Program available while supplies last.

The Oklahoma Assistive Technology Foundation (OkAT) has been awarded a grant from the U.S. Department of Homeland Security, Federal Emergency Management Agency (FEMA) to install smoke alarms and alert equipment in the homes of individuals with a disability.* OkAT partners with Oklahoma ABLE Tech, and Fire Protection Publications at Oklahoma State University to offer this free program to Oklahomans.

Program Features:

- Installation of smoke alarms and alert equipment in the home
- Equipment will include a bed shaker and very loud, low-frequency bedside alert signal; and, in some homes, a strobe light to alert individuals who are deaf in the event of a fire
- Help with planning a home fire drill
- Assistance with a home safety survey to prevent fires, burns, falls, and other common home injuries
