is carried over to subsequent years. The incurred a match liability. Match liability occurs when FY because it had a full match reduction, may submit a HOME match reported on this form must have been contributed during the reporting period (between October 1 and September 30)

### Timing:

This form is to be submitted as part of the HOME APR on or before December 31. The original is sent to the HUD Field Office. One copy is sent to the

Office of Affordable Housing Programs, CGHF Room 7176, HUD, 451 7th Street, S.W. Washington, D.C. 20410.

The participating jurisdiction also keeps a copy

### Instructions for Part II:

- Excess match from prior Federal fiscal year: Excess match carried over from prior Federal fiscal year.
- Match contributed during current Federal fiscal year: The total amount of match contributions for all projects listed under Part III in column 9 for the Federal fiscal year. 4

- Total match available for current Federal fiscal year: The sum of excess match carried over from the 3
  - match contribution for the current Federal fiscal year prior Federal fiscal year (Part II. line 1) and the total (Part II. line 2). This sum is the total match available for the Federal fiscal year.
- and used to meet match liability for subsequent years Match liability for current Federal fiscal year: The is provided periodically to PJs. The match must be must be provided is based on the amount of HOME The amount of match required equals 25% of the amount drawn down for HOME projects during the Federal fiscal year. Excess match may be carried over (see Part II line 5). Funds drawn down for administrative costs, CHDO operating expenses, and CHDO capacity building do not have to be matched. Funds drawn down for CHDO seed money and/or technical assistance loans do not have to be matched if the to get a partial reduction (50%) of match if it meets one distress," or else a full reduction (100%) of match if it meets both criteria, indicating "severe fiscal distress." The two criteria are poverty rate (must be equal to or greater than 125% of the average national family poverty rate to qualify for a reduction) and per capita income (must be less than 75% of the national average addition, a jurisdiction can get a full reduction if it is declared a disaster area under the Robert T. Stafford amount of match liability is available from HUD and provided in the current year. The amount of match that funds drawn from the U.S. Treasury for HOME projects. project does not go forward. A jurisdiction is allowed of two statutory distress criteria, indicating "fiscal per capita income to qualify for a reduction). 4.
- Excess match carried over to next Federal fiscal ς.

the current Federal fiscal year (Part II. line 4). Excess fiscal year (Part II. line 3) minus the match liability for match may be carried over and applied to future HOME year: The total match available for the current Federal project match liability.

## Instructions for Part III:

signed by the C/MI System when the PJ makes a project setup call. These projects involve at least some Freasury funds. If the HOME project does not involve Treasury funds, it must be identified with "other ID" as least one of the following abbreviations: "SF" for 1. Project No. or Other ID: "Project number" is asfollows: the fiscal year (last two digits only), followed by a number (starting from "01" for the first non-Treasury-funded project of the fiscal year), and then at project using shortfall funds, "PI" for projects using program income, and "NON" for non-HOME-assisted Example: 93.01.SF, 93.02.PI, affordable housing. 93.03.NON, etc.

the amount of HOME funds allocated to the PJ; the Shortfall funds are non-HOME funds used to make up participation threshold requirement applies only in the the difference between the participation threshold and PJ's first year of eligibility. [\$92.102] Program income (also called "repayment income") is any return on the investment of HOME funds. This income must be deposited in the jurisdiction's HOME account to be used for HOME projects. [§92.503(b)]

Disaster Relief and Emergency Act.

Non-HOME-assisted affordable housing is investment in housing not assisted by HOME funds that would qualify as "affordable housing" under the HOME Program definitions. "NON" funds must be contributed to a specific project; it is not sufficient to make a contribution to an entity engaged in developing affordable housing. [\$92.219(b)]

- 2. Date of Contribution: Enter the date of contribution. Multiple entries may be made on a single line as long as the contributions were made during the current fiscal year. In such cases, if the contributions were made at different dates during the year, enter the date of the last contribution.
- This means the funds are contributed permanently to the HOME Program regardless of the form of investment the urisdiction provides to a project. Therefore all repayment, interest, or other return on investment of the contribution must be deposited in the PJ's HOME account to be used for HOME projects. The PJ, non-Federal public entities (State/local governments), private entities, and individuals can make contributions. The grant equivalent of a below-market interest rate loan to the project is eligible when the loan is not repayable to the PJ's HOME account. [§92.220(a)(1)] In addition, a cash contribution can count as match if it is used for eligible costs defined under §92.206 (except administrative costs and CHDO operating expenses) or under \$92.209, or for the following non-eligible costs: the value of non-Federal funds used to remove and relocate ECHO units to accommodate eligible tenants, a project reserve account for replacements, a project reserve account for unanticipated increases in operating costs, operating subsidies, or costs relating to the portion of a mixed-income or mixed-use project not related to the affordable housing units. Cash: Cash contributions from non-Federal resources. 3
- 4. **Foregone Taxes, Fees, Charges:** Taxes, fees, and charges that are normally and customarily charged but have been waived, foregone, or deferred in a manner that achieves affordability of the HOME-assisted housing. This includes State tax credits for low-income housing development. The amount of real estate taxes may be based on the

post-improvement property value. For those taxes, fees, or charges given for future years, the value is the present discounted cash value. [§92.220(a)(2)]

- 5. Appraised Land/Real Property: The appraised value, before the HOME assistance is provided and minus any debt burden, lien, or other encumbrance, of land or other real property, not acquired with Federal resources. The appraisal must be made by an independent, certified appraiser. [\$92.220(a)(3)]
- 6. **Required Infrastructure:** The cost of investment, not made with Federal resources, in on-site and off-site infrastructure directly required for HOME-assisted affordable housing. The infrastructure must have been completed no earlier than 12 months before HOME funds were committed. [§92.220(a)(4)]
- 1. Site preparation, Construction materials, Donated labor: The reasonable value of any site-preparation and construction materials, not acquired with Federal resources, and any donated or voluntary labor (see §92.354(b)) in connection with the site-preparation for, or construction or rehabilitation of, affordable housing. The value of site-preparation and construction materials is determined in accordance with the PJ's cost estimate procedures. The value of donated or voluntary labor is determined by a single rate ("labor rate") to be published annually in the Notice Of Funding Availability (NOFA) for the HOME Program. [§92.220(6)]
- 8. **Bond Financing:** Multifamily and single-family project bond financing must be validly issued by a State or local government (or an agency, instrumentality, or political subdivision thereof). 50% of a loan from bond proceeds made to a multifamily affordable housing project owner can count as match. 25% of a loan from bond proceeds made to a single-family affordable housing project owner can count as match. Loans from all bond proceeds, including excess bond match from prior years, may not exceed 25% of a PJ's total annual match contribution. [§92.220(a)(5)] The amount in excess of the 25% cap for bonds may carry over, and the excess will count as part of the statutory limit of up to 25% per year. Requirements regarding

- bond financing as an eligible source of match will be available upon publication of the implementing regulation early in FY 1994.
- 9. **Total Match:** Total of items 3 through 8. This is the total match contribution for each project identified in item 1.

## Ineligible forms of match include:

- 1. Contributions made with or derived from Federal resources e.g. CDBG funds [\$92.220(b)(1)]
- 2. Interest rate subsidy attributable to the Federal taxexemption on financing or the value attributable to Federal tax credits [\$92.220(b)(2)]
- 3. Contributions from builders, contractors or investors, including owner equity, involved with HOME-assisted projects. [\$92.220(b)(3)]
- 4. Sweat equity [\$92.220(b)(4)]
- 5. Contributions from applicants/recipients of HOME assistance [§92.220(b)(5)]
- 6. Fees/charges that are associated with the HOME Program only, rather than normally and customarily charged on all transactions or projects [\$92.220(a)(2)]
- 7. Administrative costs

Ward 8, Mel Martin

It is the policy of the City to ensure that communications with participants and members of the public with disabilities are as effective as communications with others. Anyone with a disability who requires an accommodation, a modification of policies or procedures, or an auxiliary aid or service, or alternate format of the agenda in order to participate in this meeting should contact the ADA Coordinator of the Planning Department at 297-2498 or TDD 297-2020 as soon as possible but not later than 48 hours (not including weekends or holidays) before the scheduled meeting. The Planning Department will give primary consideration to the choice of auxiliary aid or service requested by the individual with disability.

### **Meeting Information**

The City of Oklahoma City Citizens' Committee for Community Development (CCCD) meeting scheduled on November 12, 2024 at 3:30 p.m. will be held at 420 W. Main Street, 10<sup>th</sup> Floor Conference Room.

The City encourages participation in the public meeting from the residents of Oklahoma City.

### Prior to the meeting

- Visit okc.gov/agenda to view the agenda and see the items to be considered.
  - To sign up to speak on an agenda item call (405) 297-1707.

Include your name, address, phone number, agenda item and the reason you wish to speak (protest, representing applicant, request continuance, i.e.).

• Please submit your request to be heard before 12 p.m. on the day of the meeting.

### **Addressing the Committee**

Citizens may address the Committee on certain items by signing up to speak and providing the agenda item number,

their reason for appearing, and their address, but all comments must be relevant to the item.

### **Committee Actions**

Official action can be taken only on items which appear on the agenda. The Committee may adopt, approve, ratify, deny, defer, recommend, amend, strike, or continue any agenda item. Under certain circumstances, items are deferred to a specific later date or stricken from the agenda entirely.

### After the meeting

The minutes of the meeting will be posted at okc.gov/agenda.
