

With an EMSAcare membership you can dial 911 during an emergency without hesitation.

Every September, OKC residents can change their participation in the EMSAcare program. For just \$3.65 monthly, EMSAcare provides permanent members of your household with emergency ambulance transports in the EMSA service area at no out-of-pocket cost. EMSAcare covers expenses not covered by insurance, including co-pays and deductibles.

You can opt in or opt out from Sept. 1-30. No action is required if you don't want to make a change.
