

# WRWA PREMIUM PARKING PRODUCT

Rental cars relocated to the new Car Rental Facility vacating the lower level of the 2-story parking garage

Because the vacated area is covered and is the closest parking to the terminal building, consultant Kimley-Horn & Associates recommended in the WRWA parking study that the space be used for premium parking

Before the garage could be reopened, the garage needed to be refurbished

## Greenville-Spartanburg Int'l Airport

Welcome to Greenville-Spartanburg Airport's Premium Parking Reservation page. Currently, Reserved Parking is available in designated spaces in the Long Term/Economy Lot, Garage A and Garage B Sky Lots (Level 5). To find reserved parking in the Sky Lots, go up the ramp to Level 5 and keep right. All reserved spaces are marked "Reserved Parking". The height restriction for the Economy and Daily Lot's is 11 feet 8 inches. Garages A and B have a height restriction of 7 feet 0 inches. Reserved Parking is available only through this website at a cost of \$5, payable with a major credit or debit card. Standard daily parking rates apply upon parking lot entry. \*\*Please note: Your vehicle license plate number is required. We patrol our lots for unauthorized vehicles parked in our reserved area and your license plate number is our primary means of determining authorization. For this reason it is essential that you accurately enter your license plate number. In addition, the \$5 fee is non-refundable, per reservation and although a single reservation may be made for up to 30 days, your reservation will expire immediately upon exit, even if you exit earlier than the date you note when making your reservation. To verify the parking map and rates for your selected lot, please click on the "parking map and rates" link below. A printer must be available to print reservation voucher. \*\*\*\* REMEMBER, TO FIND RESERVED PARKING IN THE SKY LOTS, GO UP THE RAMP TO LEVEL 5 AND KEEP RIGHT. ALL RESERVED SPACES ARE MARKED RESERVED PARKING. \*\*\*\* Thank you.
