

MEMORANDUM

Council Agenda
Item No. IX.J.
1/31/2017

The City of OKLAHOMA CITY

TO: Mayor and City Council

FROM: James D. Couch, City Manager

Resolution adopting Oklahoma City Council Priorities.

Background

The City of Oklahoma City develops strategic business plans for all departments through the Leading for Results initiative. A critical component of the planning process is the identification by City Council of their top priorities over the next 2 to 5 years. Progress indicators (performance measures) are developed for each priority to demonstrate the City's progress in proactively addressing the areas identified by Council.

On October 4, 2016, the City Council met to update the priorities they identified in 2014 and discuss new issues that could impact the City in the next few years. Strategic priorities and progress indicators were also identified during this update process. Once adopted by City Council, the statement of priorities and progress indicators will guide departments as they update strategic business plans and develop future budgets.
