### PARTICIPANT INSTRUCTIONS FOR VIDEO AND TELECONFERENCE MEETING

The Oklahoma County Criminal Justice Advisory Council will be meeting via video and teleconference on March 18, 2021 at 3:00 p.m. The Council encourages participation in the public meeting from the residents of Oklahoma County. Below are instructions on how to listen to/watch the meeting, request to speak on certain agenda items and how to request to speak under Citizen Participation.

- To join the meeting by video, please click the link above to register for the meeting.
- To join by phone please utilize the various phone number information above.
- To sign up to speak on an agenda item or "Citizen Participation," or ask questions about the meeting, call (405) 297-2391 or text (405) 219-7987 or email [cityclerk@okc.gov](mailto:cityclerk@okc.gov).

Participants who wish to speak on items on the agenda will be placed on mute until the Chair recognizes the caller to speak. Citizens will be limited to 2 minutes to speak to Council.

To speak on a certain agenda item, please call 405-297-2391 or text your request to 405-219-7987 or email [cityclerk@okc.gov](mailto:cityclerk@okc.gov), please include the agenda item number and the reason you would like to speak. Please submit your request prior to the beginning of the meeting to avoid receiving your request after your item has been considered. Staff will attempt to submit requests received during the meeting to process them to the Chair.

To speak under "Citizen Participation" please call 405-297-2391 or text 405-219-7987 or email [cityclerk@okc.gov](mailto:cityclerk@okc.gov); please list your name, address, phone number and the subject on which you wish to address Council.

The Chair will announce at the beginning of the meeting that if connections are lost, the City will attempt to restore communications for a maximum of 15 minutes and if communications cannot be restored, the meeting will reconvene to the next scheduled meeting.

If you are disconnected from the teleconference, please try again before calling 405-297-2391 or texting 405-219-7987 or email [cityclerk@okc.gov](mailto:cityclerk@okc.gov).

Citizens may address the Council during public hearings on any agenda item, but all comments must be relevant to the item. Citizens may also address the Council on individual concerns at the end of the agenda when the Chairperson announces "Citizen Participation." Citizens' Participation is not provided as a general forum and not a forum for support/opposition of publicly announced or declared candidates for public office/issues, as such, they will not be allowed to be discussed under Citizens Participation. Citizens will not be allowed to campaign on any political issue during the Council meeting. Comments must strictly concern specific Council services or policies. **PLEASE LIMIT YOUR COMMENTS TO 2 MINUTES.**

### **Council Actions**

Official action can be taken only on items which appear on the agenda. The Council may dispose of business on the agenda by adopting, denying, or continuing resolutions, agreements, and contracts. Other actions may also be taken.

When more information is needed to act on an item, the Council may refer the matter to Staff. The Council may also refer items to standing committees of the Council for additional study.

Under certain circumstances, items are deferred to a specific later date or stricken from the agenda entirely.

2. **Approve** Consent Docket:
  - a. Minutes of the September 17, 2020 meeting
  - b. Current Expenditures and Financial Statement for FY 21 1Q
  - c. 2021 CJAC Meeting Calendar

Moved by Mr. Freeman, seconded by Mr. Williams to APPROVE the Consent Docket. Motion was APPROVED by the following roll call vote: Ayes: Bennett, Arnall, Calvey, Elliott, Freeman, James, Lyon, Ravitz, Slatton-Hodges, Stevens, Straughan, Thompson, Warren and Williams.

3. **Presentation** from the OKC Municipal Court Administrator LaShawn Thompson on the Penalty Reduction Program.

Ms. Thompson explained the program was established by Mayor and Council to address old tickets and warrants. The program allows citizens to clear up old tickets and warrants without fear of arrest. The program has been very successful and was extended to June 30, 2021.

4. **Report, Discussion and Possible Action to Approve** a contract between CJAC and Open Justice Oklahoma for data analysis services for OK County justice system data as recommended by the CJAC Data Subcommittee.

Mr. Tardibono explained CJAC previously authorized him to negotiate a contract with Open Justice Oklahoma to provide data analysis and an online dashboard like they currently do in Tulsa County. Both items are Vera recommendations that CJAC has been working toward for quite some time. The data collection will come from the new jail IT System called Jail Tracker and the Connexis Cloud mobile software for pretrial release and treatment court programs that CJAC helped fund at last month's meeting. Open Justice Oklahoma developed their own system to take the data and cross match it with OSCN's court data through a process called "scraping". The Data Subcommittee vetted the proposal on October 6<sup>th</sup> and recommended approval. The preliminary budget proposal is within CJAC's budgetary limits for data dashboard and analytics.

Moved by Mr. Freeman, seconded by Mr. Straughan to APPROVE the CONTRACT with Open Justice Oklahoma. Motion was APPROVED by the following roll call vote: Ayes: Bennett, Arnall, Calvey, Elliott, Freeman, James, Lyon, Ravitz, Stevens, Straughan, Thompson, Warren and Williams. Absent: Slatton-Hodges.

5. **Report, Discussion and Possible Action to Recommend** to the Oklahoma County Criminal Justice Authority the purchase of video equipment to reduce Covid spread between the jail and courthouse and to other community stakeholders.

Mr. Tardibono explained the projected cost of 94 units is \$1.4 million, but includes groups like NorthCare, Diversion Hub and OKCPD to talk to detainees in the jail. The Authority will use CARES Act funds for this project.

Moved by Mr. Ravitz, seconded by Mr. Straughan to RECOMMEND the Oklahoma County Criminal Justice Authority purchase video equipment to reduce Covid spread between the jail and courthouse and to other community stakeholders. Motion was APPROVED by the following roll call vote: Ayes: Bennett, Arnall, Calvey, Elliott, Freeman, James, Lyon, Ravitz, Slatton-Hodges, Stevens, Straughan, Thompson, Warren and Williams.

6. **Report, Discussion and Possible Action to Recommend** to the OK County Board of County Commissioners a series of Key Data Indicators to be tracked as part of a Data Sharing Agreement between CJAC and BOCC as recommended by the CJAC Pretrial Subcommittee.

Mr. Tardibono stated the Pretrial Subcommittee vetted the indicators on October 12<sup>th</sup> and recommended the CJAC recommend these measures to be tracked to the BOCC.

Moved by Mr. Ravitz, seconded by Ms. Slatton-Hodges to RECOMMEND to the OK County Board of County Commissioners a series of Key Data Indicators to be tracked as part of a Data

Sharing Agreement between CJAC and BOCC as recommended by the CJAC Pretrial Subcommittee. Motion was APPROVED by the following roll call vote: Ayes: Bennett, Arnall, Calvey, Elliott, Freeman, Lyon, Ravitz, Slatton-Hodges, Stevens, Thompson, Warren and Williams. Absent: Straughan. Abstain: James.

7. **Citizens Participation.** (Public comments on items not on the agenda, but strictly relevant to the CJAC, limited to three minutes or less per person)

Jess Eddy, spoke about the composition of the Oklahoma County Criminal Justice Advisory Council.

Hannah Royce, appeared to speak about concerns with the criminal justice system.

8. **New Business.** (Any matter not known or reasonably foreseeable prior to the posting of the agenda).

## **2021 Subcommittee Meeting Dates**

**(Meetings will be virtual via WebEx until community meeting guidelines change)**

### **Combined Pretrial & Case Processing Subcommittee: Co-Chairs—OK County District Court Presiding Judge Ray Elliott & Public Defender Bob Ravitz**

This Subcommittee combines two previous Subcommittees to better streamline the focus on legal and court issues in the county justice system. The “Pretrial” focus is reducing jail admissions and length of stay, keeping low-level offenders out of the jail and creating a fairer, more efficient pretrial process. The “Case Processing” focus is tackling the challenge of reducing case processing delays, decreasing the total time to case resolution and increasing efficiency in court operations and docket management.

Meeting Dates: First Thursday of every other month at 3:00pm in Rm. 331 of the OK County Courthouse or online until in-person meetings resume.

**February 4, April 1, June 3, August 5, October 7, December 2**

### **Facilities Subcommittee: Co-Chairs—Sue Ann Arnall & Dan Straughan**

This subcommittee’s focus is to identify and pursue opportunities for additional space or facility modifications to expand and reconfigure jail operations, adopt measures to increase efficient use of resources and begin a long-term planning process regarding the viability of the current jail and the potential need for a new facility.

Meeting Dates: Fourth Wednesday of every month at 3:00pm location TBA (once virtual meetings end)

**Feb. 23, March 24, April 28, May 26, June 23, July 28, Aug. 25, Sept. 22, Oct. 27, and Dec. 1 (combined Nov/Dec meeting)**

### **Data Subcommittee: Co-Chairs-OKC City Manager Craig Freeman & Mark Nance (private sector)**

This subcommittee’s focus is to gain a better understanding of issues preventing effective data collection and sharing within the criminal justice system, improve capacity of all criminal justice system agencies for collecting and sharing data and begin implementation of projects to allow collection of system-wide data with online access available to the Advisory Council and system stakeholders.

Meeting Dates: Second Wednesday of every other month at 2:00pm in the OKC Embark Conf. Room, 431 W.

Main St., OKC, OK 73102. February 10, April 14, June 9, August 11, October 13, December 8

## BACKGROUND:

In response to the growing concerns about chronic overcrowding in Oklahoma County's jail facility, the Greater Oklahoma City Chamber announced the creation of a special task force to evaluate Oklahoma County's criminal justice system in December 2015. With collaboration and input from a diverse group of community members, the Chamber contracted with the Vera Institute of Justice to complete an initial analysis and make recommendations for reform of the Oklahoma County criminal justice system. Vera released their recommendations in December 2016. As a central recommendation of the report, an inter-local agreement between Oklahoma County, the City of Oklahoma City, the City of Edmond, and the City of Midwest City created the Oklahoma County Criminal Justice Advisory Council (CJAC) in November 2017. The Advisory Council continued to evolve with the hiring of a full-time Executive Director in February 2018 to provide support to the CJAC's efforts. The creation of this permanent oversight body is key to implementing the proposed criminal justice reforms which can be summarized in these six key recommendations:

1. Create oversight and accountability mechanisms for the local justice system.
2. Reduce jail admissions for municipal violations and low-level misdemeanors.
3. Create a fair and efficient pretrial release process that safely reduces unnecessary pretrial incarceration.
4. Identify and address district court case processing delays that increase jail admissions and length of stay.
5. Expand meaningful diversion program options, focusing on those with mental illness and substance abuse disorders.
6. Reduce the impact of justice system fines and fees as a driver of jail growth and recidivism.

Although each of the six recommendations carry numerous challenges and barriers to improvement, the good news is that because of the cooperative effort of the Advisory Council's stakeholders, progress continues to be made on each of the six recommendations.

# COVID-19 CASES IN JAIL DROP DRAMATICALLY AT END OF 2020

The COVID-19 pandemic disrupted justice systems all over the country and Oklahoma County was no different. When the OK County Criminal Justice Authority (hereafter Trust Authority) took over operations of the OK County Detention Center (OCDC aka jail) in July 2020, COVID testing expanded significantly. With expanded testing, the Trust Authority discovered numerous new cases at the OCDC. Detention and correctional facilities are one of the epicenters of the COVID outbreak both in Oklahoma and nationally.

In August 2020, COVID cases peaked at 215. However, as the chart below shows, through the partnership of OCDC administrators and the Detention Center’s medical provider Turn Key Health, the COVID count has dropped dramatically to only single digits at the end of 2020 with an average of 1,022 tests per month being administered. Of the 5,111 total tests administered since August, 344 of them were positive, a rate of 7%.

Current testing protocols require testing of detainees in the following circumstances:

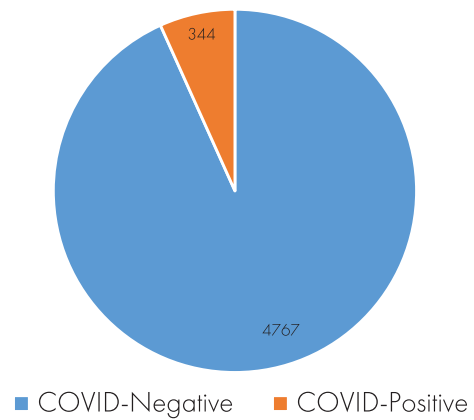

- All detainees prior to court appearance
- All detainees being transferred to DOC
- Detainees being transferred to another agency

- All symptomatic detainees
- Cell partners to any confirmed positive detainee

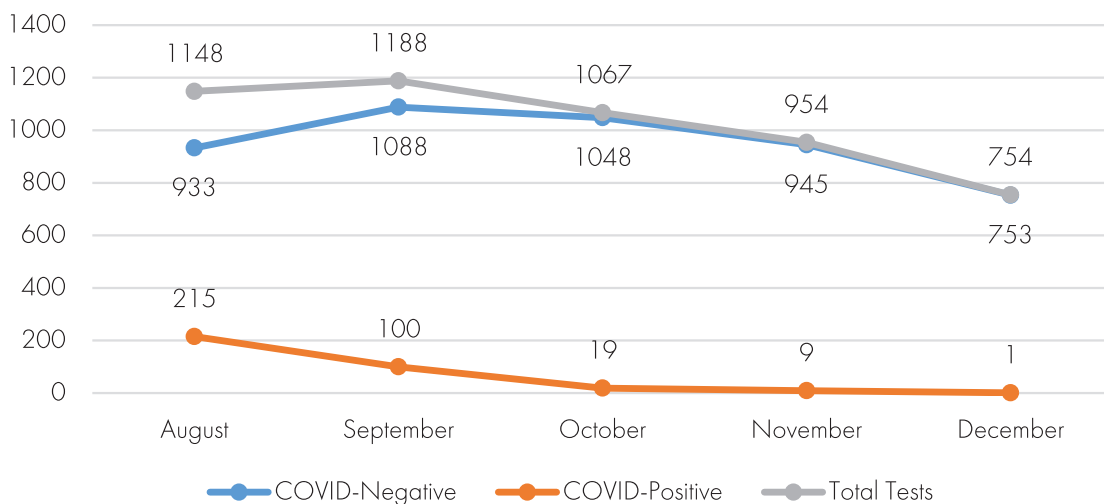

For Detention Center staff, testing protocols require testing of symptomatic staff, exposure testing and at the request of staff that wish to have one at any time.

As the COVID outbreak continues to aggressively spread in correctional facilities statewide and nationwide, the OCDC and Turn Key administrators should be commended for their significant progress while being encouraged to stay vigilant against future spread.

# DELAY IN DOC TRANSFERS KEEPS JAIL POPULATION ABOVE FY 20 AVERAGE

One of the regular OK County Detention Center (OCDC) functions that COVID has interrupted is the transfer of detainees from the OCDC that have received their final sentence either through trial or plea agreement. On a weekly basis anywhere from 25 to as many as 50 detainees leave the OCDC and go to the Lexington Assessment & Reception Center for their initial OK Dept. of Corrections (DOC) reception processing. Due to COVID, that regular weekly process has sometimes halted altogether or alternatively, been severely limited each month. This interruption has noticeably raised the daily jail population at OCDC.

For Fiscal Year 2020 (FY20), the total jail population average was 1,624, down from 1,663 for most of FY19. The trend for monthly average jail population for FY21 has been above both those FY19 and FY20 yearly averages

ranging from a low of 1,732 to a high of 1,840 per month. However, for both the first and second quarters of FY20, the jail population awaiting transfer to DOC has been well above average ranging as high as 453 in July, just as the Trust Authority was taking control of the Detention Center, to a low of 172 in September. Throughout the second quarter, the DOC count awaiting transfer out of the jail has been over 250. Comparatively, the jail population in 2006 was over 1,000 persons greater on December 31 with a total population of 2,781. Although the interruption in the DOC transfer schedule has increased the jail population, the underlying jail population numbers continue to be in line with FY19 and FY20 averages. If not for the delays in DOC transfers, the FY21 monthly averages would be at or below the FY19 and FY20 averages, which is an encouraging sign that despite COVID, progress to safely reduce the jail population continues.

# OKC MUNICIPAL COURT'S PENALTY REDUCTION PROGRAM COLLECTS OLD FINES, KEEPING PEOPLE OUT OF JAIL

The OKC Municipal Court continues to offer residents the opportunity to clear up old tickets and related warrants through its Penalty Reduction Program (PRP). The goals of the PRP are to:

- Clear Outstanding Warrants
- Encourage Compliance
- Reinstate Driving Privileges with the Oklahoma Department of Public Safety

The PRP program was created in July 2019 but due to COVID, the program was extended through the end of 2020.

The PRP applies to anyone with a warrant for an unpaid ticket for a class-A offense dated before July 1, 2017. Eligible participants can reduce their costs to a similar cost had they paid the ticket on time. In highlighting the program, OKC Municipal Court Administrator and CJAC member LaShawn Thompson explained:

“Overdue tickets this old prevent people from reinstating their driving privileges with the Oklahoma Department of Public Safety, and there’s also an active warrant. So beyond encouraging compliance with enforcement of our

ordinances, this makes sure an old speeding ticket isn’t the reason someone has trouble getting to work or to school. People can close the case and it won’t be hanging over their head anymore.”

According to the chart below, a participant in the PRP program could save as much as 65% and almost \$300, not to mention avoiding time in jail.

As with any case, the OKC Municipal Court can work with people who experience financial difficulties. Residents can request a hearing for a judge to determine their ability to pay. Judges have discretion to waive or reduce fines, costs and fees for people who can’t afford them.

The PRP has shown great success through the end of 2020 with 2,323 cases closed bringing in a total of \$356,486 in uncollected fees. Related to those closed cases, over 800 cases that were in “Failure to Appear” for Court status, which could’ve resulted in jail time, were also closed. Because of the success, the OKC City council has extended the PRP program through June 30, 2021 giving residents more time to clear up their overdue obligations and avoid jail time.

## 2020 ELECTION IMPACTS CJAC MEMBERS

A majority of the members that make up the CJAC are determined based solely on their elective or appointed office. For example, the presiding judge of the OK County District Court can change from year to year. As such, CJAC has already had three different OK County district judges serve on CJAC. Thus, CJAC membership tends to have a fair amount of turnover. Elections also impact CJAC members as occurred with the November 2018 election and the 2020 election. In a historic turn of events, OK County voters elected the first African-American sheriff, Tommie Johnson III. Sheriff Johnson's term started in January 2021 and he will be making his first appearance as a CJAC Member at the January 2021 meeting.

During his campaign, Sheriff Johnson told a news reporter from The Frontier a story of what motivated his interest in running. As a young police officer in Norman, Johnson "made a routine traffic stop of a woman who had a warrant for an unpaid ticket. He arrested her, impounded her car and took her to post bond. 'By the book, I was a good cop that day, I did my job,' Johnson said. "But I didn't feel like a good cop that day.' Johnson hadn't removed a violent criminal from the streets or made someone's life better. He became a police officer to help others but that mission didn't feel accomplished. 'I just kept thinking that the old way is flawed,' Johnson said. Years later, Johnson [ran] for Oklahoma County sheriff, seeking to rethink some of the tenets of the criminal justice system and modernize an agency with new levels of transparency and investment."

Outfitting deputies with body worn cameras is important to Johnson and he wants to increase positive community relationships. He said, "The top priority for the Oklahoma County sheriff is to get body cams. The ability to have evidence that is directly reflective of everything that happens on scene is of the utmost importance. I will do the best job I can do to represent this agency to build a relationship — a better relationship — with the public that we serve and to lead this office to heights it's never seen."

Johnson said he is committed to a new approach that ensures trust and competency, focusing on four key themes:

- Safer Communities – "We will work hard to ensure safer communities, putting the rights of law abiding citizens at the forefront of everything we do," Johnson said. "We especially want to have a strong presence in the rural areas where we have primary jurisdiction."
- Fiscal Responsibility – "It's critical that the new sheriff leads with a clear commitment to fiscal responsibility. The office must be more responsible, more mindful of what it spends and save money each and every place that we can."
- Partnerships – "There are many stakeholders when it comes to county law enforcement and our jail. We must work with better communication and collaboration between citizens, county commissioners/county officers, and municipal law enforcement."
- Progress – "The Sheriff's office has an important role to play with other leaders to move our community forward. We can't keep operating like it's the 1980's, 90's or even early 2000's. We need a fresh approach for today's challenges, and that's what I'll bring."

## 2020 ELECTION, CONT'D

CJAC welcomes Sheriff Johnson and looks forward to working with him.

In other 2020 election news, CJAC Member Court Clerk Rick Warren won re-election to a new four-year term. As with the Sheriff, by virtue of his election victory, Court Clerk Warren will continue to serve on the CJAC. Warren has been an active member, participating on all four subcommittees. Warren led his staff to be deeply involved in numerous CJAC efforts related to court processes and judicial issues. CJAC congratulates Warren on his re-election and looks forward to his office continuing to foster and lead improvements.

## PRP, CONT'D

One of the critical concerns highlighted in the Vera Institute Report was the concern that too many people were in the OK County Detention Center for municipal violations including old unpaid tickets that lead to arrest warrants. (See recommendation 2 of 6: Reduce jail admissions for municipal violations and low level misdemeanors.) The three CJAC municipal interlocal government partners—OKC, Edmond and Midwest City—have all worked to reduce the number of their residents in the OK County Detention Center for municipal offenses. The OKC Municipal Court's Penalty Reduction Program is just another example of the CJAC municipal partners innovating toward a fairer and more effective justice system in OK County.

---

## CONCLUSION

As COVID-19 continues to impact all areas of our society, including detention and diversion, the OK County justice system will continue to be interrupted. However, the fundamentals underlying the data still shows that we are moving in the right direction. As the CJAC works to re-establish continuity in 2021, the Vera Institute Report Recommendations still provide guidance on important areas for improvement toward more fair and effective justice in Oklahoma County.

# **Request for Funds for Oklahoma County SHINE Program for a Weekend Supervisor Position**

## **REQUESTING** – Presiding Judge Ray Elliott

Request is supported by various Oklahoma County Criminal Docket District Judges including Elliott, Coyle, Stoner, and Palumbo.

**FUNDS REQUESTED:** not to exceed \$34,000

**PURPOSE:** To provide for a weekend supervisor that would be added to the already existing Oklahoma County SHINE program so that those sentenced to weekend stints in the Oklahoma County Detention Center (OCDC) could instead be assigned community service time with the SHINE crew as opposed to being incarcerated.

## **BACKGROUND INFORMATION SUPPORTING REQUEST:**

Oklahoma County SHINE Program was created in April 2010 by Commissioner Brian Maughan, who has administered the program for its entire 11 year history. **SHINE stands for Start Helping Impacted Neighborhoods Everywhere.** Since its creation it has served as the primary program Oklahoma County courts have used to sentence community service offenders. In 2012 Harvard University awarded SHINE and Commissioner Maughan their Kennedy School of Government's Bright Idea Award. As far as Harvard could determine it was the only program in the United States that paired those sentenced to community service with the equipment owned and maintained by the county thus empowering them to tackle major projects within the community. In its beginning SHINE was primarily used to address the growing graffiti problem, which it still does, but over time the biggest request of SHINE became cleaning up illegal dumping and gathering trash around vagrant camps. Additionally SHINE has been used to do setup, cleanup, and teardown public events on public property such as the OKC Art's Festival, the Oklahoma River Events, and the annual Library Book Sale at the Fairgrounds.

Highway funds that support the Oklahoma County road crews are constitutionally restricted to only be expended on the building and maintenance of the roads that fall outside of the city limits or in towns under 5,000 in population. When SHINE works anywhere outside of these areas the Highway Fund must be reimbursed for labor and equipment used at a rate that is determined by the State Auditor. That is where the expense of the SHINE Program comes into play. For 11 years Commissioner Maughan has worked tirelessly to raise the funds each year to fund the program to date. That has come from a collection of both public and private donations, grants, and contract agreements with government entities whereby SHINE provided services in exchange for funds that supported the program.

To assist him in these fundraising efforts, Maughan founded the SHINE Foundation in 2013 to begin a long path of building an endowment with the ultimate goal of having the SHINE

Program be self-sustaining. Rock & Roll Hall of Famer Wanda Jackson and Grammy winner Jody Miller serve as the Honorary Spokespersons for SHINE and have assisted in recruiting their musical friends Kris Kristofferson, BJ Thomas, Alan Parsons, Mickey Gilley, Gene Watson, and the late Merle Haggard to do benefit concerts to raise funds for SHINE.

In 2014 OETA aired a 30 min documentary on SHINE which can be viewed here:

<https://www.youtube.com/watch?v=vZ1d-kupkIs&t=5s>

#### **USE OF PROCEEDS:**

##### **1. Weekend Supervisor - \$34,000**

The raw salary of the additional staff supervisor is approximately \$34,000 before adding fringe benefits. Currently the SHINE Program only runs Monday through Friday. By expanding the program operation time to Saturday and Sunday, judges could then sentence offenders to SHINE as opposed to weekend incarceration stints. This would also allow those who serve their community service time currently during the week to also be able to work off that time on the weekend should they choose. Furthermore it would also be possible to those who are currently sentenced to weekend jail time to burn off their time faster by coming during the week should they choose.

Realizing the end of the fiscal year is nearing, a partial funding amount of this position could be sufficient until a full year salary could be addressed in the new year's budget. For \$12,000 this program coverage could begin as early as April 1, 2021. The difference of salary and benefits are being sought also from an Oklahoma City grant.

**Total Amount: \$34,000 for a full year salary and \$12,000 towards the cost of this position for the remainder of this fiscal year.**

**Conclusion:** This investment would allow a reduction in the county jail population and create significant savings plus produce an even more benefits to the community at large through the growing productivity of the SHINE crew. Thank you for your consideration of this request.

# Request for Funds for Oklahoma County Drug Court

**REQUESTING AGENCY** – Community Foundations of Oklahoma (Non Profit) F/B/O, Oklahoma County Drug Court Fiscal Sponsorship Fund.

Request is supported by the Oklahoma County District Attorney's Office, Oklahoma County Public Defender, Oklahoma County Treatment Court Team & Judge Kenneth M. Stoner.

**FUNDS REQUESTED:** not to exceed \$17,000

**PURPOSE:** To protect & minimize risk to the Oklahoma County citizens who are participating in, and work within, the Oklahoma County Treatment (Drug/DUI) Court Program and the Oklahoma County Courthouse from the potentially deadly COVID-19 virus by utilizing virtual tools and other technology to monitor compliance remotely.

## **BACKGROUND INFORMATION SUPPORTING REQUEST:**

Oklahoma County Treatment Court (Drug & DUI) desperately needs assistance currently serves approximately 350 "high-risk, high-need" participants. We anticipate our program will grow to over 400 in the coming months based on the surge of applicants and approvals that were delayed due to the virus related shutdowns. Our participants have over 600 children under 18 years of age.

Oklahoma County is faced with dealing with a life-threatening addiction crisis that is complicated by the surging COVID-19 pandemic. Individuals with substance use disorder (SUD) are facing even more challenges during the pandemic as a vulnerable population experiencing isolation, loss of support, and issues related to employment, food security, housing, transportation, and safety. The stress and isolation have contributed to rising overdoses, up by as much 42% nationally compared to last year. In fact, we have experienced the death of one of our Oklahoma County participants due to overdose during the pandemic. Our addiction crisis is worsening during these unprecedented times, and the impact on mental health is taking a toll on this population. The Treatment Court team is working very hard to minimize the fallout however extra support would have a significant impact on mitigating the effects of the novel Corona virus on our participants and treatment providers.

Drug Court Participants must travel from their homes, many using public transportation, to the County owned Investors Capital Building (ICB) approximately 10x a month to provide sample for urinalysis to remain compliant with the program. Further, Participants who are non-compliant must come to the Oklahoma County Courthouse weekly to address their behavior and possible sanctions for program infractions. This traffic creates a significant bottleneck of hundreds of people every week coming in and out of County owned buildings increasing the risk of the spread of the virus. Many of our Participants fall within a "vulnerable" or "high-risk" category meaning they have serious underlying health conditions that increase their risk for severe symptoms or death if they were to contract the virus. This proposal would

help reduce the traffic and congestion in and out of county owned buildings thus reducing the spread of the virus in Oklahoma County. While we could request and would welcome a larger portion of CARES ACT Funds, we believe this modest request would permit our Treatment Court to implement changes to reduce the risk of transmission especially focused on the vulnerable populations who are at the greatest risk of the most severe impact of the virus.

A significant portion of the Drug Court Participants have been adversely affected by the lack of employment opportunities, especially during the first several months of the pandemic. Those participants hit hardest by the loss of employment opportunity were forced to borrow funds from our Drug Court Indigent Testing program in order to pay for their required urine tests. Our Drug Court program had to lend out over \$12,000 to help struggling participants pay for their urine tests during the months of March, April, May and June. A large number of our Participants did not receive stimulus check because they had not filed tax returns or their stimulus check were intercepted due to child support that was owed.

Use of resources to support this population is a *wise & prudent use of funds with a high return on investment*. If we are not adequately able to support our active Drug Court Participants during the added stress of the pandemic, they will fail and go to prison, costing the State taxpayers approximately \$19,000 per year, per person. Drug Court participants face, on average, seven years in prison.

#### **USE OF PROCEEDS:**

1. **Connexis Cloud (mass communication/virtual connection platform): \$4,000**  
(CJAC already approved funding at Oct. 2020 meeting—Thank you!!)

Connexis Cloud is a technology platform widely utilized nationally by other Treatment Court. Connexis is designed to keep Treatment Court participants virtually and digitally connected to the Treatment Court Team (therapists, case managers, probation officers, peer support, lawyers, coordinators and the Judge). This virtual connectivity can minimize the hundreds of face to face interactions that must occur daily in large Treatment Courts such as ours. Use of Connexis will help reduce traffic to the Courthouse and congestion in our courtrooms. Further it will increase program compliance and Participant progress without risking as many face-to-face interactions with Probation Officers, Treatment Providers, District Attorneys, Public Defenders and Court personnel. Additionally, Connexis will assist our Probation Officers to properly supervise participants by enabling virtual GPS check-ins to occur through the platform without the Officer or Participant having to risk an in-person connection. The funds requested covers Connexis implementation and one year subscription.

The Oklahoma Count Drug/DUI Court Advisory Board previously approved the the implementation of the Connexis platform.

**2. Technology Hardware: \$4,400 (10 devices)**

In order to assist the implementation of Connexis Cloud with virtual and remote connectivity the team would need laptops, tablets or other similar hardware with very basic functionality. We estimate being able to effectively operate with a minimum of 7 devices at approximately \$440 per device.

Additionally the program would benefit from an additional 3 devices that could be utilized within the courtroom or jail to view orientation and treatment court training videos.

**3. Sweat Patch Testing: \$3,935**

Sweat Patch testing would reduce traffic and congestion in county building and thus lowering risk of transmission of the COVID-19 virus. The purchase of 100 Sweat Patch kits would benefit participants who are at high-risk for virus complications (advanced age, compromised immune systems, underlying health issues). Currently those individuals are at increased risk due to the necessity of having to leave home several times a week to enter the ICB and/or Courthouse to test. Sweat Patch testing allows compliance monitoring for up to 14 days at time there by reducing their risk and congestion in our county buildings. Sweat patch technology is very effective for longer term monitoring from most substances except alcohol.

**4. Mobile Breath Testing: \$4,400**

An investment in mobile breath testing would reduce the risk for up to ten indigent participants, who are at high-risk for virus complication, for up to 5 months. While sweat patch testing is effective for certain substance it does not detect alcohol. Those in the program with an Alcohol Use Disorder and who are also high-risk would be able to limit their contact with other and travel to county buildings by permitting the monitoring of alcohol use.

**5. Video Education Production - \$4,000**

Video based Orientation and other instruction would lower traffic and congestion in county owned building thus reducing risk of transmission of the COVID-19 virus. Currently every defendant who is considering Drug/DUI Court as an option to resolve their charges must come into the Oklahoma County Courthouse and participate in an "Orientation" Group meeting. These meetings occur at minimum two times a month but often more frequently. Further all the inmates who are considering Drug/DUI Court must be brought over from the jail must also go through an Orientation. This gathering is a risk point for the spread of the virus to the individual and members of the Treatment Court team

members. The modest production of a short video about structure and requirements of the program would allow individuals and inmates to become oriented without creating additional risk and congestion in the courthouse. We have met with a team of film students from UCO that would be able to take on the project at a cost far below market value (common market rate can be up to \$1000 per minute of professionally created video/media).

**Total Amount of 4 Proposals: \$16,735**

**Conclusion:** Thank you for your consideration of this request. We are ready and willing to provide additional supporting documentation relating to this request. Any funds not utilized for the intended purpose will be either returned or approval will be sought for reallocation of the resources.
