Background

On November 24, 2015 (Item No. VII.T.) the Council approved submittal of applications for twenty-one Continuum of Care projects to be funded under the Stewart B. McKinney Homeless Assistance Act. In March and May, 2015, the U.S. Department of Housing and Urban Development (HUD) informed the City that all twenty renewal projects and one new project had been approved for funding. HUD contracts for eighteen of the projects are submitted for Council approval at this time. Operating agreements between the City and the service providers for the eighteen projects will be submitted for consideration at a future date.

The Continuum of Care program provides funding and planning support to local, non-profit service providers to help them identify, prioritize and meet the needs of homeless individuals with disabilities or families with a disabled family member. In Oklahoma City, the program emphasizes re-

housing and support services with the goal of reducing the number of homeless on the street and the overall cost of homelessness.

Cost \$3,291,923 in federal funding. City match is not required for this grant.
